AFFIDAVIT

[Rule 22-3 of the Supreme Court Civil Rules applies to all forms.]

I, Becky Cook, Legal Assistant of #202-444 Victoria Street, Kamloops, British Columbia, V2C 2A7, SWEAR (OR AFFIRM) THAT:

1. I am a legal assistant for Gibraltar Law, solicitors for the Interior Logging Association herein, and as such I have personal knowledge of the matters hereinafter deposed to, save and except where stated to be on information and belief, and where so stated I verily believe the same to be true.
2. Our client, the Interior Logging Association, is a non-profit society incorporated to advance the interest of logging contractors in the interior of British Columbia. It has existed for more than 40 years. It has approximately 300 members. Attached and marked as **Exhibit "A"** to this Affidavit is the constitution of the Interior Logging Association in its present form.

3. When the Bill 28 "Forestry Revitalization Plan" of the government became law in or about 2004, our firm was involved (on behalf of interior contractors) in respect of the government compensation scheme. The formula for paying compensation was somewhat complicated, but there was a cap of \$10 per m3 for full phase replaceable volume lost in the interior, and a \$16 per m3 on the coast. Generally, compensation in the interior was paid out at this cap. And, generally, that \$10 per m3 became the new benchmark used by contractors when replaceable contracts were being bought and sold. Over the years, our law firm has been involved in a number of such purchases or sales.
4. Based on my recent experience, these interior replaceable contracts sell for no less than \$10 per m3, and often for higher sums.
