APPENDICES

Appendix A – Proposal to Consider the Purchase of the DIW Assets dated September 17, 2013

1.0 INTRODUCTION

- 1.1 Effective May 21, 2013, pursuant to the order of the Honourable Justice J.D. Rooke (the “Receivership Order”), Alvarez & Marsal Canada Inc. was appointed Receiver and Manager (the “Receiver” or “A&M”) without security of all the current and future assets, undertakings and properties of every nature and kind whatsoever, and wherever situate including all proceeds thereof (the “Property”) of Dowland Contracting Ltd. (“DCL”), Dowland Industrial Works Ltd. (“DIW”) and 6070 N.W.T. Limited (“6070”) (collectively, the “Dowland Group” or the “Company”) pursuant to section 13(2) of the *Judicature Act*, R.S.A. 2002, c. J-2 and section 243(1) of the *Bankruptcy and Insolvency Act*, R.S.C. 1985, c. B-3, as amended, (the “BIA”) and 65(7) of the *Personal Property Security Act*, R.S.A. 2000, c. P-7 in the within action (the “Receivership Proceeding”).
- 1.2 On August 16, 2013, this Honourable Court granted among other things, orders Approving Sales and Vesting Orders approving the marketing and sale activities of the Receiver in respect of select parcels of Property (the “Sales Process”). Subsequently, the Receiver was presented with a letter of intent from a third party dated September 17, 2013 to purchase certain assets of DIW.
- 1.3 The Receiver’s legal counsel has filed a notice of application dated September 27, 2013 (the “Notice of Application”) to be heard October 4, 2013 seeking an order Approving Sale and Vesting Order in respect of certain assets of DIW including certain miscellaneous tools, the Receiver’s right, title and interest in and to the name “Dowland Industrial Works Ltd.” and the goodwill of DIW (collectively, the “DIW Assets”).
- 1.4 The Receivership Order, with the Notice of Application and select motion material and other documents filed in the Receivership Proceedings, are posted on the Receiver’s website at www.amcanadadoes.com/dowland.
- 1.5 Capitalized words or terms not defined or otherwise ascribed a meaning in this report are defined or ascribed a meaning in the Receiver’s earlier reports to the Court and the Receivership Order.
- 1.6 All references to dollars are in Canadian currency unless otherwise noted.

2.0 PURPOSE OF REPORT

- 2.1 This is the Receiver’s fourth report (the “Fourth Report”) and it has been prepared as a special purpose report to advise this Honourable Court with the Receiver’s activities and conclusion and recommendation with respect to the orders Approving Sales and Vesting Order sought by the Receiver in respect of the DIW Assets.

3.0 SALE OF THE DIW ASSETS

Receiver's Powers and Basis for Sale of Property

- 3.1 Pursuant to section 3 of the Receivership Order, the Receiver is empowered to among other things:

"3. . . . (k) to market any and all of the Property, including advertising and soliciting offers in respect of the Property or any part or parts thereof and negotiating such terms and conditions of sale as the Receiver in its discretion may deem appropriate;

(l) to sell, convey, transfer, Lease or assign the Property or any part or parts thereof out of the ordinary course of business,

(i) without the approval of this Court in respect of any transaction not exceeding \$250,000, provided that the aggregate consideration for all such transactions does not exceed \$1,000,000; and

(ii) with the approval of the Court in respect of any transaction in which the purchase price or the aggregate purchase price exceeds the applicable amount set out in the preceding clause,

and in each such case notice under subsection 60(8) of the PPSA shall not be required;

(m) to apply for any vesting order or other such orders necessary to convey the Property or and part or parts thereof to a purchaser or purchasers thereof, free and clear of any liens or encumbrances affecting such Property; . . . "

Proposal to Consider the Purchase of the DIW Assets

- 3.2 Subsequent to the Personal Property Order, Canonbie Contracting Limited ("Canonbie") resubmitted an offer to purchase certain assets of DIW (excluding contracts and accounts receivable) including any goodwill in the business of DIW. A proposal to consider the purchase of the assets of DIW dated September 17, 2013 (the "Proposal") was presented to the Receiver which included the following terms:

- a) In consideration of a purchase price of \$200,000.00 (plus applicable GST/HST and PST), Canonbie would purchase the DIW Assets comprised of the following:

- i. All rights to and title in the name "Dowland Industrial Works Ltd.";
- ii. A customer list as at May 31, 2013;
- iii. A list of trades accounts payable as at May 31, 2013;
- iv. Select quality, inspection and testing documentation of DIW to the extent this documentation is available;

- v. The Receiver's interest in the goodwill of DIW to the extent it is assignable;
 - vi. Subject to relevant sections of the *British Columbia Personal Information Protection Act*, a listing of DIW's employees and their contact information as at the latest date after December 31, 2012; and
 - vii. Miscellaneous tools and supplies located at DIW's former project site near Rocanville, Saskatchewan,
- b) Canonbie would be permitted to undertake due diligence investigations which would be completed no later than September 27, 2013. Canonbie has confirmed the satisfaction of this condition;
 - c) Notwithstanding the provision in the Receivership Order which permits a sale of Property by the Receiver not exceeding consideration of \$250,000 without the approval of the Court, Canonbie has made the proposed sales transaction subject to, among other things, an order of this Honourable Court vesting title to the DIW Assets in Canonbie free and clear of any and all claims, liabilities and encumbrances; and
 - d) Completion of the transaction contemplated in the Proposal would be on or before October 4, 2013.

A copy of the Proposal is attached hereto as Appendix "A".

Receiver's Review and Considerations

- 3.3 The Receiver's review of the proposed sale of the DIW Assets to Canonbie involved consideration of the following issues:
 - a) the extent to which the highest price was achieved for the DIW Assets and the total consideration being offered;
 - b) the overall execution risk associated with closing a transaction with Canonbie and its reputation and financial wherewithal;
 - c) the economic interests of DIW's principal secured creditors, Royal Bank of Canada, Intact Insurance Company and Continental Casualty Company; and
 - d) the fairness of the process to effect a sale of the DIW Assets to Canonbie.
- 3.4 During the Sales Process, Canonbie had submitted an offer to purchase the DIW Assets as well as certain heavy equipment and other assets owned by DCL that related to DIW's operations in British Columbia. Canonbie's previous offer was not accepted by the Receiver as it was less

desirable in terms of purchase price than competing bids for various DCL equipment located in British Columbia. Subsequent to the Personal Property Order being granted, the Receiver and Canonbie held extended negotiations over the terms of the Proposal which was specific to DIW Assets (i.e. no equipment or other assets owned by DCL or any other Dowland Group entity).

- 3.5 Given the nature of the DIW Assets (i.e. intangible in nature and in effect, the goodwill of an insolvent company), determining fair value of these assets can be difficult but the Receiver is satisfied that the DIW Assets were adequately exposed to the market as a result of the earlier Sales Process undertaken as well as the Company's earlier attempts in the spring of 2013 (before the Receivership Proceedings commenced) to market the operations and assets of the Dowland Group.
- 3.6 Canonbie was the only interested party to offer to purchase the DIW Assets from the Receiver during the Sales Process and subsequent thereto and as such, the purchase price consideration offered represents the highest offer received.
- 3.7 Canonbie is a wholly owned subsidiary of Aecon Group Inc. which is a major, publicly listed (TSX:ARE) construction company with operations across Canada. The Receiver has no concerns regarding the financial wherewithal of Canonbie to compete the transaction described herein.
- 3.8 The Receiver is of the view that the proposed sales transaction to Canonbie is in the best interests of the principal secured creditors and that the Sales Process and subsequent negotiations between the Receiver and Canonbie have been conducted in a manner which are fair and where no parties involved in the Sales Process have experienced preferential or unfair treatment.

4.0 **ORDERS APPROVING SALES AND VESTING ORDERS**

- 4.1 As contained in the Notice of Application, the Receiver will be seeking the approval of the sale of the DIW Assets as well as an order vesting title to Canonbie in the DIW Assets, free and clear of all liens, encumbrances and other such limitations or restrictions in respect of title.

5.0 **RECEIVER'S CONCLUSION AND RECOMMENDATION**

Conclusion

- 5.1 As noted in the Receiver's Third Report, the Receiver is of the view that it has made commercially reasonable efforts to obtain the highest realizations for the Property which has been the subject of the Sales Process. The offer to purchase the DIW Assets which are referenced herein are, in the opinion of the Receiver, fair and commercially reasonable in the circumstances.

5.2 **Receiver's Recommendation**

5.3 The Receiver respectfully recommends that this Honourable Court grant the Sales and Vesting Order sought by the Receiver in respect of the sales of the DIW Assets.

All of which is respectfully submitted to this Honourable Court this 27th day of September, 2013.

**ALVAREZ & MARSAL CANADA INC.,
in its capacity as Receiver of Dowland Contracting Ltd.,
Dowland Industrial Works Ltd. and 6070 N.W.T. Limited**

Attention: Todd Martin, Managing Director (tmartin@alvarezandmarsal.com)

Sirs:

Re: Proposal to Consider Purchase of Assets of Dowland Industrial Works Ltd.

We understand that, pursuant to a Receivership Order granted by the Court of Queen's Bench of Alberta (the "**Court**") on May 6, 2013, with effect from May 21, 2013, Alvarez & Marsal Canada Inc. was appointed Receiver and Manager of various corporations (the "**Vendor**") including Dowland Industrial Works Ltd. ("**Dowland**").

This letter confirms our discussions to date and our mutual understanding with respect to the potential acquisition (the "**Proposed Transaction**") by **Canonbie Contracting Limited** or one of its affiliates (the "**Purchaser**") of those assets of Dowland listed in Schedule I hereto (the "**Assets**"). Specifically, this letter sets out the general terms and parameters of our initial discussions regarding the Proposed Transaction, including certain terms and conditions that are proposed to be included in a definitive purchase agreement with respect to the Proposed Transaction (the "**Bill of Sale**").

1. **Purchase Price.** The purchase price (the "**Purchase Price**") for the Assets will be two hundred thousand dollars (\$200,000) plus applicable HST/GST and PST. The foregoing preliminary valuation of the Assets is subject to the due diligence investigation and review described below.

The Purchaser will not assume any liabilities of Dowland or the Vendor of any kind, including without limitation any liability for any tax, pension, employment or environmental matter, unless specifically provided for in the Bill of Sale.

2. **Timing.** Immediately upon signing this letter, the Vendor will allow Purchaser to perform due diligence investigations as set forth at section 3 below up until September 27, 2013. Purchaser and the Vendor will work diligently and in good faith to settle the Bill of Sale with a view to completing the transaction (the "**Closing**") on or before **October 4, 2013** or such other date as agreed between the parties (the "**Closing Date**"), subject to the Purchaser's Conditions (as defined below).

3. **Effect of this Letter.** Sections 1 and 2 of this letter represent the mutual understanding of the Purchaser and the Vendor with respect to the Proposed Transaction and are not intended to and do not constitute a legally binding obligation of the Purchaser to purchase the Assets. The parties acknowledge and confirm that until the Bill of Sale is signed, there are no legally binding obligations between the Purchaser and the Vendor relating to the Proposed Transaction, whether set out in this letter or otherwise, except for the obligations set out in Sections 7 through 14 below, which for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, are and shall remain legally binding on the Purchaser and the Vendor subject to Section 11.
4. **Bill of Sale.** The Purchaser or its Representatives (as defined below) will prepare the first draft of the Bill of Sale and will provide it to A&M and its legal counsel for their review and comment. The Bill of Sale would be subject to the following Closing conditions:
- (a) receipt of all necessary approvals from the board of directors of the Purchaser's ultimate parent, Aecon Group Inc.;
 - (b) an Order of the Court vesting title to the Assets in the Purchaser free and clear of any and all claims, liabilities and encumbrances; and
 - (c) confirmation of the change of name of "Dowland Industrial Works Ltd." to a numbered company name and Dowland's and A&M's consent to the Purchaser's use of such name.

Except as expressly provided in section 4(b) hereof, the Purchaser acknowledges that it has inspected the Assets, and that the Assets are sold on an "as-is" whereas basis at the time of Closing, and that no representation, warranty or condition is expressed or implied as to title, description, fitness for purpose, merchantability, quantity, condition, cost, quality thereof, or compliance with any environmental laws and requirements, or in respect of any other matter whatsoever. Without limitation, all Assets are offered as they exist on Closing and with no adjustments to be allowed to the Purchaser for changes and conditions, qualities or quantities, to the Assets from the date hereof to the Closing Date. The Purchaser acknowledges that A&M is not required to inspect or count, or provide any inspection or counting of any of the Assets or any part thereof, and that the Purchaser shall be deemed to have relied entirely on its own inspection and investigation, including any independent investigation of any of the Assets, in order to satisfy the Purchaser as to the effect of any matter, including environmental laws, regulations or requirements upon the Assets. It shall be the Purchaser's sole responsibility to obtain, at its own expense, any consent to such transfer and any further documents or assurances which are necessary or desirable in the circumstances, with the exception of obtaining the Court Order required pursuant to section 4(b) hereof."

5. **Due Diligence.** Commencing upon the execution of this letter by the Vendor, the Vendor shall give the Purchaser and the agents, directors, officers, employees, consultants, representatives or advisors (the "**Representatives**") of the Purchaser access to, and shall make available to them for inspection and review, the Assets and all books of account, audit work, papers, business and financial records, leases, agreements and other

documents of or relating to the Assets, that the Purchaser or its Representatives reasonably consider to be necessary or advisable. The Vendor shall make its auditor, legal counsel and other Representatives of the Vendor available for consultation and verification of any information so obtained. It is the Purchaser's intention to complete its due diligence review by September 27, 2013.

6. **Confidentiality.** The Purchaser and the Vendor acknowledge and confirm that they are bound by the terms of the confidentiality agreement executed concurrently herewith between the Purchaser and the Vendor in respect of the Proposed Transaction (the "**Confidentiality Agreement**").
7. **[Not used].**
8. **Public Announcement.** Neither the Purchaser nor the Vendor shall make any public announcement concerning the Proposed Transaction or related negotiations without the other party's prior written approval, except as may be required by law or rule of any stock exchange or quotation system. If such an announcement is required by law or rule of any stock exchange or quotation system, the party required to make the announcement shall inform the other party of the contents of the announcement proposed to be made and shall use its reasonable efforts to obtain the other party's approval for the announcement, which approval may not be unreasonably withheld.
9. **Expenses.** Each of the Purchaser and the Vendor shall be responsible for and bear all of its own costs and expenses incurred in connection with the Proposed Transaction, including any broker's or finder's fees and expenses of their respective Representatives, incurred at any time in connection with pursuing or consummating the Proposed Transaction.
10. **Assignment.** Neither party shall assign any of its rights and obligations provided for or referred to in this letter without the prior written consent of the other party.
11. **Termination.** Sections 6, 8, 9 and 13 shall survive termination of this letter. Other than Sections 6, 8, 9 and 13, the binding provisions of this letter shall terminate without liability on the earlier of: (i) the date the Bill of Sale is signed by the parties; (ii) the expiry of the Exclusivity Period; (iii) the date the parties agree in writing to terminate negotiations; and (iv) upon written notice by the Purchaser if, at any time, it is not satisfied, in its sole discretion, with its due diligence examination of the Shares or the Corporation; or.
12. **Counterparts.** This letter may be signed in one or more counterparts, each of which shall be deemed an original, and all of which together shall constitute one and the same instrument.
13. **Governing Law.** This letter shall be governed by and construed in accordance with the laws of the Province of British Columbia and the federal laws of Canada applicable therein.

14. **Entire Agreement**

- (a) Except for the Confidentiality Agreement, the binding provisions of this Letter constitute the entire enforceable agreement between the parties and supersede all prior oral or written agreements, understandings, representations and warranties and course of conduct and dealing between the parties with respect to the matters referred to in this Letter.
- (b) Except as otherwise expressly provided in this Letter, the provisions of this Letter may be amended or modified only by written agreement of all of the parties.

To confirm the foregoing, please sign and return one copy of this letter.

Yours very truly,

Canonbie Contracting Limited
