  - b) appointed Alvarez & Marsal Canada Inc. (“**A&M**”) as Monitor of the CCAA Debtors (in such capacity, the “**Monitor**”) with enhanced powers to, among other things, manage the operations of the CCAA Debtors and conduct a sale process for the assets of the CCAA Debtors (the “**CCAA Property**”);

  - d) stayed all proceedings against the Receivership Debtors and the Receivership Property;
  - e) authorized the CCAA Debtors and the Receiver to borrow funds under an interim revolving credit facility (the “**Interim Facility**”) pursuant to an interim financing term sheet (the “**Interim Financing Term Sheet**”); and
  - f) created an Administration Charge and an Interim Lender’s Charge (each as defined in the Initial Order) over the Property.
- 1.2 On June 4, 2026, on the application of the Petitioner, this Honourable Court granted the Amended and Restated Initial Order (the “**ARIO**”), which, among other things:
- a) extended the Stay Period to and including August 21, 2026;
  - b) increased the principal amount the CCAA Debtors and the Receiver are authorized to borrow under the Interim Facility; and
  - c) increased the amount of the Administration Charge.

- 1.3 Concurrent with the filing of this Second Report (the “**Second Report**”), A&M will file an application with this Court (the “**Monitor’s Application**”) for an Order (the “**Stay Extension Order**”), which, among other things:
- a) extends the Stay Period to and including December 4, 2026 (the “**Stay Extension**”); and

## 2.0 PURPOSE OF REPORT

- 2.1 This Second Report has been prepared by A&M to provide information to the Court and stakeholders in respect of the following:

  - b) an update on construction efforts in relation to the Project (as defined herein);
  - c) a comparison of the actual receipts and disbursements as compared to the cash flow forecast (the “**Revised Cash Flow Forecast**”) for the period from May 25 to August 7, 2026 (the “**Variance Analysis**”);
  - d) the Respondents’ second cash flow projection (the “**Second Cash Flow Forecast**”) for the period from August 8 to December 4, 2026 (the “**Forecast Period**”);

- 2.3 Capitalized terms used but not otherwise defined herein have the meanings given to them in the First Report.

### **3.0 TERMS OF REFERENCE**

- 3.1 In preparing this Second Report, A&M has necessarily relied upon unaudited financial and other information supplied, and representations made to it, by certain senior management of the Respondents (collectively, “**Management**”) and the Petitioner. Although this information has been subject to review, A&M has not conducted an audit nor otherwise attempted to verify the accuracy or completeness of any of the information prepared by Management, or otherwise provided by the Respondents and the Petitioner. Accordingly, A&M expresses no opinion and does not provide any other form of assurance on the accuracy and/or completeness of any information contained in this report, or otherwise used to prepare this report.
- 3.2 Certain of the information referred to in this Second Report consists of financial forecasts and/or projections prepared by the Monitor and Receiver with information provided by Management or the Respondents. An examination or review of financial forecasts and projections and procedures as outlined by the Chartered Professional Accountants of Canada has not been performed. Readers are cautioned that since financial forecasts and/or projections are based upon assumptions about future events and conditions that are not ascertainable, actual results will vary from those forecasts and/or projected and the variations could be significant.
- 3.3 Unless otherwise stated, all monetary amounts contained in this Second Report are expressed in Canadian dollars.

### **4.0 ACTIVITIES OF THE MONITOR AND RECEIVER**

- 4.1 Since the First Report, A&M in its capacity as Monitor and Receiver has performed the following activities:
- a) attended to site preservation and administrative matters, including coordinating with the former site supervisor, site security and service providers, and arranging appropriate insurance coverage;
  - b) communicated with pre-sale purchasers, trade creditors and other stakeholders, including to obtain pre-sale agreements, confirm trust account ledgers and address related inquiries;
  - c) consulted with A&M’s counsel, Fasken Martineau DuMoulin LLP (“**Fasken**”), the Petitioner, Management and other stakeholders regarding the Proceedings, the Project and related ad hoc matters;

- d) prepared reporting for the Petitioner and the Court, including reports regarding the Proceedings and the Interim Facility, the Variance Analysis, the Second Cash Flow Forecast and this Second Report;
- e) advanced diligence and information-gathering efforts, including collecting source information from the Respondents, developing information requests, maintaining a data room and engaging Ryan ULC to complete appraisal work;
- f) attended to operational and statutory matters, including the 2026 Speculation and Vacancy Tax Declaration and related administrative matters;
- g) advanced construction restart planning, which is discussed in further detail in Section 5 of this Second Report; and
- h) reviewed and provided comments on the Monitor's Application.

## 5.0 CONSTRUCTION EFFORTS

- 5.1 As noted in the First Report, prior to commencement of these Proceedings, the Respondents were overseeing the development of phase 2 of the Mortise Nova strata project, a six-storey residential building comprising 93 units, a commercial space and future development lands (the "**Project**"), which is located at 8140/8148/8158 166th Street, Surrey, BC and is legally described as:

PID: 030-538-050 Lot 1, Section 25, Township 2, New Westminster District Plan  
EPP72006 except part in Strata Plan EPS6268 (Phase 1)  
(the "**Real Property**").

- 5.2 As described in the First Report, A&M contacted certain construction managers to obtain proposals regarding the recommencement of construction on the Project. In total three construction managers executed non-disclosure agreements and were provided access to A&M's virtual data room to assist them in preparing their respective proposals.
- 5.3 A&M received and assessed proposals from the potential construction managers, and attended meetings and site tours with those parties. Following that process, and in consultation with the Petitioner, A&M selected Intergulf Management Group as construction manager ("**Intergulf**" or the "**Construction Manager**").
- 5.4 With the assistance of Fasken, A&M prepared a draft construction management agreement and held discussions with Fasken, Intergulf and Intergulf's counsel regarding the terms of that agreement. On July 31, 2026, the construction management agreement (the "**CMA**") was finalized.
- 5.5 On August 6, 2026, A&M attended the site with Intergulf to commence remobilization efforts. The attendance included meetings with key trades to discuss the status of the Project, costs to complete

and next steps required to recommence work at the site, as well as to provide general information regarding the Proceedings.

5.6 Since its engagement and entry into the CMA, Intergulf has commenced preparation of a remobilization plan (the “**Remobilization Plan**”) outlining the key steps required to assess the current status of the Project and prepare for the orderly recommencement of construction, including:

- a) reviewing the current status of the Project, including drawings, permits, schedules, work-in-place, scope gaps and other items requiring attention as a result of the Project hold;
- b) engaging with consultants, existing trade contractors and other Project participants to confirm availability, identify outstanding work and determine which parties may be retained to complete the Project;
- c) developing the construction budget, schedule, procurement strategy and site logistics required to support remobilization; and
- d) identifying any work packages that may require retendering, including in respect of long-lead procurement items.

5.7 A&M is of the view that Intergulf’s Remobilization Plan is a necessary step to support the development of a reliable construction schedule and budget, and to identify any latent deficiencies, scope gaps or other issues before full mobilization. Without this process, there would be an increased risk that such issues are identified only after construction has recommenced, potentially resulting in material rework, delays and cost overruns.

5.8 As the Remobilization Plan progresses, A&M will hold update discussions with the Petitioner to communicate the remobilization progress and outline next steps. Additionally, A&M continues to engage with the Respondents and Management, who to date have continued to cooperate with the Monitor and Receiver by responding to diligence requests and providing records and information regarding the Project as required.

## **6.0 CASH FLOW VARIANCE FOR THE PERIOD ENDED AUGUST 7, 2026**

6.3 During the Reporting Period, the Respondents experienced a net unfavourable cash flow variance of approximately \$146,000, comprised of the following:

- a) Operating disbursements were \$1.2 million lower than forecast, primarily due to the delayed commencement of remobilization activities, which deferred development hard and soft cost payments, construction manager fees, and related holdback funding costs to future periods.

This was partially offset by an unfavourable variance of \$95,000 in property tax arrears, resulting from the payment of 2025 tax arrears not reflected in the Revised Cash Flow Forecast;

- b) Professional fees were \$277,000 lower than forecast, due to invoice timing and unpaid work in progress, and are expected to reverse in future periods; and
- c) Draws under the Interim Facility were \$1.65 million lower than forecast, as a result of lower disbursements described above.

6.4 Net advances under the Interim Facility were \$1.35 million during the Reporting Period.

- 7.2 The Respondents are expected to draw approximately \$5.0 million under the Interim Facility and the Second Cash Flow Forecast projects that the Respondents will experience a net cash outflow of approximately \$541,000 over the Forecast Period, based on the following key assumptions:
- development hard costs of approximately \$2.8 million, representing preliminary forecast payments to recommence and advance construction work of the Project, including trade vendors and materials purchases;
  - development soft costs of approximately \$180,000 representing preliminary forecast payments to consultants, contractors and other services in relation to advancing the Project;
  - construction manager fees of \$288,000 representing the Construction Manager's estimated fees during the Forecast Period;

- d) holdback disbursement of \$299,999 representing a holdback of 10% of the construction cost and Construction Manager's fees (exclusive of GST) pursuant to the *Builders Lien Act* to be funded into a holdback account. It is anticipated that certain holdback repayments are likely to occur during the Forecast Period, but are not reflected in the Second Cash Flow Forecast;
- e) other costs of approximately \$1.0 million, including utilities (\$35,000), security and site preservation (\$112,000), insurance (\$520,000), other general and administrative expenses (\$60,000) appraisal (\$21,000) and a contingency (\$275,000); and
- f) professional fees are forecast to be approximately \$850,000 during the Forecast Period (including arrears of approximately \$225,000), and include the fees of counsel to the Petitioner, A&M in its capacity as Monitor and as Receiver, and Fasken, as counsel to A&M.

7.3 Consistent with the First Report, Management has not prepared the Second Cash Flow Forecast. A&M prepared the Second Cash Flow Forecast with preliminary information provided by the Respondents. Because Management has not prepared the Second Cash Flow Forecast, A&M has not obtained the Respondents' prescribed representations regarding the preparation of the cash flow statement required under s. 10(2)(b) of the CCAA.

7.4 A&M's preparation of the Second Cash Flow Forecast consisted of inquiries, analytical procedures, and discussions related to information provided to it by the Respondents. Since hypothetical assumptions need not be supported, the procedures with respect to those assumptions were limited to evaluating whether they were consistent with the purposes of the Second Cash Flow Forecast. A&M also reviewed the support available for the probable assumptions and the preparation and presentation of the Second Cash Flow Forecast.

7.5 Based on A&M's review of the Second Cash Flow Forecast, nothing has come to its attention that causes A&M to believe that, in all material respects:

- a) the hypothetical assumptions are not consistent with the purpose of the Second Cash Flow Forecast;
- b) as at the date of this Second Report, the probable assumptions developed by A&M are not suitably supported and consistent with the plans of the Respondents or do not provide a reasonable basis for the Second Cash Flow Forecast, given the hypothetical assumptions; or
- c) the Second Cash Flow Forecast does not reflect the probable and hypothetical assumptions.

7.6 Since the Second Cash Flow Forecast is based on assumptions regarding future events, actual results will vary from the information presented even if the hypothetical assumptions occur, and

the variations may be material. Accordingly, A&M expresses no assurance as to whether the Second Cash Flow Forecast will be accurate. A&M expresses no opinion or other form of assurance with respect to the accuracy of any financial information presented in this report, or relied upon by A&M in preparing this report.

- 7.7 The Second Cash Flow Forecast has been prepared solely for the purpose described in Note 1 to the Second Cash Flow Forecast, and readers are cautioned that it may not be appropriate for other purposes.

## **8.0 INTERIM FINANCING AND INTERIM LENDER'S CHARGE**

- 8.1 As described in the First Report, the Initial Order authorized the CCAA Debtors and the Receiver to borrow funds under the Interim Facility, provided that principal borrowings did not exceed \$350,000, which limit was subsequently increased to \$3 million pursuant to the ARIO. The Initial Order also created the Interim Lender's Charge to secure the borrowings under the Interim Facility over all of the assets and undertakings of the Respondents, ranking in priority to all liens and charges, other than the Administration Charge and those charges contemplated by section 11.8(8) of the CCAA and sections 14.06(7), 81.4(4) and 81.6(2) of the BIA.
- 8.2 As shown in the Second Cash Flow Forecast, in order to provide the liquidity needed to fund these Proceedings and the operations of the Respondents during the Forecast Period, and to account for any unknown costs that may be identified by the Construction Manager during the Stay Period, the Respondents are seeking to increase the authorized principal borrowings under the Interim Facility from \$3 million to \$9 million, together with a corresponding increase to the Interim Lender's Charge.
- 8.3 On or about August 12, 2026, the CCAA Debtors, the Monitor, the Receiver, and the Petitioner entered into a First Amending Agreement to the Interim Financing Commitment Letter (the "**Amending Agreement**"), pursuant to which the Interim Facility increased from \$3 million to \$9 million. The Amending Agreement remains subject to this Court's approval of the proposed increase to the Interim Facility, together with the corresponding increase to the Interim Lender's Charge.
- 8.4 The Amending Agreement is to be on the same terms as the Interim Financing Commitment Letter dated May 28, 2026 ("**Interim Financing Term Sheet**"). A copy of the Amending Agreement and Interim Financing Term Sheet are attached hereto as Appendix "B".
- 8.5 A&M is of the view that the increase in the authorized principal borrowings under the Interim Facility is necessary. As noted in the First Report, the arrangement provides a necessary and timely

financing solution which affords the Respondents the opportunity to preserve the value of the Property, commence and advance reconstruction of the Project and advance sales efforts.

8.6 A&M, in its capacity as both Monitor and Receiver, is of the view that the proposed increase to the authorized principal borrowings under the Interim Facility is reasonable, necessary and appropriate in the circumstances for, among other reasons, the following:

- a) the additional liquidity will enable A&M to continue preserving the Property while advancing construction on the Project, with the objective of maximizing recoveries for the benefit of the estate and its stakeholders;
- b) the additional liquidity is expected to enable A&M and the Construction Manager to continue advancing the Remobilization Plan and related construction restart efforts and advance sales efforts;
- c) the proposed increase will assist in mitigating the risk that construction restart efforts are delayed or interrupted due to insufficient liquidity, which could adversely affect the value of the Project and the interests of stakeholders;
- d) the proposed borrowing limit provides an appropriate cushion for timing differences, contingency amounts and costs that may be identified by the Construction Manager during the remobilization process, while borrowing remains subject to the cash flow review and monitoring protocols implemented by A&M; and
- e) the proposed increase is supported by the Petitioner, which has agreed to fund the additional borrowings, and A&M does not anticipate that the proposed increase will result in material prejudice to stakeholders in the circumstances.

8.7 A&M does not currently expect that the full \$9 million authorized borrowing limit will be drawn during the Forecast Period. However, A&M is seeking approval of that amount to provide sufficient flexibility to address timing differences, contingencies and other costs that may arise as the Remobilization Plan progresses, and to avoid the need to return to Court on an urgent basis to seek further borrowing authority.

## **9.0 STAY EXTENSION**

9.1 The Stay Period is currently set to expire on August 21, 2026. The Monitor seeks the Stay Extension Order extending the Stay Period to December 4, 2026, to advance the restructuring. In particular, the proposed Stay Extension will provide time for the Construction Manager to advance its Remobilization Plan and allow the Monitor to consider the results of the Remobilization Plan

including the Construction Manager's preliminary budget and schedule and advance sales efforts, with a view to completing construction for the benefit of all stakeholders.

9.2 The Monitor has considered the onus to demonstrate that the Stay Extension is appropriate, having regard to:

- a) the circumstances that may justify granting the Stay Extension; and
- b) whether the applicant has acted, and are acting, in good faith and with due diligence to advance the restructuring.

9.3 It is the Monitor's view that the Monitor, as the applicant under the CCAA, has and continues to act in good faith and with due diligence and, as set forth above, with the benefit of the proposed increase in Interim Facility, there is projected to be sufficient liquidity through the Stay Extension.

9.4 In the Monitor's view, the Stay Extension is appropriate and necessary to advance the restructuring.

## **10.0 CONCLUSION AND RECOMMENDATION**

10.1 The Monitor and the Receiver are of the view that the relief contemplated by the Stay Extension Order is appropriate and reasonable.

10.2 For the reasons stated herein, the Monitor and the Receiver recommend that the Court grant the Stay Extension Order on the terms sought.
