

Published on Alvarez & Marsal (<https://www.alvarezandmarsal.com>)

At Alvarez & Marsal, we provide expertise in capturing valuable local and state incentives and credits. State opportunities include credits for research and development, hiring, expanding operations, and using renewable energy. A&M will take a detailed and hands-on approach to identify tax incentives that are most beneficial to you.

Statutory Tax Credits, Incentives & Grants

By statute, virtually every state offers incentives available to any business, if certain qualification criteria are met, to encourage infrastructure, employment, and/or operation growth in state. If your business is located in one of these states, contact us today to see if you qualify for these incentives and how we can help you capture them:

- Louisiana
- California
- New York
- Minnesota
- Arizona
- Iowa
- Virginia
