quick facts

- 20+ years of experience
- Specialises in corporate, pre-deal and post-deal technology-enabled change
- Cross-industry experience in Europe, Americas and APAC

Andrew Bilecki is a Senior Director with Alvarez & Marsal's European Business Technology practice in London.

Mr. Bilecki specialises in technology-enabled change including due diligence, carve out, post-merger integration, strategy development, operating model design and change delivery.

Mr. Bilecki's industry experience includes marketing services, financial services, consumer products, oil and gas (upstream and downstream), metals and mining, energy and utilities (retail, distribution, generation).

Mr. Bilecki has supported private equity funds including Advent International, CVC Capital Partners, Lone Star Funds and Blackstone.

Prior to joining A&M, Mr. Bilecki spent nine years in industry as a technology/change executive, including seven years as Chief Information Officer for \$1 billion+ organisations. Previously he served as a Senior Manager with Accenture Consulting.

Mr. Bilecki graduated with honours from Durham University and holds qualifications in company direction, project management, IT service improvement and agile project delivery. He is a Fellow of the British Computing Society and a Member of the Institute of Engineering & Technology.
