THIS MOTION IS FOR:

1. An order (the “**Discharge Order**”), substantially in the form attached at Tab 5 of the Receiver’s Motion Record that, among other things:¹
 - (a) discharges A&M as Receiver of the Property, provided that the Receiver shall remain Receiver for the performance of such incidental matters as may be required to complete the administration of the Receivership Proceedings, including, without limitation, as relates to the Assumed Receivership Liabilities, the Receivership Litigation and the exercise of any contractual or related rights of the Receiver (collectively, the “**Receiver Incidental Matters**”);
 - (b) orders that notwithstanding the discharge of the Receiver, the Receiver and its counsel shall continue to have the benefit of all of the rights, approvals, protections, releases, charges and stays of proceedings in favour of the Receiver and its counsel at law or pursuant to the Receivership Order or any other order made in the

¹ All capitalized terms used herein and not otherwise defined have the meaning ascribed to them in the Order (Appointing Receiver) of this Court dated October 18, 2023 (the “**Receivership Order**”), the Joint Eighth Report of the Receiver and Pre-Filing Report of A&M as Proposed Monitor dated April 3, 2025 (the “**Joint Report**”), or the proposed CCAA Initial Order (as defined herein).

Receivership Proceedings, including in connection with any Receiver Incidental Matters;

- (c) orders that the Receiver's Charge and the Receiver's Borrowings Charge shall survive the discharge of the Receiver and remain in full force and effect, each with the priority set out in the Initial Order (the "**CCAA Initial Order**") contemplated to be granted under the *Companies' Creditors Arrangement Act* (Canada) (the "**CCAA**") in respect of the Debtors concurrently with the Discharge Order under the BIA, which CCAA Initial Order, if granted, will, among other things, provide the Debtors protection under the CCAA and appoint A&M as Monitor of the Debtors (in such capacity, the "**Monitor**");
- (d) orders that the Lien Charges (as defined in the Lien Regularization Order) granted pursuant to the Lien Regularization Order prior to the date of the Discharge Order shall survive the discharge of the Receiver and remain in full force and effect (but in all cases subject to the resolution of the related Lien Claims (as defined in the Lien Regularization Order) in accordance with the procedures established pursuant to the Lien Claims Resolution Order), with the priority set out in the CCAA Initial Order;
- (e) orders that the charge in favour of Royal Bank of Canada granted pursuant to the Reconfiguration and LC Arrangement Order shall survive the discharge of the Receiver as provided by the Discharge Order and remain in full force and effect and attached to the RBC Collateral Account and the RBC Collateral, with the priority set out in the CCAA Initial Order;

- (f) approves the Receiver's reports issued in these Receivership Proceedings since the Second Report (collectively, the "**Receiver's Reports**"), including the Joint Report, and the actions, conduct and activities of the Receiver prior to or on the date of the Discharge Order in relation to the Debtors and these Receivership Proceedings; provided, however, that only the Receiver, in its personal capacity and only with respect to its own personal liability, shall be entitled to rely upon or utilize in any way such approval;
- (g) approves the fees and disbursements of the Receiver and its counsel for the period from on or about the Appointment Date (as defined below) to March 15, 2025, and March 16, 2025, respectively, and orders that the fees and disbursements of the Receiver and its counsel for the period after March 15, 2025, and March 16, 2025, respectively, shall be deemed to be the fees of the Monitor and its counsel, approval of which shall be sought in accordance with the CCAA Initial Order;
- (h) grants a release in favour of the Receiver and its directors, officers, employees, affiliates, shareholders, agents, legal counsel and other advisors (collectively, the "**Released Persons**") from any and all liability that the Released Persons now or may hereafter have by reason of, or in any way arising out of, the acts or omissions of the Receiver while acting in its capacity as Receiver or the Receivership Proceedings, save and except for any gross negligence or wilful misconduct on a Released Person's part with respect to that Released Person alone; and

2. Such further and other relief as counsel may advise, and this Court may deem just.

THE GROUNDS FOR THIS MOTION ARE:

Background

3. The Debtors are entities established for the purpose of developing an 85-storey condominium, hotel and retail tower located at the southwest corner of Yonge Street and Bloor Street West in Toronto, Ontario, marketed as “The One” (the “**Project**”).
4. On October 18, 2023 (the “**Appointment Date**”), pursuant to the Receivership Order, A&M was appointed as Receiver, without security, of all of the assets, undertakings and properties of the Debtors, acquired for, or used in relation to, a business carried on by the Debtors, including, without limitation, in connection with the Project and the Project itself, including all proceeds thereof.
5. The Receivership Order was granted upon application by the Debtors’ senior secured lenders, KEB Hana Bank as trustee of IGIS Global Private Placement Real Estate Fund No. 301 and as trustee of IGIS Global Private Placement Real Estate Fund No. 434 (together with KEB Hana Bank as trustee of IGIS Global Private Placement Real Estate Fund No. 530 (the “**RFCA Lender**”), the “**Senior Secured Lenders**”), who sought the appointment of the Receiver for the purposes of, among other things, bringing stability and

appropriate oversight to the Project to ensure the continuing construction of same, and preserving and protecting the Property to maximize recoveries from the Project for the benefit of all stakeholders.

6. Pursuant to the Receivership Order, the Receiver, as borrower, IGIS Asset Management Co., Ltd., as asset manager, and the RFCA Lender, as lender, entered into a \$315 million Receivership Funding Credit Agreement dated as of October 18, 2023, to finance the continuing construction of the Project and the Receivership Proceedings.

The SISP and Related Transaction

7. On June 6, 2024, this Court approved a sale and investment solicitation process (the “SISP”) in respect of the Project. The SISP was designed to canvass the market for any and all potential forms of value maximizing transactions that may be available and acceptable to the Receiver and the Senior Secured Lenders for the sale of the Project, or alternatively, for go-forward arrangements with developers for its construction to completion.
8. The Receiver and the Broker conducted the SISP in accordance with its terms. Following an extensive marketing process, a number of Qualified LOIs (as defined in the SISP) for Development Proposals (defined in the SISP as proposals for the construction, development and realization of value from the Project) were received. No Qualified LOIs for Transaction Proposals (defined in the SISP as proposals for the acquisition of, or investment in, the Project) were received.

9. The Development Proposal submitted by Tridel Builders Inc. (together with certain of its affiliates, “**Tridel**”) was ultimately determined to be the superior proposal and was designated by the Receiver as the Selected Qualified Bid (as defined in the SISP).
10. On December 6, 2024, the Receiver, Tridel and the Senior Secured Lenders entered into a binding Term Sheet, which outlined the principal terms and conditions pursuant to which Tridel would be engaged as the project manager, construction manager and sales manager of the Project on a fee for service basis (the “**Transaction**”), subject to, among other things, the execution of definitive agreements detailing the terms and conditions of the Transaction (the “**Definitive Transaction Agreements**”), Court approval of the Transaction, and Court approval of the transition of the Receivership Proceedings to proceedings under the CCAA.
11. The transition of the Receivership Proceedings to proceedings under the CCAA will best facilitate the implementation of the Transaction, including the ongoing construction of the Project, and will provide a better forum in which to market and sell condominium units in the Project. In addition, pursuant to a Debtor-in-Possession Credit Agreement dated April 3, 2025, the Senior Secured Lenders have agreed to provide \$615 million to the Debtors to finance the ongoing construction and development costs of the Project, the costs of the CCAA proceedings and costs related to the Receiver Incidental Matters, subject to, among other things, Court approval of the Transaction and the granting of the CCAA Initial Order.

Discharge of the Receiver and Proposed Release

12. The Definitive Transaction Agreements were finalized and executed on April 3, 2025. Accordingly, the Receiver, on behalf of the Debtors, has brought an application under the CCAA seeking approval of the CCAA Initial Order and an Order approving the

Transaction. The Receiver now brings this motion under the BIA for approval of the Discharge Order, to be heard concurrently with the Debtors' application under the CCAA, so that A&M may be discharged as Receiver and the transition of the Receivership Proceedings to the CCAA proceedings may formally commence under the oversight of A&M in its capacity as Monitor.

13. Pursuant to the Discharge Order, A&M will be discharged as Receiver of the Property, provided that it shall remain Receiver for the performance of the Receiver Incidental Matters. The authorization to continue to deal with any Receiver Incidental Matters will help ensure a smooth transition to the CCAA proceedings as A&M, in its capacity as Receiver, will continue to have the ability to attend to matters necessary to complete the administration of the Receivership Proceedings, including as relates to certain ongoing litigation matters.
14. The Receiver is also seeking a customary release of liability upon its discharge. For approximately 18 months, the Receiver and the other Released Persons have facilitated the administration of the Receivership Proceedings for the benefit of stakeholders. The proposed release will assist in providing finality and certainty to the Receiver and the other Released Persons in respect of the Receivership Proceedings, in turn facilitating the transition to proceedings under the CCAA and the ongoing construction of the Project. The release being sought by the Receiver is appropriate in scope and is otherwise fair and reasonable. The proposed release will not release the Unresolved Lien Claims or the Unresolved Receivership Claims, provided that recourse shall be limited to the Lien

Charges and the applicable claim reserve to be maintained by the Monitor in the CCAA Proceedings in respect of the Unresolved Lien Claims, respectively.

Passing of the Receiver and its Counsel's Accounts

15. The Receiver seeks to pass its accounts, as well as those of its counsel, from on or about the Appointment Date to March 15, 2025, and March 16, 2025, respectively.
16. The fees of the Receiver and its counsel total \$9,583,162.00 and \$5,917,984.50 (excluding costs and taxes), respectively, and are further detailed and summarized in the Joint Report and the fee affidavits appended to the Receiver's Motion Record filed in respect of the Discharge Order.
17. The fees and disbursements have been charged at the standard rates of the Receiver and its counsel, which rates are consistent with the Toronto market. Further, the fees and disbursements of the Receiver and its counsel are fair, reasonable and appropriate in the circumstances having regard to the scale and complexity of the Project, and the scope of activities undertaken in the Receivership Proceedings.

Approval of the Receiver's Reports and Activities

18. The Receiver's activities undertaken in these Receivership Proceedings, including as described in the Receiver's Reports, have been carried out in good faith and in accordance with the provisions of the orders of the Court issued in these Receivership Proceedings, and should be approved. Approval of the Receiver's Reports and the actions, conduct and activities of the Receiver prior to or on the date of the Discharge Order in relation to the

Debtors and these Receivership Proceedings will assist in bringing finality to the Receivership Proceedings and is appropriate in the circumstances.

Other Grounds

19. The circumstances that exist that make the Discharge Order necessary and appropriate, including in light of the contemplated commencement of CCAA proceedings in respect of the Debtors pursuant to the CCAA Initial Order.
20. Such other grounds as set out in the Joint Report.
21. The provisions of the BIA, including sections 183 and 243(1)(c).
22. Rules 1.04, 2.01, 2.03, 3.02, 16 and 37 of the Ontario *Rules of Civil Procedure*, R.S.O. 1990, Reg. 194, as amended.
23. Such further and other grounds as counsel may advise and this Court may permit.

THE FOLLOWING DOCUMENTARY EVIDENCE will be used at the hearing of the Motion:

- (a) the Joint Report and the appendices thereto;
- (b) the Affidavit of Stephen Ferguson sworn April 2, 2025, and the Affidavit of Brendan O'Neill sworn April 2, 2025; and

- (c) such further and other materials and evidence as counsel may advise and this Court may permit.

1.0 INTRODUCTION

- 1.1 On October 18, 2023 (the “**Appointment Date**”), pursuant to the Order (Appointing Receiver) (the “**Receivership Order**” and the proceedings commenced thereunder being the “**Receivership Proceedings**”) of the Ontario Superior Court of Justice (Commercial List) (the “**Court**”), Alvarez & Marsal Canada Inc. (“**A&M**”) was appointed as receiver and manager (in such capacities, the “**Receiver**”), without security, of all of the assets, undertakings and properties (collectively, the “**Property**”) of Mizrahi Commercial (The One) LP (the “**Beneficial Owner**”), Mizrahi Development Group (The One) Inc. (the “**Nominee**”), and Mizrahi Commercial (The One) GP Inc. (“**GP Inc.**” and, together with the Nominee, the “**Applicants**”, and together with the Nominee and the Beneficial Owner, the “**Debtors**” or the “**Companies**”) acquired for, or used in relation to, a business carried on by the Debtors, including, without limitation, in connection with the development of an 85-storey condominium, hotel and retail tower (the “**Project**”) located on the southwest corner of Yonge Street and Bloor Street West in Toronto, Ontario.
- 1.2 On June 6, 2024, the Court granted the Order (Approval of SISP) (the “**SISP Approval Order**”) which, among other things, approved the sale and investment solicitation process (the “**SISP**”) in respect of the Project and authorized and directed the Receiver and the Broker (as defined below) to implement the SISP. A summary of the SISP and its key terms is included in the Second Report of the Receiver dated May 28, 2024 (the “**Second Report**”), a copy of which is attached hereto (without appendices) as **Appendix “A”**.
- 1.3 The Receiver’s Sixth Report dated December 11, 2024 (the “**Sixth Report**”), a copy of which is attached hereto (without appendices) as **Appendix “B”**, provided an interim

update in respect of the SISP. As described in the Sixth Report, the SISP culminated in the Receiver and the Senior Secured Lenders (as defined below) entering into a binding term sheet with Tridel Builders Inc. (“**TBI**”) and certain of its affiliates (collectively, “**Tridel**” and, together with Tridel Corporation, the “**Tridel Parties**”) on December 6, 2024 (the “**Term Sheet**”), in respect of the comprehensive proposal submitted by Tridel pursuant to the SISP, which contemplated Tridel being engaged as the project manager, construction manager and sales manager on a fee for service basis to complete the construction, development and realization of value from the Project (the “**Transaction**”).

- 1.4 The Transaction is subject to, among other things, the Court’s approval of the Transaction, and the transition of the Receivership Proceedings to proceedings under the *Companies’ Creditors Arrangement Act* (Canada) (the “**CCAA**” and the proceedings contemplated to be commenced thereunder being the “**CCAA Proceedings**”).
- 1.5 Since entering into the Term Sheet, the Receiver, in consultation with the Senior Secured Lenders and the proposed CRO (as defined below), has been working with Tridel to negotiate, finalize and execute the Definitive Transaction Agreements (as defined below). Those negotiations are now complete, the Definitive Transaction Agreements have been executed, along with the DIP Credit Agreement (as defined below) which provides for necessary go-forward financing for the Project, and the Receiver is returning to Court to seek approval of the Transaction as well as the transition of the Receivership Proceedings to the CCAA Proceedings, together with certain related relief as described in greater detail below.

- 1.6 The Receiver has previously filed seven reports and four supplemental reports (collectively, the “**Prior Reports**”) with the Court. Additional background information regarding the Debtors and the Project, including an overview of the circumstances leading to the appointment of the Receiver, are contained in the Prior Reports and in the application record dated October 17, 2023 (the “**Application Record**”) of the Debtors’ senior secured lenders, KEB Hana Bank as trustee of each of IGIS Global Private Placement Real Estate Fund No. 301 and IGIS Global Private Placement Real Estate Fund No. 434 (together with KEB Hana Bank as trustee of IGIS Global Private Placement Real Estate Fund No. 530, the “**Senior Secured Lenders**”),¹ including the affidavit of Joo Sung Yoon sworn October 17, 2023 (the “**Yoon Affidavit**”).
- 1.7 The Application Record, the Prior Reports and other Court-filed documents and notices in the Receivership Proceedings can be found on the Receiver’s case website at: www.alvarezandmarsal.com/theone (the “**Case Website**”).
- 1.8 This report (this “**Joint Report**”) serves as both the Eighth Report of the Receiver and the Pre-Filing Report of A&M as proposed monitor of the Companies (in such capacity, the “**Proposed Monitor**”).
- 1.9 This Joint Report is being filed in support of the following application and motion, each of which are being brought at a hearing before the Court returnable on April 17, 2025 (the “**Transition Hearing**”):

¹ Unless otherwise stated, “Senior Secured Lenders” shall refer to all or any of KEB Hana Bank as trustee of IGIS Global Private Placement Real Estate Fund No. 301, KEB Hana Bank as trustee of IGIS Global Private Placement Real Estate Fund No. 434 and KEB Hana Bank as trustee of IGIS Global Private Placement Real Estate Fund No. 530 (in its capacity as RFCA Lender or DIP Lender (each as defined herein), as applicable), as the context requires.

- (i) an application brought by the Receiver on behalf of the Applicants seeking approval of the following:
 - (a) an order (the “**Initial Order**”), among other things:

 - (B) appointing A&M as Monitor of the Companies (in such capacity, the “**Monitor**”);

4.0 CONSTRUCTION UPDATE

- 4.1 Since the Appointment Date, the Receiver's primary focus, in consultation with KDC and the Cost Consultant, has been on advancing and facilitating the ongoing construction of the Project, which has continued uninterrupted throughout the Receivership Proceedings. The Receiver has implemented a number of initiatives directed at cost savings and/or value maximization, as well as improving practices and procedures, including but not limited to:

- (i) overseeing the implementation of improved construction management procedures;
- (ii) successfully transitioning construction management of the Project from Mizrahi Inc. ("MI"), the former developer of the Project, to SKYGRiD, the interim construction manager of the Project, with minimal impact to trades and suppliers;
- (iii) assisting SKYGRiD in negotiating new contracts (in cases where, under the oversight of MI, the lack of fixed price contracts had resulted in certain subtrades working off of purchase orders, letters of intent or on a "time and materials" basis for extended periods of time), and to transition subcontractors and other suppliers working on the Project who had a contract with MI to a new contract with SKYGRiD, while also addressing gaps in scopes of work and negotiating improved and/or industry standard terms;
- (iv) seeking and obtaining Court approval of the Construction Continuance Order, Lien Regularization Order, Holdback Release Order and Lien Claims Resolution Order

(each as defined below), which have collectively supported the efficient and effective management and resolution of certain trade and supplier related matters with minimal disruption to the ongoing construction of the Project;

- (v) working with the Reconfiguration Advisors (as defined in the Second Report) to analyze potential reconfiguration options for certain floor plates, and ultimately implementing the Reconfiguration Plan which, based on the Receiver's analysis and input from the Reconfiguration Advisors, would generate substantial additional net realizable value to the Project in comparison to the Base Configuration (as defined below);
- (vi) successfully completing the SISP through which Tridel was selected to, among other things, take over from SKYGRiD as the construction manager of the Project to facilitate the completion of construction of the Project, and working with Tridel and SKYGRiD during the Interim Period (as defined below) to develop a construction management transition plan; and
- (vii) working with Tridel, SKYGRiD and the Reconfiguration Advisors to further review and analyze the Reconfiguration Plan, which has been updated and improved through the proposed Tridel Reconfiguration Plan, which the Receiver and Tridel believe will continue to enhance and maximize value to the Project.

4.2 As previously reported, as at the Appointment Date, tower slabs in the building superstructure were poured to level 42 and window curtainwall (the façade) on the building envelope was installed through level 11.

4.3 During the period from the Appointment Date to March 31, 2025, an additional 39 floors of tower slabs have been poured through level 81, and the installation of the building envelope has advanced by an additional 47 floors through level 58 (which is currently in progress).

4.4 Below is a visual comparison of the construction progress achieved on the Project's superstructure since the Appointment Date:

4.5 As of March 31, 2025, other key construction activities have continued to progress in line with the progress of the building enclosure, as follows:

- (i) standpipe for the fire suppression system is installed to level 80, standpipe for water service is partially installed to level 57, and main riser piping is partially installed to level 57;
- (ii) gas service to the suites is installed up to level 47;

- (iii) HVAC distribution from the mechanical rooms to the residential suites is partially complete up to level 67; and
- (iv) electrical main services are on-line up to level 38, with electrical main services installed up to level 66 (not yet on-line).

4.6 The Project's consultants are in the process of finalizing an updated set of drawings reflecting the changes contemplated by the Tridel Reconfiguration Plan, which drawings are substantially complete as of the date of this Joint Report. Subject to receiving Court approval, the drawings and other required documentation will be submitted to the City Planning Division for review. Materials in support of a revised building permit application to be submitted to the Toronto Building Department in respect of the Tridel Reconfiguration Plan are similarly in progress. Based on discussions with Tridel and the Reconfiguration Advisors, the Receiver does not anticipate any issues with the City Planning Division's review and approval process as it relates to the Tridel Reconfiguration Plan.

4.7 The concrete pouring of the penthouse levels of the Project commenced in late March 2025 (the first structural activity in the Tridel Reconfiguration Plan). The Schedule (as defined below) currently contemplates the concrete forming of the last residential floor (level 85) to be complete in September 2025, the remaining structural components of the Project to be substantially complete by November 2026, and the construction of the overall Project to be complete in early 2028.

5.0 RESULTS OF THE SISP

- 5.1 A comprehensive overview of the SISP, including the activities conducted by the Broker and the Receiver in connection therewith, is set out in Section 4.0 of the Sixth Report. Capitalized terms not otherwise defined in this section have the meaning given to them in the SISP.
- 5.2 As described in the Sixth Report, following an extensive marketing process, a number of Qualified LOIs for Development Proposals (proposals for the construction, development and realization of value from the Project) were received. No Qualified LOIs for Transaction Proposals (proposals for the acquisition of, or investment in, the Project) were received.
- 5.3 In total, the Receiver and the Broker received LOIs from 11 Participating Bidders. A summary of the LOIs received is included as **Confidential Appendix “1”** (the “**LOI Summary**”). The purpose of the LOI Summary is to provide the Court with additional information regarding the LOIs received in the SISP, including the fees proposed by each of the relevant Participating Bidders.
- 5.4 Pursuant to the proposed Initial Order, a sealing order is being sought in respect of the LOI Summary on the basis that it contains commercially sensitive information that could negatively impact realization efforts in respect of the Project, including as it relates to the estimated value of the individual components of the Project, as well as the identification of certain Participating Bidders and details concerning their respective LOIs, which were submitted on a confidential basis. The Receiver is of the view that no party will suffer prejudice if the LOI Summary is filed under seal.

Tridel Term Sheet and Interim Services

- 5.5 For the reasons set out at paragraph 4.26 of the Sixth Report, Tridel's Development Proposal was determined to be the superior proposal and was designated as the Selected Qualified Bid.
- 5.6 On December 6, 2024, the Receiver, Tridel and the Senior Secured Lenders entered into the Term Sheet, which outlined the principal terms and conditions of the Transaction, including the specific services that would be performed by Tridel on an interim basis prior to Court approval of the Transaction (the "**Interim Services**") and the fees associated with the Interim Services. Shortly thereafter, on December 11, 2024, the Receiver issued its Sixth Report wherein it provided an update with respect to the SISP, including the execution of the Term Sheet and the proposed transition to the CCAA Proceedings.
- 5.7 Pursuant to the Term Sheet, on December 12, 2024, the Receiver remitted refundable advance payments of the construction management and project management fees to Tridel in consideration for the performance of the Interim Services in the aggregate amount of approximately \$2.3 million, plus HST (collectively, the "**Tridel Advances**").
- 5.8 Since the execution of the Term Sheet (the "**Interim Period**"), Tridel has devoted significant time and effort to prepare a revised Project construction schedule (the "**Schedule**"), cost to complete (the "**Cost to Complete**"), procurement schedule, and the related budget (the "**Development Budget**"), which has been finalized in consultation with the Receiver, the Cost Consultant, KDC, and the Senior Secured Lenders.

- 5.9 In addition, Tridel has been performing the Interim Services including, among other things, assisting the Receiver with certain development management matters, commencing planning activities in connection with the sale and marketing plan for the Residential Component,² advancing various time sensitive Project matters including assisting with the hotel operator selection process (described below) and working with SKYGRiD on a cooperative and collaborative basis to plan and implement a construction management transition plan. Additional information regarding the transition of construction management of the Project is provided below.

6.0 THE PROPOSED TRANSACTION

Definitive Transaction Agreements

- 6.1 Subject to Court approval of the Transaction and the granting of the CCAA relief sought in connection therewith, the Transaction contemplates that, as of the Effective Date (as defined below), Tridel will be engaged as the project manager, construction manager and sales manager of the Project. The Transaction is documented in the Omnibus Agreement and each of the other Definitive Transaction Agreements appended thereto, which together represent the agreement between the parties with respect to the Transaction. The Transaction, if approved, will become effective ten days after Court approval thereof, or such other date as the parties mutually agree (the “**Effective Date**”).

² The residential component of the Project (the “**Residential Component**”) is comprised of the residential condominium units (each a “**Unit**” and, collectively, the “**Units**”) occupying levels 17 through 85 of the Project, and the commercial component of the Project (the “**Commercial Component**”) is comprised of four underground parking levels and 16 aboveground levels including the retail space on the ground floor, the food and beverage spaces on level three, and the spaces designed for a premium hotel on levels five and seven through 16 (the “**Hotel Component**”).

- 6.2 An overview of the Omnibus Agreement and the other Definitive Transaction Agreements is set out in the table below, and summaries of the key terms of each are included in **Appendix “C”**. The Omnibus Agreement itself, including the other Definitive Transaction Agreements appended as schedules thereto, is attached as **Appendix “D”**. Reference should be made to the Omnibus Agreement and the other Definitive Transaction Agreements for complete terms.

The key provisions of the RSA are summarized in Appendix “C-4”.

6.3 The fees payable by the Owner to Tridel under each of the PMSA, CMA and RSA are summarized in the table below, with certain additional particulars also included in **Confidential Appendix “1”**, given that such particulars reflect Tridel’s commercially sensitive fee structure. As described in the Sixth Report, Tridel’s fee structure was competitive with other Development Proposals received in the SISP and was the subject of extensive negotiations between Tridel and the Receiver, in consultation with the Senior Secured Lenders.

Tridel’s Fees and Costs (Capitalized terms not otherwise defined in this summary have the meaning given to them in the applicable Definitive Transaction Agreements)	
Project Management	<ul style="list-style-type: none"> For the Project Management Services, the Owner will pay management and services fees equal to 1.5% of total Project Costs (as defined in the PMSA) and the documented costs and expenses of the Project Manager in connection with the services to be provided under the PMSA, including personnel costs.

Depending on actual Unit Sales Revenue, the actual fees payable may result in something that is lower or higher than 2.0%.
Incentive Fees	<ul style="list-style-type: none"> • The Project Manager shall be entitled to earn an incentive fee based on a 25% share of any savings in the actual total Project Costs compared to the estimated total Project Costs as set out in the Development Budget, up to a maximum of \$6 million. • The Project Manager shall also be entitled to earn an incentive fee based on a 10% share of any savings in the Tarion Warranty budget.

Project Reconfiguration

- 6.4 The configuration of the Residential Component of the Project at the Appointment Date (the “**Base Configuration**”) consisted of 415 Units (including one Unit comprised of two Units combined), of which 69 Units were located on floors above level 61 (the “**Partial Upper Floors**”) where there were only two or four Units per floor, comprised of the largest, most expensive Units in the Project, with an average saleable area of over 2,600 square feet per Unit. Floors below the Partial Upper Floors had either six or ten Units per floor. Of the 69 Units located on the Partial Upper Floors, only 19 Units were (or are) subject to a CSA (as defined below) and 50 Units remained unsold as at the Appointment Date.
- 6.5 As described in the Second Report, the Receiver’s Reconfiguration Advisors advised that there is an extremely limited market for Units of the size and sale price of those located on the Partial Upper Floors under the Base Configuration, and that the timeline required to sell the volume of such Units could be significant. Accordingly, with input from the Reconfiguration Advisors in respect of market conditions, fair market values, anticipated

velocity of sale, the limits of reconfiguration options posed by zoning requirements, site plans, permits and existing infrastructure of the Project, and after consultation with the Senior Secured Lenders and their advisors, the Receiver analyzed potential reconfiguration options for floor plates on the Partial Upper Floors and determined that it was appropriate to proceed with an alternative that would add 88 additional Units to the Partial Upper Floors (the “**Reconfiguration Plan**”), thereby increasing the total Units of the Project to 503 Units.

- 6.6 The Reconfiguration and LC Arrangement Order, among other things, approved the Reconfiguration Plan, and the Project was marketed in the SISP based on the Reconfiguration Plan.

Tridel Reconfiguration Plan

- 6.7 Tridel reviewed the Reconfiguration Plan during the SISP due diligence process and as part of its Development Proposal proposed a further reconfiguration (the “**Tridel Reconfiguration Plan**”) of the floor plates on all high-rise floors, which includes floors located above level 58 (together with the Partial Upper Floors, the “**High-Rise Floors**”) that would reduce the total number of Units in the Project (relative to the Reconfiguration Plan) by 27 Units, resulting in a total of 476 Units. The specific design changes associated with the reduction in Units are expected to optimize the number of larger Units in the Project while balancing the velocity of sales of such Units.
- 6.8 A comparison of the number of Units and the floor plate configurations contemplated under the Tridel Reconfiguration Plan as compared to each of the Base Configuration and the Reconfiguration Plan is as follows:

Summary of Design Reconfigurations of the Project			
Residential Floors	Base Configuration	Reconfiguration Plan	Tridel Reconfiguration Plan
Levels 19 to 48	10-units	10-units	10-units
Levels 49 to 56	6-units	6-units	6-units
Levels 59 to 61	6-units	6-units	8-units (new layout)
Levels 62 to 63	4-units	6-units	8-units (new layout)
Levels 64 to 69	4-units	10-units	8-units (new layout)
Levels 70 to 75	4-units	10-units	6-units (new layout)
Levels 76	4-units	6-units (new layout)	6-units
Levels 79 to 81	2-units	4-units	4-units
Levels 82 to 85 (penthouses)	4-units (3-storey)	4-units (3-storey)	7-units (five 2-storey, two 3-storey)
TOTAL UNITS	415 units	503 units	476 units

6.9 The Reconfiguration Advisors analyzed the Tridel Reconfiguration Plan and, with the benefit of their input, Tridel prepared a cost benefit analysis of the Tridel Reconfiguration Plan to the Reconfiguration Plan, as well as the potential impact on the Schedule. Based on the Receiver's review, this cost benefit analysis indicates that the Tridel Reconfiguration Plan is anticipated to generate meaningful additional incremental value for the Project, with minimal impact on the Schedule.

6.10 As illustrated in the table above, the Tridel Reconfiguration Plan contemplates layouts that are in most cases different than those of the Reconfiguration Plan and the Base Configuration on the High-Rise Floors.

CSA Disclaimer Notices

6.11 Within the High-Rise Floors, there were (or are) a total of 20 Units³ subject to a Condominium Sale Agreement ("CSA"), comprised as follows:

³ Representing sales totaling \$141.3 million, including HST.

- (i) four CSAs that were in default of the deposit requirements under their respective CSA (with combined deposit deficiencies totaling approximately \$4.7 million), and one CSA in respect of a penthouse Unit purchased by Sam Mizrahi, which had a deposit requirement of only \$10,000 on a sale price of \$17,427,000, including HST (collectively, the “**Unqualified Units**”); and
- (ii) 15 CSAs that are in compliance with the deposit requirements of their respective CSA (representing sales totaling \$77.1 million, including HST, in respect of which deposits totaling \$16.4 million have been received) (collectively, the “**Qualified Units**”).

6.12 Of the five Unqualified Units, three Unqualified Units are located on the penthouse levels of the Project and, under the Tridel Reconfiguration Plan, will no longer be built in accordance with the layout reflected in their respective CSA. In accordance with the Schedule, concrete pouring of the level 82 mega walls (the first penthouse level) commenced in late March 2025. Accordingly, on February 21, 2025, the Receiver determined that it was necessary and appropriate to issue disclaimer notices in respect of the CSAs for those three Unqualified Units, including Sam Mizrahi’s Unit.

6.13 Of the 15 Qualified Units: (i) the Tridel Reconfiguration Plan provides for virtually identical Units (*i.e.*, same square footage, exposure and layout) (“**Equivalent Units**”) for eight Qualified Units; and (ii) it is feasible from a design and constructability perspective to combine Units on certain of the High-Rise Floors under the Tridel Reconfiguration Plan to provide an Equivalent Unit to two additional Qualified Units (as well as one of the Unqualified Units).

- 6.14 The remaining five Qualified Units and one remaining Unqualified Unit will no longer be built in accordance with the layout reflected in their respective CSA and will not have an Equivalent Unit available under the Tridel Reconfiguration Plan. Accordingly, on April 1, 2025, the Receiver determined that it was necessary and appropriate to issue disclaimer notices in respect of the CSAs for those six Units.
- 6.15 On March 11, 2025, counsel to the Receiver received a letter from counsel to Mr. Mizrahi advising that Mr. Mizrahi intends to oppose the disclaimer of his CSA and requesting certain information from the Receiver. The Receiver's counsel responded on March 14, 2025, to provide the requested information and request that Mr. Mizrahi's counsel advise as soon as possible if Mr. Mizrahi intended to bring a motion to dispute the disclaimer. As of the date of this Joint Report, the Receiver has not been provided with any further correspondence or motion materials in this regard.
- 6.16 As of the date of this Joint Report, no objections have been received in respect of the other disclaimed CSAs and the Receiver has been in contact with certain of those purchasers to facilitate a deposit insurance claim, where applicable.

CSA Plan

- 6.17 Under the terms of the PMSA, it is a responsibility of the Project Manager to develop a plan in respect of the treatment of Units in the Project (the "**CSA Plan**"), subject to the approval of the Owner and the Court. As part of the Interim Services, the Project Manager has commenced work in respect of the development of the CSA Plan. The Monitor, if appointed, will report to the Court further in respect of the CSA Plan once it has been finalized, and will seek the Court's approval of same at that time on behalf of the

Companies. The timing of the finalization of the CSA Plan will be dependent, in part, on the timing of the engagement of the operator of the Hotel Component, which is anticipated to impact the ultimate plan for the Residential Component and the marketing and sale of the Units. The Receiver notes that in developing the CSA Plan, consideration will be given to options that may be made available to Unit purchasers whose Units were disclaimed in connection with the Tridel Reconfiguration Plan.

6.18 The Tridel Reconfiguration Plan is an integral part of the Transaction, and the Definitive Transaction Agreements have been negotiated on the basis that it will be implemented. In the Receiver's view, it is appropriate to proceed with the Tridel Reconfiguration Plan because:

- (i) with the benefit of Tridel's considerable high-rise residential development and sales management expertise, the Tridel Reconfiguration Plan contemplates optimized layouts that cater to current market demands, which will allow for the maximization of value in respect of the Residential Component;
- (ii) like the Reconfiguration Plan, it has been designed to maintain the same standard of quality construction and luxury of the Project, while providing for Units that are saleable in the current market;
- (iii) it has been extensively reviewed by the Receiver and the Reconfiguration Advisors and is supported by the Senior Secured Lenders; and
- (iv) the reconfigured layouts of the penthouse Units (five two-storey Units and two three-storey Units with an average saleable area of approximately 4,000 square

feet) provide for a further reduced timeline within which to realize maximized returns in respect of the Residential Component (given the anticipated length of time required for the market to absorb four three-storey penthouse Units with an average saleable area of approximately 6,000 square feet at the contemplated price point that remained in the Base Configuration and Reconfiguration Plan).

- 6.19 All Unit purchasers will be provided notice of the Transition Hearing and the relief sought in connection therewith, including the proposed approval of the Tridel Reconfiguration Plan.

Proposed Transaction Approval Order

- 6.20 At the Transition Hearing, the Monitor, if appointed pursuant to the proposed Initial Order, will be seeking approval of the Transaction on behalf of the Companies pursuant to the proposed Transaction Approval Order.
- 6.21 In addition to approving the Transaction and authorizing the execution of the Omnibus Agreement, the other Definitive Transaction Agreements, and any ancillary Transaction documents by the CRO on behalf of the Companies *nunc pro tunc*, the proposed Transaction Approval Order, among other things:
- (i) grants a priority charge on the Property in favour of the Tridel Parties (the “**Tridel Charge**”) as security for the Tridel Charge Obligations, being specific fee, cost and expense obligations owing to the Tridel Parties under the Definitive Transaction Agreements, with the priority set out in the proposed Initial Order;

- (ii) orders that leave of the Court shall be required for any of the Companies or the relevant Tridel Parties to terminate the Omnibus Agreement or any of the other Definitive Transaction Agreements on a motion brought on not less than 15 days' notice;
- (iii) orders that the Tridel Parties shall not be liable for any claims under or in relation to any CSAs in existence prior to the Effective Date which arise from facts or circumstances in existence prior to the Effective Date or from acts of the Companies, their agents, assigns or contractors;
- (iv) prescribes the respective responsibilities and obligations of each of SKYGRiD and the Construction Manager as it relates to the services or materials provided to the Project by any contractor, subcontractor, trade supplier, or other Person for the periods before and after the Effective Date; and
- (v) approves the Tridel Reconfiguration Plan and authorizes the Companies and the Monitor to implement same.

Recommendations of the Receiver and the Proposed Monitor

6.22 A&M, in its capacity as both Receiver and Proposed Monitor, respectfully recommends that the Court grant the Transaction Approval Order for the following reasons:

- (i) Tridel's Development Proposal represents the successful culmination of a highly competitive Court-approved SISP;

- (ii) Tridel's Development Proposal provides a value maximizing plan for the timely completion of the Project for the benefit of the Senior Secured Lenders and other stakeholders. Its Development Proposal includes various strategies for both the Residential Component and the Commercial Component to optimize utility and function, value engineering initiatives which are anticipated to save costs, and potential re-design concepts for the Project, including as contemplated by the Tridel Reconfiguration Plan;
- (iii) Tridel is an award-winning developer with an established reputation in the Canadian development industry for delivering high quality, luxury condominiums, which reputation is expected to be of significant value in the construction and marketing of the Project. Tridel's large and broad service offering, including but not limited to development management, construction management, sales management and interior design, allows it to provide in-house resources and expertise to complete the construction and development of the Project in an efficient and effective manner;
- (iv) Tridel's development and construction experience is well aligned with the size, scope and complexity of the Project. In particular, Tridel has over 90 years of home-building experience and is recognized as one of Canada's leading high-rise developers, and has completed several development projects comparable to the nature of the Project, including The Well (a mixed-use development in Toronto comprised of seven towers) and Ten York (a 65-storey condominium in Toronto);

- (v) Tridel's proposed fee structure was competitive with the other fee proposals for Development Proposals received during the SISP and was further improved through negotiating certain fees and costs and by revising certain components of Tridel's fees to be payable on a contingent basis based on revenue targets and costs savings, thereby further contributing to the objective of maximizing value;
- (vi) the Definitive Transaction Agreements are the result of extensive negotiation among the Receiver, the Senior Secured Lenders, the proposed CRO and Tridel, and reflect input from certain Project advisors and the Cost Consultant. In the Receiver's view, the provisions of the Definitive Transaction Agreements and the fees contemplated to be paid to Tridel thereunder are fair and reasonable considering the size and complexity of the Project and the circumstances under which Tridel is being retained;
- (vii) the Tridel Charge is reasonable and appropriate in the circumstances, represents a proper balancing of risk between the parties, and is necessary to facilitate the successful implementation of the Transaction;
- (viii) the other relief sought in the Transaction Approval Order is reasonable and appropriate in the circumstances; and
- (ix) the Senior Secured Lenders are supportive of the Transaction.

6.23 Notwithstanding the Receiver and the Proposed Monitor's view that the Transaction will maximize the value of the Project, the expectation remains that the Senior Secured Lenders will not recover their outstanding pre-receivership secured debt of approximately \$1.235

billion (excluding accrued interest since the Appointment Date) in full. As such, there is not expected to be any recovery for any subordinate secured lender of the Project or unsecured creditors. The Receiver and the Proposed Monitor is of the view that there was no viable proposal submitted in the SISP that would have resulted in recoveries for subordinate creditors and that the Transaction represents the best means of both maximizing value for the benefit of the Senior Secured Lenders as well as ensuring the completion of the Project for the benefit of stakeholders.

7.0 THE PROPOSED CCAA PROCEEDINGS

Transition to CCAA Proceedings

- 7.1 As previewed in the Sixth Report and outlined in the Omnibus Agreement, the transition of the Receivership Proceedings to the CCAA Proceedings is a condition precedent to the Transaction. In the view of the Receiver, Tridel and the Senior Secured Lenders, the transition to the CCAA Proceedings will best facilitate the implementation of the Transaction and the ongoing construction and completion of the Project, and will provide a better forum in which to market and sell the Units in the Residential Component and to operate, lease and ultimately sell each of the different components within the Commercial Component, all with a view to maximizing value and recoveries.
- 7.2 In the Receiver's view, the specific benefits of transitioning to the CCAA Proceedings include:
- (i) the debtor-in-possession structure of the CCAA Proceedings will permit the Units in the Residential Component to be sold in the ordinary course and directly by the Companies, rather than being marketed and sold by the Receiver on more stringent

standard receivership terms (*i.e.*, “as is, where is” with no surviving representations or warranties). Ordinary course sales by the Companies are anticipated to provide for higher Unit sale prices and are expected to better facilitate addressing certain regulatory issues relating to the sale of the Units, including with respect to working with HCRA and Tarion to ensure that all warranty and vendor licencing matters are appropriately dealt with;

- (ii) the debtor-in-possession structure of the CCAA Proceedings will provide for increased flexibility in terms of the future business operations within the Commercial Component. It is anticipated that during the CCAA Proceedings the Companies may potentially operate certain businesses prior to their respective dispositions, including in respect of the parking, retail spaces, food and beverage spaces and the hotel. The CCAA Proceedings, as compared to the Receivership Proceedings, will provide a better forum within which to: attract tenants and a hotel operator, as well as customers and employees; operate the businesses in the ordinary course; and ultimately monetize each of the components of the Commercial Component;
- (iii) the Project will remain subject to a Court-supervised process under the continued oversight of the Proposed Monitor who has developed an in-depth understanding of the Project in its capacity as Receiver, and will benefit from the assistance of Tridel and the proposed CRO who have each gained a considerable understanding of the Project over the past several months. As described in the Second Report, many of the decisions relating to the development of the Project that did not impact the Schedule were put on hold pending the outcome of the SISF. The proposed

transition to the CCAA Proceedings and the introduction of the CRO will permit the Companies to proceed with making these critical Project decisions, with input and guidance from Tridel, and in consultation with the Monitor and the Senior Secured Lenders;

- (iv) the Project will continue to benefit from continuing and/or similar relief granted in the Receivership Proceedings and there will continue to be a forum for addressing any issues that may arise on a timely basis to facilitate the ongoing and uninterrupted construction of the Project for the benefit of stakeholders; and
- (v) the Senior Secured Lenders have confirmed to the Receiver that they are committed to facilitating the continued construction of the Project to completion and realization by continuing to fund construction of the Project and the cost of the CCAA Proceedings through the proposed DIP Credit Agreement should the Transaction be approved and the CCAA relief granted by the Court.

7.3 The transition from the Receivership Proceedings to the CCAA Proceedings will not impact the ongoing construction of the Project; rather, the primary purpose of the transition is to facilitate the continued funding of such construction, the sale of Units in the Project, and the ultimate realization of value in respect of the Project. In addition, as outlined in further detail in this Joint Report, the proposed Discharge Order and the proposed Initial Order have been prepared such that the rights of various parties in interest in the Receivership Proceedings are preserved and not negatively impacted by the transition to the CCAA Proceedings.

- 7.4 In the Receiver's and the Proposed Monitor's view, it is appropriate to grant the Companies protection under the CCAA in the circumstances. Of note in that regard, the Applicants are Ontario-incorporated companies having assets and doing business in Canada, with their registered head office and principal place of business located in Toronto, Ontario. Further, as reported at paragraph 3.5 of the Receiver's First Report dated February 26, 2024 (the "**First Report**"), the total secured indebtedness in respect of the Project as of October 31, 2023, was approximately \$1.9 billion, inclusive of interest, and the Companies were unable to repay the significant secured debt obligations owing to the Senior Secured Lenders and other subordinate secured lenders. Copies of the Companies' most recent, unaudited financial statements for the year ended December 31, 2023, are attached as **Appendix "E"**.
- 7.5 The Yoon Affidavit and the First Report provide additional background information regarding the Companies and their financial position, including their indebtedness.

Proposed Initial Order

- 7.6 The Receiver is seeking the proposed Initial Order, which has been tailored to address certain matters arising as a result of the contemplated transition from the Receivership Proceedings to the CCAA Proceedings.
- 7.7 The proposed Initial Order is largely consistent with the model CCAA Initial Order, with certain exceptions to accommodate the unique circumstances of the Companies' contemplated CCAA Proceedings, including the following:
- (i) *Protections Extended to Beneficial Owner*: The Beneficial Owner, being a limited partnership, is not a "debtor company" within the meaning of the CCAA. However,

given that the Beneficial Owner was formed to undertake the development of the Project, is the beneficial owner of the Project and is integral to the Companies' business, and owes the same indebtedness to the Senior Secured Lenders as the Applicants, the proposed Initial Order seeks to extend the benefits, protections, authorizations and obligations provided therein to the Beneficial Owner. The Receiver understands that this relief is commonly granted to a partnership where its business is integral and closely related to those of its affiliates who are applicants in CCAA proceedings and is of the view it is appropriate in the circumstances;

- (ii) *Payment for Continuing Services:* It is contemplated that payments for ongoing construction and other services in relation to the Project will continue to be made in the normal course by the Companies. Accordingly, the Initial Order contemplates that the Companies may, with the consent of the Monitor, pay amounts owing in respect of obligations incurred by the Companies or the Receiver during the Receivership Proceedings, including in respect of goods and services supplied to the Companies, the Receiver or otherwise in respect of the Project during the Receivership Proceedings, as well as payments owing by the Companies, or any of them, or owing by any Developer (as defined in the proposed Initial Order), to suppliers, contractors, subcontractors and other creditors who the Companies consider to be critical to the Project;
- (iii) *Initial Stay of Proceedings for 120 Days and Granting of "Full" CCAA Relief:* The proposed Initial Order contemplates an initial stay of proceedings of 120 days together with other customary relief under a "full" CCAA Initial Order. Although the CCAA contemplates that a stay on an initial application may only be for a 10-

day period and that relief on an initial application be limited to relief that is reasonably necessary for the continued operations of the debtor company in the ordinary course of business during that 10-day period, the rationale for this limitation (that is, avoiding procedural fairness concerns arising from the *ex parte* or limited notice nature of most initial applications under the CCAA) is not applicable in the circumstances. The Companies have been the subject of Court-supervised insolvency proceedings for more than 18 months that have included the same (or substantially similar) relief as that sought under the proposed Initial Order and all parties on the service list in the Receivership Proceedings, all known creditors, all subcontractors and trades on the Project and all Unit purchasers will have been provided with more than 10 days' notice of the Transition Hearing. In addition, the Transaction, including the contemplated transition to the CCAA Proceedings, was first reported by the Receiver in its Sixth Report dated December 11, 2024. In the circumstances, the Receiver believes an extended initial stay period and the granting of full relief is appropriate, creates further stability and certainty for the Project, and will avoid the unnecessary professional expense of a comeback hearing; and

- (iv) *Notice Requirement Exemptions:* The proposed Initial Order also contemplates that the Monitor shall be exempt from the noticing requirements under the CCAA, including the obligation to publish notice of the CCAA Proceedings in a newspaper. For the same rationale as outlined in the preceding subparagraph, it is appropriate to exempt the Monitor from these noticing requirements in the circumstances. In the context of the Receivership Proceedings, the Receiver sent notice of the

Receivership Proceedings to all known creditors, prepared and published a list showing the names of creditors and their estimated claims, and created the Case Website. The Receivership Proceedings have also been subject to extensive public media reporting. Further, as noted above, notice of the Transition Hearing will be given to all relevant stakeholders and a copy of the Initial Order (if granted) will be posted on the Case Website along with all other public filings in the CCAA Proceedings. In light of the foregoing, the Receiver is of the view that it is appropriate for the Court to dispense with the notice requirements under the CCAA.

Charges Proposed in the Initial Order

Continuation of Receivership Charges

7.8 The Court-ordered charges granted in the Receivership Proceedings pursuant to the Receivership Order are contemplated to be continued in the CCAA Proceedings with the priorities set out in the proposed Initial Order. Specifically, the Receiver's Charge in favour of the Receiver and its counsel as security for their fees and disbursements incurred in connection with the Receivership Proceedings, as well as the Receiver's Borrowings Charge in favour of the RFCA Lender (as defined below) as security for the amounts borrowed under the RFCA (as defined below), will survive the discharge of the Receiver pursuant to the proposed Discharge Order and will be continued in the CCAA Proceedings pursuant to the proposed Initial Order.

7.9 In addition, the following charges granted in the Receivership Proceedings are contemplated to be continued in the CCAA Proceedings, each with the priority set out in the proposed Initial Order:

- (i) the Lien Charges granted pursuant to the Lien Regularization Order prior to the date of the proposed Initial Order, but in all cases subject to the resolution of the related Lien Claims (as defined in the Lien Regularization Order) in accordance with the procedures established pursuant to the Lien Claims Resolution Order (as defined below); and
- (ii) the charge in favour of Royal Bank of Canada granted pursuant to the Reconfiguration and LC Arrangement Order (the “**RBC Charge**”), which charge shall remain in full force and effect and attached to the RBC Collateral Account and the RBC Collateral (each as defined in the Reconfiguration and LC Arrangement Order).

Additional Charges Contemplated by the Proposed Initial Order

7.10 In addition to providing for the continuation of the charges granted in the Receivership Proceedings as outlined above, the proposed Initial Order contemplates the following additional super-priority charges:

- (i) Administration Charge: the granting of a charge in favour of the Monitor, counsel to the Monitor, and the CRO (the “**Administration Charge**”), in an amount not to exceed \$3.5 million pending further order of the Court, as security for their professional fees and disbursements incurred in connection with the CCAA Proceedings, which Administration Charge shall rank *pari passu* with the Receiver’s Charge. The Proposed Monitor is of the view that the amount of the Administration Charge is reasonable and appropriate in the circumstances having

regard to the nature of the CCAA Proceedings and the work expected to be required by the relevant professionals on a month-to-month basis;

- (ii) DIP Lender's Charge: the granting of a charge in favour of the DIP Lender (as defined below, and such charge being the "**DIP Lender's Charge**"), in an amount not to exceed \$615 million (plus accrued and unpaid interest, fees and reimbursable expenses) pending further order of the Court, as security for the outstanding obligations of the Companies under the DIP Credit Agreement, which DIP Lender's Charge shall rank *pari passu* with the Receiver's Borrowings Charge. It is a condition of the DIP Credit Agreement that the DIP Lender's Charge be granted by the Court. The Proposed Monitor is of the view that the DIP Lender's Charge is reasonable and appropriate in the circumstances having regard to the nature of the CCAA Proceedings and the anticipated costs required to complete the construction of the Project; and
- (iii) Tridel Charge: the proposed Transaction Approval Order contemplates the granting of the Tridel Charge as security for the Tridel Charge Obligations. As set out in the proposed Initial Order, the Tridel Charge shall rank subordinate to the Administration Charge, the Receiver's Charge, the DIP Lender's Charge and the Receiver's Borrowings Charge. The Proposed Monitor is of the view that the Tridel Charge is appropriate in the circumstances and necessary to facilitate the successful completion of the Transaction.

7.11 The proposed Initial Order also contemplates the following as it relates to the priorities of the above-noted charges, which is consistent with existing relative priorities: (i) the charges

shall be subordinate to the security interest of Aviva Insurance Company of Canada in the Condo Deposits in the Condo Deposit Account (each as defined in the Yoon Affidavit); and (ii) the RBC Charge shall continue to have a first charge on the RBC Collateral Account and the RBC Collateral in accordance with the Reconfiguration and LC Arrangement Order. The foregoing is consistent with the existing relative priorities of the noted charges.

7.12 The below table provides a summary overview of the current charges existing in the Receivership Proceedings and the proposed continuing and new charges in the CCAA Proceedings:

Overview of Current and Proposed Charges				
Receivership Proceedings	Ranking	CCAA Proceedings	Ranking	Property Secured
Receiver's Charge	First	Receiver's Charge and Administration Charge, <i>pari passu</i>	First	All Property other than the Condo Deposits in the Condo Account (and subject to the RBC Charge on the RBC Collateral Account and RBC Collateral).
Receiver's Borrowings Charge	Second	Receiver's Borrowings Charge and DIP Lender's Charge, <i>pari passu</i>	Second	
—	—	Tridel Charge	Third	
RBC Charge	First (Only on RBC Collateral Account and RBC Collateral)	RBC Charge	First (Only on RBC Collateral Account and RBC Collateral)	RBC Collateral Account and RBC Collateral
Lien Charge	Subordinate to all other priority charges (Priority is otherwise as contemplated under the Construction Act (Ontario) and applicable federal law)	Lien Charge	Subordinate to all other priority charges (Priority is otherwise as contemplated under the Construction Act (Ontario) and applicable federal law)	Any security granted in respect of a Lien Claim under the Construction Act (Ontario)

Transition Related Provisions in the Proposed Initial Order

- 7.13 As noted above, the proposed Initial Order has been carefully prepared by the Receiver and Proposed Monitor, in consultation with the proposed CRO and the Senior Secured Lenders, to address various matters arising from the transition of the Receivership Proceedings to the CCAA Proceedings, with a view to preserving the status quo and ensuring that construction of the Project continues uninterrupted and that the rights of stakeholders are not negatively impacted by the transition. To that end, in addition to providing for the continuation of the charges granted in the Receivership Proceedings as described above, the proposed Initial Order provides for certain additional transition-specific relief.

Assumed Receivership Liabilities

- 7.14 As part of the transition to the CCAA Proceedings, it is contemplated that the Companies shall assume, be liable for and discharge when due certain specified liabilities incurred by the Receiver on behalf of, or in the name of, the Companies (such liabilities being defined in the proposed Initial Order as the “**Assumed Receivership Liabilities**”).⁴ Specifically, upon granting of the proposed Initial Order, the Assumed Receivership Liabilities shall constitute liabilities of the Companies, and neither the Receiver, the Monitor or the CRO shall have any liability with respect to the Assumed Receivership Liabilities.
- 7.15 The assumption of the Assumed Receivership Liabilities by the Companies will ensure that the Assumed Receivership Liabilities continue with full force and effect in the CCAA

⁴ The Assumed Receivership Liabilities include, among other obligations, the RFCA, the Indemnity Agreement entered into with the City of Toronto relating to a temporary street occupation permit for the Project, and the Loan Agreement and Cash Collateral Agreement entered into with RBC relating to the Letters of Credit Arrangement approved by the Court pursuant to the Reconfiguration and LC Arrangement Order.

Proceedings such that there is no prejudice to the relevant stakeholders from the transition to the CCAA Proceedings, it being understood that: (i) the designation of any Assumed Receivership Liabilities as such is without prejudice to the right of the Companies to dispute the existence, validity or quantum of any Assumed Receivership Liabilities, and (ii) nothing in the proposed Initial Order will affect or waive any legal or equitable rights or defences of any party in respect of the Assumed Receivership Liabilities.

Specified Receivership Orders

7.16 During the Receivership Proceedings, the Receiver sought several Court orders, all of which contributed to ensuring the ongoing construction of the Project for the benefit of stakeholders. Given that the relief granted in these orders will continue to be necessary and appropriate in the CCAA Proceedings, the proposed Initial Order provides that each of the following orders (collectively defined in the proposed Initial Order as the “**Specified Receivership Orders**”) and the authorizations, stays, claims bars, rights, protections and other relief granted thereunder shall continue in full force and effect in the CCAA Proceedings, *mutatis mutandis*:

- (i) Lien Regularization Order: The Lien Regularization Order granted by the Court in the Receivership Proceedings on March 7, 2024 (the “**Lien Regularization Order**”), established a Court-supervised streamlined process to replace the technical requirements for preserving and perfecting a lien under the *Construction Act* (Ontario) by providing, among other things, that any person wishing to assert a Lien Claim against the Project shall do so by delivering a Lien Notice (as defined in the Lien Regularization Order) to the Receiver in accordance with the Lien

Regularization Order, following which such person would be granted a Lien Charge against the Project equivalent to, and only to the extent of, any security that would otherwise be granted in respect of the Lien Claim under the *Construction Act* (Ontario). In the context of the CCAA Proceedings, to ensure continued funding under the DIP Credit Agreement and to ensure that parties who have delivered Lien Notices are not prejudiced by the transition to the CCAA Proceedings, the Proposed Monitor is of the view that the same Court-supervised and streamlined process should continue. To that end, the proposed Initial Order contemplates that: (a) the Lien Regularization Order shall continue in the CCAA Proceedings; (b) the Lien Notices delivered or deemed to have been delivered in the Receivership Proceedings shall continue in full force and effect in the CCAA Proceedings (subject to the resolution of the underlying Lien Claims in accordance with the terms of the Lien Claims Resolution Order); and (iii) the Lien Charges granted in the Receivership Proceedings shall continue in the CCAA Proceedings in accordance with the terms of the Lien Regularization Order (provided that the Lien Charges shall be subordinate to each of the other charges described above);

- (ii) Construction Continuance Order: The Construction Continuance and Ancillary Relief Order granted by the Court in the Receivership Proceedings on March 7, 2024 (the “**Construction Continuance Order**”), was designed to promote a smooth transition of construction management from MI to SKYGRiD, in its capacity as interim construction manager of the Project, by, among other things, delineating the respective obligations and liabilities of MI and SKYGRiD towards the contractors, subcontractors and other suppliers required to continue supplying

goods and/or services to the Project pursuant to the Receivership Order. In the view of the Proposed Monitor, this delineation of responsibility as between MI and SKYGRiD, as well as the other rights and authorizations provided for in the Construction Continuance Order, should be continued in the CCAA Proceedings, with the benefit of certain interpretation rules as set out in the proposed Initial Order. Upon the Effective Date, the transition of construction management from SKYGRiD to the Construction Manager will occur and the delineation of obligations and liabilities as between SKYGRiD and the Construction Manager will be as set out in the proposed Transaction Approval Order;

- (iii) Holdback Release Order: The Order (Holdback Release) granted by the Court in the Receivership Proceedings on June 6, 2024 (the “**Holdback Release Order**”), provided a mechanism to authorize the Receiver to pay certain Holdback Amounts (as defined in the Second Report) to subcontractors relating to the period MI served as general contractor of the Project, as well as any additional holdback amounts owing to a subcontractor who fully completed its scope of work in relation to the Project as determined by the Receiver. To date, the Receiver has paid a total of approximately \$1.8 million (exclusive of HST) to six of the Holdback Parties (as defined in the Holdback Release Order) in accordance with the terms of the Holdback Release Order. In the view of the Proposed Monitor, the Holdback Release Order should be continued in the CCAA Proceedings so that the Proposed Monitor, if appointed, may be authorized to continue to pay the Holdback Amounts and any additional holdback amounts payable on behalf of the Nominee to the Holdback Parties in accordance with the Holdback Release Order. Following the

Effective Date, the holdback amounts retained during the period SKYGRiD served as construction manager, together with future holdback amounts to be retained in the post-Effective Date period, will be held together in a single holdback trust account, and are expected to be released in accordance with the *Construction Act* (Ontario), or further order of the Court;

- (iv) Reconfiguration and LC Arrangement Order: The Order (Reconfiguration and Letters of Credit Arrangement) granted by the Court in the Receivership Proceedings on June 6, 2024 (the “**Reconfiguration and LC Arrangement Order**”) approved the Reconfiguration Plan and the Letters of Credit Arrangement (each as defined and described in the Second Report). With respect to the Reconfiguration Plan, although it is contemplated to be modified in some respects by the Tridel Reconfiguration Plan, the Proposed Monitor is of the view that the approvals and authorizations related thereto should be continued into the CCAA Proceedings to facilitate the ongoing reconfiguration efforts of the Residential Component. As for the Letters of Credit Arrangement, the Companies are still required to provide letters of credit in respect of certain municipal requirements. Accordingly, the Proposed Monitor is of the view that the approvals and authorizations related to the Letters of Credit Arrangement should also be continued in the CCAA Proceedings to ensure ongoing compliance with municipal requirements and the maintenance of construction permits to facilitate the continued construction of the Project; and
- (v) Lien Claims Resolution Order: The Lien Claims Resolution Order granted by the Court in the Receivership Proceedings on August 9, 2024 (the “**Lien Claims**

Resolution Order”) established a procedure for resolving Lien Claims asserted in Lien Notices delivered pursuant to the Lien Regularization Order. The proposed Initial Order expressly contemplates the continuation of the Lien Regularization Order and the Lien Notices delivered thereunder,⁵ subject to the resolution of the Lien Claims in accordance with the Lien Claims Resolution Order, which is also contemplated to be continued in the CCAA Proceedings. In addition, the proposed Initial Order expressly contemplates that the appointment of the Claims Officers (as defined in the Lien Claims Resolution Order) shall continue in accordance with the Lien Claims Resolution Order, with all of the rights and protections afforded to the Claims Officers thereby. The Proposed Monitor is of the view that the continuation of the Lien Claims Resolution Order is appropriate in the circumstances so that a mechanism continues to be in place to ensure Lien Claims are dealt with fairly, uniformly and efficiently in a manner that conserves judicial resources following the transition to the CCAA Proceedings.

7.17 The proposed Initial Order sets out certain interpretation rules to facilitate the continuation of the Specified Receivership Orders in the CCAA Proceedings, including the following:

(i) all references to the Court in the Specified Receivership Orders shall be construed so as

⁵ As of the date of this Joint Report, there have been seven Lien Notices delivered (or deemed to have been delivered pursuant to the Lien Regularization Order): (i) a Lien Notice deemed to have been delivered by Cult Iron Works Limited as of December 1, 2023; (ii) a Lien Notice dated April 26, 2024, delivered by MI (which will be heard together with the MI Payment Motion); (iii) two Lien Notices dated March 30, 2024, and October 16, 2024, respectively, delivered by Gamma Windows and Walls International Inc.; (iv) a Lien Notice dated October 7, 2024, as amended on October 9, 2024, delivered by Modern Niagara Toronto Inc. (“**Modern Niagara**”); and (v) two Lien Notices each dated October 9, 2024, delivered by Onyx-Fire Protection Services Inc. (“**Onyx-Fire**”) (referred to collectively as the “**Unresolved Lien Claims**”). The Receiver, with the assistance of KDC, SKYGRiD and the Construction Manager, is in active discussions with Modern Niagara and Onyx-Fire in an attempt to resolve their respective Lien Claims. The other Unresolved Lien Claims are subject to pending resolution by the Court or a Claims Officer, or are expected to be referred for resolution in the near term.

to refer to the Court in the CCAA Proceedings; and (ii) all references to the Receiver and the Debtors in the Specified Receivership Orders shall be construed so as to refer to the Monitor and the Companies, respectively, provided that: (a) where the Specified Receivership Orders contemplate entering into any agreement by the Receiver, such references to the Receiver shall be construed so as to refer to the Companies entering into any such agreement; and (b) any rights and authorizations granted in favour of the Receiver shall be construed to have been granted in favour of both the Companies and the Monitor.

- 7.18 In the event any interpretation issues arise with respect to the Specified Receivership Orders following the transition to the CCAA Proceedings, the proposed Initial Order provides that the Monitor and the Receiver shall be at liberty to seek advice and directions in respect of the interpretation or application of any of the Specified Receivership Orders.

Continuing Rights

- 7.19 The proposed Initial Order contemplates that, in addition to all of the rights and authorizations contemplated to be granted to the Monitor thereunder, the Monitor shall have all of the rights of the Receiver as set forth in paragraphs 7 through 11 of the Receivership Order, which paragraphs relate to the duty to provide access to property and records and cooperation to the Receiver (which duty will extend to providing access and cooperation to the Monitor upon the transition to the CCAA Proceedings).

Name Changes

- 7.20 As part of the transition to the CCAA Proceedings, it is contemplated that the legal names of the Companies will be changed as follows:

Current Name	Proposed New Name
Mizrahi Commercial (The One) LP	One Bloor West Toronto Commercial (The One) LP
Mizrahi Development Group (The One) Inc.	One Bloor West Toronto Group (The One) Inc.
Mizrahi Commercial (The One) GP Inc.	One Bloor West Toronto Commercial (The One) GP Inc.

- 7.21 The Proposed Monitor is of the view that the contemplated name changes are appropriate in the circumstances, including to facilitate marketing efforts with respect to the sale of Units in the Project, which will appropriately reflect that the Mizrahi Group is no longer involved in the construction or development of the Project.
- 7.22 In terms of the process associated with the name changes, the proposed Initial Order expressly authorizes the Companies and the CRO to complete, execute and file the necessary documents to change the legal names, as well as the registered addresses, of the Companies. The proposed Initial Order contemplates that such filings shall be accepted by the Director under the *Business Corporations Act* (Ontario) and the registrar under the *Limited Partnerships Act* (Ontario) or such other relevant official without the requirement (if any) of obtaining director, shareholder or other approval.
- 7.23 Upon the official change of names of the Companies, the Monitor will serve on the service list and file with the Court a Monitor's certificate specifying the updated names, following which the names of the Companies in the style of cause of the CCAA Proceedings will be deleted and replaced with the updated names of the Companies.

8.0 A&M'S QUALIFICATIONS TO ACT AS MONITOR

- 8.1 A&M has been the Receiver of the Debtors since the Appointment Date. In its capacity as Receiver, A&M has been intimately involved in all aspects of the Project and has become

familiar with the business and operations of the Debtors, as well as the key issues surrounding the Project and its many stakeholders. A&M is therefore well-equipped to act as Monitor of the Companies.

- 8.2 A&M is a trustee within the meaning of subsection 2(1) of the *Bankruptcy and Insolvency Act*, R.S.C. 1985, c. B-3, as amended (the “**BIA**”) and is not subject to any of the restrictions on who may be appointed as monitor set out in section 11.7(2) of the CCAA.
- 8.3 The senior A&M personnel with carriage of this matter include experienced insolvency and restructuring practitioners who are Chartered Professional Accountants, Chartered Insolvency and Restructuring Professionals and Licensed Insolvency Trustees, and whom have previously acted in CCAA matters of a similar nature and scale to the contemplated CCAA Proceedings.
- 8.4 The Proposed Monitor has retained Goodmans to act as its independent legal counsel. Goodmans has acted as counsel to A&M in its capacity as Receiver since the Appointment Date and is also very familiar with the Project and its stakeholders.
- 8.5 A&M has consented to act as Monitor in the CCAA Proceedings, should the Initial Order be granted. A copy of A&M’s Consent to Act as Monitor dated April 3, 2025, is attached hereto as **Appendix “F”**.

9.0 CHIEF RESTRUCTURING OFFICER

- 9.1 The proposed Initial Order contemplates the approval of the CRO Engagement Letter (as defined below) and the appointment of FAAN as CRO pursuant to the terms thereof.

- 9.2 As described in the Second Report, many of the decisions relating to the development of the Project that did not impact the Schedule were put on hold pending the outcome of the SISP. Now that the SISP has successfully culminated in the Transaction, the CRO, with guidance from Tridel, can proceed with making these decisions on behalf of the Companies, in consultation with the Monitor and the Senior Secured Lenders, where appropriate.
- 9.3 FAAN is familiar with the Project and the business and operations of the Companies, having been engaged as a financial advisor to the Senior Secured Lenders in mid-July 2024. To date, FAAN's primary role as financial advisor to the Senior Secured Lenders has been to develop in-depth knowledge of the Project and the costs associated therewith, with the assistance of the Receiver, while actively participating in discussions with Tridel regarding the Transaction and assisting in the negotiation and review of the Definitive Transaction Agreements, the DIP Credit Agreement and certain other Transaction-related matters.
- 9.4 The Proposed Monitor understands that the senior personnel of FAAN who will have carriage of this mandate are senior restructuring professionals who are Chartered Professional Accountants, Chartered Insolvency and Restructuring Professionals and Licensed Insolvency Trustees with significant experience acting in similar roles in prior insolvency proceedings. It is the Proposed Monitor's observation that FAAN is qualified to act as the CRO given its knowledge and experience advising in other large and complex corporate restructurings, several of which were in the real estate sector, as well as its familiarity with the Project.

9.5 The engagement agreement entered into among the Companies, by the Receiver, and FAAN dated April 1, 2025, a copy of which is attached hereto as **Appendix “G”** (the “**CRO Engagement Letter**”), sets forth the terms pursuant to which the Companies have engaged FAAN to act as CRO of the Companies. Without limiting the rights and authorizations granted to the CRO and the Monitor pursuant to the proposed Initial Order, the CRO Engagement Letter contemplates that the CRO will be responsible for, among other things, the following:

- (i) assisting the Companies during the contemplated CCAA Proceedings;
- (ii) managing the CCAA Proceedings on the Companies’ behalf, including, but not limited to: (a) executing agreements for and on behalf of the Companies; and (b) working closely with Tridel and other parties involved in the Project, including making decisions on behalf of the Companies regarding the ongoing development of the Project, as contemplated by the Definitive Transaction Agreements;
- (iii) serving as the Companies’ primary contact with, and working closely with, the Proposed Monitor and other professionals involved in the CCAA Proceedings;
- (iv) dealing with key stakeholders in the CCAA Proceedings, including the Senior Secured Lenders;
- (v) provide such other services as are customarily provided by the CRO of a company, and agreed to by FAAN, that are not duplicative of work others are performing for the Companies; and
- (vi) perform all other duties and functions as set forth in the proposed Initial Order.

- 9.6 Pursuant to the proposed Initial Order, the Monitor shall be authorized to act on behalf of the Companies in connection with the rights and obligations of the Companies as set out in the CRO Engagement Letter.
- 9.7 The fees payable to the CRO pursuant to the CRO Engagement Letter shall include a fixed monthly work fee of \$80,000 (the “**Monthly Work Fee**”), plus HST and documented out-of-pocket expenses incurred in connection with, or arising out of FAAN’s activities under or contemplated by the CRO Engagement Letter or any Order made in the CCAA Proceedings. In addition to the Monthly Work Fee, FAAN shall be entitled to a discretionary incentive fee of up to \$850,000 based on FAAN’s performance during its mandate, to be evaluated by the Senior Secured Lenders in their sole discretion.
- 9.8 The Proposed Monitor is of the view that the scope of the services and the fees contemplated under the CRO Engagement Letter are appropriate in the circumstances having regard to the size and complexity of the Project, and that the terms of the CRO Engagement Letter are otherwise reasonable and consistent with comparable engagements.
- 9.9 Since the Appointment Date, the remaining director(s) and officer(s) of the Companies (who are all representatives of the Project’s equity holders) have not been involved in the management of the Companies, nor would their go-forward involvement be appropriate in the circumstances given the Receivership Proceedings and that the Project’s equity holders no longer have any economic interest in the Project. The engagement of the CRO in the context of a debtor-in-possession CCAA Proceeding is therefore necessary to ensure there is a party in place who is authorized to exercise any powers which may have otherwise been exercised by a board of directors or any officers of the Companies, including as it

relates to decisions regarding the development of the Project. FAAN has consented to act as CRO on the terms of the CRO Engagement Letter and the proposed Initial Order.

10.0 RFCA AND DEBTOR-IN-POSSESSION FINANCING

- 10.1 The Receivership Order empowered the Receiver to borrow, by way of the Receivership Funding Credit Agreement dated October 18, 2023 (the “**RFCA**”), entered into with KEB Hana Bank as trustee of IGIS Global Private Placement Real Estate Fund No. 530, as lender (in such capacity, the “**RFCA Lender**”), up to \$315 million to fund ongoing Project costs and costs relating to the Receivership Proceedings. Advances made under the RFCA to date amount to approximately \$252.8 million (excluding accrued interest) and are secured by the Receiver’s Borrowings Charge, which, as noted above, is contemplated to be continued in the CCAA Proceedings.
- 10.2 To give continuing effect to the Receiver’s Borrowings Charge in the CCAA Proceedings and to reflect that any future advances will be provided under the DIP Credit Agreement should the Initial Order be granted by the Court and the Transaction approved, on March 31, 2025, the RFCA Lender waived the requirement of the Borrower (as defined below) under the RFCA to repay all amounts owing on March 31, 2025 and on the termination or conversion of the Receivership Proceedings, and to comply with all other obligations under the RFCA (the “**Repayment Waiver**”), provided that: (i) the Repayment Waiver shall remain in effect until April 30, 2025; and (ii) the Borrower shall remain obligated to repay all amounts owing, and to comply with all other obligations under the RFCA, upon the early termination of such agreement by the RFCA Lender upon the occurrence of an event of default thereunder.

- 10.3 In addition, should the Initial Order be granted by the Court, the Transaction be approved and the Companies be authorized to borrow under the DIP Credit Agreement, the RFCA Lender will provide the Borrower under the RFCA with a further waiver to waive compliance of the Borrower to repay all amounts owing, and to comply with all other obligations and covenants under the RFCA, until the earlier of: (i) the Maturity Date (as defined below) under the DIP Credit Agreement; and (ii) the occurrence of an event of default under the DIP Credit Agreement.
- 10.4 At the time of the Appointment Date, it was understood that funding beyond the maximum amount available under the RFCA would likely be required to complete the construction of the Project. As of the date of this Joint Report, based on the updated Cost to Complete, significant additional funding is required to bring the Project to completion in a manner that maximizes value. The Senior Secured Lenders have advised that they are prepared to provide such funding by way of the debtor-in-possession credit agreement made as of April 3, 2025 (the “**DIP Credit Agreement**”) between, among others, the Companies and KEB Hana Bank as trustee of IGIS Global Private Placement Real Estate Fund No. 530, as lender (in such capacity, the “**DIP Lender**”),⁶ provided that the Transaction be approved and implemented and the CCAA relief be granted by the Court (among other conditions to funding).
- 10.5 The proposed Initial Order authorizes and empowers the Companies to borrow up to \$615 million by way of the DIP Credit Agreement, which amount has been determined, in consultation with the Cost Consultant, the proposed CRO, the DIP Lender, Tridel, and the

Receiver, to be sufficient at this time to finance the Cost to Complete, the costs of the CCAA Proceedings, and the costs relating to the Receiver Incidental Matters. Amounts advanced by the DIP Lender are contemplated to be secured by the DIP Lender's Charge.

Nature of Liability and Obligations	<ul style="list-style-type: none"> The DIP Lender shall have recourse only to the assets, property and undertaking of the Borrower that are subject to the CCAA Proceedings to satisfy the Obligations and the DIP Lender shall have no recourse to the CRO, the Monitor or any of their respective affiliates, shareholders, directors, officers or employees.
Governing Law and Jurisdiction	<ul style="list-style-type: none"> The DIP Credit Agreement will be governed by, and construed in accordance with, the laws of the Province of Ontario and the laws of Canada applicable in that Province, and each Credit Party irrevocably and unconditionally submits to the nonexclusive jurisdiction of the Court in any action or proceeding arising out of or relating to the Loan Agreements.

10.7 The Proposed Monitor notes the following with respect to the DIP Credit Agreement:

- (i) the credit facility contemplated by the DIP Credit Agreement is the only source of funding available to the Companies in the circumstances to continue, and ultimately complete, the construction of the Project. No viable proposals received in the SISP contemplated funding to complete construction being provided by any party other than the Senior Secured Lenders and, in the view of the Proposed Monitor: (a) no third party lender would be prepared to fund junior to the Senior Secured Lenders given the quantum of outstanding priority secured debt owing to the Senior Secured Lenders (including the RFCA Lender) in excess of \$1.5 billion (including interest); and (b) it is unlikely that any third party lender would be prepared to fund in priority

to the Senior Secured Lenders and the RFCA Lender (even assuming same was consented to) in the circumstances and at the below market rates and without financing fees as the DIP Lender has agreed to. Accordingly, in the circumstances, including that the Senior Secured Lenders are the sole economic interest holder in recoveries from the Project, the Proposed Monitor does not believe soliciting alternative DIP financing proposals was required or appropriate in the circumstances;

- (ii) the terms of the DIP Credit Agreement are the result of extensive negotiations as between the Receiver, on behalf of the Companies, and the DIP Lender and their respective advisors, and represent terms that are fair and reasonable in the circumstances;
- (iii) the Proposed Monitor is satisfied that the economic terms of the DIP Credit Agreement are fair and reasonable. A comparative pricing analysis of the DIP Credit Agreement prepared by the Proposed Monitor is included in **Appendix “H”** attached hereto. Of note, there are no fees being charged by the DIP Lender and the interest rate (4.5% per annum) is less than the RFCA and below rates charged in other recent real estate development insolvency proceedings;
- (iv) the DIP Credit Agreement is subject to the Court’s approval of each of the proposed Initial Order, Transaction Approval Order and Discharge Order;
- (v) the terms and conditions of the DIP Credit Agreement are similar to those of the RFCA and the Companies’ pre-receivership credit facility, with changes necessary to conform to the contemplated CCAA Proceedings;

- (vi) the Proposed Monitor is of the view that there is no material prejudice to other creditors as a result of the Companies' obtaining further priority funding pursuant to the DIP Credit Agreement, including because: (a) without the funding contemplated by the DIP Credit Agreement, the Companies will be unable to complete construction and monetization of the Project, which would otherwise be left as an incomplete building; and (b) the Senior Secured Lenders are the only secured lender to the Project with an economic interest given the current debt outstanding and the results of the SISP; and
- (vii) based on the Development Budget and Cost to Complete, the DIP Credit Agreement is projected to provide the Companies with sufficient liquidity during the CCAA Proceedings to complete the construction of the Project as contemplated under the Transaction, to fund the administration of the CCAA Proceedings, and to facilitate the realization of value from the Project.

10.8 For the reasons outlined above, the Proposed Monitor respectfully recommends that the Court approve the DIP Credit Agreement.

11.0 CASH FLOW FORECAST

11.1 The Proposed Monitor has prepared a cash flow forecast (the "**Cash Flow Forecast**") for the 20-week period from April 12, 2025, to August 29, 2025 (the "**Cash Flow Period**"). A copy of the Cash Flow Forecast, together with a summary of assumptions (the "**Cash Flow Assumptions**") and the report on the cash-flow statement required by section 10(2)(b) of the CCAA are attached hereto as **Appendices "I" and "J"**, respectively. A summary of the Cash Flow Forecast is set out in the following table.

Cash Flow Forecast	\$000s
Total Receipts	\$ 8,151
<u>Disbursements:</u>	
Construction Costs	(72,171)
Design Related Costs	(5,262)
General, Administrative & Other	(709)
Project & Sales Management	(2,816)
Land & Development Costs	(11,615)
Restructuring Professional Fees	(8,335)
Total Disbursements	(\$100,908)
Net Cash Flow	(\$92,757)
<u>Construction Account</u>	
Opening Cash	63,708
Net Cash Flow	(92,757)
DIP Facility Advances	85,000
Ending Cash Balance (Construction Account)	\$ 55,951

11.2 The Proposed Monitor notes the following with respect to the Cash Flow Forecast:

- (i) receipts are limited to HST refunds only at this time. No receipts from the sale of Units or related deposits are contemplated during the Cash Flow Period;
- (ii) disbursements are forecast based on the anticipated costs to be incurred during the Cash Flow Period as contemplated in the current Cost to Complete and Schedule;
- (iii) restructuring professional fees include the fees of the Proposed Monitor, Goodmans, the CRO and legal counsel to the Senior Secured Lenders;
- (iv) the opening cash balance of approximately \$63.7 million is the current balance in the Receiver's trust account used to fund construction costs (the "**Construction Account**"). Upon the commencement of the proposed CCAA Proceedings, the

Monitor, if appointed, will update the trust account to be in the name of the Monitor for the benefit of the Companies in accordance with the DIP Credit Agreement; and

- (v) in accordance with the proposed Initial Order, the Monitor, if appointed, will maintain a reserve in respect of the Unresolved Receivership Claims in a total amount of approximately \$11.7 million.

11.3 Based on the Proposed Monitor's review,⁷ nothing has come to its attention that causes it to believe, in all material respects, that:

- (i) the Cash Flow Assumptions are not consistent with the purpose of the Cash Flow Forecast;
- (ii) as at the date of this Joint Report, the Cash Flow Assumptions are not suitably supported and consistent with the plans of the Companies or do not provide a reasonable basis for the Cash Flow Forecast, given the Cash Flow Assumptions; or
- (iii) the Cash Flow Forecast does not reflect the Cash Flow Assumptions.

11.4 The Cash Flow Forecast has been prepared solely for the purpose described above, and readers are cautioned that it may not be appropriate for other purposes.

⁷ The Proposed Monitor has reviewed the Cash Flow Forecast to the standard required of a Court-appointed Monitor by section 23(1)(b) of the CCAA. Section 23(1)(b) requires a Monitor to review the debtor's cash flow statement as to its reasonableness and to file a report with the court on the Monitor's findings.

12.0 RECEIVER DISCHARGE AND RELATED RELIEF

12.1 As part of the relief being sought at the Transition Hearing, in light of the contemplated transition to the CCAA Proceedings, the Receiver is bringing a motion seeking approval of the proposed Discharge Order, among other things:

- (i) discharging the Receiver as Receiver of the Property, provided that the Receiver shall remain Receiver for the performance of such incidental matters as may be required to complete the administration of the receivership, including, without limitation, as it relates to the Assumed Receivership Liabilities and the Receivership Litigation;⁸
- (ii) ordering that notwithstanding the discharge of the Receiver, the Receiver and its counsel shall continue to have the benefit of all of the rights, approvals, protections, releases, charges and stays of proceedings in favour of the Receiver and its counsel at law or pursuant to the Receivership Order or any other order made in the Receivership Proceedings;
- (iii) approving certain reports of the Receiver issued in the Receivership Proceedings, including this Joint Report, and the actions, conduct and activities of the Receiver prior to the date of the Discharge Order in relation to the Debtors and the Receivership Proceedings, provided, however, that only the Receiver, in its

⁸ The Assumed Receivership Liabilities are defined in the proposed Initial Order and are further described herein. The Receivership Litigation is defined in the proposed Initial Order and includes: (i) the motion of MI brought in the Receivership Proceedings dated February 27, 2024, and the related cross-motion brought by the Receiver dated October 18, 2024; and (ii) the motion of Gamma Windows and Walls International Inc. brought in the Receivership Proceedings dated June 17, 2024.

personal capacity and only with respect to its own personal liability, shall be entitled to rely upon or utilize in any way such approval;

- (iv) ordering that the Receiver's Charge, the Receiver's Borrowings Charge, the Lien Charges and the RBC Charge shall survive the discharge of the Receiver and remain in full force and effect, with the priority set out in the proposed Initial Order;
- (v) approving the fees and disbursements of the Receiver and its counsel for the period from on or about the Appointment Date to March 15, 2025, and March 16, 2025, respectively, and ordering that the fees and disbursements of the Receiver and its counsel for the period after March 15, 2025, and March 16, 2025, respectively, shall be deemed to be the fees of the Monitor and its counsel, approval of which shall be sought in accordance with the proposed Initial Order;
- (vi) releasing the Receiver and the other Released Persons from any and all liability that the Released Persons now or may have by reason of, or in any way arising out of, the acts or omissions of the Receiver while acting in its capacity as Receiver or the Receivership Proceedings, save and except for any gross negligence or wilful misconduct on a Released Person's part with respect to that Released Person alone; and
- (vii) confirming that the Unresolved Lien Claims and Unresolved Receivership Claims⁹ shall not be released, it being understood that the Receiver and the other Released Persons shall have no personal or corporate liability for the Unresolved Lien Claims

⁹ The "**Unresolved Receivership Claims**" and related reserve amounts are specified in the Discharge Order and relate to motions brought by MI and Gamma seeking orders directing the Receiver to pay specified amounts to them.

or Unresolved Receivership Claims and recourse for same shall be limited to the Lien Charges and the applicable claims reserve maintained by the Monitor in respect of the Unresolved Receivership Claims, respectively, and all Receivership Litigation shall remain subject to the jurisdiction of the Court in the CCAA Proceedings.

Professional Fees

- 12.2 Pursuant to paragraphs 24 and 25 of the Receivership Order, the Receiver and its legal counsel shall be paid their reasonable fees and disbursements, in each case at their standard rates and charges, and the Receiver and its legal counsel shall pass their accounts from time to time before the Court.
- 12.3 Included in the Receiver's Motion Record in respect of the Discharge Order is the Affidavit of Stephen Ferguson, a Senior Vice President at A&M, sworn April 2, 2025 (the "**A&M Fee Affidavit**") attesting to the fees and disbursements of the Receiver in respect of the Receivership Proceedings, for the period from October 18, 2023, to March 15, 2025, in the aggregate amount of \$10,907,261.64 comprised of fees of \$9,583,162.00, disbursements of \$69,464.01, and HST of \$1,254,635.57.
- 12.4 Also included in the Receiver's Motion Record in respect of the Discharge Order is the Affidavit of Brendan O'Neill, a partner at Goodmans, sworn April 2, 2025 (the "**Goodmans Fee Affidavit**") attesting to the fees and disbursements of Goodmans incurred in respect of the Receivership Proceedings, for the period from October 19, 2023, to March 16, 2025, in the aggregate amount of \$6,722,310.73, comprised of fees of \$5,917,984.50, disbursements of \$31,065.18, and taxes of \$773,261.05.

- 12.5 The Receiver confirms that the fees and disbursements set out in Goodmans' invoices relate to advice sought by the Receiver and assistance provided in respect of the Receivership Proceedings, and that, in the Receiver's view, Goodmans' fees and disbursements are properly chargeable, reasonable and appropriate.
- 12.6 It is the Receiver's view that the fees and disbursements of the Receiver and its legal counsel described in the A&M Fee Affidavit and the Goodmans Fee Affidavit, respectively, are reasonable and appropriate in the circumstances having regard to the scope of activity undertaken in the Receivership Proceedings, which activity and achievements, as described throughout this Joint Report and the Prior Reports, have included, among other things: (i) ensuring the uninterrupted construction of the Project from the Appointment Date to date; (ii) successfully transitioning construction management of the Project from MI to SKYGRiD with minimal impact to trades and suppliers; (iii) with the assistance of the Broker, completing a successful SISP in respect of the Project, which SISP has resulted in the proposed Transaction; (iv) diligently attending to complex litigation matters and disputes involving current and former contractors and subcontractors engaged on the Project, including various matters involving MI; and (v) planning for the next phase of development of the Project, which is anticipated to include the Companies transitioning to the CCAA Proceedings and Tridel taking over as construction manager, project manager and sales manager as of the Effective Date.

13.0 RECEIPTS AND DISBURSEMENTS

- 13.1 Actual receipts and disbursements for the period from the Appointment Date to March 31, 2025 (the "**Reporting Period**") are summarized in the following table:

Receipts and Disbursements	\$000s
HST Refunds, Interest and Other Receipts	37,355

<u>Disbursements:</u>	
Construction Costs	(202,975)

Project & Sales Management	(1,051)
Land & Development Costs	(6,630)
RFCA Financing Commitment Fee	(4,725)
Other One Time Costs	(4,317)

Total Disbursements	(\$257,609)
Net Cash Flow	(\$220,254)
<u>Construction Account</u>	
Opening Cash	31,148
Net Cash Flow	(220,254)
RFCA Advances	252,814
Ending Cash Balance (Construction Account)	\$ 63,708

13.2 During the Reporting Period:

- (i) total receipts of approximately \$37.4 million consisted of approximately \$25.4 million of HST refunds, with the remainder being interest and other miscellaneous collections; and
- (ii) total disbursements of approximately \$257.6 million were incurred in the ordinary course of construction and in connection with the Receivership Proceedings, and included ongoing approved Project costs comprised of payments to contractors, subcontractors and other suppliers, construction management fees paid to MI and to SKYGRiD, payment of the Tridel Advances, transfer of holdback amounts into the segregated holdback accounts, costs for various consultants including design, engineering, and architectural consultants, and for certain non-construction costs,

including property taxes, insurance, permits, administrative costs, certain miscellaneous and non-recurring amounts, and the Receiver's fees and expenses incurred in exercising its powers and duties as Receiver, including those of the Receiver's independent legal counsel, and fees and expenses of the Senior Secured Lenders' legal counsel.

13.3 As at March 31, 2025, the Receiver had drawn \$252.8 million (exclusive of accrued interest) under the RFCA. The outside date for repayment of obligations under the RFCA is April 30, 2025. As more particularly described above, it is expected that upon approval of the proposed Initial Order, the RFCA will become an Assumed Receivership Liability, and the obligations thereunder will become liabilities of the Companies and neither the Receiver, the Monitor or the CRO shall have any liability with respect to the RFCA.

13.4 As at March 31, 2025, the Receiver was holding approximately \$63.7 million in the Construction Account.¹⁰ As noted above, these funds will continue to be used to fund ongoing Project costs and the costs of the proposed CCAA Proceedings.

14.0 UPDATE ON OTHER MATTERS

Transition of Construction Management

14.1 The Receiver has worked with Tridel and SKYGRiD in connection with the preparation of a detailed construction management transition plan aimed at ensuring Tridel has all requisite information and systems in place to allow it to take over as construction manager

¹⁰ In addition to these funds which are held in the Construction Account, the Receiver is also holding an additional \$19.5 million in the Receiver's holdback accounts as at March 31, 2025.

and project manager in an efficient manner as of the Effective Date. During the Interim Period, the Receiver's activities in this regard have included the following:

- (i) implementing a communication plan whereby letters were sent to trades, consultants, suppliers and other key stakeholders, including, among others, Unit purchasers, Tarion Warranty Corporation ("**Tarion**"), the Home Construction Regulatory Authority ("**HCRA**"), and the City of Toronto advising that the SISP had culminated in the Receiver entering into the Term Sheet with Tridel and providing information in respect of the proposed Transaction and the contemplated transition to the CCAA Proceedings;
- (ii) accompanying KDC, Tridel and SKYGRiD on regular site tours of the Project to, among other things, familiarize Tridel with the safety protocols in place and the overall status of construction of the Project;
- (iii) with the assistance of KDC, SKYGRiD and the Cost Consultant, providing Project-related information to Tridel to assist it with the completion of the transition-related Interim Services;
- (iv) together with KDC, attending numerous meetings with Tridel, SKYGRiD, and the Project's trades and consultants to familiarize Tridel with certain contracts, purchase orders and trade-related matters with a view to ultimately transitioning the oversight of such matters to Tridel;
- (v) attending calls with the Companies' insurance broker to address any insurance-related matters in preparation for the transition to Tridel; and

- (vi) communicating with Tarion and the HCRA to advise of Tridel's engagement and certain Transaction-related matters.

14.2 On April 2, 2025, in light of the contemplated approval and implementation of the Transaction, in accordance with the terms of the CCDC 5B 2010 Construction Management Contract – for Services and Construction entered into between SKYGRiD and the Receiver on June 5, 2024 (the “**SKYGRiD CMA**”), the Receiver provided notice to SKYGRiD of its intention to terminate the SKYGRiD CMA, with such termination to be effective upon the transition of construction management to Tridel. SKYGRiD will continue to assist with transition-related matters during the notice period.

The Commercial Component and Hotel Process

14.3 At the time of the Receiver's appointment, Hyatt Hotels of Canada Inc. and certain of its affiliates had been engaged to operate the Hotel Component of the Project under the Andaz brand, and King Street Company Inc. was contracted to lease portions of the Commercial Component for the purposes of establishing food and beverage and venue facilities. The Receiver, in consultation with the Broker, determined that there were opportunities to explore further value maximizing options in respect of the Commercial Component, and accordingly, the Commercial Component, including the individual components thereof were marketed in the SISP pursuant to the SISP Approval Order.

14.4 The Development Proposals received in the SISP included proposals on value maximizing opportunities and proposed business plans for the Commercial Component, including in respect of the Hotel Component and food and beverage components. With respect to the Hotel Component, based on the Development Proposals received, together with additional

analyses and market research prepared by the Receiver and its advisors in respect of value-maximizing alternatives for the Hotel Component, and considering that it was a condition precedent in the Term Sheet, the Receiver determined that the Existing Hotel Agreements and the Existing F&B Agreements (each as defined in the Term Sheet) should be disclaimed in order to provide the best opportunity to maximize value from the Commercial Component. Accordingly, upon obtaining the consent of the Senior Secured Lenders in accordance with the RFCA, on February 6, 2025, the Receiver issued disclaimer notices to the relevant counterparties to each of the Existing Hotel Agreements and the Existing F&B Agreements.

- 14.5 The Term Sheet contemplated that Tridel would conduct a process after the Effective Date to assist in selecting a new operator of the Hotel Component. However, given the accelerated pace at which construction of the Project is proceeding, the anticipated timing of the Effective Date and the need to select and engage a new operator of the Hotel Component before the CSA Plan can be finalized and renewed marketing of the Units can proceed, the Receiver, in consultation with Tridel and the Senior Secured Lenders, determined it was appropriate to commence the hotel operator selection process during the Interim Period. Accordingly, promptly following the disclaimer of the Existing Hotel Agreements, the Receiver engaged Jones Lang LaSalle Americas, Inc. (“**JLL Americas**”) as hotel advisor (the “**Hotel Advisor**”) to conduct a targeted hotel operator selection process. As part of the Project Management Services, the Project Manager will assist in the process for the selection of a new operator of the Hotel Component, make recommendations to the Owner with respect to same, and prepare and/or review any agreements to be entered into in connection with the Hotel Component.

14.6 The Receiver's decision to engage JLL Americas as the Hotel Advisor was based on a combination of factors, including: (i) JLL Americas is qualified, experienced and capable of acting as the Hotel Advisor; (ii) JLL Americas has substantial experience in leading requests for proposals and hotel operator selection processes in North America and abroad; (iii) JLL Americas has an extensive and relevant network across North America and internationally; and (iv) JLL Americas' proposed fee structure for the hotel selection process is reasonable and appropriate.

14.7 Pursuant to the engagement letter entered into between the Receiver and the Hotel Advisor, the Hotel Advisor will be paid a total of US\$200,000 in professional fees for its services, to be paid in accordance with the following terms:

- (i) US\$50,000 is to be paid to the Hotel Advisor at the commencement of the term of its engagement, with US\$25,000 monthly installments to be paid thereafter, with any unpaid balance due upon completion or termination of the engagement (provided that if the engagement is terminated for cause, any unpaid balance shall not be due);
- (ii) if the term of the Hotel Advisor's engagement is to extend beyond nine months from the commencement of its mandate, an additional professional fee of US\$10,000 will be charged monthly until the completion or termination of the engagement;
- (iii) to the extent a hotel operator, brand, franchisor or other partner facilitated by the Hotel Advisor contributes to the Project, a professional fee of 2.0% of any key money, equity contribution or any other financial contribution shall become due

and payable to the Hotel Operator upon execution of the agreements relating to such contribution; and

- (iv) JLL shall be reimbursed for all reasonable and documented out-of-pocket costs and expenses incurred within the scope of its engagement (with no markup).

14.8 As of the date of this Joint Report, the hotel operator selection process is underway and the Receiver anticipates that initial non-binding proposals in respect of same will be received within one to two months.

MI Payment Motion and Receiver's Cross Motion

14.9 As reported in certain of the Prior Reports, the Receiver is engaged in an ongoing dispute with MI regarding the payment of certain amounts MI alleges the Receiver owes to it for work MI completed as construction manager of the Project in the post-receivership period (the “**MI Payment Motion**”). The Receiver has commenced a cross-motion (the “**Receiver's Cross-Motion**”) seeking repayment of certain funds MI charged to the Debtors, which the Receiver alleges MI was not entitled to charge.

14.10 The MI Payment Motion and the Receiver's Cross-Motion are scheduled to be heard over the course of three days, from June 17 to 19, 2025. The parties have delivered their motion records and cross-examinations are scheduled to be completed on April 14 and 15, 2025. The parties will exchange factums by June 9, 2025.

14.11 MI also delivered a Lien Notice on April 26, 2024, in respect of a Lien Claim in the amount of \$11,041,387.76 (the “**MI Lien Notice**”). The Receiver does not agree that MI is entitled

to the amounts asserted in the MI Lien Notice. The Receiver has referred the MI Lien Notice for determination by the Court at the same time as the MI Payment Motion.

Mappro Lift Stay Motion

- 14.12 As reported in the Receiver's Seventh Report dated December 20, 2024 (the "**Seventh Report**"), on September 7, 2022, Mappro Realty Inc. ("**Mappro**") commenced an action (the "**Mappro Action**") against Mizrahi Developments Inc. (not a debtor in the Receivership Proceedings) and the City of Toronto alleging that a concrete pump used in relation to the Project interfered with its enjoyment of a property that it owns on the southeast corner of Balmuto Street and Bloor Street, known municipally as 19 Bloor Street West. On May 13, 2023, Mappro's Statement of Claim was amended to substitute the Nominee, in place of Mizrahi Developments Inc.
- 14.13 The Mappro Action has been stayed since the Receiver's appointment, although the Receiver consented to a limited lifting of the stay in October 2024 so that Mappro could amend its pleadings to add the Beneficial Owner and GP Inc. as defendants in advance of a potential limitation issue.
- 14.14 On October 2, 2024, Mappro served a motion seeking, among other relief, to lift the stay of proceedings to pursue the Mappro Action against the Debtors. The Receiver opposed this request and served a cross-motion seeking, among other things, directions with respect to how the Debtors should continue construction of the Project in light of Mappro's allegations.

14.15 Pursuant to the Receiver's standing authority under paragraph 4(j) of the Receivership Order to settle proceedings with respect to the Debtors, Mappro and the Receiver, with the consent of the Senior Secured Lenders, have agreed to a settlement in principle of the Mappro Action and are in the process of documenting that settlement.

Seele Settlement

14.16 Seele Canada Inc. ("seele") is a supplier of highly specialized glass components to the Project. The Receiver understands that seele is the sole source supplier that can supply and maintain the components of glass that it provides to the Project.

14.17 As reported in the Second Report and the Third Report of the Receiver dated June 21, 2024, at the time of the Receiver's appointment, seele was engaged in an arbitration and a court application with MI. seele claimed \$300,000 under a settlement agreement executed by MI and a further \$1.3 million for alleged delays by MI that forced seele to work out of sequence.

14.18 In September 2024, pursuant to the Receiver's standing authority under paragraph 4(j) of the Receivership Order to settle proceedings with respect to the Debtors, the Receiver, with the consent of the Senior Secured Lenders, seele and MI, executed a settlement agreement, whereby the Receiver agreed to pay \$400,000 in full satisfaction of seele's claims in the arbitration and court application, with payment to be made after seele completed its remaining scope of work on the Project. seele completed its work on the Project on November 8, 2024, and the settlement funds were transferred to seele by the Receiver shortly thereafter.

Gamma Windows

- 14.19 As reported in the Receiver's Fourth Report dated July 29, 2024, on May 30, 2024, Gamma Windows and Walls International Inc. ("**Gamma**") delivered a Lien Notice in respect of a Lien Claim in the amount of \$1,839,681.92 for the period from April 24, 2019, to May 30, 2024 (the "**First Gamma Lien Claim**"). On October 16, 2024, Gamma delivered a second Lien Notice in respect of a Lien Claim in the amount of \$8,593,709.89 for the period from April 24, 2019, to October 16, 2024 (the "**Second Gamma Lien Claim**") and together with the First Gamma Lien Claim, the "**Gamma Lien Claims**").
- 14.20 The Gamma Lien Claims relate to amounts Gamma alleges are owing to it in respect of certain unpaid invoices, holdback amounts, and certain amounts pursuant to a settlement agreement entered into between Gamma and MI on June 8, 2023 (the "**Gamma Settlement Agreement**"). The Receiver does not agree that Gamma is entitled to the amounts claimed in the Gamma Lien Claims. In addition, the Receiver understands that the amounts claimed in the Second Gamma Lien Claim were released by Gamma pursuant to the Gamma Settlement Agreement.
- 14.21 Gamma has also served a motion seeking to compel the Receiver to pay certain amounts that are the subject of the First Gamma Lien Claim and to have the balance thereof referred to an Associate Judge for resolution.
- 14.22 Pursuant to the Lien Regularization Order, the Receiver has referred the Gamma Lien Claims to a Claims Officer for determination. The Receiver intends to bring a motion to strike the Second Gamma Lien Claim as the first step in the proceedings before the Claims Officer.

- 14.23 Gamma has agreed not to advance its motion until after the Gamma Lien Claims are resolved.

CERIECO Advances

- 14.24 During its review of the Debtors' books and records, the Receiver identified certain discrepancies between the quantum that CERIECO Canada Corp. ("**CERIECO**") alleged it was owed by the Debtors and the advances from CERIECO to the Debtors as recorded in the Project's accounting records. As will be described further below, this discrepancy amounted to approximately \$18 million dollars.

The Receiver's Initial Investigation

- 14.25 The Receiver investigated the cause of this \$18 million discrepancy by, among other things, reviewing the Debtors' books and records and discussing the issues with senior officers and employees of MI who were also former directors and/or officers of certain of the Debtors, including Mark Kilfoyle and Remy Del Bel (the "**MI Project Staff**").
- 14.26 The Receiver determined that the \$18 million discrepancy stems from three advances made by CERIECO to the Project that were never recorded in the Project's internal accounting records (the "**Unrecorded CERIECO Advances**"). The Unrecorded CERIECO Advances occurred on or about November 7, 2019, December 20, 2019, and January 17, 2020.
- 14.27 The MI Project Staff interviewed by the Receiver indicated that the Unrecorded CERIECO Advances were part of a series of transactions referred to internally as the "Recirculation Transactions". The MI Project Staff advised that the transactions were completed at

CERIECO's request and that the relevant funds were to be paid to the Project; immediately re-paid to CERIECO; and eventually loaned to the Project.

- 14.28 In each of the Recirculation Transactions, an initial transfer of cash was made from CERIECO to MI's bank account. Through a series of subsequent transfers, either through the Project's bank account or through MI's bank account, the advances made under the Recirculation Transactions would be "recirculated" back to CERIECO, who then transferred an amount back to the Project at a later date (except for the Unrecorded CERIECO Advances, as described further below). The purpose of these transactions is unclear.

The Unrecorded CERIECO Advances and Payments to 890

- 14.29 As opposed to the funds circulated in the other Recirculation Transactions, the Unrecorded CERIECO Advances were not returned to MI or the Project. The Receiver's review indicates that in the Unrecorded CERIECO Advances, a transfer of cash was made to MI's bank account from CERIECO and subsequently transferred to the Project's bank account. The funds were then transferred from the Project's account to an entity named 10044890 Canada Corp. ("**890**").

- 14.30 The Receiver understands that 890 is a corporation controlled by Kevin Chen, an individual engaged by CERIECO to advise and assist it on certain matters relating to the Project.

- 14.31 According to the MI Project Staff, the advances to 890 occurred at the direction of Bosco Chan and Richard Yu, individuals who both frequently acted as go-betweens between the

Project and CERIECO. MI Project Staff also stated that Mr. Chan and Mr. Yu told them that CERIECO had requested the transfers.

The Receiver's Additional Requests for Information

14.32 As part of its investigation, the Receiver's counsel has requested additional information from counsel to CERIECO, Mr. Chen, Mr. Yu and Mr. Chan. The Receiver and its counsel also met with CERIECO representatives and counsel in-person to discuss the Unrecorded CERIECO Advances.

14.33 Mr. Chen and Mr. Yu do not deny that 890 received the \$18 million in funds from the Unrecorded CERIECO Advances. Rather, in response to inquiries made by the Receiver's counsel, Mr. Chen and Mr. Yu indicated that the Unrecorded CERIECO Advances were "Fee Payments" made pursuant to a Financing Advisory Agreement with 2649425 Ontario Inc. ("**245**") to compensate Mr. Yu for his efforts in assisting the Debtors in obtaining senior debt financing for the Project. According to the letter, Mr. Yu, who is the sole director and officer of 245, later assigned the Financing Advisory Agreement from 245 to 890. A copy of the letter sent by the Receiver's counsel to counsel for Mr. Chen and Mr. Yu (who are represented by the same law firm) is attached hereto as **Appendix "K"**. Mr. Chen and Mr. Yu's response is attached hereto as **Appendix "L"**.

14.34 CERIECO denies that it authorized or otherwise had knowledge of the payments to 890. A copy of the letter sent by the Receiver's counsel to CERIECO's counsel is attached hereto as **Appendix "M"**. A copy of CERIECO's response is attached hereto as **Appendix "N"**.¹¹

¹¹ The Receiver notes that it has requested additional information from CERIECO that has not yet been provided.

14.35 The Receiver's counsel has sent several demands for information to Mr. Chan's counsel. To date, these requests have all been ignored. The Receiver's correspondence to Mr. Chan's counsel is attached as **Appendix "O"**.

14.36 The Receiver notes that there are several discrepancies in the information it has been provided by various parties. The Receiver's investigation with respect to these matters is ongoing and will be continued in its capacity as Monitor, if appointed.

(the “**Nominee**”), and Mizrahi Commercial (The One) GP Inc. (“**GP Inc.**” and, together with the Beneficial Owner and the Nominee, the “**Debtors**”) acquired for, or used in relation to, a business carried on by the Debtors, including, without limitation, in connection with the development of an 85-storey condominium, hotel and retail tower (the “**Project**”) located on the southwest corner of Yonge Street and Bloor Street West in Toronto, Ontario (“**One Bloor**”).
- 1.2 In connection with the Receiver’s motion heard on March 7, 2024, the Receiver prepared and filed with the Court, the First Report of the Receiver dated February 26, 2024 (the “**First Report**”), attached without appendices as **Appendix “A”**, and the Supplemental Report to the First Report of the Receiver dated March 6, 2024 (the “**Supplemental Report**”), attached as **Appendix “B”**.
- 1.3 The First Report described, among other things, the Receiver’s activities since the Appointment Date, including the Receiver’s decision to disclaim the Construction Management Agreement and the GC Agreement (each as defined in the First Report) entered into with Mizrahi Inc. (“**MI**”, or the “**Former Developer**”) with the consent of KEB Hana Bank as trustee of IGIS Global Private Placement Real Estate Fund No. 530

(the “**RFCA Lender**”), and to engage SKYGRiD Construction Inc. (“**Skygrid**”, or the “**Construction Manager**”) as the new construction manager of the Project, effective March 13, 2024 (the “**Effective Date**”).

- 1.4 The First Report also provided information regarding the relief sought by the Receiver pursuant to the Construction Continuance and Ancillary Relief Order (the “**Construction Continuance Order**”) and the Lien Regularization Order (the “**Lien Regularization Order**”), both as described below.

- 1.6 On March 7, 2024, the Court granted:
 - (i) the Construction Continuance Order which, as described in the First Report, was designed to promote a smooth transition of construction management from the Former Developer to the Construction Manager and the ongoing construction of the Project by, among other things, delineating the respective obligations and liabilities of the Former Developer and the Construction Manager towards the contractors, subcontractors and other suppliers required to continue supplying goods and/or services to the Project pursuant to the Receivership Order; and

(ii) the Lien Regularization Order which, as outlined in the First Report, established a Court-supervised streamlined process, administered by the Receiver, to replace the various technical requirements under the *Construction Act*, R.S.O. 1990, c. C.30, as amended (the “**Provincial Lien Legislation**”) for claiming, preserving and perfecting a lien claim under the Provincial Lien Legislation (a “**Lien Claim**”) by providing, among other things, that any person wishing to assert a Lien Claim against the Project (an “**Asserting Lien Claimant**”) shall do so by delivering a lien notice to the Receiver (a “**Lien Notice**”) in accordance with the Lien Regularization Order, following which such Asserting Lien Claimant shall be deemed to have preserved and perfected its Lien Claim and will be granted a lien charge against the Project equivalent to, and only to the extent of, any security that would be granted in respect of a Lien Claim under the Provincial Lien Legislation.

1.7 Additional details regarding the Debtors and the Project, including an overview of the circumstances leading to the appointment of the Receiver, is contained in the application record dated October 17, 2023 of the Debtors’ pre-filing senior secured lenders, KEB Hana Bank as trustee of IGIS Global Private Placement Real Estate Fund No. 301 and of IGIS Global Private Placement Real Estate Fund No. 434 (collectively, the “**Applicant**” and, together with the RFCA Lender, the “**Senior Secured Lenders**”), which includes the affidavit of Joo Sung Yoon sworn October 17, 2023 (the “**Yoon Affidavit**”). The Yoon Affidavit, the First Report (with appendices), the Supplemental Report and other Court-filed documents and notices in these receivership proceedings (the “**Receivership Proceedings**”) can be found on the Receiver’s case website at: www.alvarezandmarsal.com/theone (the “**Case Website**”).

3.0 TERMS OF REFERENCE AND DISCLAIMER

- 3.1 In preparing this Second Report, the Receiver has obtained and relied upon unaudited financial information, books and records, and other documents of the Debtors, and has held discussions with, and been provided with certain additional information from, management and employees of MI, Coco International Inc. ("**Coco**"), and Skygrid (collectively, the "**Information**").
- 3.2 The Receiver has reviewed the Information for reasonableness, internal consistency and use in the context in which it was provided. However, the Receiver has not audited or otherwise attempted to verify the accuracy or completeness of the Information in a manner that would wholly or partially comply with Canadian Auditing Standards ("**CASs**") pursuant to the *Chartered Professional Accountants Canada Handbook*, and accordingly,

4.0 STATUS OF CONSTRUCTION

4.1 As originally designed, the Project, when fully constructed, is intended to be comprised of:

- (i) a commercial component (the "**Commercial Component**") occupying four underground parking levels and 16 aboveground levels comprised of the ground

floor and concourse retail spaces, food and beverage (“**F&B**”) spaces on levels three and four, and a premium hotel space on levels five through 16; and

- (ii) a residential component (the “**Residential Component**”) occupying levels 17 through 84, with an outdoor amenity space for the exclusive use of the penthouse residents (commonly referred to as a “Wintergarden”) on level 85.

4.2 As of the Appointment Date, the construction of the Commercial Component’s structure was well advanced. Accordingly, since the Appointment Date, the Receiver’s focus has been primarily on advancing and overseeing the construction of the Residential Component, which has progressed significantly. The current status of each of the Commercial Component and the Residential Component is described below.

- 4.3 The Project’s parking facility (residential and non-residential) is included in the Commercial Component of the Project and is comprised of four levels of stacked underground parking for approximately 296 cars.
- 4.4 The retail area of the Project includes: (i) approximately 9,365 square feet of premium retail space on the ground floor and approximately 7,000 square feet of additional retail and storage space on the concourse; and (ii) approximately 37,000 square feet of F&B space on levels three and four, with a small F&B space contemplated on the ground level.
- 4.5 Level five, a portion of level six, and levels seven through sixteen of the Project have been designed to accommodate a premium hotel, including a lobby, amenities (outdoor pool, gym and other facilities) and approximately 138 hotel suites.

4.6 An overview of the current status of construction of the Commercial Component is as follows:

- (i) the construction of the parking facility is effectively complete, save for final finishes and certain final installations to make the facility operable, including finishing the elevator lobbies;
- (ii) the concrete structure, core, and curtainwall (the building façade) of the retail, F&B and hotel levels are complete;
- (iii) the mechanical, electrical and plumbing distribution is completed in the common areas of the Commercial Component; and
- (iv) the commencement of work with respect to layout, framing, drywall and finishing, as well as furniture, fixtures and equipment remains outstanding.

Residential Component

4.7 The Residential Component includes low-rise, mid-rise, high-rise, and penthouse condominium suites on 60 levels, as well as 8 levels of storage and mechanical equipment, and the Wintergarden area on level 85.

4.8 An overview of the current status of construction of the Residential Component is as follows:

- (i) the concrete structure and core of the Residential Component is complete through level 57, with concrete pouring for level 58 currently in preparation;

- (ii) the curtainwall is complete through level 24, with levels 25 and 26 currently being installed;
- (iii) standpipe for the fire suppression system is currently installed to level 57, standpipe for water service is installed to level 50, and in-suite distribution piping is partially installed to level 36;
- (iv) gas service to the suites is installed up to level 35;
- (v) HVAC distribution from the mechanical rooms to the residential suites is complete up to level 37; and
- (vi) electrical main services are on-line up to level 18, with electrical main services installed up to level 50 (not yet on-line).

4.9 Since commencing its engagement as Construction Manager, Skygrid has continued to advance the Project under the supervision of the Receiver with a focus on completing the Project as a premium luxury building. To that end, Skygrid has developed and implemented numerous improvements to the construction management of the Project, including with respect to reporting, project management controls, and trade and supplier management.

5.0 UPDATE ON THE TRANSITION OF CONSTRUCTION MANAGEMENT

5.1 Pursuant to a disclaimer notice (the “**Disclaimer Notice**”) delivered by the Receiver to the Former Developer on February 26, 2024, the GC Agreement and the Construction Management Agreement were disclaimed effective as of the Effective Date. Also on February 26, 2024, the Receiver entered into an engagement letter with Skygrid (the

“Skygrid Engagement Letter”) pursuant to which Skygrid took over as Construction Manager on the Effective Date.

- 5.2 During the period between the date of the Disclaimer Notice and the Effective Date (the **“Transition Period”**), the Receiver, Knightsbridge Development Corporation (**“KDC”**), the Receiver’s project manager, and Skygrid worked with the Former Developer to ensure the ongoing stability of the Project on a go-forward basis, and to assist Skygrid as it prepared to commence its role as Construction Manager.
- 5.3 During the Transition Period, construction of the Project continued as scheduled with no material disruptions, and trades, suppliers and Project Employees (as defined below) worked cooperatively with Skygrid and were generally supportive of the transition, resulting in a smooth and successful transition to Skygrid as Construction Manager.
- 5.4 Transition-related activities undertaken by the Receiver up to the date of the Supplemental Report are described therein. Those undertaken since the date of the Supplemental Report have included:
- (i) with the assistance of KDC, continuing to work with Skygrid to provide Project-related information, and assisting Skygrid in completing its transition-related tasks and achieving its related goals;
 - (ii) assisting Skygrid with gaining access to the construction management software system used by MI for the purposes of backing-up of Project data and migrating to the software system used by Skygrid;

- (iii) publishing a notice of the Lien Regularization Order on March 21, 2024 in the *Daily Commercial News*;
- (iv) contacting trades and consultants to notify them of the construction management transition, changes in invoicing arrangements, the establishment of an accounting cut-off as of the Effective Date, and responding to inquiries with respect to the transition;
- (v) arranging for the preparation of a report from the Senior Secured Lenders' cost consultant, Finnegan Marshall Inc. ("**Finnegan Marshall**"), to capture total costs incurred by MI prior to the Effective Date, and developing a process for Finnegan Marshall to provide payment certificates for all construction draws going forward;
- (vi) as authorized by the Construction Continuance Order, making payments directly to contractors, subcontractors and trade suppliers in the normal course for their work on the Project (excluding certain invoices submitted by MI, which are discussed further below);
- (vii) assisting Skygrid in sourcing an alternative and more cost-effective location for the Project's site office (the "**Site Office**"), which is currently located in a space leased by MI at 2 Bloor Street West;
- (viii) arranging for the installation of new security cameras at the Site Office, securing the sales centre office and the hotel "mock-up" site previously maintained by MI, ensuring the return of keys and key cards from MI employees, and changing alarm codes in respect of same;

- (ix) together with Skygrid, KDC, and the Project's façade engineers, attending the Vietnam production facility of the curtainwall supplier to the Project during the week of March 11, 2024, to develop and enhance working relationships, and discuss production workflow, contract status, warranty status, the production schedule, and enhanced quality control plans;
- (x) together with KDC, assisting Skygrid and Finnegan Marshall in the preparation of the revised Project construction schedule (the "**Schedule**"), anticipated cost to complete (the "**Cost to Complete**"), procurement schedule, and the related budget (the "**Budget**"), each provided to the Receiver, in draft form, in May 2024;
- (xi) communicating with MI to request all books and records related to the Project, working with the Receiver's legal counsel in respect of same, and meeting with and communicating with MI's legal counsel regarding the portion of such records not provided by MI, which the Receiver anticipates will be the subject of a motion to be brought against MI to compel the production of certain records, as described further below;
- (xii) assisting Skygrid in the transition of 14 former MI employees who were fully dedicated to the Project (the "**Project Employees**") and who were offered and accepted employment with Skygrid (representing 56% of the total number of MI employees who were previously dedicated to the Project);
- (xiii) attending the meeting held by Skygrid to onboard transitioned Project Employees;

- (xiv) attending calls with the Debtors' insurance advisors to arrange for the addition of Skygrid to certain insurance policies, update information where required, and address any other transition-related insurance matters;
- (xv) confirming the transfer of the Notice of Project from the Ministry of Labour from the Former Developer to Skygrid;
- (xvi) communicating with Tarion Warranty Corporation ("**Tarion**") through its legal counsel regarding matters related to warranty, bonding and deposit insurance in connection with the transition of construction management of the Project to Skygrid;
- (xvii) communicating with the Home Construction Regulatory Authority ("**HCRA**") to advise of Skygrid's engagement and of the transition of construction management generally; and
- (xviii) pro-actively communicating with and responding to inquiries from trades, consultants, suppliers and other stakeholders, including purchasers of condominium units (each a "**Unit**") in the Project (each a "**Unit Purchaser**") and the City of Toronto, regarding transition matters.

5.5 As noted above and further discussed in the First Report, KDC and the Receiver identified a number of deficiencies in the construction management practices of the Former Developer. Skygrid has implemented improved construction management practices, including with respect to procurement processes, scheduling and general construction management strategy.

CCDC 5B Contract

- 5.6 As contemplated by the Skygrid Engagement Letter, following the Effective Date, the Receiver and Skygrid began negotiating a definitive CCDC 5B 2010 Construction Management Contract – for Services and Construction, with mutually agreed upon Supplementary Conditions (the “**CCDC 5B Contract**”), to govern Skygrid’s engagement as Construction Manager.
- 5.7 To facilitate continuing negotiations, the deadline to execute the CCDC 5B Contract contemplated in the Skygrid Engagement Letter was mutually extended by the Receiver and Skygrid. As of the date of this Second Report, the CCDC 5B Contract is substantially complete and the Receiver anticipates executing same prior to the return date of the Receiver’s Motion.

Unremitted Supplier Invoices

- 5.8 As described in the Supplemental Report, the Receiver became aware of certain vendor invoices that were funded to the Debtors through loan advances from the Applicant prior to the Appointment Date and paid to MI in the normal course, but which were not paid on to the respective vendor by MI. Accordingly, during the Transition Period, the Receiver sent communications to trades, consultants and suppliers of the Project to request that they provide the Receiver with a statement of account so that the Receiver could reconcile any unpaid amounts.
- 5.9 Through this reconciliation, the Receiver identified invoices totalling approximately \$1 million related to goods and/or services provided to the Project during the period from

February 2023 to February 2024 that had been funded for payment, but were not paid by MI and remained outstanding.

- 5.10 In addition, on March 27, 2024, a Lien Notice was delivered to the Receiver by Proline Hardware Ltd. (“**Proline**”) regarding a Lien Claim in the amount of approximately \$70,000, of which approximately \$49,000 related to invoices previously funded to MI for payment, with the remainder relating to Proline’s February invoice which was not yet due to be paid in the normal course.
- 5.11 In light of the reconciliation issues identified by the Receiver and the receipt of the Proline Lien Notice, the Receiver withheld payment of invoices totalling approximately \$995,000 that were submitted by MI related to its February 2024 services and fees until the Receiver had completed its reconciliation and the Proline Lien Notice had been withdrawn.
- 5.12 Following discussions among the Receiver and MI regarding the outstanding invoices, the entirety of the outstanding balance, including the amount of Proline’s Lien Claim, was paid to the applicable suppliers, including approximately \$975,000 paid directly by the Receiver. MI and the Receiver agreed that the amounts paid by the Receiver would be set-off against MI’s February invoices.
- 5.13 The Lien Notice filed by Proline was irrevocably withdrawn on April 19, 2024, and on May 3, 2024, the Receiver remitted payment to MI of approximately \$20,000 in respect of MI’s February 2024 invoices not otherwise satisfied by direct vendor payments made by the Receiver.

Transition of Trade and Supplier Contracts and Proposed Holdback Release

- 5.14 As described in the First Report, prior to the transition of construction management to Skygrid, many of the subcontractors and other suppliers working on the Project had a contractual relationship with MI, and not the Debtors. Accordingly, since the Effective Date, Skygrid has been meeting with trades and suppliers to transition their contracts with MI to new subcontracts with Skygrid, and in the process has been addressing gaps in scopes of work, as well as negotiating improved and/or industry standard terms.¹ The Receiver and Skygrid have been advised that certain subcontractors are requiring that their proportional entitlement to the Holdback Amount be released as a condition to entering into a new subcontract with Skygrid.
- 5.15 The Receiver is aware of 38 subcontractors from whom statutory holdback has been retained in accordance with the Provincial Lien Legislation (the “**Holdback Parties**”). Such holdback, totalling approximately \$13.0 million for work performed prior to the Effective Date (the “**Holdback Amount**”), is currently held by the Receiver in segregated holdback bank accounts (the “**Holdback Accounts**”).
- 5.16 Pursuant to the proposed Holdback Release Order, the Receiver is seeking authorization from the Court to pay the Holdback Amount to the respective Holdback Parties to, among other things:

¹ As described in the First Report, as a result of the Former Developer’s lack of formalizing fixed price subcontracts, certain subtrades have been working off purchase orders, letters of intent, or on a “time and materials” basis for extended periods of time. Skygrid and the Receiver’s efforts to address this issue remain ongoing.

- (i) in the case where the individual Holdback Party will continue working on the Project, facilitate a “fresh start” moving forward and assist in facilitating negotiations and the entry into a new subcontract with Skygrid; and
- (ii) in the case where the scope of work of a Holdback Party was completed prior to the Effective Date, facilitate the timely and efficient conclusion of such Holdback Party’s dealings in relation to the Project.²

5.17 The Receiver understands that Skygrid is in the process of inspecting the work of the Holdback Parties for any deficiencies and/or incomplete work. In addition, to reconcile the Holdback Amount, the Receiver has sent notices to or otherwise communicated with each of the Holdback Parties to confirm that the holdback amount in their records agrees with the Debtors’ records. As of the date of this Second Report, the Receiver has received confirmation from 35 of 38 vendors who account for approximately 99.7% of the total Holdback Amount. A list of the Holdback Parties and what the Receiver understands are their respective proportional entitlements to the Holdback Amount (the “**Holdback Schedule**”) is attached as **Appendix “C”**.

5.18 Prior to the payment of any portion of the Holdback Amount to individual Holdback Parties, the Receiver intends to ensure that the following conditions (the “**Holdback Release Conditions**”) are met, which conditions may be waived by the Receiver as determined appropriate, in consultation with the RFCA Lender:

² In the case where the scope of work of a Holdback Party has been completed in the period following the Effective Date as determined by the Receiver or is nearing completion and such Holdback Party is not required by the Construction Manager for continued construction on the Project, the Receiver also seeks authorization to release such Holdback Party’s proportional entitlement to any post-Effective Date holdback amount.

- (i) the associated work has passed the inspection of Skygrid, the Project consultants and, as applicable, municipal authorities;
- (ii) the Receiver and the respective Holdback Party have agreed on the Holdback Amount payable to the Holdback Party;
- (iii) in the case of a Holdback Party with an ongoing scope of work, that Holdback Party has executed a new subcontract with Skygrid for the remaining scope in a form acceptable to Skygrid and the Receiver, and in the case of a Holdback Party whose services are no longer required on the Project, their scope of work has been fully completed; and
- (iv) the Holdback Party has executed the Holdback Release Agreement substantially in the form attached as **Appendix “D”** (the “**Holdback Release Agreement**”), which Holdback Release Agreement shall, among other things: (a) release, among others, the Receiver, the Debtors, the Former Developer and the lenders to the Project from any and all claims related to the underlying subcontract or the Project, including, without limitation, any claims in respect of holdback deficiencies; and (b) confirm that the Debtors and the Receiver and their respective successors and assigns will be entitled to the benefit of any and all warranties provided for the Holdback Party’s work, and that any warranty rights may be assigned to any purchaser of all or any part of the Project and/or to any lender with security over all or part of the Project or to any successor or assignee of such lender’s interest.

5.19 The Receiver notes that: (i) based on the reconciliation it performed, as described above at paragraph 5.17, as well as its review of the Project’s books and records, the Receiver is not

aware of holdback amounts owing to any parties other than the Holdback Parties; (ii) notice of the proposed payment of the Holdback Amount will be provided to all known contractors, subcontractors and suppliers to the Project for which the Receiver has contact information, which includes the Holdback Parties; (iii) aside from MI's Lien Claim³ (discussed in greater detail below), the only pending Lien Claim pursuant to the Lien Regularization Order relates to the Cult Lien (as defined below), for which a portion of the Holdback Amount will be reserved (and in respect of which monies have been funded into Court to vacate the lien previously filed); and (iv) the Provincial Lien Legislation in force in relation to the Project (i.e., the *Construction Act* as it existed immediately prior to July 1, 2018) contemplates a 45-day period from the earlier of (among other things) the date of last supply or the date a subcontract is certified to be complete within which to register a lien, and it has been significantly more than 45 days since the Effective Date.

5.20 In light of the foregoing, the Receiver respectfully recommends that the Court authorize the Receiver to pay the Holdback Amount to the Holdback Parties in accordance with the Holdback Schedule and grant the other requested relief under the Holdback Release Order. The Receiver believes that the relief requested in the proposed form of Holdback Release Order provides an appropriate mechanism to allow for the release of the Holdback Amount rightfully earned by the Holdback Parties, as they have requested, and at the same time contributes to ensuring the continued and unimpeded construction of the Project, including

³ The Receiver understands that prior to the receivership, no holdback was taken on MI's general contractor invoices with the result that MI was paid in full for such invoices. Although the Receiver disagreed with this practice, following the Appointment Date, the Receiver agreed to pay the full amount of MI's invoices (to the extent agreed to by the Receiver), including paying the relevant holdback amount from its general construction account. As such, the Receiver is of the view that MI has no entitlement to the Holdback Amount. The Receiver believes any remaining holdback entitlements of MI in respect of the amounts in dispute between the Receiver and MI are encompassed in the MI Payment Dispute Reserve (as defined below).

facilitating Skygrid's engagement of the subcontractors. Further, such relief makes the Project more attractive for the purposes of the SISP by finally resolving matters that predate the Effective Date.

Trade and Consultant Claims

Lien Claims under the Lien Regularization Order

- 5.21 As of the date of this Second Report, there have been three Lien Notices delivered (or deemed to have been delivered) pursuant to the Lien Regularization Order. The first is the Proline Lien Notice, discussed above, which has been irrevocably withdrawn. The second, which is described further in the First Report, is the Lien Notice deemed to have been delivered by Cult Iron Works Limited ("**Cult Iron**") in respect of its Lien Claim in the amount of \$444,669.05 (the "**Cult Lien**"). Prior to the granting of the Lien Regularization Order, the Receiver posted approximately \$500,000 of security with the Court in respect of the Cult Lien, and the Cult Lien was vacated from title to One Bloor. The Receiver and its legal counsel are in discussions with Cult Iron and its counsel in an attempt to resolve this Lien Claim. The third Lien Notice, discussed further below, was delivered by MI to the Receiver on April 26, 2024, in respect of a purported Lien Claim in the amount of approximately \$11 million.

Fees of Core Architects

- 5.22 In January 2024, Core Architects Inc. ("**Core**"), the Project's architect, advised the Receiver that it was of the view that it was entitled to a significant increase in its fees for work performed on the Project (the "**Proposed Fee Adjustment**").

- 5.23 The Receiver and Core are currently engaged in discussions regarding the Proposed Fee Adjustment. The Receiver will determine next steps once it has fully considered the issue, based on: (i) its ongoing discussions with Core; (ii) its own investigation into the Proposed Fee Adjustment; and (iii) substantial consultation with KDC and Finnegan Marshall. During discussions in respect of the Proposed Fee Adjustment, Core's work on the Project has continued in the normal course.

Claim by Seele

- 5.24 seele GmbH ("**seele**") entered into subcontracts with the Former Developer with respect to the supply of certain specially designed glass elements to the Project in the period prior to the Appointment Date, and is engaged in a dispute with MI relating to its work on the Project that has given rise to an arbitration and a court application. The Receiver is engaging with seele to explore the possibility of a negotiated resolution to seele's claims.

Transition of Letters of Credit

- 5.25 The Debtors currently have six letters of credit (each, an "**LC**") totalling approximately \$2.24 million issued by KEB Hana Bank Canada ("**KEB Hana**"), which are cash collateralized. The LCs support various obligations of the Debtors to the City of Toronto, including in connection with a heritage easement and required improvements to be undertaken related to park areas, streetscaping, storm sewers and tree planting.
- 5.26 On April 9, 2024, KEB Hana advised the Receiver by email that it would not be renewing each of the LCs as they mature.

- 5.27 Further, as a condition to the renewal of a temporary street occupation permit for the Project that allows for street closures during concrete pumping operations, the City of Toronto requires that the Debtors provide an indemnity in favour of the City of Toronto (the “**City Indemnity**”).⁴ Due to an action brought against the Debtors that also named the City of Toronto as a defendant, as well as the current financial position of the Debtors, the City of Toronto is requiring that the City Indemnity be backstopped by an LC in the amount of \$1 million.
- 5.28 The Receiver has been in discussions with Royal Bank of Canada (“**RBC**”) who has agreed to replace the existing LCs, as well as to provide a new LC to backstop the City Indemnity (together with any future LCs that may be required to be posted in connection with the Project as requested by the Receiver and agreed to by RBC, the “**Replacement LCs**”), subject to completing customary internal approvals. The current Replacement LCs will total approximately \$3.24 million.
- 5.29 As part of this arrangement, RBC is requiring that: (i) the Receiver fund a GIC account in the name of the Receiver (the “**RBC Collateral Account**”) to collateralize the Replacement LCs (the “**RBC Collateral**”); (ii) RBC be permitted to register a financing statement under the *Personal Property Security Act* (Ontario) against A&M over the cash and GICs held in the RBC Collateral Account; and (iii) RBC be granted a charge (the “**RBC Charge**”) on the RBC Collateral Account and the RBC Collateral (items (i), (ii) and (iii) collectively forming the “**Letters of Credit Arrangement**”). The proposed

⁴ The Indemnity Agreement underlying the City Indemnity has been executed by the Receiver and the City of Toronto, with effect from April 2, 2024.

Reconfiguration and LC Arrangement Order approves the Letters of Credit Arrangement and grants the RBC Charge.

- 5.30 The Replacement LCs are required to ensure ongoing compliance with municipal requirements and the maintenance of construction permits necessary for the continued construction of the Project. Accordingly, the Receiver respectfully requests that the Court approve the Letters of Credit Arrangement pursuant to the proposed form of Reconfiguration and LC Arrangement Order.

6.0 THE SISP

- 6.1 The Receiver, its counsel and the proposed Broker (as defined below) have been working to design a SISP that will efficiently and effectively canvass the market for any and all potential forms of value maximizing transactions or investments that may be available and acceptable to the Receiver and the Senior Secured Lenders for the sale of the Project at this time, or alternatively, for go-forward arrangements with developers or others for its construction to completion, and sale of Units and the Commercial Component at a later date once the Project is fully constructed and completed.

- 6.2 In addition to designing the SISP with these objectives in mind, the Receiver and its advisors, in consultation with the Senior Secured Lenders and their advisors as well as various other Project advisors, have also undertaken a series of significant pre-SISP work streams to ensure that certain core Project-related matters have been developed and advanced to a point that the Project is ready to be marketed at this time in the most value-maximizing manner possible. These endeavours, which are summarized below, have been intentionally developed and advanced *before* launching the SISP so that the Project can be

marketed in a manner that will be most attractive to potentially interested parties, notwithstanding that the Project is still under construction. These pre-SISP undertakings have included the following work streams, among others:

- (i) **The Reconfiguration Plan** – as discussed further in Section 7 below, the Receiver and its advisors, in consultation with the Senior Secured Lenders and their advisors, considered, developed and finalized a comprehensive Reconfiguration Plan for the upper floors of the Project (that have yet to be constructed) that will add an additional 88 Units to the Project, and substantial additional net realizable value, which the Receiver believes will be of significant benefit in the context of marketing the Project. This process involved not only developing the Reconfiguration Plan, but also addressing related zoning and planning matters associated with the proposed reconfiguration;
- (ii) **Confirming Arrangements with the Construction Manager of the Project** – as discussed above, the Receiver disclaimed the GC Agreement and Construction Management Agreement with the Former Developer, engaged Skygrid as the new Construction Manager of the Project, and has substantially progressed the definitive CCDC 5B Contract such that any potentially interested parties will be able to understand the precise terms of the main construction contract for the Project, which will be a core diligence item for any interested parties;
- (iii) **Confirming Arrangements with the Trades for the Project** – as discussed above, the Receiver, its advisors and Skygrid have spent considerable time liaising with subcontractors and trade suppliers engaged on the Project with a view to addressing

outstanding issues in advance of the SISP, such that the contractual arrangements with the trades for the Project may be finalized in the near term. These efforts have included the development of a form of subcontract to be entered into with Skygrid as well as the proposed Holdback Release Order;

- (iv) **Revised Budget, Schedule and Cost to Complete** – working with KDC, the Project consultants, Finnegan Marshall and Skygrid, the Receiver has completed a revised draft Budget, Schedule and Cost to Complete, all of which are core diligence items that any interested parties will need to review in order to evaluate the opportunities available in the SISP;
- (v) **Selecting an Experienced and Reputable Broker for the SISP** – as discussed below, the Receiver and its advisors, in consultation with the Senior Secured Lenders and their advisors, undertook the RFP Process (as defined below) to select an experienced and reputable real estate brokerage and advisory firm for the SISP and have engaged Jones Lang LaSalle Real Estate Services, Inc. (“**JLL**” or the “**Broker**”) for that process. JLL has conducted its diligence, provided input with respect to the design of the SISP, assisted in the development of marketing materials to be used in the SISP, and is now ready to commence the SISP under the supervision of the Receiver once approved by the Court; and
- (vi) **Creating the SISP Data Room** – working with JLL, the Receiver has undertaken an extensive review of all Project information and documentation, including contracts, leases, and financial information, and uploaded same to an electronic data room that has been developed and is ready for the SISP launch.

- 6.3 These key work streams (among others) have required significant work, time and collaboration among the Receiver and various advisors to complete; however, the Receiver believes that completing each of these work streams in advance of launching the SISP was critical to enhancing the Opportunities (as defined below) to be marketed in the SISP.
- 6.4 In addition to the above matters, construction has continued on the Project and is now nearing a stage at which decisions impacting the Project as a whole, including the go-forward plan in respect of existing condominium sales agreements (each, a “CSA”) and the existing agreements related to the hotel and retail spaces, as well as the go-forward marketing and branding strategy for the Project, will also need to be addressed.
- 6.5 Taking all of this together, it is the Receiver’s view that now is the appropriate time to market the Project to solicit any and all potential forms of value maximizing transactions or investments that may be available in the market and acceptable to the Receiver and the Senior Secured Lenders for the sale of the Project at this time, or alternatively, for go-forward arrangements with developers or others for its construction to completion, and sale of Units and the Commercial Component at a later date once the Project is fully constructed and completed.
- 6.6 The SISP will also demonstrate whether there is value in the Project beyond the amounts owed to the Senior Secured Lenders.
- 6.7 It is the Receiver’s view that a broadly marketed and flexible SISP in the form presented is the best way to proceed at this time in order to solicit interest and determine these matters within a reasonable timeframe, and that the timing is now appropriate to commence such a

SISP in light of the now ready state of the Project to be effectively marketed in a value-maximizing manner to any and all interested parties.

6.8 Accordingly, the Receiver is seeking the Court's approval of the proposed SISF which, as described in further detail below, will solicit interest in the opportunity to either:

- (i) acquire or invest in the Project (or either of the Residential Component or the Commercial Component) pursuant to one or more sale or investment transactions (a "**Transaction Proposal**") that individually or in the aggregate have a purchase price or investment amount equal to or exceeding \$1.2 billion, being the minimum bid threshold required by the Senior Secured Lenders (the "**Minimum Bid Threshold**"); or
- (ii) enter into an arrangement with the Senior Secured Lenders to complete the construction, development and realization of value from the Project on terms acceptable to each of the Receiver and the Senior Secured Lenders (a "**Development Proposal**", and together with the Transaction Proposal, the "**Opportunities**" and each an "**Opportunity**").

Broker Selection Process

6.9 As described in the First Report, in anticipation of the proposed SISF, the Receiver commenced a request for proposals process (the "**RFP Process**") and contacted five real estate brokerage and advisory firms (collectively, the "**Potential Brokers**") identified as having the requisite expertise, qualifications and capabilities to assist with the

development, planning and implementation of the SISP. The Potential Brokers were asked to submit a proposal in respect of the contemplated SISP by February 7, 2024.

- 6.10 Upon execution of a non-disclosure agreement, the Potential Brokers were granted access to an electronic data room populated with certain information relevant to the Project, and the Receiver held meetings with the Potential Brokers to provide additional information and clarification to enable them to better understand the status of the Project and the RFP Process generally. Four of the five Potential Brokers ultimately submitted a proposal to the Receiver.
- 6.11 After reviewing the Potential Brokers' proposals, the Receiver, in consultation with its legal counsel, the Senior Secured Lenders and their advisors, selected JLL as the third-party broker to assist in the development and implementation of the SISP.
- 6.12 The Receiver's decision was based on a combination of factors, including: (i) JLL is qualified, experienced and capable of acting as the broker during the SISP; (ii) JLL has substantial experience in residential, hotel and commercial asset disposition, including the marketing and sale of assets through insolvency proceedings; (iii) JLL has a broad and extensive sales network across Canada, the United States and internationally; and (iv) JLL's proposed fee structure for the SISP is reasonable and appropriate.
- 6.13 The Receiver and JLL initially executed an engagement letter for the broker services on March 22, 2024, which was subsequently amended and restated as of May 25, 2024 (as amended and restated, the "**Broker Agreement**"), attached without Schedule A (RECO Information Guide) as **Appendix "E"**, which Broker Agreement is subject to Court

approval. As described in the Broker Agreement, JLL shall earn a transaction fee in accordance with the following:

- (i) for any Third Party Transaction (as defined in the Broker Agreement), a flat fee of \$1.9 million (plus HST);
- (ii) in the event of a transaction (which may include a transaction implemented pursuant to a Development Proposal or a Transaction Proposal for either of the Commercial Component or Residential Component), whether through a credit bid, other restructuring transaction, distribution order, or otherwise, and whether implemented pursuant to the Receivership Proceedings or an alternative court process, through which the Senior Secured Lenders become owners of the Property, or entitled to the proceeds of disposition thereof (a “**Senior Secured Creditor Transaction**”), a base fee of \$550,000 (plus HST), plus an additional amount depending on the type of the transaction, as outlined below:

Transaction Type	Additional Amount
Development Proposal without a Developer Investment	\$100,000 (plus HST)
Transaction Proposal for only the Commercial Component	\$200,000 (plus HST)
Transaction Proposal for only the Residential Component	\$700,000 (plus HST)

- (iii) in the event of a Senior Secured Creditor Transaction with a Developer Investment (as defined in the Broker Agreement), the transaction fee shall be calculated in accordance with the following table (plus HST):

Developer Investment	Transaction Fee
Below \$100 million	\$800,000
Above \$100 million to and including \$200 million	\$875,000
Above \$200 million to and including \$300 million	\$950,000
Above \$300 million to and including \$400 million	\$1,025,000
Above \$400 million to and including \$500 million	\$1,100,000
Above \$500 million to and including \$600 million	\$1,175,000
Above \$600 million to and including \$700 million	\$1,250,000
Above \$700 million to and including \$800 million	\$1,325,000
Above \$800 million to and including \$900 million	\$1,400,000
Above \$900 million to and including \$1 billion	\$1,475,000
Above \$1 billion to and including \$1.1 billion	\$1,550,000
Above \$1.1 billion	\$1,900,000

- 6.14 Pursuant to the proposed SISP Approval Order, the Receiver is seeking approval of the Broker Agreement and the retention of JLL under the terms thereof, as well as authorization to make the payments contemplated under the Broker Agreement when earned and payable in accordance with the terms and conditions of the Broker Agreement. The Receiver believes that such relief is appropriate in the circumstances, and that JLL’s fee structure is reasonable and in line with the Receiver’s overarching objective of efficiently soliciting all potential forms of interest in the Project through the SISP. The relief sought will also provide the requisite comfort to JLL that any transaction fee it earns will be paid.

Lender Participation

- 6.15 As of March 31, 2024, the Senior Secured Lenders (which, for the avoidance of doubt, include the RFCA Lender) are owed approximately \$1.5 billion (the “**Senior Secured Lender Claims**”) on a combined basis under the credit agreement dated August 30, 2019 (as amended, the “**Credit Agreement**”) and the Receivership Funding Credit Agreement dated October 18, 2023 (the “**RFCA**”).

- 6.16 The components of the Senior Secured Lender Claims as at March 31, 2024 are summarized in the following table:

Senior Secured Lender Claims	(in \$millions)
Advances under the RFCA	\$144.1
Accrued interest and fees under the RFCA	\$9.0
Advances under the Credit Agreement (pre-receivership)	\$731.3
Pre-funded interest under the Credit Agreement (pre-receivership)	\$193.4
Accrued interest, applicable margin, and other fees and costs related to the Credit Agreement	\$401.2
Total Senior Secured Lender Claims	\$1,479.0

- 6.17 The Receiver’s legal counsel, Goodmans LLP (“**Goodmans**”), has conducted a review of the loan and security documentation relating to the Credit Agreement and has provided an Ontario law security review opinion to the Receiver which concludes that, subject to customary assumptions and qualifications: (i) the security documentation relating to the Credit Agreement creates validly perfected security interests in favour of KEB Hana, in its capacity as administrative agent under the Credit Agreement (the “**Administrative Agent**”) for and on behalf of the Applicant (together with the Administrative Agent, the “**Secured Parties**”), in the collateral specified in the security documentation to which the *Personal Property Security Act* (Ontario) applies and which is charged under the security documentation; and (ii) the charges registered against title to One Bloor in favour of the Secured Parties create a good and valid fixed charge over One Bloor.
- 6.18 The Senior Secured Lenders have advised the Receiver that they will not support any Transaction Proposal, or a combination of Transaction Proposals, with a purchase price (or

combined purchase price) of less than the Minimum Bid Threshold, being approximately 80% of the Senior Secured Lender Claims.

- 6.19 The Senior Secured Lenders have also advised the Receiver that, in the event that there are no Successful Bid(s) (as defined below) and the SISP is terminated, the Senior Secured Lenders are committed to facilitating the continued construction of the Project to completion through a Senior Secured Creditor Transaction. In such circumstances, upon completion of the Project, the Senior Secured Lenders expect to achieve recoveries through, among other things, sales of Units and realizations from the fully developed Commercial Component.
- 6.20 As noted above, the proposed SISP contemplates that interested developers may submit a Development Proposal pursuant to the SISP. Accordingly, in the event that no Successful Bid(s) for a Third Party Transaction are identified in the SISP and a Senior Secured Creditor Transaction is ultimately pursued, developers interested in assisting the Senior Secured Lenders with such a transaction will have been canvassed, allowing any Senior Secured Creditor Transaction to proceed on a timely basis in conjunction with a selected developer. The Receiver is aware that the Senior Secured Lenders have already engaged in preliminary discussions with certain developers regarding the possibility of a development arrangement, including providing access to limited confidential information concerning the Project as has been consented to by the Receiver. The Receiver is of the view that the proposed SISP will provide any and all existing or additional interested developers with the opportunity and time necessary to formulate and make a Development Proposal for consideration under the SISP.

- 6.21 The SISP does not involve a formal “stalking horse bid” or “credit bid” from the Senior Secured Lenders at the outset. The reason for this (as is often the case in SISPs) is that the Senior Secured Lenders have determined that, as discussed above, they need to see the results of the SISP in order to determine the best path forward. In any event, as discussed, the Senior Secured Lenders have confirmed that, even in the event that there is no acceptable transaction that emerges from the SISP, they are nonetheless committed to facilitating the continued construction of the Project to completion through a stand-alone transaction.

Overview of the SISP

- 6.22 The terms of the proposed SISP were developed in consultation with JLL, who provided input to the Receiver on the time required to market the Project and on market considerations impacting the design of the SISP. The terms of the SISP were also discussed extensively with the Senior Secured Lenders and their advisors. Further, the proposed SISP was also provided to, and discussed with, other significant Project stakeholders who have signed non-disclosure agreements with the Receiver. A copy of the SISP is attached as Schedule “A” to the proposed SISP Approval Order.
- 6.23 The following table provides a high-level summary of the key stages and milestones (each, a “**Milestone**”) contemplated under the SISP, which assumes the Court will have granted the SISP Approval Order on the date of the hearing of the Receiver’s Motion. Any of the Milestones may be extended by the Receiver if it considers it appropriate to do so, after consultation with the Broker and with the consent of the Senior Secured Lenders.

6.24 The key terms of the SISP are summarized in the following table:⁵

To that end, the Receiver will consider, among other things, the criteria outlined in the SISP, including: <ul style="list-style-type: none"> the form and amount of consideration offered; the demonstrated financial capability of the Participating Bidder to consummate the proposed transaction; and the Participating Bidder’s experience with the development and operation of large, mixed-use, high-rise development projects in urban centres, whether it is registered with Tarion and the HCRA as a builder and/or vendor, and its capacity to obtain financing for the transaction. If one or more Qualified LOIs are received and the Receiver, in consultation with JLL and the Senior Secured Lenders, determines there is a reasonable prospect of obtaining a Qualified Bid, the SISP shall continue to Phase 2. In making such a determination, the Receiver may consider whether separate LOIs for a Transaction Proposal for the Residential Component and the Commercial Component could, collectively, result in a reasonable prospect of obtaining a Qualified Bid, or whether separate LOIs for a Transaction Proposal for the Commercial Component and a Development Proposal for the Residential Component could, collectively, result in a reasonable prospect of obtaining a Qualified Bid. If the Receiver, in consultation with JLL and the Senior Secured Lenders, determines that no Qualified LOI has been received, or there is no reasonable prospect of a Qualified LOI resulting in a Qualified Bid, the Receiver may give notice of the termination of the SISP by email to the service list and Participating Bidders who submitted LOIs.
Phase 2	During the period August 13 to September 24, 2024 (a period of 42 days)	<ul style="list-style-type: none"> A bid process letter for Phase 2 will be sent to all Participating Bidders who submitted Qualified LOIs and have been selected by the Receiver to participate in Phase 2 (“Qualified Bidders”). Qualified Bidders will conduct additional due diligence and prepare a final binding proposal (a “Final Bid”) to be submitted on or before the Phase 2 Bid Deadline.

		<ul style="list-style-type: none"> During Phase 2, Qualified Bidders will be given access to a data room developed for Phase 2, a form of transaction agreement and such further due diligence materials and Project information, if any, that the Receiver in its reasonable judgement, in consultation with JLL, determines appropriate. Final Bids must contain a duly authorized and executed transaction agreement setting out the definitive terms and conditions of the Transaction Proposal or the Development Proposal, as applicable, together with all exhibits and schedules thereto. Final Bids for a Transaction Proposal must be based on, and accompanied by, a mark-up of the form of transaction agreement showing amendments and modifications made thereto.
Phase 2 Bid Deadline	5:00 pm Toronto Time on September 24, 2024	<ul style="list-style-type: none"> To be considered a qualified Final Bid (“Qualified Bid”), a Final Bid must be received by the Phase 2 Bid Deadline and meet certain requirements as set out in the SISP, including, among other things, the following: <ul style="list-style-type: none"> it must include the amount to be paid, invested or financed, as applicable, and written evidence of a firm, irrevocable commitment for financing, or other evidence of ability to consummate the proposed transaction, that will allow the Receiver, in consultation with JLL and the Senior Secured Lenders, to make a reasonable determination as to the Participating Bidder’s financial and other capabilities to consummate the transaction; in the case of a Transaction Proposal: (i) it must set out the purchase price or investment amount and full details regarding the Property to be included and any Property to be excluded from the bid; (ii) the purchase price or investment amount, in the aggregate, must equal or exceed the Minimum Bid Threshold; and (iii) it must include details of any liabilities to be assumed by the Qualified Bidder; in the case of a Development Proposal, it must: (i) set out any proposed investment in the Project, the terms of any proposed ongoing financing, and any fees or other consideration sought; (ii) include the Participating Bidder’s final proposed Development Plan; and (iii) must be acceptable to the Senior Secured Lenders in their sole and absolute discretion; and it is not conditional upon: (i) approval from the Qualified Bidder’s board of directors (or comparable governing body) or equity holder(s); (ii) the outcome of any due diligence by the

Evaluation and Selection of the Successful Bid	As soon as possible after the Phase 2 Bid Deadline	<ul style="list-style-type: none"> The Receiver, in consultation with JLL and the Senior Secured Lenders, will review each Final Bid and, if one or more Qualified Bids is received, the Receiver, exercising its reasonable business judgment and following consultation with JLL and the Senior Secured Lenders may: <ul style="list-style-type: none"> negotiate with one or more bidders who submitted a Qualified Bid, including requesting that such bidder improve or otherwise modify the terms of its Qualified Bid; and select the Qualified Bid that it considers to be the best bid (the “Selected Qualified Bid”) based on its evaluation of such bid pursuant to the criteria outlined in the SISP. Once a Selected Qualified Bid has been selected, JLL and the Receiver, in consultation with the Senior Secured Lenders and their advisors, shall negotiate and settle the terms of a definitive agreement in respect of the Selected Qualified Bid, all of which will be conditional upon Court approval at which time the Selected Qualified Bid will become the “Successful Bid” and the person(s) who made the Selected Qualified Bid will be the “Successful Bidder”. If the Receiver, after consultation with the Broker and the Senior Secured Lenders, determines at any point during Phase 2 that there is no reasonable prospect of obtaining a Final Bid resulting in a Qualified Bid, or determines that no Qualified Bid has been received at the end of Phase 2, then the Receiver, with the consent of the Senior Secured Lenders, may designate one or more Final Bids as Qualified Bids; failing which the Receiver may give notice of the termination of the SISP by email to the service list and Qualified Bidders who submitted Final Bids.
Approval Motion for Successful Bid	Not later than the week of October 14, 2024 (subject to Court availability)	<ul style="list-style-type: none"> As soon as reasonably practicable after the selection of the Successful Bid, the Receiver will make a motion to the Court for an order approving the Successful Bid and authorizing the Receiver to enter into any and all necessary agreements with respect to the Successful Bid and to undertake such other action as may be necessary or appropriate to give effect to the Successful Bid.

6.25 Additional notable terms of the SISP include the following:

- (i) each of the Opportunities will be presented and implemented on an “as is, where is” basis and without surviving representations or warranties of any kind, nature or description by the Debtors, the Receiver, JLL or any of their respective affiliates, except to the extent set forth in a definitive final agreement executed with a Successful Bidder and approved by the Court;
- (ii) the Receiver, after consultation with JLL and the Senior Secured Lenders, will have the right to modify the existing terms, conditions or requirements for the SISP or adopt such other terms, conditions or requirements for the SISP that in the Receiver’s reasonable business judgement will better promote the purpose of the SISP, provided that the adoption of any terms, conditions or requirements that materially deviate from the SISP shall require the prior consent of the Senior Secured Lenders or an order of the Court;
- (iii) any Secured Creditor (as defined in the SISP) will have the right to credit bid its secured debt against the assets secured thereby, including principal, interest and any other secured obligations owing to such Secured Creditor by the Debtors, provided that any such Secured Creditor shall be required to pay in full in cash on the closing of any transaction any obligations in priority to its secured debt (unless the holder of such priority obligation agrees to accept a lower payment than the total amount of obligations owed to them) and the reasonable fees and expenses of the Receiver necessary to conclude the Receivership Proceedings;

- (iv) the Receiver will have the right to not accept any Qualified Bid or to otherwise terminate the SISP;
- (v) the Receiver will be permitted, in its discretion, to provide general updates and summary information in respect of the SISP to any Secured Creditor and its legal and financial advisors, if applicable, on a confidential basis, upon: (a) irrevocable written confirmation from such Secured Creditor that neither it nor any of its affiliates will participate as a bidder in the SISP; and (b) such Secured Creditor executing a confidentiality agreement in form and substance satisfactory to the Receiver; and
- (vi) the completion of any Transaction Proposal or Development Proposal shall be subject to the approval of the Court and the requirement of approval of Court may not be waived.

The Receiver's Considerations on the Proposed SISP

- 6.26 The proposed SISP is designed to identify any all potential forms of value maximizing transactions or arrangements that will result in the sale or completion of the Project, and that are acceptable to the Receiver and the Senior Secured Lenders.
- 6.27 The process contemplated by the SISP is comprehensive, fair, transparent, and provides for significant flexibility as to the form of ultimate transaction, including the possibility of a Development Proposal being pursued should no Transaction Proposal be received that meets the relevant criteria under the SISP. As noted above, the Receiver, with the consent of the Senior Secured Lenders, may select a Development Proposal as the Selected

Qualified Bid, or, alternatively, if no Development Proposal has been received that is acceptable to the Receiver and the Senior Secured Lenders, the Receiver may terminate the SISP and the Senior Secured Lenders may pursue a transaction on a stand-alone basis, in each case subject to further approval of the Court.

6.28 The Receiver recommends that the Court grant the proposed SISP Approval Order for the following reasons:

- (i) it is the Receiver's view that the SISP is commercially reasonable;
- (ii) the SISP contemplates a comprehensive, fair, open and transparent process developed in consultation with JLL, as well as with input from the Senior Secured Lenders and certain other stakeholders, and is intended to broadly canvass the market in an efficient manner to maximize the value of and interest in the Project;
- (iii) the inclusion of the Minimum Bid Threshold and the agreement of the Senior Secured Lenders not to bid in the SISP will provide guidance and certainty to Potential Bidders in the SISP. It is the Receiver's view that without these features Potential Bidders would be hesitant to invest time and resources in a potential bid given the possibility of a credit bid from the Senior Secured Lenders for the full amount of their debt;
- (iv) the SISP was designed to ensure maximum flexibility so that the Receiver may react to any circumstances that could arise during the course of the SISP and extend timelines or adjust procedures as necessary to maximize the prospect of securing qualified and implementable transactions through the SISP;

- (v) the Receiver is of the view that the information expected to be made available to Participating Bidders will allow such parties to make an informed decision and to prepare a bid in respect of an Opportunity;
- (vi) it is the Receiver's view that the SISP timeline and the Milestones contemplated therein are appropriate and will allow Participating Bidders to perform diligence and submit offers in respect of the Opportunities; and
- (vii) the SISP, including the Milestones contemplated therein, have been approved by the Senior Secured Lenders.

7.0 PROPOSED RECONFIGURATION

- 7.1 Since the Appointment Date, the Receiver has assessed and evaluated various potential value maximizing opportunities and alternatives for the Project, including alternatives to the existing floor plate configuration of the Residential Component of the Project. In particular, the Receiver has considered alternative floor plates for the currently unconstructed levels of the Residential Component above level 61 (the “**Upper Levels**”), which in the current floor plate configuration, are the largest, most expensive Units in the Project as there are only two or four Units per floor on the Upper Levels (all of the floors below level 62 have either six or ten Units per floor).
- 7.2 In the Project's existing configuration (the “**Base Configuration**”), the Upper Levels include 69 Units with an average size of over 2,600 square feet per Unit, only 19 (or 28%) of which are subject to a CSA (as compared to the levels below level 62 which include 345

Units with an average size of approximately 1,000 square feet per Unit, 94% of which are subject to a CSA).

- 7.3 Of the 19 Units in the Upper Levels that are subject to a CSA, the CSA for nine of those Units is in default with respect to the deposit requirements of the CSA (collectively, the “**Default Units**”). As of the date of this Second Report, the provisions of the CSA for the remaining ten Units (the “**Qualified Units**”) have all been met.
- 7.4 The Reconfiguration Advisors (as defined below) have indicated that there is an extremely limited market for Units of the size and sale price of those located in the Upper Levels under the Base Configuration, and that the timeline that may be required to sell the volume of such Units that remain available would be significant, as is evidenced by the high number of Units in the Upper Levels that currently remain unsold (72% of these Units remain unsold and, as discussed, nine of the 19 sold Units in the Upper Levels are in deposit default).
- 7.5 In considering alternative configurations of the Upper Levels, the Receiver sought input from multiple real estate advisors, including two that are engaged by the Receiver, as well as JLL, KDC, Skygrid, Bousfield Inc., Strategy Corp Inc. (“**Strategy Corp**”), Goodmans and the Project’s architect and engineering consultants (collectively, the “**Reconfiguration Advisors**”) to provide information on the current market conditions, fair market values, anticipated velocity of sale, as well as the limits of such reconfiguration posed by zoning requirements, site plans, permits and the existing infrastructure of the Project, all while ensuring that any reconfiguration would maintain the Project’s existing aesthetics, high quality construction and luxury look and finishes.

- 7.6 As a result of input from the Reconfiguration Advisors, two potential reconfiguration options for the Upper Levels were developed by the Receiver, one of which would add an additional 60 Units to the Project, and the second of which would add an additional 88 Units to the Project. After careful analyses with the Reconfiguration Advisors, and extensive consultation with the Senior Secured Lenders and their advisors, the Receiver has determined it is appropriate to proceed with the option to add 88 additional Units to the Upper Levels (the “**Reconfiguration Plan**”) to enhance the value of the Project.
- 7.7 Under the Reconfiguration Plan, the Upper Levels will be reconfigured as follows:
- (i) levels 62 and 76 will be modified from a four-Unit layout to a six-Unit layout;
 - (ii) levels 63 to 75 will be modified from a four-Unit layout to a ten-Unit layout; and
 - (iii) levels 79 to 81 will be modified from a two-Unit layout to a four-Unit layout.
- 7.8 The changes described above will increase the total Unit count of the Project by 88 Units, from 415 Units (including one Unit comprised of two Units combined) to 503 Units.
- 7.9 In order to simplify the design and construction process, and to avoid impacting the Schedule, the design drawings for the proposed four-, six-, and ten-Unit layouts contemplated in the Reconfiguration Plan are consistent with the respective layouts contemplated in the Base Configuration.
- 7.10 The Receiver prepared a cost benefit analysis to compare the economic impacts of the Reconfiguration Plan against the Base Configuration. When considering the current market conditions and forecast sales velocity that could realistically be achieved, the

Reconfiguration Plan is anticipated to generate substantial additional net realizable value when compared to the Base Configuration.

- 7.11 As mentioned above, concrete pouring for level 58 is currently in the preparation phase. The Schedule contemplates that concrete pouring at level 62 (the first level impacted by the Reconfiguration Plan) will begin in approximately one month, at the end of June 2024. Accordingly, the Receiver is actively working with the Reconfiguration Advisors and other stakeholders to plan for this change.
- 7.12 Updates to the design drawings to reflect the Reconfiguration Plan are currently underway with the Project's consultants. To ensure that construction of the Reconfiguration Plan can advance smoothly, the Receiver and the Project's consultants are in the process of preparing summary materials that highlight the proposed changes for review and confirmation by the City Planning Division. The Receiver has also engaged with Tarion in respect of the Reconfiguration Plan in order to discuss new home warranty coverage for the proposed addition of 88 Units to the Residential Component.
- 7.13 The Receiver notes that the Reconfiguration Plan provides for virtually identical Units (i.e., same square footage, exposure and layout) to be constructed for eight of the ten Qualified Units, and for four of the nine Default Units on a higher floor than contemplated under the Base Configuration ("**Equivalent Unit**").
- 7.14 The Receiver continues to consider design alternatives that will allow for the creation of Equivalent Units, or otherwise provide for an acceptable alternative for the remaining two Qualified Units that do not have a specific location in the standard floorplates described above under the Reconfiguration Plan. Based on consultation with Skygrid and the

Project's consultants, the Receiver understands that it is feasible, from a design and constructability perspective, to combine certain Units in the Reconfiguration Plan to provide an Equivalent Unit to the remaining two Qualified Units.

- 7.15 Of the five Default Units for which there is no Equivalent Unit available, three of the parties had not paid any deposit at all, and two of the parties had paid only \$20,000 of their required deposit amount (which, at this time, total approximately \$870,000 in one case and over \$6.2 million in the other case). These purchasers (the “**Defaulting Purchasers**”) are in default under the terms of the applicable CSAs.
- 7.16 The Defaulting Purchasers' failure to pay the deposits they agreed to pay (or in some cases, no deposit at all) together with other concerns identified by the Receiver relating to the Defaulting Purchasers, raised significant concerns about whether the Defaulting Purchasers were willing or able to complete the sale transactions contemplated by the applicable CSAs. The Defaulting Purchasers were:
- (a) non-Canadian residents, who each signed a CSA to purchase a Unit (3 Units in total) but did not pay any of the required deposit of approximately \$1.6 million per Unit. These transactions were each entered into on December 30, 2022, being the eve of tax changes that came into effect on January 1, 2023, that adversely impacted foreign buyers purchasing residential real estate in Canada;
 - (b) a foreign company which paid only \$20,000 of the required \$870,000 in deposits;
and
 - (c) an individual who paid only \$20,000 of the required \$6.2 million in deposits.

- 7.17 In light of the significant deposit defaults in respect of the five Default Units, and doubts about whether the purchasers could or would complete the sale transactions, the Receiver sent default notices to the purchasers of each of the five Default Units for which there is no Equivalent Unit on May 1, 2024 (each, a “**Default Notice**”). The Default Notices required that each Defaulting Purchaser cure their default by May 13, 2024, by paying the overdue deposits, failing which the CSA would be terminated and any deposit amounts paid forfeited. None of these purchasers responded to the Receiver’s notice, nor have any paid any further deposit amounts. Accordingly, the CSA for each of these five Default Units has been terminated.
- 7.18 The Receiver will continue to monitor and assess the status of the remaining four Default Units; however the Receiver notes that three of the four remaining Default Units are not impacted by the Reconfiguration Plan and remain unchanged in terms of exposure, layout, and floor location.
- 7.19 Pursuant to the provisions of the Exclusive Listing Agreement dated July 12, 2017, between MI and the Nominee, in the event that a CSA is terminated as a result of default by the purchaser, any commission paid to MI is to be promptly returned. To date, MI has been paid approximately \$1.82 million in commissions in respect of the five terminated Default Units. Accordingly, on May 15, 2024, the Receiver wrote to MI to advise of the termination of the CSAs for the five terminated Default Units and to request that the associated commissions be returned by June 1, 2024.
- 7.20 It is appropriate in the Receiver’s view to proceed with the Reconfiguration Plan as: (i) it is the best option available within existing practical constraints to maximize returns from

the Project; (ii) it has been designed to maintain the same standard of quality construction and luxury of the Project, while providing for Units that are sellable in the current market; (iii) it was developed in conjunction with the Reconfiguration Advisors and supported by the Senior Secured Lenders; and (iv) given the anticipated length of time required for the market to absorb Units of the size and sale price of those in the Upper Levels in the Base Configuration, the Reconfiguration Plan provides for a significantly reduced timeline within which to realize the maximized returns. For these reasons, the Reconfiguration and LC Arrangement Order contemplates the approval and implementation of the Reconfiguration Plan as described herein.

- 7.21 It is the Receiver's intention to market the Project in the SISP based on the Reconfiguration Plan and it is the Receiver's view that its approval at the time of the SISP will provide certainty for the marketing process.

8.0 UPDATE ON THE MIZRAHI INC. MOTION FOR PAYMENT

- 8.1 On February 26, 2024, MI served the MI Payment Motion seeking to compel payment by the Receiver of: (i) \$4,086,007.53 for the period from October 18, 2023 up to February 22, 2024; and (ii) an unspecified amount for the period after February 22, 2024. The core allegation underlying the MI Payment Motion is that paragraph 17 of the Receivership Order requires that the Receiver continue paying MI using the same payment practices utilized by the Debtors in the pre-receivership period (the "**MI Payment Practices**").

- 8.2 The Receiver does not agree with MI's interpretation of the Receivership Order. The Receiver carefully considered the Receivership Order, and determined that its mandate included assessing whether MI was actually entitled to the amounts that it claimed.

- 8.3 In the Receiver's view, the Receivership Order confers on the Receiver the right to adopt the "normal payment practices", enter into a new agreement with respect to compensation (which it tried to do unsuccessfully, as described in the First Report), or ask the Court to fix fair compensation for the services that MI provided since the commencement of the Receivership Proceedings. The Receiver also believes that certain potential claims against MI should be considered as part of the MI Payment Motion.
- 8.4 On March 18, 2024, MI and the Receiver (and certain other stakeholders) attended at a case conference before Justice Osborne with respect to scheduling the MI Payment Motion. Justice Osborne accepted the Receiver's proposed litigation schedule, which contemplates delivery by the Receiver of its responding materials by May 31, 2024, and a hearing for the motion in September 2024. No specific hearing date has been set. A copy of Justice Osborne's endorsement is attached as **Appendix "F"**.
- 8.5 The Receiver is currently in the process of preparing a response to the MI Payment Motion. The Receiver has, among other things:
- (i) conducted a detailed review of the underlying contractual arrangements between MI and the Debtors;
 - (ii) reviewed certain relevant aspects of the Project history in order to assess whether the MI Payment Practices were properly authorized by the Debtors;
 - (iii) evaluated MI's performance during the period after the Receiver was appointed;
- and

(iv) investigated payment practices in the industry generally, in order to assess whether the amounts claimed by MI are consistent with market rates for similar services.

8.6 The Receiver is also investigating certain potential claims against MI. This investigation has been delayed because MI has refused to provide complete financial information about the Project to the Receiver, as described below.

The Receiver's Request for Information

8.7 As part of the Receiver's investigation of certain potential claims against MI, the Receiver is reviewing aggregate Project Costs (as defined below) and the related funding sources of same. The Receiver understands that prior to advancement of financing by the Senior Secured Lenders, funds for the Project may have been comingled within bank accounts held by MI. The Receiver is currently in the process of reviewing the Project's sources of financing and the corresponding flow of funds.

8.8 For example, as noted in the First Report, CERIECO Canada Corp. ("**CERIECO**") is a secured creditor who advanced funds to finance the initial stages of the Project's construction. The Receiver understands that CERIECO advanced approximately \$200 million to the Project (the "**CERIECO Advances**"), which was paid directly into one bank account held by MI (the "**MI Account**"). MI has advised that these amounts were either transferred to the Project's bank accounts held at TD Canada Trust and KEB Hana (the "**Project Accounts**") or used to pay Project expenses. Other amounts were, according to MI, used to pay Project expenses directly from the MI Account. In total, almost \$90 million was paid into the MI Account and never paid to the Project Accounts. The Receiver

requires certain documents to confirm these assertions but MI has refused to produce fully unredacted bank statements for the MI Account.

- 8.9 Certain CERIECO Advances were also paid directly to the Project Accounts, being segregated bank accounts that relate solely to the Project. The Receiver has access to complete bank statements for the Project Accounts.
- 8.10 The Project Accounts do not, however, provide complete information about the Project's finances because some amounts were paid directly into and out of the MI Account without being paid to the Project Accounts.
- 8.11 As part of the Receiver's review of the Project's financial records, the Receiver asked for bank statements for the MI Account (the "**MI Account Statements**"). MI provided redacted MI Account Statements, but refused to provide complete copies of the MI Account Statements. The redacted MI Account Statements show payments from CERIECO into the MI Account and certain transfers from the MI Account to the Project Accounts. The redacted statements do not show any payment of Project expenses by MI from the MI Account.
- 8.12 When the Receiver made its initial request, MI was still working as the general contractor on the Project. The Receiver determined that compelling production of the MI Account Statements at that time could harm its relationship with MI and potentially impede progress on the Project. As a result, it did not move to compel production of unredacted MI Account Statements at that time.

- 8.13 In addition to the MI Account Statements, the Receiver has asked MI to provide it with all documents, including emails, relating to the Project as part of the transition of construction management from MI to Skygrid. All of these documents (including the MI Account Statements) are “Records” within the meaning of the Receivership Order and the Receivership Order specifically requires that they be produced.
- 8.14 MI agreed to provide the requested Project documents to the Receiver, but it has not fully produced them to date. MI advised that it engaged a third-party service provider to conduct a review of the documents and that they would be provided within 3-4 weeks of April 8, 2024. The May 8, 2024 deadline set by MI passed without the production of the required documents, or any explanation from MI. Correspondence from counsel to MI relating to this issue, dated April 8, 2024 and April 19, 2024, is attached as **Appendix “G”**.
- 8.15 To date, the Records requested by the Receiver have not been fully provided. No Project-related emails have been produced since March 19, 2024. As of the date of this Second Report, Project-related emails have been provided to the Receiver for seven out of the 27 Project Employees. Certain key Project Employees who transitioned from MI to Skygrid, including project managers, have yet to receive copies of their historical email records, resulting in ongoing issues with the performance of their work and communications with trades and suppliers.
- 8.16 Counsel to the Receiver wrote to MI on April 1, 2024 and requested production of the MI Account Statements and certain ancillary documents.

- 8.17 On April 8, 2024, MI responded to the Receiver to advise that it was under no obligation to provide unredacted copies of the MI Account Statements. It claimed that all information relating to the Project was shown in the redacted records.
- 8.18 On April 16, 2024, counsel to the Receiver wrote to counsel to MI to again request that all relevant Records be produced, without alteration (i.e., without redaction). This email is attached as **Appendix “H”**.
- 8.19 On April 19, 2024, MI responded to re-iterate its refusal to produce the MI Account Statements. It said that under “no circumstances (absent a court order) will MI agree to deliver unredacted bank statements”. MI re-iterated its position that all relevant information was shown on the redacted MI Account Statements.
- 8.20 The Receiver does not agree with MI’s position. Based on its review of the redacted MI Account Statements, MI has redacted information relating to the payment of Project expenses from the MI Accounts.
- 8.21 On May 2, 2024, MI wrote to concede that the redacted bank statements it had provided did not contain all of the information about the Project. It offered to provide different redacted statements that would show Project-related payments from the MI Accounts, but insisted that the Receiver agree in advance that MI is entitled to redact non-Project related expenses.
- 8.22 The Receiver is not prepared to agree to MI’s terms, for several reasons. First, the MI Account statements are Records within the meaning of the Receivership Order. Nothing in the Receivership Order allows a party to redact information from Records that are produced

to the Receiver. Second, even assuming that the redactions proposed by MI are possible, they will take significant time to complete. This is an unnecessary delay, because unredacted documents must be produced immediately. Third, the Receiver does not believe that MI will suffer any prejudice if it produces unredacted statements for the MI Accounts. If all Project funds were used appropriately, as MI alleges, then the Receiver can confirm this, and the MI Account statements can be returned to MI or destroyed. On May 9, 2024, the Receiver wrote to require that complete and unredacted copies of the MI Accounts be produced.

8.23 On May 27, 2024, counsel to MI sent over certain additional information to the Receiver. This information does not include Project emails or unredacted statements for the MI Accounts. The Receiver is in the process of reviewing this information to determine if it is relevant.

8.24 As of the date of this Second Report, the Records requested by the Receiver, including the Project emails, have not been produced by MI to the Receiver. Accordingly, a motion will likely be required to compel production of these Records.

MI Lien Notice to Receiver and Other Disputes with MI

8.25 On April 26, 2024, MI delivered a Lien Notice to Receiver pursuant to the Lien Regularization Order claiming that it is owed \$11,041,387.76 (the “**MI Lien Amount**”). The Lien Notice provides no other information with respect to the MI Lien Amount, or the basis for MI’s entitlement to same.

- 8.26 The Receiver was initially unable to evaluate MI's Lien Claim based on the information provided by MI. Accordingly, on May 2, 2024, the Receiver delivered a request for particulars, pursuant to paragraph 22 of the Lien Regularization Order, seeking full particulars of, among other things, the methodology by which the MI Lien Amount was calculated, confirmation that the MI Lien Amount includes the amount claimed in the MI Payment Motion and confirmation of whether any of the MI Lien Amount seeks payment of statutory holdback. The Receiver's request for particulars is attached as **Appendix "I"**. Pursuant to the Lien Regularization Order, MI was required to deliver a response by May 12, 2024.
- 8.27 On May 16, 2024, MI wrote to provide certain further details to the Receiver to support a revised MI Lien Amount of \$10,845,564.30.
- 8.28 Based on the Receiver's analysis of the information provided by MI, the *maximum amount* of the Lien Claim is \$7,073,999.35. To be clear, the Receiver denies that MI is entitled to any additional payment in satisfaction of the Lien Claim, or at all. However, in an effort to narrow the dispute with MI, the Receiver prepared an analysis summarizing the Receiver's reconciliation of the Lien Claim to the information available to it, and proposed certain adjustments in its letter to counsel to MI dated May 26, 2024, attached hereto as **Appendix "J"**, that the Receiver believes will simplify (although not eliminate) the disputes relating to the Lien Claim.
- 8.29 The events described above, including MI's refusal to produce Records and its delivery of the Lien Notice (which appears to overlap with, and should be determined at the same time as, the MI Payment Motion) will require an adjustment to the schedule for the adjudication

of the MI Payment Motion. Counsel to the Receiver is working with counsel to MI to schedule a case conference to address this issue.

8.30 In addition, MI has taken the position that it is entitled to immediate payment of a 5% construction management fee (“**CM Fee**”) on amounts invoiced by subcontractors but held back pursuant to the Provincial Lien Legislation. In its May 9, 2024 letter, referenced above and attached as **Appendix “K”**, counsel to the Receiver advised MI that even if it is entitled to a CM Fee on holdback amounts (which the Receiver does not admit) then that fee would be payable when the underlying holdback amounts are paid.

8.31 MI has not responded to the Receiver’s position. However, the Receiver believes that the claim for the CM Fee on holdback amounts can and should be addressed together with the other disputes between the parties as part of the MI Payment Motion.

9.0 UPDATE ON 15-19 BLOOR MATTERS

9.1 As described in the First Report, the Receiver retained Loopstra Nixon LLP (“**Loopstra**”) in connection with an outstanding appeal to the Ontario Land Tribunal (“**OLT**”) of a refusal by the City of Toronto to approve Official Plan and Zoning By-law Amendments to permit, *inter alia*, an increase in height and density for the lands known municipally as 15-19 Bloor Street West (“**15-19 Bloor**”), being the site immediately west of the Project (the “**Appeals**”).

9.2 In connection with the Appeals, the Receiver and Loopstra attended a voluntary mediation in January 2024. Parties to the mediation included the applicant for the development proposal at 15-19 Bloor (the “**15-19 Applicant**”), the City of Toronto, the local ratepayer’s

association and the condominium corporation immediately south of 15-19 Bloor. While the majority of the Appeals were resolved amongst the parties, informal settlement discussions between the 15-19 Applicant and the Receiver continued following the mediation session in January. As a consequence of these discussions, together with the revisions to the proposal that were agreed to by the 15-19 Applicant through the mediation process, a contingent settlement in principle was reached regarding the built form of the proposal between the 15-19 Applicant and the Receiver.

- 9.3 In light of this, the hearing in respect of the Appeals, which had been scheduled to commence on June 10, 2024, was cancelled and a case management conference has been scheduled for July 15, 2024. The settlement in principle in respect of the Receiver's position in the Appeals is contingent upon the Receiver being satisfied that there are no material and unacceptable wind impacts on the Project as a result of the proposal. The 15-19 Applicant is currently undertaking a wind tunnel study, which will be peer reviewed by the wind impacts consulting engineer that has been retained on behalf of the Receiver. If the wind impacts consulting engineer identifies concerns with the wind study, which cannot be resolved to the satisfaction of the Receiver, the parties have agreed to request that the OLT schedule a hearing in the fall of 2024 to deal with those concerns.

10.0 RECEIPTS AND DISBURSEMENTS

- 10.1 Actual receipts and disbursements for the period from October 18, 2023 to April 30, 2024 (the "**Reporting Period**") are summarized in the following table:

10.2 During the Reporting Period:

- (i) total receipts of approximately \$11.6 million were comprised of HST refunds, accrued interest and other miscellaneous collections; and
- (ii) total disbursements of \$112.5 million were incurred in the ordinary course of construction and included ongoing approved Project costs (the “**Project Costs**”), comprised of payments to contractors, subcontractors and other suppliers, construction management fees paid to the Former Developer and Skygrid, payments of the applicable holdback amounts into the Holdback Accounts, costs

for various consultants including design, engineering, and architectural consultants, and for certain non-construction costs, including property taxes, insurance, permits, administrative costs, and the Receiver's fees and expenses incurred in exercising its powers and duties as Receiver, including those of the Receiver's independent legal counsel.

- 10.3 The opening cash balance of \$31.1 million relates to the Debtors' cash balance (excluding amounts in the Holdback Accounts) at the commencement of these Receivership Proceedings, which the Receiver took possession of immediately following its appointment.
- 10.4 As at April 30, 2024, the Receiver had drawn \$148.9 million under the RFCA. The Receiver's cash balance as at April 30, 2024 was \$79.2 million.⁶ The Receiver continues to ensure it has sufficient cash on hand to fund a minimum of three months of disbursements and to address potential contingencies that may arise during this period.

11.0 UPDATED CASH FLOW FORECAST

- 11.1 The RFCA provides that, upon agreement with the RFCA Lender, the Receiver may amend and resubmit the cash flow projections attached as Schedule A to the RFCA. Accordingly, the Receiver has prepared an updated cash flow forecast, together with notes and a summary of assumptions, which is attached hereto as **Appendix "L"** (the "**Updated Cash Flow Forecast**"). The Updated Cash Flow Forecast covers the six-month period from May

⁶ In addition to these funds held in the Receiver's construction account, the Receiver is also holding additional amounts in the Holdback Accounts.

1, 2024, to October 31, 2024 (the “**Forecast Period**”). The SISP is contemplated to be completed before the end of the Forecast Period.

11.2 The Receiver notes the following with respect to the Updated Cash Flow Forecast:

- (i) receipts are limited and primarily include HST refunds. There are no receipts from the sale of Units or related deposits contemplated during the Forecast Period;
- (ii) during the Forecast Period, total disbursements are projected to be approximately \$138.1 million and include ordinary course Project Costs, as well as the costs of these Receivership Proceedings;
- (iii) the opening cash balance of \$79.2 million, together with the incremental funding available under the RFCA is projected to provide the Receiver with sufficient liquidity to fund the costs included in the Updated Cash Flow Forecast through the Forecast Period;
- (iv) there is forecast to be approximately \$100 million of available liquidity at the end of the Forecast Period. In the event additional time is required to complete the SISP, this liquidity will fund the continued construction during that time; and
- (v) as referenced in the endorsement of Osborne J. dated March 7, 2024, the Receiver has confirmed to the Court that it will continue to hold in reserve an amount of not less than \$6 million pending resolution of the issues that are the subject of the MI Payment Motion (the “**MI Payment Dispute Reserve**”).

- 11.3 At the date of this Second Report, the Receiver is in compliance with, or has obtained limited waivers in respect of, all requirements under the RFCA.

Cost to Complete

- 11.4 The RFCA contemplates a maximum of \$315 million in financing for the purpose of funding the ongoing construction of the Project. As noted in the Yoon Affidavit, at the time of the Appointment Date, funding beyond the maximum amount available under the RFCA would likely be required to complete construction of the Project.
- 11.5 In connection with the Milestones provided for under the RFCA, the Receiver and its advisors, including Skygrid since the Effective Date, have devoted significant time and effort to obtaining an accurate understanding of the status of construction of the Project and of the Cost to Complete and the Schedule. As of the date of this Second Report, based on the revised Budget, Schedule and Cost to Complete, the Receiver expects that the Project will be completed in the second half of 2027, and that the Cost to Complete will exceed the maximum funding provided for under the RFCA.
- 11.6 Despite the revised timeline for completion of the Project and the revised Cost to Complete, the Senior Secured Lenders continue to be supportive of the Project and have advised the Receiver that they are committed to facilitating the completion of the Project, including through a Senior Secured Creditor Transaction in the event that the SISP does not culminate in a Successful Bid.

1.0 INTRODUCTION

- 1.1 On October 18, 2023 (the “**Appointment Date**”), pursuant to an order (the “**Receivership Order**”) of the Ontario Superior Court of Justice (Commercial List) (the “**Court**”), Alvarez & Marsal Canada Inc. was appointed as receiver and manager (in such capacities, the “**Receiver**”), without security, of all of the assets, undertakings and properties of Mizrahi Commercial (The One) LP (the “**Beneficial Owner**”), Mizrahi Development Group (The One) Inc. (the “**Nominee**”), and Mizrahi Commercial (The One) GP Inc. (“**GP Inc.**” and, together with the Beneficial Owner and the Nominee, the “**Debtors**”) acquired for, or used in relation to, a business carried on by the Debtors, including, without limitation, in connection with the development of an 85-storey condominium, hotel and retail tower (the “**Project**”) located on the southwest corner of Yonge Street and Bloor Street West in Toronto, Ontario.
- 1.2 On June 6, 2024, the Court granted the Order (Approval of SISP) (the “**SISP Approval Order**”) which, among other things, approved the sale and investment solicitation process (the “**SISP**”) in respect of the Project and authorized and directed the Receiver and the Broker (as defined below), to implement the SISP. A copy of the SISP Approval Order is attached hereto as **Appendix “A”**. A summary of the SISP and its key terms is included in the Second Report of the Receiver dated May 28, 2024 (the “**Second Report**”).
- 1.3 In connection with these receivership proceedings (the “**Receivership Proceedings**”), the Receiver has previously filed with this Court five reports and three supplemental reports (collectively, the “**Prior Reports**”). Additional background regarding the Debtors and the Project, including an overview of the circumstances leading to the appointment of the

Receiver, are set out in the Prior Reports and in the application record dated October 17, 2023 (the “**Application Record**”) of the Debtors’ senior secured lenders, KEB Hana Bank as trustee of each of IGIS Global Private Placement Real Estate Fund No. 301 and IGIS Global Private Placement Real Estate Fund No. 434 (together with KEB Hana Bank as trustee of IGIS Global Private Placement Real Estate Fund No. 530, the “**Senior Secured Lenders**”).

- 1.4 The Application Record, the Prior Reports and other Court-filed documents and notices in these Receivership Proceedings can be found on the Receiver’s case website at: www.alvarezandmarsal.com/theone (the “**Case Website**”).

2.0 PURPOSE OF THIS REPORT

- 2.1 The purpose of this Sixth Report (the “**Sixth Report**”) is to provide an interim update in respect of the SISP.¹ As described in further detail below, the SISP has culminated in the Receiver entering into a binding term sheet (the “**Term Sheet**”) with Tridel Builders Inc. and certain of its affiliates as specified therein (collectively, “**Tridel**”) in respect of the Development Proposal (as defined below) submitted by Tridel pursuant to the SISP. A redacted copy of the Term Sheet is attached hereto as **Appendix “B”**.² Pursuant to the definitive documentation contemplated by the Term Sheet, Tridel will be engaged to take

¹ Capitalized terms used in this Sixth Report and not otherwise defined have the meanings given to them in the SISP.

² The Term Sheet has been redacted to remove references to certain confidential and sensitive commercial information, including financial terms, which, if disclosed at this time, could negatively impact the ongoing SISP, notably because the definitive documents contemplated by the Term Sheet have not yet been finalized.

over the Project as the development manager, construction manager and general contractor (the “**Transaction**”).

2.2 The Receiver is not seeking any relief from the Court in connection with the SISP or the Transaction at this time. The Receiver, in consultation with the Broker and the Senior Secured Lenders, is working with Tridel to finalize the definitive documentation contemplated in the Term Sheet, with a view to seeking Court approval of the Transaction and related relief in the near term.

2.3 In addition to providing an interim update on the results of the SISP, this Sixth Report also provides a brief update on the status of ongoing construction.

3.0 TERMS OF REFERENCE AND DISCLAIMER

3.1 In preparing this Sixth Report, the Receiver has obtained and relied upon unaudited financial information, books and records, and other documents of the Debtors, and has held discussions with, and been provided with certain additional information from, the Receiver’s project manager, Knightsbridge Development Corporation (“**KDC**”), the Senior Secured Lenders’ cost consultant, Finnegan Marshall Inc. (the “**Cost Consultant**”), and certain other parties as referenced herein (collectively, the “**Information**”).

3.2 The Receiver has reviewed the Information for reasonableness, internal consistency and use in the context in which it was provided. However, the Receiver has not audited or otherwise attempted to verify the accuracy or completeness of the Information in a manner that would wholly or partially comply with Canadian Auditing Standards (“**CASs**”) pursuant to the *Chartered Professional Accountants Canada Handbook*, and accordingly,

the Receiver expresses no opinion or other form of assurance contemplated under CASs in respect of the Information.

3.3 This Sixth Report has been prepared to provide an interim update in respect of the SISP, as well as a brief update on the status of ongoing construction of the Project. Accordingly, the reader is cautioned that this Sixth Report is not appropriate for any other purpose, and that the Receiver will not assume any responsibility or liability for any losses incurred by the reader as a result of the circulation, publication, reproduction or use of this Sixth Report.

3.4 Unless otherwise stated, all monetary amounts contained in this Sixth Report are expressed in Canadian dollars.

4.0 SISP UPDATE

4.1 As detailed in the Second Report, prior to commencing the SISP, the Receiver and its advisors, in consultation with the Senior Secured Lenders and their advisors as well as various other Project advisors, undertook a series of significant pre-SISP work streams to ensure that certain core Project-related matters had been advanced to a point that the Project could be marketed in the most value-maximizing manner possible, notwithstanding that the Project was, and remains, under construction. These pre-SISP activities, which included the engagement of Jones Lang LaSalle Real Estate Services, Inc. as broker (in such capacity, the “**Broker**”), are described in detail in the Second Report and formed an important component of the diligence made available to Participating Bidders (as defined below) during Phase 1 and Phase 2 of the SISP.

4.2 The SISP was designed to efficiently and effectively canvass the market for any and all potential forms of value maximizing transactions that may be available and acceptable to the Receiver and the Senior Secured Lenders for the sale of the Project, or alternatively, for go-forward arrangements with developers for its construction to completion. Specifically, the SISP was designed to solicit interest in the opportunity to either:

- (i) acquire or invest in the Project (or either of the Residential Component or the Commercial Component³) pursuant to one or more sale or investment transactions (a “**Transaction Proposal**”) that individually or in the aggregate have a purchase price or investment amount equal to or exceeding \$1.2 billion, being the minimum bid threshold required by the Senior Secured Lenders; or
- (ii) enter into an arrangement with the Senior Secured Lenders to complete the construction, development and realization of value from the Project on terms acceptable to each of the Receiver and the Senior Secured Lenders (a “**Development Proposal**” and together with a Transaction Proposal, the “**Opportunities**” and each an “**Opportunity**”).

4.3 The following table summarizes the key dates and milestones of the SISP:

³ The Residential Component is comprised of the residential suites occupying levels 17 through 85 of the Project, and the Commercial Component is comprised of four underground parking levels and 16 aboveground levels including the retail space on the ground floor, the food and beverage spaces on level three, and the spaces designed for a premium hotel on levels five and seven through 16.

Milestone	Date(s)
Phase 1: Formal marketing process and initial due diligence period	June 6 to July 30, 2024
Phase 1 Bid Deadline	July 30, 2024
Phase 2: Due diligence period for Qualified Bidders	August 13 to September 24, 2024
Phase 2 Bid Deadline	September 24, 2024
Court Approval of Successful Bid	Not later than the week of October 14, 2024 (subject to Court availability)

4.4 The Receiver and the Broker conducted the SISP in accordance with the Milestones. As detailed below, the Milestone for Court approval of a Successful Bid has been extended in accordance with the terms of the SISP to allow further time to finalize the terms of Tridel's Development Proposal and advance the Term Sheet and the definitive documentation contemplated therein.

Solicitation Materials

4.5 In furtherance of the SISP, the Broker and the Receiver:

- (i) prepared a list of potential purchasers, developers, asset managers and other parties considered to be viable Potential Bidders, including those parties who contacted the Receiver or the Broker expressing an interest in participating in the SISP (the "**Initial Bidder List**"). The Initial Bidder List was developed to canvass the widest possible market and included parties that could be interested in a Transaction Proposal and/or a Development Proposal, including parties located in Canada, the United States and internationally;

- (ii) prepared a form of non-disclosure agreement (“**NDA**”) required to be signed by Potential Bidders;
- (iii) prepared a marketing brochure (the “**Brochure**”) and promotional video describing the Project and the Opportunities;
- (iv) prepared a confidential information memorandum with detailed Project information to be provided to Potential Bidders who signed the NDA; and
- (v) developed an electronic data room (the “**Phase 1 Data Room**”) containing detailed Project information, including, among other things, property surveys, tax information, consultant reports, information with respect to zoning, planning and permitting, information regarding trades and consultants working on the Project, summary revenue information, a sample of redacted condominium agreements of purchase and sale, detailed information regarding costs incurred to date, a summary of the overall budget and estimated cost to complete, detailed construction and procurement schedules, and other relevant Project information.

Phase 1

- 4.6 The SISP was structured as a two-phased process, which formally commenced on June 6, 2024, immediately upon the granting of the SISP Approval Order.
- 4.7 The Broker launched Phase 1 by directly contacting each of the parties on the Initial Bidder List, comprised of 91 parties, and by disseminating the Brochure and NDA, as well as a link to the promotional video to over 4,000 additional parties in the Broker’s database of

real estate investors, developers and others identified as potentially having an interest in the Project.

- 4.8 Of this group, 53 parties signed an NDA (each, a “**Participating Bidder**”) and were granted access to the Phase 1 Data Room. A total of 50 Participating Bidders logged into in the Phase 1 Data Room and reviewed certain of the information contained therein.
- 4.9 During Phase 1, the Broker and the Receiver worked diligently with the Participating Bidders to respond to all questions and inquiries received in respect of the Project, to discuss the Project and its current status of development, and to address diligence questions to ensure that Participating Bidders had the information necessary to formulate a Transaction Proposal and/or a Development Proposal.
- 4.10 Pursuant to the terms of the SISP, a Development Proposal is required to include a description of the Participating Bidder’s plans for the development of the Project (a “**Development Plan**”), including: (i) a pro forma model and estimated timeline to complete construction of the Project; (ii) any proposed construction changes and the impacts, if any, on the construction schedule; (iii) proposed sales, marketing and branding strategies for the Residential Component; and (iv) the proposed business plan for the Commercial Component of the Project, including the retail, hotel, restaurant and parking components.
- 4.11 Over the course of Phase 1, approximately 10 Participating Bidders expressed a high degree of interest in the Opportunities, dedicated significant internal and external resources to the SISP, and conducted extensive due diligence on the Project including, among other things:

- (i) conducting an extensive review and analysis of the materials available in the Phase 1 Data Room;
- (ii) engaging third-party consultants and advisors to assist in their due diligence efforts;
- (iii) attending numerous meetings with the Broker and the Receiver to improve their understanding of the Project and advance their due diligence;
- (iv) attending a site tour of the Project with the Receiver, the Broker and KDC to gain a better understanding of the construction status and the unique characteristics of the Project; and
- (v) attending several meetings with the Receiver, the Broker and the Senior Secured Lenders to discuss potential forms of Development Proposals and/or Transaction Proposals, and in particular to assist in the preparation of their Development Plans.

4.12 On July 17, 2024, the Broker distributed a process letter (the “**Phase 1 Letter**”) to the Participating Bidders who at that time remained active in the SISP and were interested in submitting either a Transaction Proposal or a Development Proposal (each type of proposal had a unique form of Phase 1 Letter). The Phase 1 Letter, among other things, confirmed instructions for the submission of LOIs by the Phase 1 Bid Deadline and outlined certain criteria or additional requests for the submission of a Transaction Proposal or a Development Proposal, as applicable. The Phase 1 Letter was uploaded to the Phase 1 Data Room. Copies of the Phase 1 Letters are attached hereto as **Appendix “C”**. On July 9, 2024, the Broker also broadly distributed an email to all parties who had been contacted

during the SISP up to that date to remind them of the Opportunities and the Phase 1 Bid Deadline.

- 4.13 The Phase 1 Letter delivered to Participating Bidders interested in submitting a Development Proposal included certain requests for additional information from the Participating Bidders. Such requests were developed by the Receiver and the Broker in consultation with the Senior Secured Lenders and were made without limiting the criteria outlined in the SISP. Specifically, the additional requests were designed to assist in the timely review and comparison of LOI submissions for Development Proposals, in particular in the comparison of Development Plans.
- 4.14 On or about July 30, 2024, being the Phase 1 Bid Deadline, the Receiver and the Broker received LOIs from 11 Participating Bidders. Of these, ten Participating Bidders delivered a Development Proposal, and one delivered a Development Proposal and two forms of Transaction Proposals.
- 4.15 The Receiver, in consultation with the Broker and the Senior Secured Lenders, reviewed the LOIs to determine, among other things, which of the LOIs constituted a Qualified LOI.
- 4.16 With respect to the two Transaction Proposals received, the Receiver requested clarifications and additional information from the relevant Participating Bidder to assist in assessing whether the applicable LOIs could be considered Qualified LOIs. After carefully reviewing the Transaction Proposals and consulting with the Broker and the Receiver's counsel in respect of same, the Receiver ultimately determined, in its business judgement, that the LOIs received in respect of the Transaction Proposals were not Qualified LOIs and advised the relevant Participating Bidder as such.

- 4.17 Most of the LOIs for Development Proposals included detailed and comprehensive Development Plans that considered, among other things, value maximizing strategies for each of the Residential Component and the Commercial Component, assessments of potential value engineering and cost saving initiatives, and proposed fee schedules. The Receiver and the Broker reviewed these LOIs in detail, including each of the Participating Bidder's Development Plans.
- 4.18 In accordance with the terms of the SISP, the Receiver, in consultation with the Broker and the Senior Secured Lenders⁴, determined that four of the LOIs received in respect of Development Proposals were Qualified LOIs. The applicable LOIs were determined to be Qualified LOIs because, among other reasons, they: (i) were submitted by developers identified as being able to provide the best combination of experience, expertise and capabilities to complete the development of the Project in a timely, efficient and value maximizing manner; and (ii) were acceptable to the Senior Secured Lenders (solely for purposes of proceeding to Phase 2).
- 4.19 On or about August 9, 2024, the Participating Bidders who submitted a Qualified LOI (each, a "**Qualified Bidder**") were provided with a letter advising them that they had been selected to participate in Phase 2 of the SISP. During the same period, those Participating Bidders who submitted LOIs that were determined not to be Qualified LOIs were notified that they would not be advancing to Phase 2 of the SISP.

⁴ As outlined in the SISP, the Senior Secured Lenders irrevocably confirmed to the Receiver that they would not be submitting a bid in the SISP. Accordingly, the SISP provides that the Senior Secured Lenders are entitled to receive all confidential information in respect of the SISP, including copies of all LOIs, Qualified LOIs, and Final Bids (collectively, the "**Confidential SISP Information**"). The Receiver has provided regular updates to the Senior Secured Lenders throughout the SISP, as well as copies of the Confidential SISP Information received.

- 4.20 On August 22, 2024, the Receiver delivered an interim update in respect of the SISP detailing the results of Phase 1 and outlining the contemplated next steps in the SISP to those Secured Creditors who had executed a non-disclosure agreement and had irrevocably confirmed to the Receiver in writing that neither they, nor any of their affiliates, would be participating as a bidder in the SISP.

Phase 2

- 4.21 Phase 2 of the SISP commenced on or about August 12, 2024. During Phase 2, the Qualified Bidders performed further due diligence, including:
- (i) being given access to a more extensive data room containing further Project information, including additional contract and change order documentation, detailed Project drawings, further detail with respect to the overall budget and estimated cost to complete, additional consultant reports, and additional information regarding the Project's construction schedule;
 - (ii) participating in meetings with the Cost Consultant and certain of the Project's other key consultants, such that the Qualified Bidders could advance their diligence and understanding of the Project; and
 - (iii) participating in additional meetings with the Receiver, the Broker and the Senior Secured Lenders to review and discuss the Qualified Bidders' respective Development Plans.
- 4.22 Also during Phase 2, the Receiver and the Broker, in consultation with the Senior Secured Lenders, worked with the Qualified Bidders to further develop and improve the terms of

their respective Development Proposals. Specifically, among other things, the Receiver and the Broker:

- (i) engaged in detailed discussions with the Qualified Bidders to respond to any further due diligence inquiries and to discuss each Qualified Bidder's value maximizing strategies, fee proposals and other important aspects contemplated in their respective Development Proposals with a view to providing detailed feedback in respect of same; and
- (ii) together with the Senior Secured Lenders, spent a significant amount of time meeting with each of the Qualified Bidders and touring their various completed and in-progress developments to better understand and assess the Qualified Bidders' development and construction experience, capabilities and capacity to successfully lead the completion of the Project.

4.23 Prior to the Phase 2 Bid Deadline, the Receiver notified one of the four Qualified Bidders that it would not be continuing further in Phase 2 as its proposed fee structure contemplated fees outside of the range of the other Qualified Bidders, and such Qualified Bidder was not amenable to revising its proposed fee structure.

4.24 Also in advance of the Phase 2 Bid Deadline, the Receiver, after consultation with the Broker and the Senior Secured Lenders, determined that given the significant level of detail of the Qualified LOIs that had already been submitted by the remaining Qualified Bidders (which Qualified LOIs included Development Proposals that were further developed and improved during Phase 2), it was not necessary to require these three remaining Qualified Bidders to submit a formal Final Bid in advance of the Phase 2 Bid Deadline.

- 4.25 Over the remaining course of Phase 2, the Receiver and the Broker, in consultation with the Senior Secured Lenders, continued to work to identify a lead Qualified Bidder, ultimately being Tridel, whose Qualified LOI and Development Proposal was viewed as superior to the other Qualified LOIs and Development Proposals received, including for the reasons set out below. On or about the Phase 2 Bid Deadline, the Receiver advised the two other remaining Qualified Bidders that the Receiver would be moving forward with another Qualified Bidder.

Selected Qualified Bid

- 4.26 Tridel's Development Proposal was determined to be the superior proposal and was designated as the Selected Qualified Bid for, among other reasons, the following:

- (i) **Development and Construction Experience.** Tridel's development and construction experience is best aligned with the size, scope, and complexity of the Project. In particular:
- (a) Tridel has over 90 years of home-building experience and is recognized as one of Canada's leading high-rise developers having delivered over 90,000 homes and developed over 200 communities in the Greater Toronto Area;
 - (b) Tridel is an award-winning developer with an established reputation in the real estate market for delivering high quality, luxury condominiums, and for possessing relevant experience in building large, complex, mixed-use developments that are comprised of both residential and commercial components;

- (c) Tridel's recent applicable project experience at The Well (a mixed-use development in Toronto comprised of seven towers), Bayside Toronto Waterfront Community (a mixed-use development in Toronto comprised of four towers), and Ten York (a 65-storey condominium in Toronto), demonstrate its ability to successfully complete development projects comparable to the size, nature and complexity of the Project; and
 - (d) Tridel's large and broad service offering allows it to provide certain in-house resources and expertise to complete the construction and development of the Project in an effective and efficient manner. Tridel offers a full suite of services, which include, but are not limited to, development management, construction management, sales management, and interior design;
- (ii) **Development Plan.** Tridel's Development Plan provides for a value maximizing plan for the completion and monetization of the Project. This plan includes certain value maximizing strategies for the Residential Component and the Commercial Component, value engineering initiatives which are anticipated to save costs, and potential re-design concepts for certain of the unbuilt residential units. Further, the Receiver and the Broker are of the view that Tridel's premier reputation in the development industry will be of additional value in the construction and marketing of the Project;
- (iii) **Fee Structure.** Tridel's proposed fee structure was competitive with the other fee proposals received during Phase 1 of the SISP. Through further negotiation during

Phase 2, Tridel's fee structure was further improved by: (a) reducing certain costs and fees; and (b) revising certain components of Tridel's overall fees to be payable only on a contingent basis (based on certain revenue targets and costs savings), thereby providing for further alignment of interests between the Senior Secured Lenders and Tridel; and

- (iv) **Senior Secured Lenders' Support.** The Senior Secured Lenders advised the Receiver that they are supportive of Tridel's Development Proposal.

Term Sheet

- 4.27 Following the Phase 2 Bid Deadline, the Receiver and the Broker, in consultation with the Senior Secured Lenders, continued to work with Tridel to finalize the terms of Tridel's Development Proposal.
- 4.28 Pursuant to the Milestones contemplated in the SISP, the Receiver was to seek Court approval of the Selected Qualified Bid by no later than the week of October 14, 2024, subject to Court availability (the "**Court Approval Milestone**"). In accordance with the terms of the SISP, following consultation with the Broker and with the consent of the Senior Secured Lenders, the Receiver extended the Court Approval Milestone to allow for further time to finalize the terms of Tridel's Development Proposal and advance the Term Sheet and definitive transaction documentation. On October 11, 2024, the Receiver posted a notice to the Case Website advising of the extension of the Court Approval Milestone. A copy of the notice extending the Court Approval Milestone is attached hereto as **Appendix "D"**.

4.29 On December 6, 2024, the Receiver, Tridel and the Senior Secured Lenders executed the binding Term Sheet outlining the principal terms and conditions of the Transaction, including the specific services that will be performed by Tridel (including on an interim basis prior to seeking Court approval and implementation of the Transaction) and the fees associated with those services, all of which will be further documented in definitive agreements with Tridel (collectively, the “**Definitive Agreements**”).

4.30 Certain key provisions and aspects of the Term Sheet are summarized below:

- (i) subject to Court approval, Tridel shall be engaged on a fee-for-service basis to complete the construction, development and realization of value from the Project.
- (ii) the Term Sheet and the Definitive Agreements will set out the services to be performed by Tridel and the terms related thereto, including project management services, construction management services (to be documented in a CCDC 5B 2010 Construction Management Contract – for Services and Construction), and residential sales management services, and Tridel will grant the Debtors a non-exclusive license to use the Tridel trademark(s) in the branding and operation of the Project, including, without limitation, in the future sale or lease of condominium units in the Project and in connection with the Commercial Component (collectively, the “**Tridel Services**”);
- (iii) the compensation (including both fees and reimbursable expenses) for the Tridel Services have been agreed to among the parties and documented as a schedule to the Term Sheet. A summary of these fees will be provided when the Receiver returns to Court to seek approval of the Transaction. The Term Sheet contemplates

that: (a) on signing, the Receiver will provide Tridel with an advance payment of approximately \$2.3 million plus HST on account of the Tridel Services (the “**Tridel Fee Advance**”); and (b) if the Term Sheet is terminated, Tridel will be required to return the Tridel Fee Advance, net of a fixed fee, as compensation for the Interim Services;

- (iv) the Transaction will be implemented and each of the Definitive Agreements will come into full force and effect ten (10) days after Court approval of the Transaction, or such other date as the parties shall mutually agree to (the “**Effective Date**”);
- (v) from the date of execution of the Term Sheet until the Effective Date (the “**Interim Period**”), Tridel will perform certain interim services, including, among other things, assisting the Receiver with certain development management services, commencing certain planning activities in connection with the sale and marketing plan for the Project generally, and implementing a construction management transition plan designed to ensure a smooth transition upon the Effective Date;
- (vi) upon the Effective Date, Tridel, on behalf of the Beneficial Owner and the Nominee, will assist with Home Construction Regulatory Authority (Ontario) and Tarion Warranty Corporation matters to continue advancing the construction and development of the Project in accordance with applicable statutory requirements;
- (vii) prior to the Effective Date, the Existing Hotel Agreements and the Existing F&B Agreements (each as defined in the Term Sheet) will be disclaimed and, following the Effective Date, a process will be implemented to assist in selecting a new operator of the hotel component of the Project;

- (viii) the Senior Secured Lenders shall agree to enter into a further super-priority financing agreement to fund the completion of the Project and the ongoing restructuring proceedings on terms agreeable to the parties, each acting reasonably; and
- (ix) the Term Sheet may be terminated by any party to the Term Sheet on not less than five days' written notice to each of the other parties to the Term Sheet in the event:
 - (a) the Definitive Agreements are not settled on or before December 20, 2024, or such later date as the parties may mutually agree to; (b) the Court declines to approve the Transaction and grant the related relief required by the parties for the implementation of the Transaction; or (c) the Effective Date has not occurred on or before January 31, 2025, or such later date as the parties may mutually agree to.

5.0 RECEIVER'S CONTEMPLATED NEXT STEPS

Motion for Approval of the Transaction and CCAA Application

- 5.1 The Receiver is of the view that the SISP has been conducted in accordance with the terms of the SISP Approval Order, and that the market has been fully and properly canvassed.
- 5.2 As soon as practicable following agreement on the Definitive Agreements, the Receiver intends to return to Court to seek approval of the contemplated Transaction and related relief. In connection with seeking approval of the Transaction, the Receiver also intends to bring an application under the *Companies' Creditors Arrangement Act* (the "CCAA") on behalf of the Debtors to transition these Receivership Proceedings to proceedings under the CCAA so as to, among other things, best facilitate (in the judgment of the Receiver,

Tridel and the Senior Secured Lenders) the implementation of the Transaction, including the ongoing construction of the Project and the marketing and sale of condominium units in the Project. The Senior Secured Lenders have confirmed to the Receiver that they are committed to facilitating the continued construction of the Project to completion, including by continuing to fund construction of the Project, should the Transaction be approved and implemented and the CCAA relief granted by the Court.

- 5.3 Both prior to and following the contemplated Court approval of the Transaction, payments to all contractors, trades and other suppliers engaged on the Project will continue to be made on a monthly basis in the normal course pursuant to the terms of the Receivership Order and anticipated further Orders of the Court.
- 5.4 The Receiver will provide further information in respect of the Transaction, the Definitive Agreements and the additional relief to be sought in connection therewith in a further report to be filed in support of the Receiver's motion for approval of the Transaction and the Receiver's CCAA application to be made on behalf of the Debtors.

Transition of Construction Manager

- 5.5 The Transaction contemplates that, upon the Effective Date, Tridel will take over from SKYGRiD Construction Inc. ("SKYGRiD") as the construction manager for the Project, and during the Interim Period, will work cooperatively with SKYGRiD to transition into that role.
- 5.6 Pursuant to the CCDC 5B 2010 Construction Management Contract – for Services and Construction entered into between the Receiver and SKYGRiD on June 5, 2024 (the

“**SKYGRiD CCDC 5B Contract**”), the Receiver may terminate the SKYGRiD CCDC 5B Contract for convenience at any time and without cause, upon giving not less than thirty working days prior notice to SKYGRiD.

- 5.7 In light of the execution of the Term Sheet, the Receiver advised SKYGRiD of its intention to exercise the foregoing termination right in connection with implementing the Transaction. SKYGRiD has confirmed to the Receiver its willingness to work cooperatively with Tridel and the Receiver to ensure a smooth transition of the construction management of the Project to Tridel.

6.0 CONSTRUCTION UPDATE

- 6.1 As outlined in the Prior Reports, the Receiver has been focused on advancing and overseeing the construction of the Residential Component, which has continued uninterrupted throughout these Receivership Proceedings to date, including during the SISP, and which has progressed significantly since the Appointment Date.
- 6.2 Since the commencement of its role as construction manager of the Project, SKYGRiD has ensured the ongoing, uninterrupted construction of the Project. In particular, SKYGRiD developed and implemented numerous improvements to the construction management of the Project, including with respect to reporting, project management controls, and trade and supplier management, which improvements have contributed significantly to the construction progress summarized below.
- 6.3 At the Appointment Date, tower slabs in the building superstructure were poured to level 42 and curtainwall (the façade) on the building envelope was installed through level 11.

- 6.4 During the period from the Appointment Date up to November 30, 2024, an additional 34 floors of tower slabs have been poured through level 76, and the installation of the window curtainwall has advanced by an additional 38 floors through level 49.
- 6.5 As of November 30, 2024, other key construction activities have continued to progress in line with the progress of the building enclosure, as follows:
- (i) standpipe for the fire suppression system is installed to level 64, standpipe for water service is partially installed to level 57, and in-suite distribution piping is partially installed to level 39;
 - (ii) gas service to the suites is installed up to level 47;
 - (iii) HVAC distribution from the mechanical rooms to the residential suites is partially complete up to level 59; and
 - (iv) electrical main services are on-line up to level 38, with electrical main services installed up to level 58 (not yet on-line).
- 6.6 The Reconfiguration Plan (as defined in the Second Report) approved by the Court pursuant to the Order (Reconfiguration and Letters of Credit Arrangement) on June 6, 2024, is advancing as planned and in accordance with applicable zoning requirements, site plans, and permits. Specifically, the Receiver and the Project's consultants submitted an updated set of drawings reflecting the proposed changes contemplated by the Reconfiguration Plan to the City Planning Division, who has confirmed that the revisions are substantially in accordance with the approved site plan drawings. A revised building

permit application is currently under review by the Toronto Building department and the Receiver anticipates that the revised building permit will be issued in the near term.

1. **Recitals.** The recitals hereinbefore set forth are true in substance and in fact.
2. **Certain Capitalized Terms.** Capitalized terms used herein and not otherwise defined have the meaning given to them in the Project Management and Services Agreement.

3. **Right of Setoff.** Subject to Sections 4 and 5, the parties agree and acknowledge that:
- (a) any amount owing by any of the Tridel Parties to the Owner under or in connection with any of the Tridel Agreements may be setoff or otherwise applied against any amount owing by the Owner to any of the Tridel Parties under or in connection with any of the Tridel Agreements;
 - (b) any amount owing by the Owner to any of the Tridel Parties under or connection with any of the Tridel Agreements may be setoff or otherwise applied against any amount owing by any of the Tridel Parties to the Owner under or in connection with any of the Tridel Agreements; and
 - (c) without limiting Section 3(a) hereof, the Tridel Parties agree and acknowledge that, if any of the Tridel Agreements are terminated, the Owner may, in its sole discretion (but subject to the terms of this Agreement), setoff or otherwise apply the amount of any damages suffered by the Owner under or in connection with any of the Tridel Agreements against any amount owing by the Owner to any of the Tridel Parties pursuant to any of the Tridel Agreements, including such amounts which would otherwise be payable to a Tridel Party on the termination of the Tridel Agreements.
4. **Notice of Setoff.** If a party (the “**Exercising Party**”) intends to exercise its right of setoff, such party shall, not less than ten (10) Business Days prior to doing so, provide to the other party (the “**Other Party**”, which in the case where the Exercising Party is the Owner, means the Tridel Parties) a statement describing in reasonable detail the obligations as to which it intends to exercise its right of setoff and the obligations as to which such obligations will be applied (a “**Setoff Notice**”). If during such 10-day period following receipt of the Setoff Notice, the Other Party (or, if the Other Party is one of the Tridel Parties, if any Tridel Party) pays to the Exercising Party the amount set out in the Setoff Notice (or otherwise corrects or cures the breach, default or deficiency that gave rise to the amount owing to the Exercising Party as set forth in the Setoff Notice), the Exercising Party shall have no right of setoff in respect of such amount actually paid. To the extent that the Other Party objects to the Exercising Party’s exercise of its right of setoff set forth in a Setoff Notice, the Other Party shall provide written notice to the Exercising Party describing in reasonable detail such objection within ten (10) days of receipt of a Setoff Notice (a “**Setoff Dispute Notice**”). In the event the parties are unable to resolve such dispute following such meeting, any party or the Monitor may bring a motion to the Court to determine such dispute. For clarity, if the Other Party delivers a Setoff Dispute Notice in the time period set out herein, the Exercising Party shall not be required to pay those obligations to the Other Party to which it intends to apply the obligations to be setoff, as set out in the Setoff Notice, until either (i) the parties have satisfactorily resolved the dispute set out in the Setoff Dispute Notice or (ii) the Court has made a determination of the dispute set out in the Setoff Dispute Notice.

5. **Exclusions to Setoff.** Notwithstanding the setoff rights set out in Section 3:

- (a) the Owner shall have no right of setoff against any amounts owing by the Owner to the Construction Manager that the Construction Manager in turn owes to a subcontractor of the Construction Manager in respect of the Project (other than any subcontractor that is itself a Tridel Party or an Affiliate of a Tridel Party). For greater certainty, the Construction Manager's Fee (as defined in the Construction Management Agreement) will never be considered owing to a subcontractor; and
- (b) subject to section 21 of the *Companies' Creditors Arrangement Act*, the Owner and the Tridel Parties shall have no right of setoff against any amounts determined or found to be owing by the Owner to a Tridel Party, or by a Tridel Party to the Owner, by an adjudicator, an arbitrator or court other than for amounts that are the subject of a Setoff Notice received within 30 days after the commencement of the adjudication, arbitration or court proceedings, as the case may be, or in the case of a right to setoff that arises after the commencement of the adjudication, arbitration or court proceedings, as the case may be, within 30 days after becoming aware of such right to setoff (it being understood that nothing in this subsection 5(a) shall be construed so as to modify the parties agreement regarding jurisdiction in Section 15 or the jurisdiction of the Court with respect to any claim against or in respect of the Owner).

6. **Limitation of Liability.** Notwithstanding anything to the contrary contained in this Agreement or any of the other Tridel Agreements, the aggregate liability of each of the Tridel Parties to the Owner for any Claims as a result of or arising out of or relating to the Tridel Agreements shall be limited, in the aggregate, to the insurance available in respect of such Claims plus:

- (a) for Claims asserted from the Effective Date until the first anniversary of the Effective Date ("**Year 1**"), \$10 million; and
- (b) for Claims asserted after Year 1, an amount equal to the total fees paid to the Tridel Parties in the aggregate under the Tridel Agreements as at the date the Claim is made against a Tridel Party.

The foregoing limitation on liability shall: (i) not restrict the Owner's claims against the Tridel Parties to the extent of available insurance or the Owner's setoff rights under Section 3 hereof; (ii) not apply in respect of fraud, wilful misconduct or criminal acts; and (iii) in the case of Claims pursuant to paragraph 12.1.2 of the Construction Management Agreement, not apply to anything that is not subject to the limitations set out in that paragraph.

7. **Tridel Charge.**

- (a) The Tridel Charge shall secure only those specific obligations of the Owner to the Tridel Parties as expressly set forth in the other Tridel Agreements as being

secured by the Tridel Charge and shall not secure any other obligations of the Owner to the Tridel Parties.

- (b) The Tridel Parties shall consent to the discharge of the Tridel Charge against a Unit in connection with any motion brought by the Owner or the Monitor seeking approval of a Unit Sale in respect of such Unit and vesting such Unit in the applicable Unit Purchaser or Existing Unit Purchaser, or otherwise upon the reasonable request of the Owner or the Monitor in connection with a Unit Sale, provided that upon such discharge of the Tridel Charge, the claims of the Tridel Parties secured by the Tridel Charge shall attach to the net proceeds from such Unit Sale with the same priority as they had with respect to the Unit immediately prior to the sale, as if the Unit had not been sold and remained in the possession or control of the Owner and any order of the Court made in connection with such sale shall so provide. In addition, the Tridel Parties shall consent to the discharge of the Tridel Charge against the Commercial Real Property and Commercial Project in conjunction with the exercise by the Owner of its right to terminate the Project Management Services Agreement as it relates to the Commercial Real Property and the Commercial Project (or any portion thereof) as set out in the Project Management Services Agreement.

8. **Representations and Warranties of the Parties.** Each of the parties hereto represents and warrants in favour of the other parties hereto that:

- (a) it is duly formed, validly existing, organized and in good standing under the laws of its jurisdiction of formation and has not been dissolved;
- (b) it has all requisite corporate power, authority and capacity to own, lease and operate its property and assets and to carry on its business as presently conducted;
- (c) it has the capacity, authority and power to execute, deliver and perform its obligations under the Tridel Agreements to which it is a party (subject, in the case of the Owner, to obtaining Court Approval);
- (d) each of the Tridel Agreements have been duly and validly authorized by it and upon execution and delivery will constitute a legal, valid and binding obligation of the party, enforceable against it in accordance with its terms, except (i) as such enforceability may be limited by bankruptcy, insolvency, moratorium, reorganization and similar laws affecting creditors' rights generally, (ii) as such enforceability may be limited by general principles of equity, regardless of whether asserted in a proceeding in equity or law, and (iii) in the case of the Owner, subject to obtaining Court Approval; and
- (e) neither the execution and delivery of the Tridel Agreements or any other agreement or document to which it is or will become a party as contemplated by the Tridel Agreements, the consummation of the Transaction contemplated herein or therein nor compliance by it with any provisions hereof or thereof will (a) conflict with or result (with or without notice, lapse of time or both) in a breach

of any of the terms, conditions or provisions of the articles, by-laws or other constating documents of the party, (b) other than with respect to the Owner, conflict with or result in a breach or a default (or give rise to any right of termination, cancellation, acceleration, modification or other right) under any of the provisions of any note, bond, mortgage, indenture, franchise, permit, material contract or other instrument or obligation to which it is a party, or by which it is bound or affected, or (c) violate any laws applicable to the party or any of its properties or assets in any material respect.

9. **Conditions Precedent.** Each of the parties agree that the effectiveness of the Transaction and each of the Tridel Agreements (other than this Agreement) is subject to the satisfaction or waiver of each of the following conditions precedent, each of which is for the mutual benefit of each of the parties hereto and may only be waived (in whole or in part) by mutual agreement of the parties hereto:

- (a) Court Approval shall have been obtained, including the Court granting each of the CCAA Initial Order and the Transaction Approval Order;
- (b) the Development Financing Agreement shall be entered into and approved by the Court under the CCAA Initial Order; and
- (c) the Existing Hotel Agreements and the Existing F&B Agreements, each as defined in Schedule "H" hereto, shall have been disclaimed and such disclaimers shall be in full force and effect on the Effective Date.

10. **Assignment.**

- (a) The Owner shall have the right to assign this Agreement, collectively with the other Tridel Agreements, as collateral security in favour of the Development Lender, and the Development Lender may assign this Agreement, collectively with the other Tridel Agreements, to a Permitted Assignee (the "**Lender Assignee**") in connection with the enforcement of its security. The Development Lender or the applicable Lender Assignee (collectively, the "**Permitted Lender Assignees**") shall not be liable for the performance of the obligations of the Owner under this Agreement (or any other Tridel Agreements) until such time as the applicable Permitted Lender Assignee(s) have provided the Tridel Parties with written notice that they are assuming the obligations of the Owner under the Tridel Agreements (the "**Assumption Notice**") and, following the delivery of the Assumption Notice, such Permitted Lender Assignee shall be liable for the performance of all of the obligations of the Owner under this Agreement. The Tridel Parties agree they will enter into such agreement or agreements as are reasonably requested by the Development Lender in respect of such assignment.
- (b) If the Owner sells the Real Property, the Owner shall have the right to assign this Agreement, collectively with the other Tridel Agreements, to: (a) any Permitted Assignee purchasing the Real Property, on 30 days' prior written notice to the Tridel Parties but without the consent of the Tridel Parties; and (b) such other

Person(s) as shall be approved by the Tridel Parties in writing. The Owner acknowledges it shall only be entitled to assign this Agreement, collectively with the other Tridel Agreements, to a Person or Persons purchasing the Real Property and with the approval of the Court.

- (c) Except in accordance with Sections 10(a) and 10(b), this Agreement shall not be assigned or transferred by any party, in whole or in part, without the prior written consent of the other parties to this Agreement, which consent may be arbitrarily withheld.
 - (d) The Tridel Parties will enter into an agreement in favour of the Development Lender, substantially in the form set out in Schedule "I" hereto, in respect of the Owner's assignment of the Tridel Agreements and the Construction Manager's assignment of its interest in subcontracts in favour of the Development Lender as collateral security, and the assignment of the Tridel Agreements and such subcontracts by the Development Lender in connection with its enforcement of its security.
11. **CRO Status.** Notwithstanding any other provision hereof, the parties agree and acknowledge that FAAN Advisors Group Inc. is executing this Agreement on behalf of the Owner without any personal liability, and subject to the Court confirming its appointment as chief restructuring officer of, among others, the Owner in connection with the CCAA Proceedings.

If the Owner receives a notice from any Governmental Authorities advising of any non-compliance with any law, by-law, ordinance or regulation, the Owner shall forthwith deliver to the Tridel Parties a copy of such notice. Any notice, direction, delivery or other information provided by the Owner to any of the Tridel Parties under this Agreement or any of the other Tridel Agreements shall be deemed to have been simultaneously given by the Owner to all of the Tridel Parties. Any consent provided by a Tridel Party pursuant to a Tridel Agreement shall be deemed to be a consent of all Tridel Parties pursuant to the Tridel Agreements.

Status Meetings shall occur weekly commencing on the week following the Effective Date at a time which is mutually agreeable to the parties to such Status Meetings, provided that the Development Lender may reduce the frequency of such Status Meetings in its discretion. 4.4 **Approvals of the Project Manager**

The Owner shall have the right to make changes to the Development Budgets and to make changes to the Plans and Specifications, provided that: (a) the Owner shall not have the right to make changes to the Development Budgets without the prior written approval of the Project Manager if the change will result in the expected Project Costs to exceed the financing available for Project Costs under the Development Financing Agreement; (b) the Owner shall not make changes to the Plans and Specifications if: (i) such changes will cause Project Costs to exceed the financing available for Project Costs under the Development Financing Agreement; or (ii) such changes will result in the Project being of a quality that is materially less than the quality of the Tridel-Identified Reference Projects; and (c) the Owner shall not have the right to reduce the amount allocated to the Completion Allocation or the Warranty for Existing Trades in the Development Budgets without the prior written consent of the Project Manager.

5.3 **Incentive Fee**

In addition, the Owner agrees to pay to the Project Manager each of the incentive fees as described on Schedule “C” hereto (each, an “**Incentive Fee**”) if and as such Incentive Fee is earned as set out in Schedule “C” hereto.

5.4 **HST**

The Management and Services Fees and Incentive Fee are exclusive of HST, which shall be paid by the Owner in addition to such fees.

ARTICLE 6

COSTS AND EXPENSES PAYABLE BY OWNER

6.1 Costs and Expenses Payable

.1 The Administrative Services (save and except for the Reimbursable Services) shall be provided without reimbursement to the Project Manager or its Affiliates, or the Non-Affiliated Service Provider and the remuneration provided pursuant to Article 5 hereof shall constitute the Project Manager's full compensation for same.

.2 The Owner agrees to pay the documented costs and expenses of the Project Manager in connection with the Services provided by the Project Manager pursuant to this Agreement, including without limitation Personnel Costs for on-site and off-site personnel, provided that: (i) unless directly resulting from an Event of Force Majeure, all such amounts are provided for in the Development Budgets as approved by the Owner; (ii) all such costs and expenses shall be certified for payment by the Cost Consultant; and (iii) personnel costs shall be payable in the amounts provided for in the definition of Personnel Costs.

.3 The Owner acknowledges that Personnel Costs in relation to certain on-site personnel are paid by the Non-Affiliated Service Provider. The Owner agrees to pay, directly to the Non-Affiliated Service Provider, invoices received from the Non-Affiliated Service Provider for its documented Personnel Costs for its on-site personnel, and, without duplication, for such personnel employed by the Non-Affiliated Service Provider who are providing Reimbursable Services, provided that: (i) unless directly resulting from an Event of Force Majeure, all such amounts are provided for in the Development Budgets as approved by the Owner; and (ii) all such costs are certified for payment by the Cost Consultant.

 - (ii) the Project Manager may make such other changes to the Project Personnel Matrix as are approved by the Owner, in its sole discretion; and
- (b) update the Project Personnel Matrix from time to time upon prior written notice to the Owner to reflect any changes required by Applicable Law to

contributions, assessments or taxes payable to Governmental Authorities based on personnel compensation that form part of the Personnel Costs,

provided that payment of Personnel Costs shall only be made if such costs are provided for in the Development Budgets, as approved by the Owner, and certified for payment by the Cost Consultant.

.5 Notwithstanding anything to the contrary, all costs which are referred to herein as being “at the Owner’s cost” or “at the Owner’s expense” or which otherwise are the responsibility of the Owner pursuant to this Agreement must be provided for in the Development Budgets and approved by the Cost Consultant for payment in accordance with this Agreement in order to be payable by the Owner.

ARTICLE 7

PAYMENT OF ACCOUNTS AND BOOKS AND RECORDS

7.1 Payment of Accounts

The Owner shall pay all invoices and accounts received from time to time in respect of the Project from:

- (a) the Project Manager (including without limitation invoices in respect of the Management and Services Fees or amounts which the Project Manager is entitled to draw against the Management and Services Fees as provided herein and invoices for amounts which the Project Manager is entitled to reimbursement as provided herein);
- (b) Trade Contractors; and
- (c) the Non-Affiliated Service Provider to the extent such costs are payable pursuant to Section 6.1.2;

provided that such invoices are supported by such documents and supporting documents as the Owner may reasonably request, such invoices have been approved by the Project Manager and certified by the Cost Consultant (it being understood that the Owner shall use commercially reasonable efforts to have the Cost Consultant certify an invoice within ten (10) days of the Cost Consultant’s receipt of a proper invoice) for payment, and such invoices, accounts, costs and expenses are in accordance with the Development Budgets and do not relate to any services to be performed, provided or arranged by the Project Manager without reimbursement.

7.2 Maintenance of Books and Records

.1 In order to facilitate the payment by the Owner of all accounts and expenses incurred in connection with Project Costs, the Project Manager shall keep separate records and vouchers pertaining to the Project and shall open the Account, which Account shall record exclusively the payment of all accounts incurred in connection with Project

Costs. The Owner, or its respective representatives, shall have access at all reasonable times to all books and records pertaining to the Project which are in the possession or control of the Project Manager.

.2 The Project Manager shall keep complete and detailed Project Records relating to costs of the Work and the Services and the progress of the Work at its site office and/or its business office during the term of this Agreement and thereafter at its business office or in storage, at the Owner's expense, for a period of at least four years after the later of the termination of this Agreement and substantial performance of the Work, or for such longer period as may be reasonably required by the Owner or pursuant to Applicable Law, and all such records shall be available to the Owner for audit and inspection at all reasonable times and upon reasonable prior notice at the sole cost and expense of the Owner.

ARTICLE 8 OWNER'S COVENANTS

8.1 Retainer of Consultants

The Owner shall ensure that the necessary architects, engineers and consultants are retained for the Project, including without limitation the Cost Consultant. The Project Manager shall be responsible for the supervision and management of Consultants (other than the Cost Consultant) as set out in Section 2.2.1(g).

8.2 Deltera Solicitors

The Owner shall retain, at its sole cost and expense, the Deltera Solicitors to act on behalf of the Owner and the Project in respect of:

- (a) preparing the Approved Unit APS, for the sale of the proposed Units in the Condominium Project (including the list of all permitted Encumbrances to which title to the respective Units shall be subject), and acting as the declarant's new escrow agent as it relates to Unit Purchasers' deposit monies (which shall expressly exclude any deposit under an Existing Unit Purchase Agreement), and holding said deposit monies in a designated trust account maintained solely and exclusively for the Condominium Project, pending the procurement of prescribed security for same, and dealing with the release of the deposit monies from said trust account periodically, as and when authorized and directed by any Surety Lender who has insured all of said deposit monies;
- (b) any Surety Financing and any related security or agreements, including a deposit trust agreement (which financing and agreement(s) shall be prepared in consultation with counsel for the Development Lender and counsel for the Monitor) to reflect the Deltera Solicitors as the escrow agent in connection with Unit Purchase Agreements (and reflecting a new designated trust account into which all deposit monies due under Unit

Purchase Agreements (except Retained Existing Unit Purchase Agreements) will be paid);

- (c) preparing the Condominium Documents for the Condominium Project (excluding the proposed first year budget), including without limitation, the mutual easement and cost-sharing agreement or shared facilities agreement governing the operation, insurance, servicing, maintenance and/or repair of the shared amenities, services, facilities and/or easement areas intended to be used by (or intended to service or benefit) any two or more of the different components of the overall Project, which agreement(s) shall be prepared in consultation with counsel for the Development Lender and counsel for the Monitor, as well as any telecommunication, utility monitoring and/or any other ancillary agreements in connection with the development, operation and/or administration of the Condominium Project;
- (d) dealing with the HCRA and/or Tarion in connection with the Condominium Project;
- (e) acting for the Owner on Unit sale transactions, including the interim-occupancy closing and/or final closing of all Unit sale transactions, and dealing with all outstanding title matters and encumbrances in connection therewith; and
- (f) assisting the Owner in satisfying any outstanding draft plan of condominium conditions, and assisting in the registration of the Condominium Project, and dealing with the turnover of the Condominium Project following the transfer of title to more than 50% of the dwelling units therein (including without limitation, the preparation of the Condominium Corporation's minute book for turnover, and assisting the Condominium Corporation's property manager in convening the turnover meeting), pursuant to the provisions of the *Condominium Act 1998*, S.O. 1998 as amended.

The Owner shall use commercially reasonable efforts to have any deposit monies deposited by Unit Purchasers pursuant to Retained Existing Unit Purchase Agreements transferred from the trust account maintained by Harris, Sheaffer LLP to a trust account maintained by the Deltera Solicitors, subject to obtaining all required approvals for the foregoing. If the Deltera Solicitors become the escrow agent in connection with the Unit Purchaser deposits received pursuant to Retained Existing Unit Purchase Agreements, Sections 8.2(a) and 8.2(b) of this Agreement shall be deemed to be amended accordingly. For clarity, nothing in this paragraph shall obligate the Owner to cause, or attempt to cause, the transfer of any deposit monies currently held in the trust account maintained by Harris, Sheaffer LLP to the Deltera Solicitors if same would result in a breach of Applicable Law or any agreement to which the Owner or Harris, Sheaffer LLP is a party.

8.3 **Execution of Agreements, etc.**

The Owner shall execute and deliver all agreements and documents necessary to obtain and pay for all necessary approvals, permits, crane swing/air rights agreements, easements, assessments and charges required for the development and construction of the Project or the use or occupancy of permanent structures and changes in existing facilities, provided such amounts are provided for in the Development Budgets and, if applicable, such agreements and documents are approved by the Owner in accordance with this Agreement.

8.4 **Bonding**

The Project Manager shall not be required to provide to the Owner any bonds under this Agreement.

8.5 **Payments**

If the Owner fails to make payments to the Project Manager as they become due under the terms of this Agreement or in an award by the Court, interest at the Interest Rate, compounded monthly, not in advance, shall be payable for the period commencing as of the date the payment became due until paid. Such interest shall be calculated and compounded and added to any unpaid amounts monthly on the last day of each month.

8.6 **Amendments to Development Budgets, etc.**

The Owner shall not without the consent of the Project Manager make any change or amendment to the Development Budgets, Plans and Specifications or Project Schedules which would result in: (a) expected Project Costs exceeding the financing available for Project Costs under the Development Financing Agreement; or (b) the Project being of a quality that is materially less than the Tridel-Identified Reference Projects.

8.7 **Communication with Contractors**

The Owner shall communicate with the Trade Contractors (other than the Consultants) solely through the Project Manager or the Construction Manager.

8.8 **Insurance**

The Owner undertakes and agrees to pay the required premiums to maintain its insurance (which insurance shall be arranged by the Project Manager) as provided in Section 2.2.1(qq) hereof.

8.9 **Performance of Obligations**

The Owner agrees to take, or cause to be taken, all reasonable steps, excluding those Services to be provided by the Project Manager hereunder, but including the Services described in Section 2.3 hereof (other than those to be performed by another

Tridel Party in accordance with the applicable Tridel Agreement), which are required for the completion of the Project in accordance with the Development Budgets, the Plans and Specifications and the Project Schedules.

8.10 **Holdbacks for Amounts Payable to Project Manager**

Notwithstanding anything contained in this Agreement to the contrary, the parties agree that the Owner shall maintain any required holdbacks for purposes of the *Construction Act* (Ontario) in respect of the Project. The Owner shall not holdback any statutory holdback against Management and Services Fees, Incentive Fee or Trademark Licensing Fee nor in respect of Personnel Costs on the basis that these fees are already staggered. The unpaid fees shall stand in the place of any holdback obligation required of the Owner, and the Project Manager shall indemnify and save harmless the Owner from and against all losses, costs, expenses, suits and demands that may arise from the Owner not maintaining holdbacks or any deficiency in any holdbacks that may be required as a result thereof.

8.11 **Development Financing**

.1 The Owner and the Project Manager acknowledge that the Owner has obtained Development Financing on terms satisfactory to both the Owner and the Project Manager, and that such Development Financing is in an amount sufficient to complete the Project and meet the Owner's obligations herein, in accordance with the Development Budgets as of the date hereof. For clarity, the Owner and the Project Manager acknowledge that the Owner has not obtained Surety Financing as of the date hereof.

.2 The Owner and the Project Manager acknowledge that the Development Lender is, and shall continue to be, at Arm's Length with the Owner, the Project Manager and their respective Affiliates.

.3 The Project Manager shall prepare and submit to the Owner, for the approval of the Owner, monthly draw requests in the form required by the Development Lender and shall provide such information as reasonably requested by the Development Lender.

.4 The Owner shall diligently review and execute all reasonable applications to obtain advances under the Development Financing as construction advances from time to time in order to fund the payment of all Project expenses.

8.12 **Cash Float**

.1 The Owner will fund the Account with a cash float of \$400,000 (the "**Cash Float**") during the currency of this Agreement, which funds may be used by the Project Manager to pay Approved Invoices (which, for clarity, shall all be in accordance with the Development Budgets) on behalf of the Owner on an expedited basis, in the event of an emergency or an unexpected event, provided that the Owner's internal designated manager for the Project has been notified. For the avoidance of doubt, the Cash Float shall remain the property of the Owner at all times.

.2 The Cash Float shall be replenished from time to time forthwith at the end of each month. The Cost Consultant shall monitor and review the Cash Float and the use of the Cash Float on a monthly basis.

.3 Subject to the foregoing, the Owner will be solely responsible any HST filings and for claiming input tax credits in connection with the amounts paid on Approved Invoices.

8.13 **Project Bank Account.**

.1 The Project Manager shall maintain the Account. Unless otherwise agreed in writing by the parties, which agreement of the Owner shall be in the Owner's sole discretion, all disbursements on account of Project Costs shall be made by cheque drawn on the Account, or by electronic funds transfer (ETF) or wire transfer from the Account.

.2 All cheques drawn on the Account and other account documentation and dealings with the Account shall be executed and dealt with by or on behalf of the Project by one of the authorized signatories nominated by the Owner and one of the authorized signatories nominated by the Project Manager. As of the Effective Date, the authorized signatories nominated by the Owner are Naveed Manzoor, Lana Bezner and Shelby Draper, and the authorized signatories of the Project Manager are Len Gigliotti, Linda Mustacato, Maria Passero, Kevin Kruk, Meghan Guerin and Erin Neglia. Either party shall be entitled to nominate any other individuals in addition to or in substitution for its existing nominees by notice in writing to the other parties, whereupon such other individual(s) will be appointed in addition to or in place of such party's existing nominees, as the case may be; notwithstanding the foregoing, any additional authorized signatories of the Project Manager shall be approved by the Owner, acting reasonably.

.3 The Project Manager acknowledges that all monies received from time to time from the Project shall be paid into a Project trust account maintained by the Monitor in trust for the general partner of the Beneficial Owner or Nominee. Notwithstanding the foregoing, deposits from Unit Purchasers under Unit Purchase Agreements shall be held in trust by the Deltera Solicitors or Harris, Sheaffer LLP, as applicable, prior to final closing on the sale of such Units.

8.14 **Completion Allocation and Warranty for Existing Trades**

.1 The Owner acknowledges and agrees that the Development Budget reflects (i) an allowance for work related to warranties for outstanding work or deficiencies for certain components, including windows, siding, structural steel, waterproofing, elevators, mechanical and electrical as a line item for "Warranty for Existing Trades" in the amount set forth in the Development Budget (which, for clarity, is the Warranty for Existing Trades as defined herein) and (ii) an allowance for the technical audit and warranty provision for the entire Project, being the Tarion Warranty, as reflected in Division 31 of the Development Budgets in the amount set forth in the Development Budget (the "**Completion Allocation**"), which is provided with respect to work to reconcile any defects in the Project's common elements, including, but not limited to, roofing, waterproofing,

exterior cladding, electrical, plumbing, and HVAC systems, as well as foundation, hazards, and other structural defects.

.2 The Owner and the Project Manager acknowledge that the Completion Allocation and the Warranty for Existing Trades are accounted for in the Development Budgets, but no amounts shall be required to be paid into the Account until the Project Manager has actually identified the costs required to correct or complete deficiencies, defects or warranty items, and incurred those costs and expenses contemplated in Section 8.14.1 above and which invoice has been approved in accordance with this Agreement. For clarity, all invoices and accounts received from time to time in respect of those costs and expenses contemplated in Section 8.14.1 above shall be paid by the Owner in accordance with the terms of this Agreement, including without limitation Section 7.1 hereof.

.3 As set out in Section 4.4, the Owner shall not have the right to reduce the amount allocated to the Completion Allocation or the Warranty for Existing Trades in the Development Budgets without the prior written consent of the Project Manager.

8.15 Owner's Representations

The Owner hereby represents and warrants to and in favour of the Project Manager, as of the date hereof, that to the actual knowledge of the CRO:

- (a) no person has any right of first refusal or option to purchase or acquire the Real Property or any part thereof;
- (b) the Owner has not received any notice of the issuance of any contravention of any statute, law, by-law, ordinance, rule or regulation from any Governmental Authorities arising in connection with the Real Property which will materially affect the proposed development of the Real Property or any part thereof;
- (c) each of the Nominee and the general partner of the Beneficial Owner is a corporation validly existing under the laws of the Province of Ontario and that the Beneficial Owner is a limited partnership validly existing under the laws of the Province of Ontario, and that, subject to Court Approval, each has the requisite power, capacity and authority to enter into and perform each of its obligations under this Agreement;
- (d) there are no Hazardous Substances incorporated into, or installed within any buildings or improvements comprising the Project prior to the Effective Date, except in compliance with all Applicable Law;
- (e) the Nominee is the registered owner of the Real Property and the Beneficial Owner is the beneficial owner of the Real Property; and

- (f) the Nominee is not a non-resident of Canada and the Beneficial Owner is a Canadian partnership, each within the meaning of the *Income Tax Act* (Canada).

ARTICLE 9 EXAMINING TITLE AND ENCUMBRANCES

9.1 Examination of Title.

The Project Manager shall be allowed to examine the title to the Real Property at its own expense.

9.2 Title to the Project.

.1 In the event that any Encumbrance should be created against the Real Property as a result of any action taken by the Project Manager for which the Owner is not responsible, the Project Manager shall promptly cause such Encumbrance to be discharged and shall be solely responsible for all costs that may be incurred in having the same discharged and such costs shall not be part of the Project Costs for the Project. For greater certainty, the Project Manager shall not be responsible for removing, discharging or satisfying any Encumbrance that pre-existed the Effective Date or which arose from the act or omission of the Owner and if the Project Manager assists the Owner with any such Encumbrance, it shall be solely as agent and at the Owner's sole expense.

ARTICLE 10 TERMINATION

10.1 Termination Upon Termination of Tridel Agreements

Either party shall have the right to terminate this Agreement on 30 days' prior written notice in the event that either of the Residential Sales Agreement and/or the Construction Management Agreement are terminated in accordance with their respective terms. However, if either the Residential Sales Agreement or the Construction Management Agreement expires or terminates because all obligations of the Owner and the applicable Tridel Party thereunder have been completed, and there are remaining obligations of the Owner and/or the Project Manager under this Agreement, neither party may terminate this Agreement pursuant to this Section 10.1 and this Agreement shall continue in full force and effect until terminated in accordance with its terms.

10.2 Termination of the Services re: Commercial Project

- (a) Subject to Section 10.2(b), the Owner shall have the right, on 30 days' prior notice to the Project Manager, to terminate this Agreement with respect to
 - (i) the entire Commercial Real Property and the Commercial Project only or
 - (ii) any portion of the Commercial Real Property and the Commercial Project only, and thereafter this Agreement shall be terminated as it relates to the Commercial Real Property and the Commercial Project, or the applicable

portion thereof, and shall continue in full force and effect as it relates to the Residential Condominium Real Property, the Condominium Project and any remaining portion of the Commercial Real Property and the Commercial Project, if any. If the Owner elects to terminate this Agreement solely with respect to all or any portion of the Commercial Real Property and the Commercial Project, the Owner and the Project Manager agree to amend this Agreement accordingly.

- (b) The Owner agrees that it shall only be entitled to exercise its right to terminate this Agreement pursuant to Section 10.2(a) with respect to (i) the entire Commercial Real Property and the Commercial Project only or (ii) any portion of the Commercial Real Property and the Commercial Project which includes the Hotel Component (except if limited to internal fixtures and finishings of the Hotel Component, which for clarity shall not be subject to this Section 10.2(b)), if the Owner delivers the notice to the Project Manager contemplated in Section 10.2(a) within 30 days following the date on which the operator of the Hotel Component is committed contractually. The operator of the Hotel Component shall be deemed to be committed contractually when all agreements in respect of the construction and the operation of the Hotel Component have been fully executed by the operator of the Hotel Component and the Owner and, if required, approval of the Court has been obtained for the Owner to enter into all such agreements. For clarity, this Section 10.2(b) shall not limit the right of the Owner to terminate this Agreement with respect to any portion of the Commercial Real Property and the Commercial Project which does not include the Hotel Component (or which includes only internal fixtures and finishings for the Hotel Component), including the retail and food and beverage components, at any time on 30 days' prior written notice to the Project Manager in accordance with Section 10.2(a) hereto.
- (c) For clarity, effective as of the date on which this Agreement is terminated with respect to the Commercial Real Property and the Commercial Project only, or a portion thereof as aforesaid (the "**Partial Termination Date**"), the Project Manager shall be required to provide its Services set out herein (i) solely in respect of the Residential Condominium Real Property and the Condominium Project (if this Agreement is terminated with respect to the entire Commercial Real Property and the Commercial Project) or (ii) solely in respect of the Residential Condominium Real Property, the Condominium Project and the remaining portions of the Commercial Real Property and the Commercial Project (if this Agreement is terminated with respect to a portion of Commercial Real Property and the Commercial Project).
- (d) The Management and Services Fees due to the Project Manager shall be calculated based on total Project Costs excluding Project Cost Exclusions for the period prior to Partial Termination Date and (i) shall be calculated based on total Project Costs excluding Project Cost Exclusions for the

Condominium Project on and after the Partial Termination Date (if this Agreement is terminated with respect to the entire Commercial Real Property and the Commercial Project) or (ii) shall be calculated based on total Project Costs excluding Project Cost Exclusions for the Condominium Project and the remaining portions of the Commercial Project on and after the Partial Termination Date (if this Agreement is terminated with respect to a portion of Commercial Real Property and the Commercial Project). All other fees or costs owing to the Project Manager which are based on expenditures or revenues from the overall Project shall be calculated mutatis mutandis.

- (e) The Owner and the Project Manager acknowledge that some costs, equipment or services may not be definitively separable between the Commercial Project and the Condominium Project, or between different portions of the Commercial Project, or may be duplicative if separated, and the parties agree to collaborate with the Cost Consultant as required to determine same, minimize duplications of costs and to reflect same in the Development Budgets, Plans and Specifications and Project Schedules, as may be applicable. The Owner acknowledges that the identification of the Hotel Component and the operator of the Hotel Component are necessary preconditions to the marketing and promotion of the Condominium Project and the exercise of the Owner's termination rights under this Section 10.2 may impact the Condominium Construction Schedule accordingly.

10.3 **Event of Default by the Owner**

If, at any time, the Owner: (a) fails to make any payment which it is obligated to make under this Agreement and such failure continues and is not cured for a period of 30 days after written notice thereof from the Project Manager; (b) breaches the assignment provisions of this Agreement; or (c) is in default of the Trademarks Licence, which default is not cured for period of 30 days after written notice thereof from the Project Manager, the Project Manager may deliver a written notice to the Owner advising that it will be seeking the approval of the Court to terminate this Agreement. If the Project Manager delivers such a notice, it shall have the right to seek the Court's approval of the termination of this Agreement and if such approval is granted, this Agreement shall terminate on such date as the Court approves.

10.4 **Event of Default by the Project Manager**

If:

- (a) the Project Manager fails to deal properly with and account for the Owner's funds in accordance with the provisions of this Agreement;
- (b) the Project Manager refuses, neglects or otherwise fails to comply with any of the terms, provisions and covenants contained in this Agreement, and in any such case, such refusal, neglect or failure continues and is not cured

for a period of 30 days after written notice thereof from the Owner or, in the case of a default which cannot with due diligence be cured within such 30-day period, the Project Manager provides to the Owner, within a period of 10 Business Days after receipt of such notice of default, a default recovery plan acceptable to the Owner, acting reasonably, and diligently pursues rectification in accordance with the default recovery plan and, subject to any Event of Force Majeure, completes the rectification within a period of 30 days after delivery of the default recovery plan or such longer period as may be contemplated in the default recovery plan;

- (c) any representation or warranty made by or on behalf of the Project Manager is untrue in any material respect on the date as of which it was made, and the Project Manager fails to promptly bring same to the attention of the Owner when it became aware of same or fails to bona fide and diligently proceed to cure same;
- (d) the Project Manager is subject to a Bankruptcy Proceeding; or
- (e) the Project Manager has committed an act of fraud, theft, gross negligence or wilful misconduct which is related to the Project or in respect of any matters set forth in this Agreement (including without limitation if any representation or warranty made by or on behalf of the Project Manager is untrue as a result of the Project Manager's fraud or misconduct),

then the same shall be considered an “**Event of Default**” caused by the Project Manager and the Owner shall be entitled to deliver a notice to the Project Manager advising that the Owner will be seeking the approval of the Court to terminate this Agreement. If the Owner delivers such a notice, it shall have the right to seek the Court's approval of the termination of this Agreement and if such approval is granted, this Agreement shall terminate on such date as the Court approves.

10.5 **Amounts Payable Upon Termination**

.1 Upon the termination of this Agreement as provided herein, the Project Manager shall be entitled to be paid the following:

- (a) the amounts which the Project Manager is entitled to receive as Management and Services Fees, Incentive Fees and Trademark Licensing Fee during the period up to and including the date such termination occurs as at the date of such termination; and
- (b) reimbursement of its costs and expenses incurred as at the date of such termination for which the Owner is responsible pursuant to this Agreement.

For greater certainty, the amounts payable to the Project Manager under Section 10.5.1(a) shall be determined as at the date of the termination of this Agreement based upon the facts existing at such time.

.2 The obligations for the payment of the amounts set forth in this Section 10.5 shall expressly survive any termination of this Agreement. In addition, the Owner reserves its rights in respect of the Project Manager's termination as a result of an Event of Default notwithstanding any payment made under this Section 10.5.

10.6 **Duties Upon Termination**

Upon the termination of this Agreement as provided herein, the Project Manager shall perform the following (for greater certainty, notwithstanding any dispute that may exist between the Owner and the Project Manager):

- (a) forthwith deliver to the Owner all books and records maintained by or under the control or direction of the Project Manager with respect to the Project and the Services;
- (b) forthwith deliver to the Owner all documents, plans, reports, contracts and other agreements or information, in each case relating to the Project and the Services, in the possession or control of the Project Manager;
- (c) except if Project Completion occurred during the engagement of the Tridel Parties, remove all of the "Tridel" and "Deltera" signs and related branding placed at the site for the Project or otherwise used in connection with the Project;
- (d) consult with and advise the Owner and any replacement property manager or development manager for a period of 60 days immediately following the date of termination of this Agreement, and co-operate in all reasonable respects in order to effect an orderly transition of the Services performed by the Project Manager hereunder to a new project manager or development manager, as the case may be, as directed by the Owner;
- (e) render to the Owner a final accounting as of the date of the termination of this Agreement, and forthwith deliver to the Owner (or as the Owner may direct) all funds of the Owner held by the Project Manager or which may, notwithstanding the terms of this Agreement, have come into the Project Manager's possession in respect of the Project; and
- (f) deliver to the Owner a statement of any amounts claimed to be due to the Project Manager as at the date of termination, and cause all funds of the Owner held by the Project Manager as aforesaid to be paid to the Owner or as the Owner may direct. If the Owner concurs with the Project Manager's statement of amounts due, the Owner will promptly pay to the Project Manager the amounts stated therein within 30 days following the Owner's receipt of the statement, subject to Section 3 of the Omnibus Agreement. If the Owner does not concur with the statement of amounts due, subject to Section 3 of the Omnibus Agreement, the Owner shall promptly pay the amount not in dispute and the Project Manager's acceptance of such sum

shall not be construed as an accord or satisfaction and the Project Manager will reserve any right it may have to the balance claimed due.

.1 Except if Project Completion occurred during the engagement of the Tridel Parties, the Owner shall refrain from any further use of the names “Deltera”, “Tridel” and other related branding in respect of the Project following the termination of this Agreement in accordance with the terms of this Agreement.

10.7 **Court Approval of Termination**

Notwithstanding anything to the contrary contained herein, the Project Manager and the Owner acknowledge that the approval of the Court shall be required for, and shall be a condition of, the termination of this Agreement by the Project Manager or the Owner.

ARTICLE 11 INDEMNIFICATION

11.1 **Indemnity**

.1 The Owner and the Project Manager shall each indemnify and hold harmless the other (and the other’s agents and employees) from and against all Claims related to the Project whether in respect to losses suffered by them or in respect to Claims that arise out of, or are attributable in any respect to:

- (a) the negligent acts or omissions of the party from whom indemnification is sought or anyone for whose acts or omissions that party is liable (provided that in the case of the Owner, such negligent acts and omissions shall have been committed after the Effective Date); or
- (b) a failure of the party to this Agreement from whom indemnification is sought to fulfill its obligations under this Agreement.

.2 The obligation of either party to indemnify the other as set forth in Section 11.1.1 shall be inclusive of interest and all legal costs.

11.2 **Notice**

In respect to any claim for indemnity or to be held harmless by the Owner or the Project Manager:

- (a) notice in writing of such claim shall be given within a reasonable time after the facts upon which such claim is based became known to the party required to give such notice in writing, with such notice to provide reasonably detailed particulars of the Claim for which indemnity is sought, including the known facts constituting the basis for the Claim and the amount, to the extent known, of the Claim asserted; and

- (b) should either party be required as a result of its obligation to indemnify the other pay or satisfy a final order, judgment or award made against the party entitled by this Agreement to be indemnified, then the indemnifying party, upon assuming all liability for any costs that might result, shall have the right to appeal in the name of the party against whom such final order or judgment has been made until such rights of appeal have been exhausted.

ARTICLE 12

LIABILITY AND TRIDEL CHARGE

12.1 Pre-Effective Date Risk

The Project Manager shall have no liability in respect of any services, labour, work and/or materials of any kind provided to the Project by any contractor, subcontractor, trade supplier, consultant, or other party, nor any liability for any breach of environmental laws nor Encumbrances affecting the Real Property for any period prior to the Effective Date (the “**Pre-Effective Date Risk**”). The Pre-Effective Date Risk includes without limitation any claims or costs relating to deficiencies, defects, warranties and warranty periods, Encumbrances, liens or future claims against the Owner, unpaid invoices, delays, extras or wrongful termination, which relate to the period prior to the Effective Date (including work, services, labour, supplies, contracts and/or agreements for the period prior to the Effective Date). The Pre-Effective Date Risk expressly includes any defects or deficiencies in any products supplied for the Project prior to the Effective Date, including any errors with sequencing or coordinating the supply and designs for any of the individual components of the Project. However, notwithstanding anything to the contrary contained herein, the foregoing does not limit the obligation of the Project Manager to provide advice with respect to, and to manage the resolution of, any Pre-Effective Date Risk, for and on behalf of the Owner.

12.2 Tridel Charge

The Management and Services Fees and Incentive Fees payable to the Project Manager under this Agreement will be secured by the Tridel Charge. The costs and expenses payable to the Project Manager pursuant to Section 6.1 of this Agreement will be secured by the Tridel Charge. For greater certainty, the obligations of the Owner to the Project Manager under Section 11.1 of this Agreement will not be secured by the Tridel Charge. The Project Manager shall consent to the discharge of the Tridel Charge against a Unit in connection with any motion brought by the Owner or the Monitor seeking approval of a Unit Sale in respect of such Unit and vesting such Unit in the applicable Unit Purchaser, or otherwise upon the reasonable request of the Owner or the Monitor in connection with a Unit Sale; provided that upon such discharge of the Tridel Charge, the claims of the Project Manager secured by the Tridel Charge shall attach to the net proceeds from such Unit Sale with the same priority as they had with respect to the Unit immediately prior to the sale, as if the Unit had not been sold and remained in the possession or control of the Owner and any order of the Court made in connection with such sale shall so provide. In addition, the Project Manager shall consent to the discharge of the Tridel Charge against the Commercial Real Property and Commercial Project in

conjunction with the exercise by the Owner of its right to terminate this Agreement as it relates to the Commercial Real Property and the Commercial Project, in whole or in part, as set out in Section 10.2.

ARTICLE 13 RELATIONSHIP BETWEEN THE PARTIES

13.1 No Partnership Created

Nothing contained in this Agreement, or otherwise arising herefrom, shall be deemed or construed to constitute either the Owner or the Project Manager as the partner of the other, nor shall anything contained in this Agreement be deemed to constitute either the Owner or the Project Manager as the agent for the other. Each of the parties hereto shall at all times keep indemnified the other party hereto and, in the case of the Project Manager, the Real Property and the Project, from and against all such party's present and future separate debts and liabilities.

13.2 Agreement Relates Only to the Real Property

Notwithstanding anything contained in this Agreement to the contrary, the terms and provisions of this Agreement shall only apply to the development of the Real Property and the Project thereon, and shall in no way affect or be construed to apply to any other lands or properties owned or acquired by either of the parties hereto, whether alone or in conjunction with any other parties, and the separate properties and monies owned by each of the parties hereto shall not be commingled with any of the Project revenues.

ARTICLE 14 GENERAL

14.1 Publicity

Each party will obtain the prior written approval of the other, acting reasonably, for any public advertising, written public sales promotion, press release or other general publicity matter, in which the name of the other party is mentioned or used or in which words are used from which any connection with such other party's name or trademarks, if applicable, may be inferred. Neither party will allow or permit any public ceremony in connection with the Project without the permission of the other provided in writing. Neither party will erect or permit the erection of any sign or advertising without the approval, acting reasonably, of the other provided in writing. The Project Manager confirms that it is aware of the possibility that all or any part of the Project (including all or any part of the Condominium Project) may be branded with a new hotel operator's brand. The Project Manager consents to any such branding as determined by the Owner and agrees to work with the other parties to advance such strategy. The Project Manager, together with the Construction Manager, the Sales Manager and Tridel Builders Inc. shall have the right to approve any "co-branding" of all or any part of the Project that involves the use of the Tridel brand together with the hotel operator's brand and, following such approval being

obtained, the Project Manager agrees to work with the other parties to advance such strategy.

14.5 Assignment

.1 The Owner shall have the right to assign this Agreement, collectively with the other Tridel Agreements, as collateral security in favour of the Development Lender, and the Development Lender may assign this Agreement, collectively with the other Tridel Agreements, to a Permitted Assignee (the "**Lender Assignee**") in connection with the enforcement of its security. The Development Lender or the applicable Lender Assignee (collectively, the "**Permitted Lender Assignees**") shall not be liable for the performance of the obligations of the Owner under this Agreement (or any other Tridel Agreements) until such time as the applicable Permitted Lender Assignee(s) have provided the Project Manager with written notice that they are assuming the obligations of the Owner under the Tridel Agreements (the "**Assumption Notice**") and, following the delivery of the Assumption Notice, such Permitted Lender Assignee shall be liable for the performance of all of the obligations of the Owner under this Agreement. The Project Manager agrees that it will enter into such agreement or agreements as are reasonably requested by the Development Lender in respect of such assignment.

.2 If the Owner sells the Real Property, the Owner shall have the right to assign this Agreement, collectively with the other Tridel Agreements, to: (a) any Permitted Assignee purchasing the Real Property, on 30 days' prior written notice to the Project Manager but without the consent of the Project Manager; and (b) to such other Person(s) as shall be approved by the Project Manager in writing. The Owner acknowledges it shall only be entitled to assign this Agreement, collectively with the other Tridel Agreements, to a Person or Persons purchasing the Real Property and with the approval of the Court.

.3 Except in accordance with Sections 14.5.1 and 14.5.2, this Agreement shall not be assigned or transferred by either party, in whole or in part, without the prior written consent of the other, which consent may be arbitrarily withheld.

14.6 **Entire Agreement**

This Agreement, including all Schedules (which form an integral part hereof), shall constitute the entire agreement between the parties hereto and there are no verbal statements, representations, warranties, undertakings or agreements between the parties that would alter or qualify this Agreement, including without limitation the Interim Agreement.

14.7 **Successors and Assigns**

This Agreement shall enure to the benefit of, and be correspondingly binding upon, the parties hereto and their respective successors and permitted assigns.

14.8 **Governing Law**

.1 This Agreement shall be governed by and interpreted and enforced in accordance with the laws of the Province of Ontario (without regard to conflicts of law principles) and the federal laws of Canada applicable in Ontario.

.2 The parties irrevocably attorn and submit to the jurisdiction of the Court with respect to any dispute or other controversy arising under or in connection with this Agreement.

14.9 **Severability**

Every provision of this Agreement is intended to be severable. In the event that any provision of this Agreement or any part of any provision of this Agreement is held to be invalid, illegal or unenforceable by a court of competent jurisdiction, such provision or part shall not affect the validity, legality or enforceability of any other provision of this Agreement or the balance of any provision of this Agreement absent such part, and such invalid, illegal or unenforceable provision or part shall be deemed to be severed from this Agreement and this Agreement shall be construed and enforced as if such invalid, illegal or unenforceable provision or part had never been inserted in this Agreement.

14.10 **No Waiver**

No waiver by or on behalf of a party hereto in relation to any breach or default by any other party hereto shall be effective or binding upon such first-mentioned party, unless and until such waiver is specifically confirmed or expressed in writing, and same shall not limit or affect such first-mentioned party's rights and remedies with respect to any further or other breach or default by the other party.

14.15 **Events of Force Majeure**

No party hereto shall be considered to be in default in respect of any obligation hereunder (other than the obligation to pay amounts due to any other party under or pursuant to this Agreement) to the extent such failure of performance shall be due to an Event of Force Majeure. The party affected by an Event of Force Majeure shall give prompt telephonic notice to all other parties hereto, followed by written notice (and in no event later than within five Business Days after the commencement of the non-performance which the party asserts is resulting from an Event of Force Majeure) to the other parties hereto, stating the nature of the event, its anticipated duration and any action being taken to avoid or minimize its effect. Performance shall be excused for no greater scope and no longer duration than is required by the party asserting the existence of an Event of Force Majeure to rectify or cure such Event of Force Majeure (and rectification of any consequential impact caused by such Event of Force Majeure resulting in non-performance), provided rectification of such damage is pursued promptly and in good faith. The non-performing party shall use its reasonable commercial efforts to remedy its

inability to perform but such party shall not be obligated to settle nor resolve a labour difficulty or to hire substitute labour on terms unacceptable to such party.

- 5.8.3 When the *Consultant* finds the *Construction Manager's* application for final payment valid, the *Consultant* will promptly issue a final certificate for payment.
- 5.8.4 Subject to the provision of paragraph 10.4.1 of GC 10.4 – WORKERS' COMPENSATION and any lien legislation applicable to the *Place of the Work*, the *Owner* shall, no later than 5 calendar days after the issuance of a final certificate for payment, pay the *Construction Manager* as provided in Article A-9 of the Agreement – PAYMENT.

GC 5.9 WITHHOLDING OF PAYMENT FOR THE WORK

- 5.9.1 If because of climatic or other conditions reasonably beyond the control of the *Construction Manager*, there are items of work that cannot be performed, payment in full for that portion of the *Work* which has been performed as certified by the *Consultant* shall not be withheld or delayed by the *Owner* on account thereof, but the *Owner* may withhold, until the remaining portion of the *Work* is finished, only such an amount that the *Consultant* determines is sufficient and reasonable to cover the cost of performing such remaining work.

GC 5.10 NON-CONFORMING WORK

- 5.10.1 No payment by the *Owner* under the *Contract* nor partial or entire use or occupancy of the *Work* by the *Owner* shall constitute an acceptance of any portion of the *Work* or *Products* which are not in accordance with the requirements of the *Contract Documents*.

PART 6 CHANGES

GC 6.1 OWNER'S RIGHT TO MAKE CHANGES

- 6.1.1 The *Owner*, through the *Consultant*, without invalidating the *Contract*, may make:

- 6.1.3 The *Owner* and the *Construction Manager*, without invalidating the *Contract*, may agree to make changes to the *Services*.

GC 6.2 CHANGE ORDER

- 6.2.1 When a change in the *Work* is proposed or required, the *Consultant* shall provide the *Construction Manager* with a written description of the proposed change in the *Work*. The *Construction Manager* shall promptly present, in a form acceptable to the *Consultant*, a method of adjustment or an amount of adjustment for the *Construction Manager's Fee*, a method of adjustment or an amount of adjustment for the *Guaranteed Maximum Price*, and the adjustment in the *Contract Time*, as applicable, for the proposed change in the *Work*.
- 6.2.2 When the *Owner* and *Construction Manager* agree to the adjustments in the *Construction Manager's Fee*, the *Guaranteed Maximum Price* and the *Contract Time*, or to the method to be used to determine the adjustments, such agreement shall be effective immediately and shall be recorded in a *Change Order*. The value of the work performed as the result of a *Change Order* shall be included in applications for progress payment.
- 6.2.3 When the *Owner* and *Construction Manager* agree to exercise the stipulated price option at any time during the term of the *Contract*, such agreement shall be recorded in a *Change Order*.

GC 6.3 CHANGE DIRECTIVE

- 6.3.1 If the *Owner* requires the *Construction Manager* to proceed with a change in the *Work* prior to the *Owner* and the *Construction Manager* agreeing upon any corresponding adjustment in the *Construction Manager's Fee*, the *Guaranteed Maximum Price* and the *Contract Time*, the *Owner*, through the *Consultant*, shall issue a *Change Directive*.
- 6.3.2 A *Change Directive* shall only be used to direct a change in the *Work* which is within the general scope of the *Contract Documents*.
- 6.3.3 A *Change Directive* shall not be used to direct a change in the *Contract Time* only.
- 6.3.4 Upon receipt of a *Change Directive*, the *Construction Manager* shall proceed promptly with the change in the *Work*.
- 6.3.5 If no method of adjustment is agreed:
 - .1 the adjustment in the *Construction Manager's Fee* for a change carried out by way of a *Change Directive* shall be determined on the basis of the changes in costs of the *Construction Manager*; and
 - .2 the *Guaranteed Maximum Price* shall be adjusted by the changes in the *Cost of Work* and in the *Construction Manager's Fee* for the *Work* resulting from a *Change Directive*.
- 6.3.6 Pending determination of the adjustment to the *Construction Manager's Fee* required as a result of a *Change Directive*, the *Cost of the Work* incurred and the undisputed amount of the *Construction Manager's Fee* as the result of a *Change Directive* is eligible to be included in progress payments, notwithstanding the limit imposed by the *Guaranteed Maximum Price*.
- 6.3.7 If the *Owner* and the *Construction Manager* do not agree on the proposed adjustment in the *Construction Manager's Fee*, the *Guaranteed Maximum Price*, the *Contract Time*, or in the method of determining them, the adjustment shall be referred to the *Consultant* for a finding.
- 6.3.8 When the *Owner* and the *Construction Manager* reach agreement on the adjustment to the *Construction Manager's Fee*, the *Guaranteed Maximum Price* and the *Contract Time*, this agreement shall be recorded in a *Change Order*.

GC 6.4 CONCEALED OR UNKNOWN CONDITIONS

- 6.4.1 If the *Owner* or the *Construction Manager* discover conditions at the *Place of the Work* which are:
 - .1 subsurface or otherwise concealed physical conditions which existed before the commencement of the *Work* which differ materially from those indicated in the *Contract Documents*; or
 - .2 physical conditions, other than conditions due to weather, that are of a nature which differ materially from those ordinarily found to exist and generally recognized as inherent in construction activities of the character provided for in the *Contract Documents*,
 then the observing party shall give *Notice in Writing* to the other party of such conditions before they are disturbed and in no event later than 5 *Working Days* after first observance of the conditions.

- 6.4.2 The *Consultant* will promptly investigate such conditions and make a finding. If the finding is that the conditions differ materially and this would justify an increase or decrease in the *Construction Manager's Fee* for the *Work*, the *Guaranteed Maximum Price* or the *Contract Time*, the *Consultant*, with the *Owner's* approval, will issue appropriate instructions for a change in the *Work* as provided in GC 6.2 – CHANGE ORDER or GC 6.3 – CHANGE DIRECTIVE.
- 6.4.3 If the *Consultant* finds that the conditions at the *Place of the Work* are not materially different or that no change in the *Construction Manager's Fee* for the *Work*, the *Guaranteed Maximum Price* or the *Contract Time* is justified, the *Consultant* will report the reasons for this finding to the *Owner* and the *Construction Manager* in writing.
- 6.4.4 If such concealed or unknown conditions relate to toxic and hazardous substances and materials, artifacts and fossils, or mould, the parties will be governed by the provisions of GC 9.2 – TOXIC AND HAZARDOUS SUBSTANCES, GC 9.3 – ARTIFACTS AND FOSSILS and GC 9.5 – MOULD.

GC 6.5 DELAYS

The *Construction Manager's Fee* and the *Guaranteed Maximum Price* shall be adjusted by a reasonable amount for costs incurred by the *Construction Manager* as the result of such delay.
- 6.5.2 If the *Construction Manager* is delayed in the performance of the *Work* by a stop work order issued by a court or other public authority and providing that such order was not issued as the result of an act or fault of the *Construction Manager* or any person employed or engaged by the *Construction Manager* directly or indirectly, then the *Contract Time* shall be extended for such reasonable time as the *Consultant* may recommend in consultation with the *Construction Manager*. The *Construction Manager's Fee* and the *Guaranteed Maximum Price* shall be adjusted by a reasonable amount for costs incurred by the *Construction Manager* as the result of such delay.
- 6.5.3 If the *Construction Manager* is delayed in the performance of the *Work* by:
- .1 labour disputes, strikes, lock-outs (including lock-outs decreed or recommended for its members by a recognized contractors' association, of which the *Construction Manager* is a member or to which the *Construction Manager* is otherwise bound),
 - .2 fire, unusual delay by common carriers or unavoidable casualties,
 - .3 abnormally adverse weather conditions, or
 - .4 any cause beyond the *Construction Manager's* control other than one resulting from a default or breach of *Contract* by the *Construction Manager*,
- then the *Contract Time* shall be extended for such reasonable time as the *Consultant* may recommend in consultation with the *Construction Manager*. The extension of time shall not be less than the time lost as the result of the event causing the delay, unless the *Construction Manager* agrees to a shorter extension. The *Construction Manager's Fee* and the *Guaranteed Maximum Price* shall be adjusted by a reasonable amount for overhead costs incurred by the *Construction Manager* as the result of such delay.
- 6.5.4 No extension shall be made for delay unless *Notice in Writing* of the cause of the delay is given to the *Consultant* not later than 10 *Working Days* after the commencement of the delay. In the case of a continuing cause of delay only one *Notice in Writing* shall be necessary.
- 6.5.5 If no schedule is made under paragraph 2.3.13 of GC 2.3 – CONSULTANT'S RESPONSIBILITIES or paragraph 3.5.1 of GC 3.5 – CONSTRUCTION SCHEDULE, then no request for extension shall be made because of failure of the *Consultant* to furnish instructions until 10 *Working Days* after demand for such instructions has been made.

GC 6.6 CLAIMS FOR A CHANGE IN CONSTRUCTION MANAGER'S FEE FOR THE SERVICES, THE PRICE OF THE WORK OR THE GUARANTEED MAXIMUM PRICE

- 6.6.1 If the *Construction Manager* intends to make a claim for an increase to the *Construction Manager's Fee* for the *Services*, the *Price of the Work* or the *Guaranteed Maximum Price*, or if the *Owner* intends to make a claim against the *Construction Manager* for a credit to the *Construction Manager's Fee* for the *Services*, the *Price of the Work* or the *Guaranteed Maximum Price*, the party that intends to make the claim shall give timely *Notice in Writing* of intent to claim to the other party and, if the claim relates to the *Price of the Work* or the *Guaranteed Maximum Price*, with a copy to the *Consultant*.

- 6.6.2 Upon commencement of the event or series of events giving rise to a claim, the party intending to make the claim shall:
- .1 take all reasonable measures to mitigate any loss or expense which may be incurred as a result of such event or series of events, and
 - .2 keep such records as may be necessary to support the claim.
- 6.6.3 The party making the claim shall submit within a reasonable time to the other party a detailed account of the amount claimed and the grounds upon which the claim is based.
- 6.6.4 Where the event or series of events giving rise to the claim has a continuing effect, the detailed account submitted under paragraph 6.6.3 shall be considered to be an interim account and the party making the claim shall, at such intervals as the party receiving the claim may reasonably require, submit further interim accounts giving the accumulated amount of the claim and any further grounds upon which it is based. The party making the claim shall submit a final account after the end of the effects resulting from the event or series of events.
- 6.6.5 If the claim is not acceptable to the other party, it shall be settled in accordance with Part 8 of the General Conditions – DISPUTE RESOLUTION.

PART 7 DEFAULT NOTICE

- 7.1.1 If the *Construction Manager* is adjudged bankrupt, or makes a general assignment for the benefit of creditors because of the *Construction Manager's* insolvency, or if a receiver is appointed because of the *Construction Manager's* insolvency, the *Owner* may, without prejudice to any other right or remedy the *Owner* may have, terminate the *Construction Manager's* right to continue with the *Work* by giving the *Construction Manager* or receiver or trustee in bankruptcy *Notice in Writing* to that effect.
- 7.1.2 If the *Construction Manager* neglects to prosecute the *Work* properly or otherwise fails to comply with the requirements of the *Contract Documents* to a substantial degree, and if the *Consultant* has given a written statement to the *Owner* and *Construction Manager* that sufficient cause exists to justify such action, the *Owner* may, without prejudice to any other right or remedy the *Owner* may have, give the *Construction Manager Notice in Writing* that the *Construction Manager* is in default of the *Construction Manager's* contractual obligations and instruct the *Construction Manager* to correct the default in the 5 *Working Days* immediately following the receipt of such *Notice in Writing*.
- 7.1.3 If the default cannot be corrected in the 5 *Working Days* specified or in such other time period as may be subsequently agreed in writing by the parties, the *Construction Manager* shall be in compliance with the *Owner's* instructions if the *Construction Manager*:

 - .2 terminate the *Construction Manager's* right to continue with the *Work* in whole or in part or terminate the *Contract*.
- 7.1.5 If the *Owner* terminates the *Construction Manager's* right to continue with the *Work* as provided in paragraphs 7.1.1 and 7.1.4, the *Owner* shall:
- .1 be entitled to take possession of the *Work* and *Products* at the *Place of the Work*; subject to the rights of third parties, utilize the *Construction Equipment* at the *Place of the Work*; finish the *Work* by whatever method the *Owner* may consider expedient, but without undue delay or expense, and
 - .2 pay the *Construction Manager* upon the *Consultant's* certificate and in accordance with Part 5 of the General Conditions – PAYMENT for the costs properly incurred by the *Construction Manager* to that time plus the proportionate amount of the fee as provided in Article A-5 of the Agreement – CONSTRUCTION MANAGER'S FEE, and

 - .4 assume and become liable for all obligations, commitments and unliquidated claims as certified by the *Consultant* that the *Construction Manager* may have heretofore, in good faith, undertaken or incurred in connection with the *Work*, other than such as are properly payable by the *Construction Manager* because of neglect or default.

- 7.1.6 If the *Owner* terminates the *Construction Manager's* right to continue with the *Work* as provided in paragraphs 7.1.1 and 7.1.4, the *Construction Manager* shall, as a condition of receiving the payments, execute and deliver such papers and take such action, including the legal assignment in the *Construction Manager's* contractual rights, as the *Owner* may require for the purpose of fully vesting in the *Construction Manager* the rights and benefits of the *Construction Manager* under the obligations or commitments to be assumed by the *Owner*.
- 7.1.7 The *Construction Manager's* obligation under the *Contract* as to quality, correction and warranty of the work performed by the *Construction Manager* up to the time of termination shall continue in force after such termination of the *Contract*.

GC 7.2 CONSTRUCTION MANAGER'S RIGHT TO SUSPEND THE WORK OR TERMINATE THE CONTRACT

- 7.2.1 If the *Owner* is adjudged bankrupt, or makes a general assignment for the benefit of creditors because of the *Owner's* insolvency, or if a receiver is appointed because of the *Owner's* insolvency, the *Construction Manager* may, without prejudice to any other right or remedy the *Construction Manager* may have, terminate the *Contract* by giving the *Owner* or receiver or trustee in bankruptcy *Notice in Writing* to that effect.
- 7.2.2 If the *Work* is suspended or otherwise delayed for a period of 20 *Working Days* or more under an order of a court or other public authority and providing that such order was not issued as the result of an act or fault of the *Construction Manager* or of anyone directly or indirectly employed or engaged by the *Construction Manager*, the *Construction Manager* may, without prejudice to any other right or remedy the *Construction Manager* may have, terminate the *Contract* by giving the *Owner Notice in Writing* to that effect.
- 7.2.3 The *Construction Manager* may give *Notice in Writing* to the *Owner*, with a copy to the *Consultant*, that the *Owner* is in default of the *Owner's* contractual obligations if:

The parties shall act immediately according to such instructions, it being understood that by so doing neither party will jeopardize any claim the party may have. If it is subsequently determined that such instructions were in error or at variance with the *Contract Documents*, the *Owner* shall pay the *Construction Manager* costs incurred by the *Construction Manager* in carrying out such instructions which the *Construction Manager* was required to do beyond what the *Contract Documents* correctly understood and interpreted would have required, including costs resulting from interruption of the *Work*.

The responding party shall send a *Notice in Writing* of reply to the dispute within 10 *Working Days* after receipt of such *Notice in Writing* setting out particulars of this response and any relevant provisions of the *Contract Documents*.

2. AGREEMENT BETWEEN OWNER AND CONSTRUCTION MANAGER— FOR SERVICES AND CONSTRUCTION

2.1 Article A-1 THE SERVICES AND THE WORK

2.1.1 Delete paragraph 1.3 and replace with the following:

- (ii) the date the *Consultant* and/or *Owner* has certified *Total Completion of the Work*.”

2.1.2 Add the following new paragraph 1.4:

“1.4 For greater clarity, the *Work* and the *Services* for which the *Construction Manager* is responsible under this *Contract* are limited to the work and services required by the Contract Documents to be performed by the *Construction Manager*, the *Subcontractors* and *Suppliers* from and after the *Effective Date*

and during the *Effective Period*, unless expressly set out otherwise in this *Contract*.”

2.2 Article A-2 AGREEMENTS AND AMENDMENTS

2.2.1 Add new paragraphs 2.3, 2.4 and 2.5 as follows:

- “2.3 Notwithstanding anything herein, the *Construction Manager* shall have no liability in respect of any services, labour, work and/or materials of any kind provided to the *Project* by any contractor, subcontractor, trade supplier, consultant, or other party for any period prior to the *Effective Date* (collectively, the “***Pre-Effective Date Risk***”). The *Pre-Effective Date Risk* includes without limitation (1) any claims or costs relating to *Consequential Damages*, deficiencies, defects, warranties and warranty periods, or future claims by or against Mizrahi Developments and any Mizrahi-related companies, unpaid invoices, delays, extras or wrongful termination, (2) any claims or costs relating to *Consequential Damages*, deficiencies, defects, warranties and warranty periods, or future claims by or against the *Prior CM*, unpaid invoices, delays, extras or wrongful termination, in either case which relate to the *Pre-Effective Date Work*, and (3) to the extent that the *Construction Manager* becomes aware of defects or deficiencies in *Pre-Effective Date Work* and which require any *Work* completed after the *Effective Date* to be removed, replaced or altered, the reasonable costs of performing such removal, replacement or alteration, provided that such defects or deficiencies were not discovered prior to the initial completion of such *Work* after the *Effective Date* (the “***Pre-Effective Date Work***” means the services, labour, work and/or materials described in the first sentence of this paragraph 2.3). The *Pre-Effective Date Risk* expressly includes any defects or deficiencies in (1) any *Products* supplied for the curtain walls for the *Project*, including any errors with sequencing or coordinating the supply and designs for any of the individual components of the curtain walls or (2) work or services performed prior to the *Effective Date* for the curtain walls for the *Project*, but the *Pre-Effective Date Risk* expressly excludes any *Services* or *Work* supplied or performed by the *Construction Manager* or its *Subcontractors* after the *Effective Date* to install such *Products* as part of the curtain wall for the *Project*.

Contract Documents, once accepted in writing by the *Owner* and the *Construction Manager*.”

2.2.2 Add new paragraph 2.6 as follows:

“The *Contract* permits that there may be changes to the *Project* by way of a *Change Order* or *Change Directive*, including, without limitation, a sale of the commercial portion of the *Project*, that may result in certain *Project* work and/or finishing work being completed by parties other than the *Construction Manager* (“**Descoped Work**”), and that no fees or other compensation shall be payable to the *Construction Manager* or any other *Tridel Entity* in respect of any such work (it being understood that nothing in this provision shall detract from the *Construction Manager*’s obligations under the *Contract* for any work and/or services in relation to the *Project*, including on the commercial portion, prior to, or as required in connection with, any such change or sale), except as set out in this paragraph, a *Change Order*, *Change Directive*, or otherwise in writing and agreed by the parties. Any such *Descoped Work* will be set out in detail in a *Change Order* or *Change Directive*, and will have the effect of relieving the *Construction Manager* of all responsibility and liability for such *Descoped Work* from and after the date of the *Change Order* or *Change Directive* (including for all Tarion purposes), except as otherwise expressly agreed by the *Construction Manager*. For greater certainty, it is expected that, and the *Owner* and the *Construction Manager* agree that:

- .1 the *Construction Manager* will act as constructor for the purposes of the *OHSA* for any such *Descoped Work*;
- .2 the *Owner* will pay the *Construction Manager* the compensation for such *Descoped Work* in accordance with this paragraph; and
- .3 the terms and conditions of GC 3.2 – CONSTRUCTION BY OWNER OR OTHER CONTRACTORS, GC 9.4 – CONSTRUCTION SAFETY, PART 8 – DISPUTE RESOLUTION and GC 12.1 – INDEMNIFICATION (including the limitations on liability set out in GC 12.1) will apply to such *Descoped Work* as appropriate in the context, unless the parties otherwise agree.

In addition, in the event of, and to the extent of, any descoping of parts of the *Work* in accordance with the *Contract*, the *Construction Manager* shall not be entitled to any costs, damages and/or Consequential Damages for loss of such *Descoped Work*. For greater certainty, the *Construction Manager* shall not be entitled to be compensated for any *Construction Manager’s Fee* with respect to any *Descoped Work*, provided that the *Construction Manager* shall be re-imbursed for any *Hard Costs of Construction* directly incurred by the *Construction Manager* in the course of completing such *Descoped Work* prior to the effective date of such descoping (as approved by the *Cost Consultant* and otherwise in accordance with the *Contract*).

Notwithstanding the foregoing and for greater clarity, the *Construction Manager* is entitled to the following compensation:

- (a) when the *Construction Manager* acts as constructor under the *OHSA* for any such descoped part of the *Work*, then the *Owner* will pay the *Construction Manager*:
 - (i) to the extent not already paid to the *Construction Manager*, any costs incurred by the *Construction Manager* in performing such constructor obligations (or, if such costs are also incurred as *Costs of the Work* for the *Project*, a proportionate amount of such costs), including the *Construction Manager's* personnel costs in accordance with the *Project Staffing Matrix*; provided that, if the *Work* attains *Substantial Performance of the Work* prior to the completion of such *Descoped Work*, the parties agree the costs incurred by the *Construction Manager* in performing such constructor obligations include all of such costs and not a proportionate amount of such costs; and
 - (ii) to the extent not already paid to the *Construction Manager*, the reasonable costs incurred by the *Construction Manager* for any *Work* or *Services* performed by the *Construction Manager* for the benefit of the completion of such *Descoped Work* (such as the use of common staging areas with the *Project*, the use of any scaffolding or fencing from the *Project*), provided the *Owner* has provided prior written approval for such *Work* or *Services*;
- (b) a fee equal to 2.85% of the costs incurred by the *Construction Manager* pursuant to paragraphs (a)(i) and (a)(ii) of this paragraph 2.6; and
- (c) the reasonable *Costs of the Work* incurred by the *Construction Manager* (including *Personnel Costs*) (if material in nature) in transitioning such *Descoped Work* to another construction manager or contractor, and in coordinating the *Work* and such *Descoped Work*, provided such *Costs of the Work* are pre-approved in writing by the *Owner*.

If, in the *Construction Manager's* reasonable estimation, the construction work performed in relation to the *Descoped Work* necessitates that the *Construction Manager* engage additional personnel or incur additional time from what would reasonably be expected in order to properly perform the work or services required by paragraphs (a)(i), (a)(ii) or (c) of this paragraph 2.3, the *Construction Manager* will provide the *Owner* with notice and the *Owner* will pay the reasonable costs of such additional personnel.”

2.2.3 Add new paragraph 2.7 as follows:

“The *Construction Manager* shall provide to the *Owner* evidence that the *Construction Manager* is registered and in good standing with TARION and in accordance with the provisions of the Ontario *New Home Warranties Plan Act* (“**ONHWPA**”), latest version. The *Construction Manager* shall be registered as a “Builder” of the *Project* with TARION throughout the duration of this *Contract* and shall comply with *ONHWPA* and its regulations. Without limiting the generality of the foregoing, the *Construction Manager* represents and warrants in favour of the *Owner* that it is licensed as a builder by the Home Construction Regulatory Authority (Ontario) (“**HCRA**”) and its license is in good standing and has not expired or been revoked and the *Construction*

Manager shall take all necessary and appropriate steps to maintain the *Construction Manager's* license as a builder with *HCRA* in good standing.”

2.2.4 Add new paragraph 2.8 as follows:

“Without limiting any other provision of the *Contract*, the *Construction Manager* shall take all necessary and appropriate steps to assist in connection with Mizrahi Development Group (The One) Inc.’s or any *Owner's* qualification and enrollment registration with Tarion Warranty Corporation (“*TWC*”) in order to obtain qualification and enrolment confirmation for the residential condominium units for the *Project*, including the terms and conditions in relation to same with *TWC* and procuring any bonds required by *TWC*, all in consultation with the *Owner*; provided that the *Owner* shall be responsible for the costs of obtaining any *TWC* bond or other credit support.”

2.3 **Article A-4 CONTRACT DOCUMENTS**

2.3.1 Please see standard form portion of *Contract*.

Provided that, notwithstanding anything to the contrary, the more stringent standard in any *Contract Document* or the warranty requirements set out in GC 12.3.1.4 shall govern to the extent of any conflict or inconsistency.”

2.4 **Article A-5 CONSTRUCTION MANAGER'S FEE**

2.4.1 Delete Article 5.1 and amend Article 5.2 by replacing it with the following:

“5.2 The *Construction Manager's Fee* for the *Services*, and consideration for the performance by the *Construction Manager* of the *Services*, is deemed to be included in the *Construction Manager's Fee* in Article A-5.3.”

2.4.2 Delete Article 5.3 and replace it with the following:

“5.3 The *Construction Manager's Fee* related to the *Services* and the *Work* shall be as follows:

i) *Construction Manager's Fee*

For all *Services* and/or *Work* performed by the *Construction Manager* following the *Effective Date* and prior to any termination of this *Contract* once entered into (such period being, the “**Effective Period**”), as consideration for the performance by the *Construction Manager* of the *Services* and the *Work* (as such terms are defined in this *Contract*), the *Construction Manager* shall be entitled to (i) a percentage fee of 2.85% of the *Hard Costs of Construction* (as defined herein), (the “**Construction Manager's Fee**”), and (ii) rates of *Construction Manager* personnel performing *Services* (as more particularly included in the *Baseline Construction Budget* or as approved by the *Owner*) based on the *Project Staffing Matrix* and Schedule B, in both cases plus HST. For the purposes of this *Contract*, *Hard Costs of Construction* accrues from the

Effective Date to the earlier of (a) the date of termination of this *Contract* or (b) the end of the *Construction Manager's* obligation to provide *Services* as set out in paragraph 1.3 of Article A-1.

ii) *Fee Installments and Reconciliation*

- (a) From the *Effective Date* until the earlier of termination of the *Contract* and the *Total Completion of the Work*, the estimated total *Construction Manager's Fees*, less the amount of pre-payment of \$1,418,362.00 (exclusive of *Value Added Taxes*) made to the *Construction Manager* pursuant to the *Term Sheet*, will be paid by the *Owner* in equal monthly instalments (the “**CM Monthly Instalments**”) which has been calculated on a straight-line basis over the *Effective Period* based on the *Construction Schedule* and, subject to paragraph 5.3(ii)(b), is equal to the amount for the total *Construction Manager's Fee* in the *Baseline Construction Budget* as at the *Effective Date* divided by the number of months contemplated to achieve *Total Completion of the Work* as set out in the *Construction Schedule* as at the *Effective Date* (exclusive of *Value Added Taxes*). For greater certainty, and only pursuant to sub-paragraph (b), the *Owner* will include in the *CM Monthly Instalments* the *Construction Manager's Fee* attributable to changes approved through a *Change Order* or *Change Directive*.
- (b) The parties will adjust the *CM Monthly Instalments* each quarter, if applicable, based on material increases or material decreases in the *Construction Manager's Fees* as a result of a *Change Order* or *Change Directive* or as a result of any material extension or material reduction of the *Contract Time* permitted under this *Contract*. For purposes of this paragraph (b):
 - (I) a material increase or material decrease in the *Construction Manager's Fee* occurs when, since the last adjustment to the *CM Monthly Instalment*, there has been a change in the aggregate of the lesser of \$10,000,000 and 4% or more in the amount of the estimated *Hard Costs of Construction* (set out in the *Baseline Construction Budget*) that was used in the calculation of the last adjustment to the *CM Monthly Instalment*; and
 - (II) a material extension or material reduction of the *Contract Time* occurs when, since the last adjustment to the *CM Monthly Instalment*, there has been an extension or reduction of **3** months in the aggregate or more in the *Contract Time* that was used in the calculation of the last adjustment to the *CM Monthly Instalment*.
- (c) Within 10 *Working Days* after the *Total Completion of the Work* or any termination of the *Contract*, the *Construction Manager* will perform and complete a reconciliation of the *Construction Manager's*

Fee (“**Reconciliation**”) which *Reconciliation* is subject to the *Owner’s* review and approval, acting reasonably. The *Reconciliation* will be a comparison of the total amounts paid by the *Owner* on account of the *Construction Manager’s Fee* against the actual *Construction Manager’s Fee* as determined pursuant to paragraph 5.3(i). To the extent the *Reconciliation* indicates there is an overpayment by the *Owner* on account of the *Construction Manager’s Fee*, then the *Construction Manager* shall pay the *Owner* the amount of the overpayment within ten (10) *Working Days* after the parties agree on the *Reconciliation*, without interest. To the extent the *Reconciliation* indicates there was an underpayment by the *Owner* on account of the *Construction Manager’s Fee*, then the *Owner* shall pay the *Construction Manager* the amount of the underpayment within ten (10) *Working Days* after the parties agree on the *Reconciliation*, without interest.

2.4.3 Add new paragraph 5.6 as follows:

The *Consultant* and the *Owner* shall have approved the *Construction Schedule* prior to *Contract* execution. The *Construction Manager* shall perform the *Work* and the *Services* in accordance with the *Construction Schedule* and shall meet each of the deadlines contemplated by the *Construction Schedule* prior to the execution of the *Contract*, in consultation with the *Construction Manager*. For clarity, the *Construction Manager* shall undertake the *Services* and meet all deadlines for the *Services* set out in this *Contract*, to ensure that the *Work* is completed in accordance with the *Construction Schedule*. The *Construction Manager* shall monitor the progress of the *Work* relative to the *Construction Schedule* and shall report its progress relative to the *Construction Schedule* monthly or on such other periodic basis as the *Consultant* and/or *Owner* may request. For clarity, such reports and updates from the *Construction Manager* (including the monthly schedule updates in paragraph 3.5.1.7(vi)) are provided for reference and information purposes only and shall not amend the *Construction Schedule* (including any assumptions relating to *Pre-Effective Date Risk* or *Pre-Effective Date Work*), unless the *Owner* pre-approves of such amendments to the *Construction Schedule* in writing.”;

The critical path schedule, once approved in writing by the *Owner* shall be known as the “*Construction Schedule*”, shall be the

baseline schedule for carrying out the *Work* from the *Effective Date* until *Total Completion of the Work*;

Within seven (7) *Working Days* of becoming aware of any facts or conditions which may affect the *Construction Manager’s* ability to maintain the approved *Construction Schedule*, the *Construction Manager* shall notify the *Owner* in writing of such facts or conditions. Any proposed changes to the *Construction Schedule* as prepared by the *Construction Manager* shall be subject to review and approval by the *Consultant* and the *Owner* and shall not be a change to the *Construction Schedule* unless the *Owner* approves of such change in writing. Should the *Construction Manager* be unable to achieve the *Construction Schedule*, then the *Construction Manager* shall advise the *Owner* and *Consultant* of ways and methods to accelerate the construction to meet the *Construction Schedule* (including the preparation of a recovery plan) and, if accepted by the *Owner* and *Consultant*, then promptly proceed with the said construction ways and methods without additional cost to the *Owner* if the cause of the delay was a breach of this *Contract* by or the negligence of the *Construction Manager*, *Subcontractors*, *Suppliers* or sub-subcontractors or others for whom they are responsible, which breach or negligence occurred after the *Effective Date*; and
- 3.5.1.7 during construction:
 - (i) Show on the *Construction Schedule* all important construction milestones, including the commissioning and startup of relevant systems. For greater certainty, the *Construction Manager* and the *Owner* shall work consensually and co-operatively to develop appropriate milestones in relation to the *Work* and/or *Total Completion of the Work*. Said milestones shall be memorialized in a *Project Milestones* document that shall become a *Contract Document*. Said *Project Milestones* document shall be completed as mutually agreed by the *Owner* and the *Construction Manager*, acting reasonably and promptly;
 - (ii) The *Construction Schedule* shall be reviewed and proposed updates discussed at each progress meeting. As a minimum, distribute the proposed updates to the *Construction Schedule* two business (2) days prior to each site meeting, and monthly updates. For clarity, such proposed updates shall not amend the *Construction Schedule* unless they are approved by the *Owner* in writing;

- (iii) The *Owner* may require the *Construction Manager* to revise the *Construction Schedule* at any time;

3.5.4 For greater certainty, the *Construction Manager* and the *Owner* shall specifically meet in relation to the *Construction Schedule* approximately one (1) month prior to the "roof assembly date" (as said term is used by TARION or as said term is commonly used in the construction industry) and mutually agree on fixed occupancy dates for the units, which dates shall be shown on the next revised version of the said schedule. The agreed upon duration between the first assembly date and the fixed occupancy dates shall not be altered or revised unless there is mutual agreement by the parties (subject to GC 6.5 Delays). In the event that the scheduled/fixed occupancy dates are delayed/missed, to the extent such delay or miss was caused by a breach of this *Contract* by or the negligence of the *Construction Manager*, *Subcontractors*, *Suppliers* or sub-subcontractors or others for whom they are responsible which breach or negligence occurred after the *Effective Date*, the *Construction Manager* shall be responsible for any delayed occupancy costs/charges incurred by the *Owner* in accordance with the TARION rules and regulations which are required to be paid to unit purchasers and all such amounts shall be deducted, upon notice to the *Construction Manager*, from any further and/or future payments to be made to the *Construction Manager*.

- 3.5.5 Failure to submit acceptable and current schedules as specified may result in retainage in funds from progress payments up to the amount of the monthly *Construction Manager's Fee*.

Subcontractors under existing subcontracts that have been assigned to the *Construction Manager* to comply with this provision.”

4.13.4 Add new paragraph 3.7.7 as follows:

The *Construction Manager* shall include relevant provisions to that effect in all contracts entered into by the *Construction Manager* with *Subcontractors* and/or *Suppliers* (other than *Existing Subcontractors* under existing subcontracts that have been assigned to the *Construction Manager* for which the *Construction Manager* shall use commercially reasonable efforts to include such provisions).”

4.32.4 Add to the end of paragraph 6.5.4 the following:

“For greater certainty, it is the intention of the parties that an extension for delay (and related claim for costs) pursuant to the Contract will be considered only (and the *Construction Manager* shall only be entitled to claim) where such delay affects the critical path of the *Project*. Without in any way limiting the generality of the foregoing, it is a condition precedent to the *Construction Manager*’s claim for extension of the *Contract Time* and any claim for costs that the notice provisions in this paragraph be

strictly adhered to in each instance, except where the event of delay itself reasonably precludes strict adherence to such notice provisions. If the Construction Manager fails to comply with such notice provisions, then it shall be deemed to have waived the right to claim for the effects of delay, both time and money, if and only to the extent the Owner is prejudiced by such failure. The *Construction Manager* shall also be required to present to the *Owner* and the *Consultant* a mitigation plan for dealing with and attempting to minimize the effects of any delay to the *Project*.”

4.32.5 Add as a new paragraph 6.5.6 the following:

“6.5.6 Where the critical path of the *Project* is affected because of a delay in the performance of the *Work* as a result of the negligence and/or breach of contract of the *Construction Manager* and no extension of time is permitted in accordance with paragraphs 6.5.1, 6.5.2 and/or 6.5.3, or through the issuance of a *Change Order*, the *Construction Manager* shall take all steps necessary, at its own cost and expense, to cause the actual progress of the *Work* and the *Services* to comply with the *Construction Schedule* (and in accordance with any approved recovery plan).”

4.32.6 Add new paragraphs 6.5.7, 6.5.8, 6.5.9 and 6.5.10 as follows:

“6.5.7 The *Owner* and *Construction Manager* recognize and agree that the *Project* is already and will continue to be impacted by the COVID-19 pandemic (the “**COVID Impacts**”). The parties further recognize and agree that as of the *Interim Period* and the *Effective Date* of the *Contract*, the COVID Impacts that existed were known to the parties (the “**Baseline COVID Impacts**”).

6.5.8 The *Construction Manager* shall ensure that all agreements entered into by the *Construction Manager* with any *Subcontractors* or *Suppliers* contain sufficient language to protect the *Owner* from increases to the *Cost of the Work* or any extension of the *Contract Time*, associated with any Baseline COVID Impacts which were known or ought to have been known to either or both of the *Construction Manager* and the corresponding *Subcontractor* or *Supplier* as of the date of execution of such agreements. The *Cost of the Work* shall exclude any such increased costs to the *Subcontractor*, *Supplier*, or *Construction Manager* which were known or ought to have been known as of the date of the execution of the relevant agreement.

6.5.9 In no event shall the *Construction Manager* be entitled to any additional *Construction Manager’s Fee* as a result of delays on account of the Baseline COVID Impacts.

6.5.10 The *Construction Manager* expressly acknowledges and agrees that the existence of Baseline COVID Impacts shall not entitle the *Construction Manager* to an extension of the *Contract Time* or a change in the Price of the *Work* or Guaranteed Maximum Price (if any).”

4.33 **GC 7.1 OWNER’S RIGHT TO PERFORM THE WORK OR TERMINATE THE CONTRACT**

4.33.1 Delete paragraph 7.1.1 and replace with the following:

“7.1.1 Bankruptcy and Cross-Default

.1 If the *Construction Manager* or one of the other *Tridel Entities* is adjudged bankrupt, or makes a general assignment for the benefit of creditors because of the *Construction Manager's* or one of the other *Tridel Entities' insolvency*, or if a receiver is appointed because of the *Construction Manager's* or one of the other *Tridel Entities insolvency*, the *Owner* may, without prejudice to any other right or remedy the *Owner* may have, terminate the *Construction Manager's* right to continue with the *Work*, or terminate the *Contract*, by giving the *Construction Manager* or receiver or trustee in bankruptcy *Notice in Writing* to that effect, but without affecting in any respect the liability of the *Construction Manager* in respect of earlier default.

.2 If the *Owner* terminates the *PMSA* pursuant to Section 10.4 of the *PMSA* or the *RSA* pursuant to Section 6.4 of the *RSA*, then the *Contract* shall be deemed to have been terminated due to the *Construction Manager's* default with effect as the date of termination for the *PMSA* or *RSA*, as applicable.

4.33.2 Delete paragraph 7.1.2 in its entirety and replace it with the following:

“7.1.2 Should the *Construction Manager* not prosecute the *Work* properly, or neglect to maintain the latest construction schedule provided pursuant to GC 3.5 – CONSTRUCTION SCHEDULE, or otherwise fails to comply with the requirements of the *Contract*, in all cases to a substantial degree, the *Owner* may, without prejudice to any other right or remedy the *Owner* may have, notify, or have the *Consultant* notify, the *Construction Manager* in writing that the *Construction Manager* is in default of the *Construction Manager's* contractual obligations and instruct the *Construction Manager* to correct the default in the five (5) *Working Days* immediately following the receipt of such notice, but without affecting in any respect the liability of the *Construction Manager* in respect of earlier defaults.”

4.33.3 Amend paragraph 7.1.3.1 by inserting the words “and is diligently proceeding with” after the word “commences”.

4.33.4 Add new paragraphs as follows:

“7.1.8 Where the *Owner* has exercised its right to terminate the *Contract* pursuant to the provisions of GC 7.1.1 or GC 7.1.4 (and, concurrently, the *PMSA* and the *RSA*), then the *Owner* may, at its discretion and without prejudice to any other right or remedy, take action against the *Construction Manager* to recover any and all reasonable costs or damages incurred in having the *Work* completed by others, subject to paragraph 12.1.2 of GC 12.1 - INDEMNIFICATION.

7.1.9 Where the *Owner* has exercised its right to terminate the *Contract* pursuant to the provisions of GC 7.1.1 or GC 7.1.4 (and, concurrently, the *PMSA* and the *RSA*), the *Construction Manager* shall forthwith upon notification of the exercise of such right, make available and deliver to the *Owner*, its authorized agents and representatives, all books and records of the *Construction Manager* relating to the *Work* including all *Contract Documents* in the *Construction Manager's* possession. Upon the *Owner* exercising such right to stop the *Work* or terminate the *Contract*, the *Construction Manager* shall be deemed, without further formality, to have sold, assigned and set over unto the *Owner*, without further consideration, those agreements, arrangements and contracts with *Subcontractors*, *Suppliers*, engineers and others to which the *Construction Manager* is a party with respect to the performance of the *Work* which the *Owner* designates in writing to the *Construction Manager* after the giving of notice to stop the *Work* or terminate the *Contract*. The remaining such contracts shall continue to be the property and responsibility of the *Construction Manager*. The *Construction Manager* shall, upon written request by the *Owner* and in form reasonably satisfactory to the *Owner*, execute such further assignments to give effect to the foregoing as the *Owner* shall reasonably require.

7.1.10 Suspension of Performance

- .1 The *Owner* may at any time, and from time to time, by notice to *Construction Manager*, suspend further performance of the *Work* or a material portion thereof. Upon receiving such notice of suspension, *Construction Manager* shall promptly suspend further performance of the *Work* to the extent specified, and during the period of such suspension shall properly care for and protect all *Work* in progress and materials, supplies, and equipment *Construction Manager* has on hand for performance of the *Work* and generally use its commercially reasonable efforts to utilize its materials, labour and equipment in such a manner as to mitigate costs associated with such suspension. The *Owner* may at any time withdraw the suspension as to all or part of the suspended performance by written notice to *Construction Manager* specifying the effective date and scope of withdrawal, and *Construction Manager* shall, on the specified date of withdrawal, resume diligent performance of the *Work* for which the suspension is withdrawn.
- .2 If the *Construction Manager* believes that any such suspension or withdrawal of suspension justifies modification of the *Construction Manager's Fee*, the *Guaranteed Maximum Price* (if applicable), the Price of the *Work* or the *Contract Time* and provided that such suspension was not the result of a default of the *Construction Manager's* obligations under the *Contract*, the *Construction Manager* shall so notify the *Owner* in writing (with adequate supporting documentation for the *Owner's* verification and approval) within ten (10) *Working Days* after receipt of the notice of suspension or withdrawal of suspension and thereafter the *Owner* and the *Construction Manager* shall agree upon an equitable

adjustment in the *Construction Manager's Fee*, the *Guaranteed Maximum Price* (if applicable) and/or the *Contract Time* based upon such verified and approved supporting documentation as full settlement to the *Construction Manager* for the suspension or withdrawal of suspension. Such adjustment shall include compensation for the *Construction Manager's* verified and reasonably required *Project Staff*, site maintenance costs, and any costs to mobilize and de-mobilize the *Project Site*, for the full duration of the suspension.

7.1.11 The *Owner* may not exercise any termination right under this *Contract* without concurrently terminating the *PMSA* and the *RSA*, and, if either the *PMSA* or the *RSA* are terminated for any reason, then such termination will be deemed to be a termination under paragraph 7.1.1 and/or paragraph 7.1.4, as applicable. For greater certainty, the expiry or termination of a *Tridel Agreement* resulting from the completion of all work, services and obligations under such *Tridel Agreement* shall not be considered a termination by the *Owner* for the purposes of this paragraph.”

4.34 **GC 7.2 CONSTRUCTION MANAGER'S RIGHT TO SUSPEND THE WORK OR TERMINATE THE CONTRACT**

4.34.1 Amend paragraph 7.2.2 by deleting “20” in the first line and replacing it with “30”.

4.34.5 Amend paragraph 7.2.4 by deleting the words “default is not corrected” in the second line and replacing them with the words “correction of the default is not commenced” and add the words “, it being acknowledged that any such suspension or termination shall only occur in the event that an alleged default is not cured within the agreed upon cure period.” at the end of the paragraph.

4.34.6 Amend paragraph 7.2.5 by deleting the words “reasonable profit” and replacing them with the words “the *Construction Manager's Fee* payable to the end of the month in which the *Contract* is terminated” and by adding at the end of such paragraph the words “, subject to the *Construction Manager's* obligation to mitigate damages”. Also add at the end of the paragraph, “In no event is the *Construction Manager* entitled to *Consequential Damages* related to its termination of the *Contract*.”.

“8.2.4 If the parties cannot resolve a matter within twenty (20) days of either party providing written *Notice in Writing* of such dispute to the other party, the parties will escalate the matter to an appropriate senior officer of each of the *Owner* and the *Construction Manager*.

8.2.5 If the dispute is not resolved within ten (10) days of the date the dispute is escalated to an appropriate senior officer of each of the *Owner* and the *Construction Manager*, then the dispute shall proceed to be resolved by the Ontario Superior Court of Justice (Commercial List). Unless otherwise agreed to in writing or in the event that the Ontario Superior Court of Justice (Commercial List) lacks jurisdiction or declines to exercise jurisdiction over a dispute, the *Owner* and the *Construction Manager* hereby attorn to the exclusive jurisdiction of the Ontario Superior Court of Justice (Commercial List) with respect to any dispute arising out of or in relation to this *Contract*.”

8.2.6 Notwithstanding what is set out herein or elsewhere, the *Owner* and *Construction Manager* agree that the *Construction Lien Act* as it read on June 30, 2018, applies to the *Project* as the criteria established by Section 87.3 of the *Construction Act* (as it read on July 1, 2018) are satisfied. As a result, among other things, the prompt payment and adjudication provisions of the current *Construction Act* do not apply.

8.2.7 If there is a dispute between the parties, notwithstanding that any such dispute is not then resolved, the *Construction Manager* shall continue to perform its *Work* and carry out its *Services* expeditiously and with diligence as requested by the *Owner* or the *Consultant*, whether or not payment of any disputed amount has been made. Performance of such *Work* shall not be deemed to prejudice the claims of the *Construction Manager* for additional compensation or prejudice any claims of the *Owner*.”

8.2.8 For greater certainty, for any dispute which exceeds \$250,000, either party may refer said dispute to mediation before a qualified mediator mutually agreed to by the parties. The mediation of such disputes is mandatory and shall be conducted as soon as practicable.”

If such toxic or hazardous substances or materials are required, storage in quantities sufficient to allow work to proceed to the end of any current work week only shall be permitted. The *Construction Manager* shall, as the “constructor”, comply with, and ensure compliance by *Subcontractors* and *Suppliers* with, the *OHSA* and the *Workers Compensation Act* and its regulations, including the Occupational Health & Safety Regulations. To the extent necessary, the *Owner* grants the authority to the *Construction Manager* to require all *Other Contractors* to comply with the *Construction Manager’s* safety requirements or be removed or barred from the site while the *Construction Manager* is the “constructor”. The *Construction Manager* shall file a “Notice of Project” and any other notices or documents required by the health and safety legislation. The *Construction Manager* represents and warrants to the *Owner* that it has relevant experience in complying with health and safety legislation in relation to similar projects to the *Project* in the Province of Ontario. The *Construction Manager* shall implement a process for *Subcontractors* that requests disclosure of health and safety qualifications and experience, any charges, orders or violations issued by the Ministry of Labour from *Subcontractors*, and the *Construction Manager* shall require its *Subcontractors* to be subject to a similar process with their sub-subcontractors within its *Subcontract*.

The Owner shall use best efforts to get *Other Contractors* to sign an acknowledgement (the “Acknowledgement”) in favour of the *Construction Manager* that is substantially similar to the following:

The undersigned acknowledges that the work it will perform for the *Owner* or a construction manager retained by the *Owner* requires it to enter an area which is under the control of Deltera Construction Limited, a construction manager that has a contract with the *Owner*, pursuant to which Deltera Construction Limited is responsible for health and safety compliance with applicable legislation, including the responsibilities of the “constructor” under OHSA.

The undersigned agrees to comply with Deltera Construction Limited’s directions and instructions with respect to health and safety and acknowledges that its failure to do so will or may be cause for removal/exclusion from the *Project* site and/or termination of its contract with the *Owner* or termination of employment with the *Owner*.

If an *Other Contractor* or *Owner*’s own personnel fails to comply or conform with the health and safety instructions of the *Construction Manager* (including relating to reasonably requested information relating to the work or services to be performed by such *Other Contractor*), then the *Construction Manager* may take such action as it considers necessary in order to ensure safety at the *Place of the Work* (or location of the *Descoped Work*) and compliance with the OHSA, including removing them from the site or requiring additional supervision, and the parties agree that such failure will be treated as a delay event pursuant to paragraph 6.5.1 of GC 6.5 – DELAYS to the extent of any resulting delays.”

If the *Construction Manager* fails to correct such non-compliance, the *Owner* may take or order any remedial measures which it deems necessary, including stopping the performance of all or any portion of the *Work*, and the *Owner* may use the

employees of itself, the *Construction Manager*, any *Subcontractor* or any *Other Contractors* to perform such remedial measures. In the event the *Owner* takes or orders any remedial measures in accordance with this paragraph, the *Construction Manager* acknowledges and agrees that the *Owner* shall not be deemed or considered to be the “constructor” under *OHSA* and such responsibility and obligation remains with the *Construction Manager* unless the *Owner* has taken control of the *Place of the Work* as may be determined by the Ministry of Labour, Immigration, Training and Skills Development for it to become the *Constructor* under the *OHSA* or the Ministry of Labour, Immigration, Training and Skills Development determines that the *Construction Manager* is not the *Constructor*. - (ii) any such performance bond shall have a rider or other such written obligation that has the *Owner* as an obligee under the performance

bond, together with the *Construction Manager* (i.e. dual obligee rider).

11.2.2 The Construction Manager shall use commercially reasonable efforts to ensure that any and all performance bonds or labour and material payment bonds, existing prior to the Effective Date are maintained in good standing for the benefit of the Construction Manager and the Owner under this Contract.”

“12.1.1 Without restricting the *Construction Manager’s* obligation to indemnify as described in paragraph 12.1.4, or the *Construction Manager’s* other obligations or liabilities under the *Contract* or otherwise, the *Construction Manager* shall indemnify and hold harmless the *Owner*, and the *Consultant*, their respective agents, officers, and employees from and against all claims, demands, losses, costs, damages, actions, suits, liabilities, expenses or proceedings (hereinafter called “***Claims***”) that directly or indirectly arise out of, or are attributable to the negligent acts or omissions of the *Construction Manager* and the other Tridel Entities and their respective employees and agents, *Subcontractors*, *Suppliers* or any other persons for whom they are in law responsible (including, without limitation, claims that directly or indirectly arise out of, or are attributable to, damage to the *Work*, the *Owner’s* property or equipment, the landlord’s property or equipment, the *Construction Manager’s* property or equipment or equipment or property adjacent to the *Place of the Work* or death or injury to the *Construction Manager’s* personnel).

Without restricting the *Owner’s* obligation to indemnify as described in paragraph 12.1.5, or the *Owner’s* other obligations or liabilities under the *Contract* or otherwise, the *Owner* shall indemnify and hold harmless the *Construction Manager*, and its respective agents, officers, and employees from and against all *Claims* that directly or indirectly arise out of, or are attributable to the negligent acts or omissions of the *Owner*, provided that such indemnity will not be secured by the contemplated court-ordered charge in favour of the *Tridel Entities* or otherwise entitled to any priority relative to the amounts owing to the *Senior Secured Lenders*, but will be fully enforceable against any permitted assignee following an assignment of the *Contract* in connection with any sale of the *Project* in accordance with the *Term Sheet*. The Construction Manager will enter into an agreement in favour of the *Senior Secured Lenders* postponing any amounts payable pursuant to the indemnity provided for in this Section 12.1.1 and Section 12.1.5 and otherwise in the *Contract* to the obligations owing to the *Senior Secured Lenders*.

The provisions of GC 12.1 - INDEMNIFICATION shall survive the termination of the *Contract*, howsoever caused and no payment or partial

Subject to paragraph 2.3 of Article A-2 of the Agreement – AGREEMENTS AND AMENDMENTS and paragraph 12.3.13, the *Construction Manager* shall promptly and at its own expense remedy, make good any defects or deficiencies (which or the effect of which shall appear to arise either prior to or during such warranty period) and pay for any resulting damage to other work or property or to persons, including the removal and replacement of covering materials.

- (b) Certain Related Parties are disclosed in Schedule "D" of the Project Management and Services Agreement. Without limiting Section 2.7(a), the prior written consent

of the Owner, which may be unreasonably withheld, shall be required for such Related Parties to supply goods and services to the Project.

2.8 Ownership of Project Materials

The Sales Manager acknowledges that all Plans and Specifications, Project Records, Marketing Materials and Condominium Documents (including without limitation the books of account to be maintained by the Sales Manager pursuant to Section 2.4 hereof) and all copies thereof are the property of the Owner. The Sales Manager shall not use the same with respect to any other work and upon request by the Owner, all of the same in the possession of the Sales Manager shall be delivered to the Owner upon termination of this Agreement.

2.9 Execution of Unit Sales Agreements

Subject to the approval of the Court, in connection with the execution of Unit Purchase Agreements from and after the Effective Date, or any non-material amendment to any Unit Purchase Agreements entered into from and after the Effective Date (which shall mean an amendment to a Unit Purchase Agreement which expressly does not require the approval of the Owner under this Agreement or the Project Management and Services Agreement):

- (a) Unless the Owner gives prior written notice to the Sales Manager (the “**Subject Document Notice**”) that it wishes to have an Owner-nominated signatory co-sign any documentation referenced in this Section (the “**Subject Documents**”):
 - (i) the authorized signatory on behalf of the Nominee for any Unit Purchase Agreement, and any addendums to or amendments of any Unit Purchase Agreement (provided that any deviations from the Approved Price List and/or the Approved Unit APS are approved by the Owner or not required to be approved by the Owner in accordance with this Agreement and the Project Management and Services Agreement) shall be any one of James Ritchie, Len Gigliotti, Mariana Paratore, Kevin Kruk, Samson Fung or Linda Mustacato (or any other individual who has been duly designated or appointed in writing by the Project Manager with the prior written consent of the Owner) (collectively, the “**Authorized Tridel Signatories**”), and the parties hereby covenant and agree to execute whatever resolutions or other documents and instruments may be necessary in order to ratify and confirm the foregoing; and
 - (ii) the authorized signatory on behalf of the Nominee for any documents provided for in a Unit Purchase Agreement, or otherwise required in connection with Escrow Closing and/or Final Closing, and any realtor cooperation agreement entered into between the Owner and its nominee and any Arms’ Length real estate agent or broker who has introduced a prospective Unit Purchaser to the Project that is on

terms that have been approved by the Owner in the sole discretion, culminating in a Unit Purchase Agreement shall be any of the Authorized Tridel Signatories, and the parties hereby covenant and agree to execute whatever resolutions or other documents and instruments may be necessary in order to ratify and confirm the foregoing.

- (b) In the event that any Subject Documents are subject to a Subject Document Notice, such documentation shall be signed on behalf of the Owner or its nominee by one of the Authorized Tridel Signatories together with an authorized representative of the Owner.
- (c) Provided that no Subject Documents are subject to a Subject Document Notice, the following sales representatives employed by the Sales Manager who are not Authorized Tridel Signatories, being Anita Zaman, Chilli Yung, Nicholas Yang, Tara Stone, Alicia Persaud, Derek Mak, Marisa DiCecca, Tiffani Tsoi, May Tsui, Melissa Chan, Ashley Tsoi, Vanessa Pomante, Rahul Shah, Annette McDade and such other sales representatives employed by the Sales Manager from time to time as are approved by the Owner in its sole discretion (collectively, **"Sales Representatives"** and each, a **"Sales Representative"**) may sign alone:

 - (A) such authority of a Sales Representative may only be exercised during the period of time that this Agreement is in effect;
 - (B) the Unit Purchase Agreement must be generated electronically by way of the proprietary electronic document generation system of Tridel Corporation, or one of its Affiliates, and marked or otherwise identified as being preauthorized, without any amendments, additions, or deletions of any kind thereto, other than the insertion of the date of execution; and,
 - (C) no Sales Representative shall have the authority to sign any addendum to a Unit Purchase Agreement; and,

Agreement referred to in Section 2.9(c)(i) above that has been entered into by such introduced Unit Purchaser.

- (d) The nomination of any Authorized Tridel Signatories by the Project Manager, the employment of any Sales Representatives by the Sales Manager, and the execution of any of the Subject Documents by any Authorized Tridel Signatories or Sales Representatives in accordance with this Section 2.9 shall not deem any such Person, the Project Manager or the Sales Manager to be the Owner or an employee of the Owner for the purpose of any Subject Document that is being signed.

For the purposes of Section 6 of the Trademarks Licence Agreement (as defined in the Project Management and Services Agreement), the Sales Manager agrees and acknowledges that it has responsibility for the quality of the Sales Management Services to the extent set out in this Agreement.

ARTICLE 3 SALES FEES

3.1 Fees

- (a) In consideration of the Sales Management Services to be provided by the Sales Manager as detailed herein, the Owner agrees to pay fees (the “**Sales Fees**”) to the Sales Manager, equal to 1% of total Unit Sales Revenue for the Project.
- (b) The Sales Fees shall be payable to the Sales Manager as follows:
 - (i) with respect to all Unit Purchase Agreements except Retained Existing Unit Purchase Agreements, 50% of the Sales Fees in respect of the Unit Sales Revenue for such Unit Purchase Agreement shall be paid 30 days following the full execution and exchange of such Unit Purchase Agreement between the Owner and Unit Purchaser, and the receipt by the Owner (or the Deltera Solicitors) of Deposits payable by such Unit Purchaser totaling at least 10% of the purchase price of such Unit (or such lesser amount as approved by the Owner (in its sole discretion));
 - (ii) with respect to all Retained Existing Unit Purchase Agreements, 50% of the Sales Fees shall be paid 30 days following express affirmation by the Owner of such Retained Existing Unit Purchase Agreements, and the receipt by the Owner (or the relevant solicitor acting as deposit trustee) of Deposits payable by such Unit Purchaser totaling at least 10% of the purchase price of such Unit (or such lesser amount as approved by the Owner (in its sole discretion)); and

- (iii) the balance of the Sales Fees in respect of each Unit shall be paid within 30 days following the earlier of (i) the Escrow Closing of such Unit, and (ii) the Final Closing of such Unit (and, in each case, receipt by the Owner (or the Deltera Solicitors) of the balance of the purchase price for such Unit).
- (c) To the extent any Sales Fees are paid to the Sales Manager in respect of a Unit Sale for which the Unit Purchase Agreement is subsequently terminated (a "**Terminated Sale**"), the Sales Fees paid to the Sales Manager in respect of such Terminated Sale shall be credited, dollar for dollar, against the next Sales Fees due to the Sales Manager hereunder.
- (d) For the avoidance of doubt, the payments set out in Section 3.1(a), as further described in Section 3.1(b), shall be calculated and paid based on the Unit Sales Revenue from the applicable Unit Sale.

3.2 HST

The Sales Fees are exclusive of HST, which shall be paid by the Owner in addition to the Sales Fees.

ARTICLE 4 SALES COSTS

4.1 Costs Payable by Owner

The Owner agrees to make the following payments (collectively, the "**Sales Costs**") to the Sales Manager, provided (i) unless directly resulting from an Event of Force Majeure, such amounts are provided for in the Budget as approved by the Owner and (ii) payment of same is approved by the Owner and certified for payment by the Cost Consultant:

- (a) the costs incurred in respect of or allocated to any presentation or sales centres used for the Project, including rent, carrying costs and operations therefor;
- (b) the cost of all office equipment and telephone lines at any on-site sales office;
- (c) the cost incurred by the Sales Manager in respect of support staff provided by the Sales Manager for the Project, including without limitation the cost of all salaries and employee benefits payable to such personnel provided that, in each case, such costs are approved by the Owner as part of the Sales and Marketing Plan and the Budget and are provided for in the Project Personnel Matrix (which rates set out in the Project Personnel Matrix shall be inclusive of all costs set out in this Section 4.1(c));
- (d) the commissions and other costs payable by the Sales Manager to licensed third party sales agents or brokers retained by the Sales Manager to sell the

Units, if required, and as consented to by the Owner (in its sole discretion) and reflected in the approved Budget; and,

- (e) any other such documented costs and expenses incurred in connection with out-of-pocket expenses solely relating to the Project, provided such costs are in the Budget.

For clarity, there shall be no duplication among Sales Costs and other Project Costs and the Sales Manager shall not be entitled to invoice the Owner for any Sales Costs which the Owner has paid directly.

4.2 Payment of Accounts

The Owner shall pay all invoices and accounts in respect of the Sales Fees and all Sales Costs received from time to time from the Sales Manager (including without limitation invoices in respect of the Sales Fees, and invoices for amounts which the Sales Manager is entitled to reimbursement as provided herein), provided that such invoices are supported by such documents and supporting documents as the Owner may reasonably request, such invoices have been approved by the Sales Manager and certified by the Cost Consultant (it being understood that the Owner shall use commercially reasonable efforts to have the Cost Consultant certify an invoice within ten (10) days of the Cost Consultant's receipt of a proper invoice) for payment, and such invoices, accounts, costs and expenses are in accordance with the Development Budgets and do not relate to any services to be performed, provided or arranged by the Sales Manager without reimbursement.

4.3 Costs not Payable by Owner

For greater certainty, and without limiting Section 4.1, the following costs and expenses which may be incurred by the Sales Manager in connection with the performance by the Sales Manager of Sales Management Services or otherwise under or in connection with this Agreement are hereby deemed to be the responsibility of the Sales Manager and shall not be charged to, nor reimbursable by, the Owner:

- (a) the Sales Manager's head office, head office staff, supplies, and all other matters incidental to the maintenance and operation of such head office; provided, however, that nothing herein shall make the Sales Manager responsible for reasonable costs and expenses incurred in connection with out-of-pocket expenses solely relating to the Project and incurred in accordance with the Budget or approved by the Owner in advance;
- (b) all costs and expenses incurred by the Sales Manager on account of salaries and benefits paid to its head office employees, executives, principals, and management personnel; and
- (c) any other costs and expenses of the Sales Manager not expressly referred to in Section 4.1 but excluding those that are provided for in the Budget.

4.4 Payments

If the Owner fails to make payments to the Sales Manager as they become due under the terms of this Agreement or in an award by the Court, interest at the Interest Rate, compounded monthly, not in advance, shall be payable for the period commencing as of the date the payment became due until paid. Such interest shall be calculated and compounded and added to any unpaid amounts monthly on the last day of each month.

ARTICLE 5 REPRESENTATIONS, WARRANTIES AND COVENANTS

5.1 Sales Manager's Representations, Warranties, and Covenants

The Sales Manager hereby represents, warrants (which representations and warranties are true as of the date hereof), and/or covenants (as applicable) to and in favour of the Owner that:

- (a) it is a corporation validly existing under the laws of the Province of Ontario and has the requisite corporate power, capacity and authority to enter into and perform each of its obligations under this Agreement and such performance shall not result in a violation by it of the provisions of its articles, by-laws or contractual obligations;
- (b) all necessary corporate action, approvals and authorizations have been taken or obtained by it to authorize the entering into of this Agreement and the performance of all of its obligations hereunder;
- (c) there is no action, suit or proceeding pending against it, or to its knowledge, threatened in any court or by or before any other Governmental Authority that would prohibit its entering into or performing its duties under this Agreement or would reasonably be expected to materially and adversely affect the performance of its duties hereunder;
- (d) this Agreement is a binding agreement, enforceable against the Sales Manager in accordance with its terms;
- (e) it is knowledgeable and experienced in the sales of condominium units in the City of Toronto similar to the Units;
- (f) it currently has, and throughout the term of this Agreement will continue to have, the personnel and experience necessary to provide the Sales Management Services in a competent and efficient manner, in keeping with industry standards for projects similar to the Project;
- (g) it and its employees have, and will at all times during the term of this Agreement continue to have, all licenses, permits and qualifications necessary or appropriate for the performance of the Sales Manager's

services herein, the whole at the Sales Manager's sole cost and expense; and

- (h) the Sales Manager will promptly notify the Owner in writing of the existence or happening of any fact, event or occurrence known to it which may alter materially the accuracy or completeness of the Sales Manager's representations and warranties set forth herein.

5.2 Survival

The representations, warranties and covenants set out in this Agreement shall survive the execution and delivery of this Agreement and shall not merge on the Effective Date.

5.3 Owner's Representations, Warranties and Covenants

The Owner hereby represents and warrants to and in favour of the Sales Manager, as of the date hereof, that to the actual knowledge of the CRO:

- (a) no person has any right of first refusal or option to purchase or acquire the Real Property or any part thereof;
- (b) each of the Nominee and the general partner of the Beneficial Owner is a corporation validly existing under the laws of the Province of Ontario and that the Beneficial Owner is a limited partnership validly existing under the laws of the Province of Ontario, and that, subject to Court Approval, each has the requisite power, capacity and authority to enter into and perform each of its obligations under this Agreement;
- (c) the Nominee is the registered owner of the Real Property and the Beneficial Owner is the beneficial owner of the Real Property; and
- (d) the Nominee is not a non-resident of Canada and the Beneficial Owner is a Canadian partnership, each within the meaning of the *Income Tax Act* (Canada).

The Owner further covenants to comply in all material respects from and after the Effective Date with the regulations, directives, and requirements of the Financial Transactions and Reports Analysis Centre of Canada.

ARTICLE 6 TERMINATION

6.1 Termination

If not terminated earlier pursuant to the terms herein, this Agreement shall automatically terminate upon the date of the Final Closing of the last Unit.

6.2 Termination Upon Termination of Tridel Agreements

Either party shall have the right to terminate this Agreement on 30 days' prior written notice in the event that either of the Project Management and Services Agreement and/or the Construction Management Agreement are terminated in accordance with their respective terms. However, if either the Project Management and Services Agreement or the Construction Management Agreement expires or terminates because all obligations of the Owner and the applicable Tridel Party thereunder have been completed, and there are remaining obligations of the Owner and/or the Sales Manager under this Agreement, neither party may terminate this Agreement pursuant to this Section 6.2 and this Agreement shall continue in full force and effect until terminated in accordance with its terms. In addition, neither party shall have the right to terminate this Agreement pursuant to this Section 6.2 based on the Owner's exercise of its right to terminate the Project Management and Services Agreement with respect to all or a portion of the Commercial Real Property and the Commercial Project pursuant to Section 10.2 of the Project Management and Services Agreement.

6.3 Event of Default by the Owner

If, at any time, the Owner breaches the assignment provisions of this Agreement or fails to make any payment which it is obligated to make under this Agreement and such failure continues and is not cured for a period of 30 days after written notice thereof from the Sales Manager, the Sales Manager may deliver a written notice to the Owner advising that it will be seeking the approval of the Court to terminate this Agreement. If the Sales Manager delivers such a notice, it shall have the right to seek the Court's approval of the termination of this Agreement and if such approval is granted, this Agreement shall terminate on such date as the Court approves.

6.4 Event of Default by the Sales Manager

If:

- (a) the Sales Manager fails to account for the Owner's funds in accordance with the provisions of this Agreement;
- (b) the Sales Manager refuses, neglects or otherwise fails to comply with any of the terms, provisions and covenants contained in this Agreement, and in any such case, such refusal, neglect or failure continues and is not cured for a period of 30 days after written notice thereof from the Owner or, in the case of a default which cannot with due diligence be cured within such 30-day period, the Sales Manager provides to the Owner, within a period of 10 Business Days after receipt of such notice of default, a default recovery plan acceptable to the Owner, acting reasonably, and diligently pursues rectification in accordance with the default recovery plan and, subject to any Event of Force Majeure, completes the rectification within a period of 30 days after delivery of the default recovery plan or such longer period as may be contemplated in the default recovery plan;

- (c) any representation or warranty made by or on behalf of the Sales Manager is untrue in any material respect on the date as of which it was made, and the Sales Manager fails to promptly bring same to the attention of the Owner when it became aware of same or fails to bona fide and diligently proceed to cure same;
- (d) the Sales Manager is subject to a Bankruptcy Proceeding; or
- (e) the Sales Manager has committed an act of fraud, theft, gross negligence or wilful misconduct which is related to the Project or in respect of any matters set forth in this Agreement (including without limitation if any representation or warranty made by or on behalf of the Sales Manager is untrue as a result of the Sales Manager's fraud or misconduct),

then the same shall be considered an **"Event of Default"** caused by the Sales Manager and the Owner shall be entitled to deliver a notice to the Sales Manager advising that the Owner will be seeking the approval of the Court to terminate this Agreement. If the Owner delivers such a notice, it shall have the right to seek the Court's approval of the termination of this Agreement and if such approval is granted, this Agreement shall terminate on such date as the Court approves.

6.5 Amounts Payable Upon Termination

- (a) Upon the termination of this Agreement as provided herein, the Sales Manager shall be entitled to be paid the following:
 - (i) the amounts which the Sales Manager is entitled to receive under Article 3 and Article 4 during the period up to and including the date such termination occurs as at the date of such termination; and
 - (ii) reimbursement of its costs and expenses incurred as at the date of such termination for which the Owner is responsible pursuant to this Agreement, as contemplated in Section 6.6(b).

For greater certainty, the amounts payable to the Sales Manager under Section 6.5(a)(i) shall be determined as at the date of the termination of this Agreement based upon the facts (including the sale status of Units) existing at such time.

- (b) Upon termination of this Agreement as provided herein the Sales Manager shall repay to the Owner any Sales Fees that have been paid to it in respect of any Terminated Sales that exist as at the date of termination and that have not been credited against other Sales Fees payable to it as contemplated by Section 3.1(c).
- (c) Notwithstanding any termination of this Agreement:

- (i) subject to Section 6.5(c)(ii), if a Unit Purchaser has executed a Unit Purchase Agreement prior to the termination of this Agreement, the Sales Manager shall be deemed to have earned the Sales Fees for all such Unit Purchase Agreements (but subject, in each case, to satisfaction of the conditions specified in Section 3.1(b), including receipt by the Owner or its lawyers of the relevant portions of the purchase price for the Units) and be entitled to Sales Fees in respect of such Unit Purchase Agreement, and such Sales Fees shall be payable to the Sales Manager as set out in Section 3.1(b) hereto; and
 - (ii) the Sales Manager shall remain obligated to forthwith repay to the Owner any Sales Fees that have been paid to it in respect of Terminated Sales that occur on or after the date of termination of this Agreement as a result of the default of the applicable Unit Purchasers, in each case upon receipt of a written notice from the Owner advising of the Terminated Sale.
- (d) This Section 6.5 shall expressly survive any termination of this Agreement. In addition, the Owner reserves its rights in respect of the Sales Manager's termination as a result of an Event of Default notwithstanding any payment made under this Section 6.5.

6.6 Duties Upon Termination

- (a) Upon the termination of this Agreement as provided herein, the Sales Manager shall perform the following (for greater certainty, notwithstanding any dispute that may exist between the Owner and the Sales Manager):
- (i) forthwith deliver to the Owner all books and records maintained by or under the control or direction of the Sales Manager with respect to the Project and Sales Management Services;
 - (ii) forthwith deliver to the Owner all documents, plans, reports, contracts and other agreements or information, in each case relating to the Project and Sales Management Services, in the possession or control of the Sales Manager;
 - (iii) except if Project Completion occurred during the engagement of the Tridel Parties, remove all of the "Tridel" and "Deltera" signs and related branding placed at the site for the Project or otherwise used in connection with the Project;
 - (iv) consult with and advise the Owner and any replacement sales manager for a period of 60 days immediately following the date of termination of this Agreement, and co-operate in all reasonable respects in order to effect an orderly transition of the Sales

Management Services performed by the Sales Manager hereunder to a new sales manager, as directed by the Owner; and

- (v) deliver to the Owner a statement of any amounts claimed to be due to the Sales Manager as at the date of termination, and cause all funds of the Owner held by the Sales Manager (or any funds which may, notwithstanding the terms of this Agreement, have come into the Sales Manager's possession in respect of the Project) to be paid to the Owner or as the Owner may direct. If the Owner concurs with the Sales Manager's statement of amounts due, the Owner will promptly pay to the Sales Manager the amounts stated therein within 30 days following the Owner's receipt of the statement, subject to Section 6.5(b) and 6.5(c)(ii) of this Agreement and Section 3 of the Omnibus Agreement. If the Owner does not concur with the statement of amounts due, subject to Section 6.5(b) and 6.5(c)(ii) of this Agreement and Section 3 of the Omnibus Agreement, the Owner shall promptly pay the amount not in dispute and the Sales Manager's acceptance of such sum shall not be construed as an accord or satisfaction and the Sales Manager will reserve any right it may have to the balance claimed due.
- (b) The Owner shall pay to the Sales Manager all Sales Costs stated in the Sales Manager's statement (but subject to the terms of Article 4) within 30 days following the Owner's receipt thereof.

6.7 Court Approval of Termination

Notwithstanding anything to the contrary contained herein, the Sales Manager and the Owner acknowledge that the approval of the Court shall be required for, and shall be a condition of, the termination of this Agreement by the Sales Manager or the Owner.

ARTICLE 7 INDEMNIFICATION

7.1 Indemnity

- (a) The Owner and the Sales Manager shall each indemnify and hold harmless the other (and the other's agents and employees) from and against all Claims related to the Project whether in respect to losses suffered by them or in respect to Claims that arise out of, or are attributable in any respect to:
 - (a) the negligent acts or omissions of the party from whom indemnification is sought or anyone for whose acts or omissions that party is liable (provided that in the case of the Owner, such negligent acts and omissions shall have been committed after the Effective Date); or
 - (b) a failure of the party to this Agreement from whom indemnification is sought to fulfill its obligations under this Agreement.

- (b) The obligation of either party to indemnify the other as set forth in Section 7.1(a) shall be inclusive of interest and all legal costs.

7.2 Notice

In respect to any claim for indemnity or to be held harmless by the Owner or the Sales Manager:

- (a) notice in writing of such claim shall be given within a reasonable time after the facts upon which such claim is based became known to the party required to give such notice in writing, with such notice to provide reasonably detailed particulars of the Claim for which indemnity is sought, including the known facts constituting the basis for the Claim and the amount, to the extent known, of the Claim asserted; and
- (b) should either party be required as a result of its obligation to indemnify the other pay or satisfy a final order, judgment or award made against the party entitled by this Agreement to be indemnified, then the indemnifying party, upon assuming all liability for any costs that might result, shall have the right to appeal in the name of the party against whom such final order or judgment has been made until such rights of appeal have been exhausted.

ARTICLE 8 LIABILITY AND TRIDEL CHARGE

8.1 Pre-Effective Date Risk

The Sales Manager shall have no liability in respect of any services, labour, work and/or materials of any kind provided to the Project by any contractor, subcontractor, trade supplier, consultant, or other party, nor any liability for any breach of environmental laws nor Encumbrances affecting the Real Property for any period prior to the Effective Date (the “**Pre-Effective Date Risk**”). The Pre-Effective Date Risk includes without limitation any claims or costs relating to deficiencies, defects, warranties and warranty periods, Encumbrances, liens or future claims against the Owner, unpaid invoices, delays, extras or wrongful termination, which relate to the period prior to the Effective Date (including work, services, labour, supplies, contracts and/or agreements for the period prior to the Effective Date). The Pre-Effective Date Risk expressly includes any defects or deficiencies in any products supplied for the Project prior to the Effective Date, including any errors with sequencing or coordinating the supply and designs for any of the individual components of the Project.

8.2 Tridel Charge

The Sales Fees and the Sales Costs payable to the Sales Manager under this Agreement will be secured by the Tridel Charge. For greater certainty, the obligations of the Owner to the Sales Manager under Article 7 of this Agreement will not be secured by the Tridel Charge. The Sales Manager shall consent to the discharge of the Tridel Charge against a Unit in connection with any motion brought by the Owner or the Monitor seeking

approval of a Unit Sale in respect of such Unit and vesting such Unit in the applicable Unit Purchaser, or otherwise upon the reasonable request of the Owner or the Monitor in connection with a Unit Sale; provided that upon such discharge of the Tridel Charge, the claims of the Sales Manager secured by the Tridel Charge shall attach to the net proceeds from such Unit Sale with the same priority as they had with respect to the Unit immediately prior to the sale, as if the Unit had not been sold and remained in the possession or control of the Owner and any order of the Court made in connection with such sale shall so provide. In addition, the Sales Manager shall consent to the discharge of the Tridel Charge against the Commercial Real Property and Commercial Project in conjunction with the exercise by the Owner of its right to terminate the Project Management and Services Agreement with respect to the Commercial Real Property and the Commercial Project, in whole or in part, as set out in Section 10.2 of the Project Management and Services Agreement.

ARTICLE 9 RELATIONSHIP BETWEEN THE PARTIES

9.1 No Partnership Created

Nothing contained in this Agreement, or otherwise arising herefrom, shall be deemed or construed to constitute either the Owner or the Sales Manager as the partner of the other, nor shall anything contained in this Agreement be deemed to constitute either the Owner or the Sales Manager as the agent for the other. Each of the parties hereto shall at all times keep indemnified the other party hereto and, in the case of the Sales Manager, the Real Property and the Project, from and against all such party's present and future separate debts and liabilities.

9.2 Agreement Relates Only to the Real Property

Notwithstanding anything contained in this Agreement to the contrary, the terms and provisions of this Agreement shall only apply to the development of the Real Property and the Project thereon, and shall in no way affect or be construed to apply to any other lands or properties owned or acquired by either of the parties hereto, whether alone or in conjunction with any other parties, and the separate properties and monies owned by each of the parties hereto shall not be commingled with any of the Project revenues.

ARTICLE 10 GENERAL

10.1 Publicity

Each party will obtain the prior written approval of the other, acting reasonably, for any public advertising, written public sales promotion, press release or other general publicity matter, in which the name of the other party is mentioned or used or in which words are used from which any connection with such other party's name or trademarks, if applicable, may be inferred. Neither party will allow or permit any public ceremony in connection with the Project without the permission of the other provided in writing. Neither party will erect

or permit the erection of any sign or advertising without the approval, acting reasonably, of the other provided in writing.

The Sales Manager confirms that it is aware of the possibility that all or any part of the Project may be branded with a new hotel operator's brand. The Sales Manager consents to any such branding as determined by the Owner and agrees to work with the other parties to advance such strategy. The Sales Manager, together with the Project Manager, the Construction Manager and Tridel Builders Inc., shall have the right to approve any "co-branding" of all or any part of the Project that involves the use of the Tridel brand together with the hotel operator's brand and, following such approval being obtained, the Sales Manager agrees to work with the other parties to advance such strategy.

10.5 Assignment

- (a) The Owner shall have the right to assign this Agreement, collectively with the other Tridel Agreements, as collateral security in favour of the Development Lender, and the Development Lender may assign this Agreement, collectively with the other Tridel Agreements, to a Permitted Assignee (the "**Lender Assignee**") in connection with the enforcement of its security. The Development Lender or the applicable Lender Assignee (collectively, the "**Permitted Lender Assignees**") shall not be liable for the performance of the obligations of the Owner under this Agreement (or any other Tridel Agreements) until such time as the applicable Permitted Lender Assignee(s) have provided the Sales Manager with written notice that they are assuming the obligations of the Owner under the Tridel Agreements (the "**Assumption Notice**") and, following the delivery of the Assumption Notice, such Permitted Lender Assignee shall be liable for the performance of all of the obligations of the Owner under this Agreement. The Sales Manager agrees that it will enter into such agreement or agreements as are reasonably requested by the Development Lender in respect of such assignment.
- (b) If the Owner sells the Real Property, the Owner shall have the right to assign this Agreement, collectively with the other Tridel Agreements, to: (a) any Permitted Assignee purchasing the Real Property, on 30 days' prior written notice to the Sales Manager but without the consent of the Sales Manager; and (b) to such other Person(s) as shall be approved by the Sales Manager in writing. The Owner acknowledges it shall only be entitled to assign this Agreement, collectively with the other Tridel Agreements, to a Person or Persons purchasing the Real Property and with the approval of the Court.

- (c) Except in accordance with Sections 10.5(a) and 10.5(b), this Agreement shall not be assigned or transferred by either party, in whole or in part, without the prior written consent of the other, which consent may be arbitrarily withheld.

10.6 Entire Agreement

This Agreement, including all schedules annexed hereto which form an integral part hereof, shall constitute the entire agreement between the parties hereto and there are no verbal statements, representations, warranties, undertakings or agreements between the parties that would alter or qualify this Agreement, including without limitation the Interim Agreement.

10.7 Successors and Assigns

This Agreement shall enure to the benefit of, and be correspondingly binding upon, the parties hereto and their respective successors and permitted assigns.

10.8 Governing Law

- (a) This Agreement shall be governed by and interpreted and enforced in accordance with the laws of the Province of Ontario (without regard to conflicts of law principles) and the federal laws of Canada applicable in Ontario.
- (b) The parties irrevocably attorn and submit to the jurisdiction of the Court with respect to any dispute or other controversy arising under or in connection with this Agreement.

10.9 Severability

Every provision of this Agreement is intended to be severable. In the event that any provision of this Agreement or any part of any provision of this Agreement is held to be invalid, illegal or unenforceable by a court of competent jurisdiction, such provision or part shall not affect the validity, legality or enforceability of any other provision of this Agreement or the balance of any provision of this Agreement absent such part, and such invalid, illegal or unenforceable provision or part shall be deemed to be severed from this Agreement and this Agreement shall be construed and enforced as if such invalid, illegal or unenforceable provision or part had never been inserted in this Agreement.

10.10 No Waiver

No waiver by or on behalf of a party hereto in relation to any breach or default by any other party hereto shall be effective or binding upon such first-mentioned party, unless and until such waiver is specifically confirmed or expressed in writing, and same shall not limit or affect such first-mentioned party's rights and remedies with respect to any further or other breach or default by the other party.

10.11 Time of the Essence

Time shall be of the essence of this Agreement.

10.12 Amendments

This Agreement cannot be amended or modified except by written instrument signed by each of the Owner, following consultation with the Monitor, and the Sales Manager.

10.13 Counterparts

This Agreement may be executed in counterparts, and each of such counterparts shall constitute an original of this Agreement and all such counterparts together shall constitute one and the same agreement. This Agreement or counterparts hereof may be executed by any or all of the parties hereto electronically, in accordance with the provisions of the *Electronic Commerce Act, 2000* S.O. 2000, as amended. A photocopy or a scanned and e-mailed copy of this executed Agreement may be relied upon and enforced to the same extent as if it were an original executed version and the delivery of an executed counterpart copy of this Agreement by electronic transmission in portable document format (PDF) shall be deemed to be the equivalent of the delivery of an original executed copy thereof.

10.14 Estoppel

Each party agrees, upon the reasonable request in writing of the other, made from time to time, to furnish promptly a written statement on the status of any matter pertaining to this Agreement to the requesting party to the best of the knowledge and belief of the party making such statement.

10.15 Events of Force Majeure

No party hereto shall be considered to be in default in respect of any obligation hereunder (other than the obligation to pay amounts due to any other party under or pursuant to this Agreement) to the extent such failure of performance shall be due to an Event of Force Majeure. The party affected by an Event of Force Majeure shall give prompt telephonic notice to all other parties hereto, followed by written notice (and in no event later than within five Business Days after the commencement of the non-performance which the party asserts is resulting from an Event of Force Majeure) to the other parties hereto, stating the nature of the event, its anticipated duration and any action being taken to avoid or minimize its effect. Performance shall be excused for no greater scope and no longer duration than is required by the party asserting the existence of an Event of Force Majeure to rectify or cure such Event of Force Majeure (and rectification of any consequential impact caused by such Event of Force Majeure resulting in non-performance), provided rectification of such damage is pursued promptly and in good faith. The non-performing party shall use its reasonable commercial efforts to remedy its inability to perform but such party shall not be obligated to settle nor resolve a labour difficulty or to hire substitute labour on terms unacceptable to such party.

10.16 Court Approval and Status of CRO

Notwithstanding any other provision hereof, the parties agree and acknowledge that: (i) the effectiveness of this Agreement is subject in all respects to obtaining Court Approval; and (ii) the CRO is executing this agreement on behalf of the Owner without any personal liability and subject to the Court confirming its appointment as CRO of the Owner in connection with the CCAA Proceedings.

POSSESSION OF PROPERTY AND OPERATIONS

5. **THIS COURT ORDERS** that, subject to the terms hereof, the Companies shall have possession and control of their current and future assets, undertakings and properties of every nature and kind whatsoever, and wherever situate, including all proceeds thereof (the “**Property**”). Subject to further Order of this Court and the DIP Credit Agreement and the other DIP Documents (each as defined below), the Companies shall carry on business in a manner consistent with the preservation of their business (the “**Business**”), including the ongoing construction, development and realization of value from the Project. The Companies are authorized and empowered to retain such employees, advisors, consultants, contractors, agents, experts, accountants, counsel and such other persons (collectively “**Assistants**”) currently retained by them, with liberty to retain such further Assistants as they deem reasonably necessary or desirable in the ordinary course of business or for the carrying out of the terms of this Order, in each case as determined by the CRO (as defined below) in consultation with the Monitor.

6. **THIS COURT ORDERS** that, subject to the DIP Credit Agreement and the other DIP Documents (other than in respect of 6(b) below), the Companies shall be entitled but not required to pay the following expenses whether incurred prior to, on, or after the date of this Order:

- (a) the fees and disbursements of any Assistants retained by the Companies in respect of these proceedings at their standard rates and charges;

- (c) with the consent of the Monitor, payments owing by the Companies, or any of them, or owing by any Developer, to suppliers, contractors, subcontractors and other creditors who the Companies consider to be critical to the Business or the Project.

7. **THIS COURT ORDERS** that, except as otherwise provided to the contrary herein, and subject to the DIP Credit Agreement and the other DIP Documents, the Companies shall be entitled but not required to pay all reasonable expenses incurred by the Companies in carrying on the Business in the ordinary course after the date of this Order, and in carrying out the provisions of this Order, which expenses shall include, without limitation:

- (a) all expenses and capital expenditures reasonably necessary for the preservation of the Property or the Business, including, without limitation, payments on account of insurance, maintenance and security services; and
- (b) payment for goods or services actually supplied to the Companies or the Project following the date of this Order, including payment in accordance with the Definitive Transaction Agreements (as defined in the Transaction Approval Order), or payments to obtain the release of goods or delivery of services contracted for prior to the date of this Order.

8. **THIS COURT ORDERS** that the Companies shall remit, in accordance with legal requirements, or pay:

- (a) all goods, services, excise, or other applicable sales taxes (collectively, “**Sales Taxes**”) required to be remitted by the Companies in connection with the sale of goods and services by the Companies, but only where such Sales Taxes are accrued or collected after the date of this Order, or where such Sales Taxes were accrued or collected prior to the date of this Order but not required to be remitted until on or after the date of this Order; and
- (b) any amount payable to the Crown in right of Canada or of any Province thereof or any political subdivision thereof or any other taxation authority in respect of municipal realty, municipal business or other taxes, assessments or levies of any nature or kind which are entitled at law to be paid in priority to claims of secured creditors and which are attributable to or in respect of the carrying on of the Business by the Companies.

9. **THIS COURT ORDERS** that until a real property lease is disclaimed in accordance with the CCAA, the Companies shall pay all amounts constituting rent or payable as rent under real property leases (including, for greater certainty, common area maintenance charges, utilities and realty taxes and any other amounts payable to the landlord under the lease) or as otherwise may be or has been negotiated between the Companies and the landlord from time to time (“**Rent**”), for the period commencing from and including the date of this Order, monthly on the first day of each month, in advance (but not in arrears), or at such other time intervals and dates as may be agreed to between the applicable Company and the applicable landlord. On the date of the first of such

payments, any Rent relating to the period commencing from and including the date of this Order shall also be paid.

10. **THIS COURT ORDERS** that, except as specifically permitted herein, the Companies are hereby directed, until further Order of this Court: (a) to make no payments of principal, interest thereon or otherwise on account of amounts owing by the Companies to any of their creditors as of this date; (b) to grant no security interests, trust, liens, charges or encumbrances upon or in respect of any of their Property; and (c) to not grant credit or incur liabilities except in the ordinary course of the Business.

RESTRUCTURING

11. **THIS COURT ORDERS** that the Companies shall, subject to such requirements as are imposed by the CCAA and the DIP Credit Agreement and the other DIP Documents, have the right to:

- (a) dispose of redundant or non-material assets not exceeding \$500,000 in any one transaction or \$2,000,000 in the aggregate, provided that no condominium unit in the Project shall be sold pursuant to this clause (a); and
- (b) pursue all avenues of refinancing or restructuring their Business or Property, in whole or part, subject to prior approval of this Court being obtained before any material refinancing or restructuring,

all of the foregoing to permit the Companies to proceed with an orderly restructuring of the Business (the “**Restructuring**”).

12. **THIS COURT ORDERS** that the Companies shall provide each of the relevant landlords with notice of the relevant Company's intention to remove any fixtures from any leased premises at least seven (7) days prior to the date of the intended removal. The relevant landlord shall be entitled to have a representative present in the leased premises to observe such removal and, if the landlord disputes such Company's entitlement to remove any such fixture under the provisions of the lease, such fixture shall remain on the premises and shall be dealt with as agreed between any applicable secured creditors, such landlord and the relevant Company, or by further Order of this Court upon application by the Companies on at least two (2) days notice to such landlord and any such secured creditors. If a Company disclaims the lease governing such leased premises in accordance with Section 32 of the CCAA, it shall not be required to pay Rent under such lease pending resolution of any such dispute (other than Rent payable for the notice period provided for in Section 32(5) of the CCAA), and the disclaimer of the lease shall be without prejudice to such Company's claim to the fixtures in dispute.

13. **THIS COURT ORDERS** that if a notice of disclaimer is delivered pursuant to Section 32 of the CCAA, then (a) during the notice period prior to the effective time of the disclaimer, the landlord may, subject to applicable law, show the affected leased premises to prospective tenants during normal business hours, on giving the relevant Company and the Monitor 24 hours' prior written notice, and (b) at the effective time of the disclaimer, the relevant landlord shall be entitled to take possession of any such leased premises without waiver of or prejudice to any claims or rights such landlord may have against the applicable Company in respect of such lease or leased premises, provided that nothing herein shall relieve such landlord of its obligation to mitigate any damages claimed in connection therewith.

NO PROCEEDINGS AGAINST THE COMPANIES, THE MONITOR, THE DEVELOPERS OR THE PROPERTY

14. **THIS COURT ORDERS** that until and including August 15, 2025, or such later date as this Court may order (the “**Stay Period**”), no proceeding or enforcement process in any court or tribunal (each, a “**Proceeding**”) shall be commenced or continued against or in respect of the Companies or the Monitor, or any Developer for matters arising after the date of the Receivership Order, or affecting the Business or the Property, except, in each case, with the written consent of the CRO, the Monitor and, in the case of any Proceeding against the Tridel Parties, the Tridel Parties also, or with leave of this Court, and any and all Proceedings currently under way against or in respect of any of the Companies, any Developer or affecting the Business or the Property are hereby stayed and suspended pending further Order of this Court or the written consent of the CRO and the Monitor; provided that nothing in this paragraph 14 shall stay the Receivership Litigation, it being understood that the recourse of the claimants in the Receivership Litigation shall be limited to the applicable specified reserve amounts in the Receivership Claims Reserve (as defined below) and all Receivership Litigation shall remain subject to the jurisdiction of the Court in the CCAA proceedings.

NO EXERCISE OF RIGHTS OR REMEDIES

15. **THIS COURT ORDERS** that during the Stay Period, all rights and remedies of any individual, firm, corporation, governmental body or agency, or any other entities (all of the foregoing, collectively being “**Persons**” and each being a “**Person**”) against or in respect of the Companies, the Monitor, or any Developer for matters arising after the date of the Receivership Order, or affecting the Business or the Property, including, without limitation, licences and permits required for the Project regardless of who is the legal holder of any such licences and permits, are

hereby stayed and suspended except, in each case, with the written consent of the CRO, the Monitor and, in the case of any rights and remedies against or in respect of the Tridel Parties, the Tridel Parties also, or leave of this Court, provided that nothing in this Order shall (a) empower the Companies to carry on any business which the Companies are not lawfully entitled to carry on, (b) affect such investigations, actions, suits or proceedings by a regulatory body as are permitted by Section 11.1 of the CCAA, or (c) prevent the filing of any registration to preserve or perfect a security interest (provided that the registration of a construction lien shall not be permitted pursuant to this item (c)).

NO INTERFERENCE WITH RIGHTS

16. **THIS COURT ORDERS** that during the Stay Period, no Person shall accelerate, suspend, discontinue, fail to honour, alter, interfere with, repudiate, rescind, terminate or cease to perform any right, renewal right, contract, agreement, lease, sublease, licence or permit (collectively, “**Rights**”) in favour of or held by any of the Companies or any Developer, or in respect of the Project, except, in each case, with the written consent of the CRO, the Monitor and, in the case of Rights in favour of or held by the Tridel Parties, the Tridel Parties also, or leave of this Court.

CONTINUATION OF SERVICES

17. **THIS COURT ORDERS** that during the Stay Period, all Persons having oral or written agreements or arrangements with any of the Companies or any Developer, or contractual, statutory or regulatory mandates for the supply of goods and/or services to the Companies, any Developer and/or the Project, including, without limitation, all computer software, communication and other data services, construction management services, project management services, permit and planning management services, accounting services, banking services, payroll and benefit

services, warranty services, sub-contracts, trade suppliers, equipment vendors and rental companies, insurance, transportation services, utility, customs, clearing, warehouse, logistics or other services to any of the Companies, any Developer and/or the Project are hereby restrained until further Order of this Court from discontinuing, altering, interfering with, suspending or terminating the supply of such goods or services as may be required by any of the Companies or exercising any other remedy provided under the agreements or arrangements, and that each of the Companies shall be entitled to the continued use of its current premises, telephone numbers, facsimile numbers, internet addresses and domain names, provided in each case that the normal prices or charges for all such goods or services received after the date of this Order are paid by the applicable Company or Developer in accordance with normal payment practices of the Company or Developer, as applicable, or such other practices as may be agreed upon by the supplier or service provider and the applicable Company, with the consent of the Monitor, or as may be ordered by this Court.

18. **THIS COURT ORDERS** that any Person who has provided any kind of letter of credit, guarantee, surety or bond (collectively, “**Financial Assurance**”) to or for the benefit of the Companies, including where such Financial Assurance has been provided to a Developer or the Receiver, on or before the date of this Order shall be required to continue honoring such Financial Assurance in accordance with its terms, notwithstanding any default or cross-default arising as a result of the Receivership Order, this Order, the financial circumstances of the Companies or otherwise. For greater certainty, the guarantees referred to in paragraph 65 of the Affidavit of Joo Sung Yoon made October 17, 2023, filed in the Receivership Proceedings, shall not be affected by this paragraph and such guarantees are not included in the definition of Financial Assurance.

NON-DEROGATION OF RIGHTS

19. **THIS COURT ORDERS** that, notwithstanding anything else in this Order, no Person shall be prohibited from requiring immediate payment for goods, services, use of leased or licensed property or other valuable consideration provided on or after the date of this Order, nor shall any Person be under any obligation on or after the date of this Order to advance or re-advance any monies or otherwise extend any credit to the Companies. Nothing in this Order shall derogate from the rights conferred and obligations imposed by the CCAA.

APPROVAL OF CHIEF RESTRUCTURING OFFICER ENGAGEMENT

20. **THIS COURT ORDERS** that:

- (a) the engagement agreement entered into among the Companies, by the Receiver, and FAAN Advisors Group Inc. (“FAAN”) pursuant to which the Companies have engaged FAAN to act as chief restructuring officer of the Companies (the “CRO”), a copy of which is attached as Appendix [●] to the Joint Report (the “CRO Engagement Letter”), and the appointment of the CRO pursuant to the terms thereof, is hereby approved, including, without limitation, payment by the Companies of the fees and expenses contemplated thereby (the “CRO Fees”);
- (b) the CRO is hereby authorized and empowered to exercise any powers which may be properly exercised by a board of directors or any officers of the Companies, including under this Order, and it shall be exclusively authorized and empowered to do so, to the exclusion of all other Persons (including any directors, officers or shareholders of the Companies) and without interference from any other Person;

- (c) the CRO shall be responsible for performing its functions and obligations as set out in the CRO Engagement Letter for the benefit of the Companies and shall provide timely updates to the Monitor in respect of such functions and obligations;
- (d) none of the CRO, any of its employees, directors, officers or shareholders, or any other Person employed or engaged by FAAN to provide services to the Companies pursuant to the CRO Engagement Letter (each, a “**Consultant**”) shall be or be deemed to be a director, de facto director, or employee of any of the Companies unless consented to in writing by such Person and approved by the Court;
- (e) neither the CRO nor any Consultant shall, as a result of the performance of their obligations and duties under the CRO Engagement Letter in accordance with the terms of the CRO Engagement Letter, be deemed to be in Possession (as defined below) of any of the Property within the meaning of any Environmental Legislation (as defined below); provided, however, that if the CRO or any Consultant is nevertheless found to be in Possession of any such Property, then the CRO and/or such Consultant, as the case may be, shall be entitled to the benefits and protections in relation to the Companies and such Property as are provided to a monitor under Section 11.8(3) of the CCAA; provided further, however, that nothing in this subparagraph 20(e) shall exempt the CRO and/or any Consultant from any duty to report or make disclosure imposed by a law incorporated by reference in Section 11.8(4) of the CCAA;
- (f) neither the CRO nor any Consultant shall have any liability with respect to any losses, claims, damages or liabilities, of any nature or kind, to any Person from and

- (g) no action or other proceeding shall be commenced directly, or by way of counterclaim, third party claim or otherwise, against or in respect of the CRO and/or any Consultant, and all rights and remedies of any Person against or in respect of the CRO and/or any Consultant are hereby stayed and suspended, except with the written consent of the CRO and the Monitor or with leave of this Court on notice to the Companies, the Monitor and the CRO. Notice of any such motion seeking leave of this Court shall be served upon the Companies, the Monitor and the CRO at least seven (7) days prior to the return date of any such motion for leave;
- (h) the CRO Fees shall not be compromised pursuant to any Plan, any proposal under the *Bankruptcy and Insolvency Act* (Canada) (the “**BIA**”), or any other restructuring and no such Plan, proposal or restructuring shall be approved that does not provide

for the payment in full of all amounts due to the CRO pursuant to the terms of the CRO Engagement Letter; and

- (i) the CRO shall be entitled to the benefit of the Administration Charge (as defined below).

21. **THIS COURT ORDERS** that neither the CRO nor any Consultant shall incur any liability or obligation as a result of the appointment of the CRO or the carrying out by it of the provisions of this Order or the CRO Engagement Letter, save and except for any gross negligence or wilful misconduct on the part of the CRO and/or any Consultant, as determined pursuant to a final order of this Court that is not subject to appeal or other review and all rights to seek any such appeal or other review shall have expired.

10.02. Acceleration and Enforcement.

- (1) If any Event of Default occurs and while it is continuing: (a) the outstanding principal amount or face amount, as the case may be, of all Loans and all other Obligations will, upon the request of the Lender, become immediately due and payable with interest thereon, at the rate or rates determined as herein provided, to the date of actual payment thereof, all without notice, presentment, protest, demand, notice of dishonour or any other demand or notice whatsoever, all of which are hereby expressly waived by each Credit Party; and (b) subject to Court approval, the Lender may, in its discretion, exercise any right or recourse and proceed by any action, suit, remedy or proceeding against any Credit Party authorized or permitted by law for the recovery of all the Obligations of the Credit Parties to the Lender and, notwithstanding that the Lender has not exercised every right under this Section, proceed to exercise any and all rights hereunder and, subject to Section 10.02, under the Security.
- (2) The Lender is not under any obligation to the Credit Parties or any other Person to realize upon any collateral or enforce the Security or any part thereof or to allow any of the collateral to be sold, dealt with or otherwise disposed of. The Lender is not responsible or liable to the Credit Parties or any other Person for any loss or damage arising from such realization or enforcement or the failure to do so or for any act or omission on its part or on the part of any director, officer, employee, agent or adviser of the Lender in connection with any of the foregoing.
- (3) An Event of Default may be waived in writing by the Lender in whole or in part (with or without terms or conditions), all without prejudice to the rights of the Lender at any time to rely on such Event of Default in accordance with the terms of any written waiver.

10.03. Remedies Cumulative.

For greater certainty, it is expressly understood that the respective rights and remedies of the Lender under any of the Loan Documents or instruments executed pursuant to this Agreement are cumulative and are in addition to and not in substitution for any rights or remedies provided by law or by equity; and any single or partial exercise by the Lender of any right or remedy for a default or breach of any term, covenant, condition or agreement contained in the Loan Documents will not be deemed to be a waiver of or to alter, affect or prejudice any other right or remedy or other rights or remedies to which the Lender may be lawfully entitled in connection with such default or breach.

10.04. Perform Obligations.

If an Event of Default has occurred and is continuing and if any Credit Party has failed to perform any of its covenants or agreements in the Loan Documents, the Lender, may, but will be under no obligation to perform any such covenants or agreements in any manner deemed fit by the Lender without thereby waiving any rights to enforce the Loan Documents. The reasonable expenses (including any legal costs) paid by the Lender in respect of the foregoing will be an Obligation and will be secured by the Security.

10.05. **Third Parties.**

It is not necessary for any Person dealing with the Lender or any other agent of the Lender to inquire whether the Security has become enforceable, or whether the powers that the Lender is purporting to exercise may be exercised, or whether any Obligations remain outstanding upon the security thereof, or as to the necessity or expediency of the stipulations and conditions subject to which any sale is to be made, or otherwise as to the propriety or regularity of any sale or other disposition or any other dealing with the collateral charged by such Security or any part thereof.

10.06. **Application of Payments.**

If any Event of Default occurs and while it is continuing, all payments made to the Lender by and amounts received by the Lender from the Credit Parties or received from proceeds of realization of any Security will be applied to amounts due in respect of the Obligations and the RFCA Obligations (in each case on a *pari passu* basis with respect to the Obligations and the RFCA Obligations), all as determined by the Lender, as follows:

- (1) to amounts due hereunder and under the Receivership Funding Credit Agreement as costs and expenses incurred in connection with the realization of the Security and the enforcement of the Lender's rights hereunder and thereunder including any legal fees incurred by the Lender and including interest and such costs and expenses from the date incurred until paid at the rate applicable to overdue balances;
- (2) to amounts due hereunder as interest in respect of the Credit Facility and interest owing under the Receivership Funding Credit Agreement;
- (3) to amounts due hereunder in respect of Loans made pursuant to the Credit Facility and loans made pursuant to the Receivership Funding Credit Agreement; and
- (4) to all other amounts due under the Obligations and the RFCA Obligations.

10.07. **Funding Reserve.**

- (1) The Lender and the Borrower have agreed that the Borrower will maintain a Funding Reserve which will be deposited in part in the Project Account and in part in the Tridel Project Disbursement Account, which Funding Reserve shall be sufficient to pay for anticipated Approved Project Costs and Other Costs for a rolling period of two months. \$400,000 of such Funding Reserve shall be held in the Tridel Project Disbursement Account as the "Cash Float" provided for in the PMSA.
- (2) In the event the Funding Reserve is not sufficient to cover the amounts contemplated in Section 10.07(1), the Borrower shall have the right to request the next advance under the Credit Facility include an amount to top-up the Funding Reserve. To the extent the Funding Reserve is larger than required to cover the amounts contemplated in Section 10.07(1), the Borrower will use such excess to pay Approved Project Costs and Other Costs such that advances requested under

the Credit Facility are reduced and the Funding Reserve is reduced to the amount contemplated by Section 10.07(1).

- (3) If an Event of Default occurs, notwithstanding that the Funding Reserve is subject to the Security, the Borrower shall have the right to use the Funding Reserve to pay for Approved Project Costs and Other Costs, provided that:
 - (A) Approved Project Costs shall only be paid using the Funding Reserve if the Independent Cost Consultant has delivered a report to the Lender confirming the breakdown of the Approved Project Costs to be paid from the Funding Reserve and the amount to be deposited into the Holdback Account for the Borrower to comply with its obligations in this Agreement and certifying such Approved Project Costs for payment; and
 - (B) Other Costs shall only be paid using the Funding Reserve if the Monitor has delivered a report to the Lender confirming that such Other Costs have been incurred.

ARTICLE 11 - COMPENSATION AND SET-OFF

11.01. Increased Costs.

- (1) Increased Costs Generally. If any Change in Applicable Laws shall:
 - (A) impose, modify or deem applicable any reserve, special deposit, compulsory loan, insurance charge or similar requirement against assets of, deposits with or for the account of, or credit extended or participated in by, the Lender;
 - (B) subject the Lender to any Tax of any kind whatsoever with respect to this Agreement, any Loans made by it, or change the basis of taxation of payments to the Lender in respect thereof, except for (i) Subject Taxes or Other Taxes covered by Section 11.02 and (ii) any Excluded Tax payable by the Lender; or
 - (C) impose on the Lender or any applicable interbank market any other condition, cost or expense affecting this Agreement or Loans made by the Lender;

and the result of any of the foregoing shall be to increase the cost to the Lender of making or maintaining any Loans (or of maintaining its obligation to make any such Loans), or to reduce the amount of any sum received or receivable by the Lender hereunder (whether of principal, interest or any other amount), then upon request of the Lender and subject to the Lender providing the certificate referred to in Section 11.01(2), the Borrower will pay to the Lender such additional amount or amounts as will compensate the Lender for such additional costs incurred or reduction suffered. The Borrower shall have no obligation under this Section if any increase is due to the action of or change of status of the Lender, including without limitation, any assignment or participation of all or any part of Loans by the Lender in accordance with Article 14.

- (2) Certificates for Reimbursement. A certificate of the Lender delivered to the Borrower setting forth the amount or amounts necessary to compensate the Lender or its holding company, as the case may be, as specified in Section 11.01(1) (“**Additional Compensation**”), including a description of the event by reason of which it believes it is entitled to such compensation, and supplying reasonable supporting evidence (including, in the event of a Change in Applicable Laws, a photocopy of the Applicable Laws evidencing such change) and reasonable detail of the basis of calculation of the amount or amounts, shall be conclusive evidence of the Lender’s entitlement to such compensation and the amount thereof absent manifest error. The Borrower shall pay the Lender the amount shown as due on any such certificate within 10 days after receipt thereof.
- (3) Delay in Requests. Failure or delay on the part of the Lender to demand compensation pursuant to this Section shall not constitute a waiver of the Lender’s right to demand such compensation, except that the Borrower shall not be required to compensate a Lender pursuant to this Section for any increased costs incurred or reductions suffered more than nine months prior to the date that the Lender notifies the Borrower of the Change in Applicable Laws giving rise to such increased costs or reductions and of the Lender’s intention to claim compensation therefor, unless the Change in Applicable Laws giving rise to such increased costs or reductions is retroactive, in which case the nine-month period referred to above shall be extended to include the period of retroactive effect thereof.

11.02. **Taxes.**

- (1) Payments Subject to Taxes. If the Borrower or the Lender is required by Applicable Laws to deduct or pay any Subject Taxes (including any Other Taxes) in respect of any payment by or on account of any obligation of the Borrower under any of the Loan Documents, then (i) the sum payable shall be increased by the Borrower when payable as necessary so that after making or allowing for all required deductions and payments (including deductions and payments applicable to additional sums payable under this Section) the Lender, as the case may be, receives an amount equal to the sum it would have received had no such deductions or payments been required, (ii) the Borrower shall make any such deductions required to be made by it under Applicable Laws and (iii) the Borrower shall timely pay the full amount required to be deducted to the relevant Governmental Authority in accordance with Applicable Laws.
- (2) Payment of Other Taxes by the Borrower. Without limiting the provisions of Section 11.02(1) above, the Borrower shall timely pay any Other Taxes to the relevant Governmental Authority in accordance with Applicable Laws, subject to the terms of the Initial Order.
- (3) Additional Payment by the Borrower. The Borrower shall pay the Lender, with funding under the Credit Facility (or from revenue from the Project or the proceeds of any realization against the Secured Property) within 15 days after written demand therefor, for the full amount of any Subject Taxes or Other Taxes (including Subject Taxes or Other Taxes imposed or asserted on or attributable to

amounts payable under this Section) paid by the Lender and any penalties, interest and reasonable expenses arising therefrom or with respect thereto, whether or not such Subject Taxes or Other Taxes were correctly or legally imposed or asserted by the relevant Governmental Authority in Canada. A certificate as to the amount of such payment or liability delivered to the Borrower by the Lender shall be conclusive absent manifest error.

- (4) Evidence of Payments. As soon as practicable after any payment of Subject Taxes or Other Taxes by the Borrower to a Governmental Authority, the Borrower shall deliver to the Lender the original or a certified copy of a receipt issued by such Governmental Authority evidencing such payment, a copy of the return reporting such payment or other evidence of such payment reasonably satisfactory to the Lender.
- (5) Treatment of Certain Refunds and Tax Reductions. If the Lender determines, in its sole discretion, that it has received a refund of any Taxes or Other Taxes as to which it has been paid by the Borrower or with respect to which any additional amounts have been paid pursuant to this Section or that, because of the payment of such Taxes or Other Taxes, it has benefited from a reduction in Excluded Taxes otherwise payable by it, it shall pay to the Borrower or any other Credit Party, as applicable, an amount equal to such refund or reduction (but only to the extent of indemnity payments made, or additional amounts paid, by the Borrower or any other Credit Party under this Section with respect to the Taxes or Other Taxes giving rise to such refund or reduction), net of all out-of-pocket expenses of the Lender, as the case may be, and without interest (other than any net after-Tax interest paid by the relevant Governmental Authority with respect to such refund). The Borrower or any other Credit Party, as applicable, upon the request of the Lender, agrees to repay the amount paid over to the Borrower or any other Credit Party (plus any penalties, interest or other charges imposed by the relevant Governmental Authority) to the Lender if the Lender is required to repay such refund or reduction to such Governmental Authority. This paragraph shall not be construed to require the Lender to make available its tax returns (or any other information relating to its taxes that it deems confidential) to the Borrower or any other Person, to arrange its affairs in any particular manner or to claim any available refund or reduction.

11.03. Illegality.

If the Lender determines that any Applicable Laws has made it unlawful, or that any Governmental Authority has asserted that it is unlawful, for the Lender or its applicable lending office to make or maintain any Loans (or to maintain its obligations to make any Loan), or to determine or charge interest rates based upon any particular rate, then, on notice thereof by the Lender to the Borrower through the Lender, any obligation of the Lender with respect to the activity that is unlawful shall be suspended until the Lender notifies the Borrower that the circumstances giving rise to such determination no longer exist.

ARTICLE 12 - NOTICES: EFFECTIVENESS; ELECTRONIC COMMUNICATION**12.01. Notices, Etc.**

- (1) Notices Generally. Except in the case of notices and other communications expressly permitted to be given by telephone (and except as provided in Section 12.01(3) or 12.01(4)) all notices and other communications provided for herein shall be in writing and shall be delivered by hand or overnight courier service or mailed by certified or registered mail or sent by electronic mail to the addresses specified in the signature pages to this Agreement.

The Credit Parties agree to accept notices and other communications to it by electronic communications addressed to the email address(es) specified in the signature pages to this Agreement.
- (4) Change of Address, Etc. Any party hereto may change its address or e-mail for notices and other communications hereunder by notice to the other parties hereto in accordance with the terms of this Agreement.

ARTICLE 13 - EXPENSES; ADDITIONAL PAYMENTS; DAMAGE WAIVER**13.01. Expenses; Additional Payments; Damage Waiver.**

- (1) Costs and Expenses. The Borrower shall be responsible for, and shall pay (A) all reasonable out-of-pocket expenses incurred by the Lender, the Asset Manager and their Affiliates (including all amounts payable to the Independent Cost Consultant in connection with the Credit Facility) and the reasonable legal fees, charges and disbursements of Lender's Counsel in connection with the Credit Facility, the preparation, negotiation, execution, delivery and administration of the Loan Documents or any amendments, modifications or waivers of the provisions hereof or thereof (including those incurred in connection with the review of materials in connection with consents required or other administrative matters) (whether or not the transactions contemplated hereby or thereby shall be consummated), and (B) all reasonable out-of-pocket expenses incurred by the Lender including the reasonable legal fees, charges and disbursements of counsel, in connection with the enforcement or protection of its rights in connection with the Loan Documents, including its rights under this Section, or in connection with all Loans made including all such out-of-pocket expenses incurred during any workout, restructuring or negotiations in respect of such Loans.

- (2) Additional Payments by the Borrower. The Borrower shall be responsible for and the Obligations shall include such amounts as are required to hold the Lender, the Asset Manager and each Related Person of any of the foregoing Persons (each such Person being called an “**Applicable Payee**”) harmless from, any and all Claims suffered or incurred by any Applicable Payee or asserted against any Applicable Payee by any third party or by the Borrower arising out of, in connection with, or as a result of (A) the execution or delivery of the Loan Documents or any agreement or instrument contemplated hereby or thereby, the performance or non-performance by the parties hereto of their respective obligations hereunder or thereunder or the consummation or non-consummation of the transactions contemplated hereby or thereby, (B) any Loan or the use or proposed use of the proceeds therefrom, (C) any actual or alleged presence or release of any Hazardous Substance (other than in compliance with Environmental Laws) on or from any property owned or operated by the Borrower, any breach of Environmental Laws by the Borrower or any environmental liability related in any way to the Secured Property, or (D) any actual or prospective Claim relating to any of the foregoing, whether based on contract, tort or any other theory, whether brought by a third party or by the Borrower and regardless of whether any Applicable Payee is a party thereto, provided that such additional payments shall not, as to any Applicable Payee, be available to the extent that such Claims (i) are determined by a court of competent jurisdiction by final and nonappealable judgment to have resulted from the gross negligence, criminal acts or omissions or wilful misconduct of such Applicable Payee or (ii) result from a claim brought by the Borrower against an Applicable Payee for breach in bad faith of such Applicable Payee’s obligations under any Loan Document, if the Borrower has obtained a final and nonappealable judgment in its favour on such claim as determined by a court of competent jurisdiction, nor shall it be available in respect of matters specifically addressed in Sections 11.01 and 11.02(1) and Section 13.01(1) or (iii) are ordinary administrative expenses incurred by the Applicable Payee in the ordinary course of business.
- (3) Waiver of Consequential Damages, Etc. To the fullest extent permitted by Applicable Laws, the Borrower shall not assert, and hereby waives, any claim against any Applicable Payee, on any theory of liability, for indirect, consequential, punitive, aggravated or exemplary damages (as opposed to direct damages) arising out of, in connection with, or as a result of, any of the Loan Documents or any agreement or instrument contemplated hereby (or any breach thereof), the transactions contemplated hereby or thereby, any Loan or the use of the proceeds thereof. No Applicable Payee shall be liable for any damages arising from the use by unintended recipients of any information or other materials distributed by it through telecommunications, electronic or other information transmission systems in connection with the Loan Documents or the transactions contemplated hereby or thereby, provided such information or materials are distributed by such Applicable Payee in accordance with the provisions of this Agreement or any related term sheet or other agreement between the Lender and the Borrower in respect of the Credit Facility.

ARTICLE 14 - SUCCESSORS AND ASSIGNS

14.01. Successors and Assigns.

- (1) Successors and Assigns Generally. The provisions of this Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective successors and assigns permitted hereby, except that no Credit Party may assign or otherwise transfer any of its rights or obligations hereunder without the prior written consent of the Lender. The Lender may assign or otherwise transfer any of its rights or obligations hereunder: (A) prior to the occurrence of any Event of Default, (i) in accordance with the provisions of Section 14.01(2) or Section 14.01(4), or (ii) with the consent of the Borrower (who shall consult with the Monitor), which consent shall not be unreasonably withheld and which consent shall be granted if the applicable assignee has the ability to perform the balance of the Lender's obligations under this Agreement, and agrees to do so; and (B) after the occurrence of an Event of Default, without the consent of the Borrower, provided that the Lender shall provide five (5) days' prior written notice of any such assignment to the Borrower and the Monitor, and the assignee agrees to perform the balance of the Lender's obligations under this Agreement.
- (2) Participations. Without limitation to Section 14.01(1), the Lender may at any time, without the consent of, or notice to, the Borrower or the Lender, sell participations to any Person (other than a natural person, a Borrower or any Affiliate of the Borrower) (each, a "**Participant**") in all or a portion of the Lender's rights and/or obligations under this Agreement (including all or a portion of the Outstanding Loans owing to it); provided that (i) the Lender's obligations under this Agreement shall remain unchanged, (ii) the Lender shall remain solely responsible to the other parties hereto for the performance of such obligations, and (iii) the Borrower shall continue to deal solely and directly with the Lender in connection with the Lender's rights and obligations under this Agreement. Any payment by a Participant to the Lender in connection with a sale of a participation shall not be or be deemed to be a repayment by the Borrower or a new Loan to the Borrower.
- (3) Limitations upon Participant Rights. A Participant shall not be entitled to receive any greater payment under Sections 11.01 and 11.02 than the Lender would have been entitled to receive with respect to the participation sold to such Participant, unless the sale of the participation to such Participant is made with the Borrower's prior written consent.

No waiver of any breach of any provision of the Loan Documents and no consent required hereunder will be effective or binding unless made in writing and signed by the party purporting to give the same. Unless otherwise provided, any waiver or consent given hereunder will be limited to the specific breach waived or matter consented to, as the case may be, and may be subject to such conditions as the party giving such waiver or consent considers appropriate.

- (1) Submission to Jurisdiction. Each of the parties hereto agrees that a final, non-appealable judgment in any such action or proceeding shall be conclusive and may be enforced in other jurisdictions by suit on the judgment or in any other manner provided by law.
- (2) Waiver of Venue. Each Credit Party irrevocably and unconditionally waives, to the fullest extent permitted by Applicable Laws, any objection that it may now or hereafter have to the laying of venue of any action or proceeding arising out of or relating to the Loan Documents in any court of the Province of Ontario. POSSESSION OF PROPERTY AND OPERATIONS

5. **THIS COURT ORDERS** that, subject to the terms hereof, the Companies shall have possession and control of their current and future assets, undertakings and properties of every nature and kind whatsoever, and wherever situate, including all proceeds thereof (the “**Property**”). Subject to further Order of this Court and the DIP Credit Agreement and the other DIP Documents (each as defined below), the Companies shall carry on business in a manner consistent with the preservation of their business (the “**Business**”), including the ongoing construction, development and realization of value from the Project. The Companies are authorized and empowered to retain such employees, advisors, consultants, contractors, agents, experts, accountants, counsel and such other persons (collectively “**Assistants**”) currently retained by them, with liberty to retain such further Assistants as they deem reasonably necessary or desirable in the ordinary course of business or for the carrying out of the terms of this Order, in each case as determined by the CRO (as defined below) in consultation with the Monitor.

6. **THIS COURT ORDERS** that, subject to the DIP Credit Agreement and the other DIP Documents (other than in respect of 6(b) below), the Companies shall be entitled but not required to pay the following expenses whether incurred prior to, on, or after the date of this Order:

- (a) the fees and disbursements of any Assistants retained by the Companies in respect of these proceedings at their standard rates and charges;

7. **THIS COURT ORDERS** that, except as otherwise provided to the contrary herein, and subject to the DIP Credit Agreement and the other DIP Documents, the Companies shall be entitled but not required to pay all reasonable expenses incurred by the Companies in carrying on the Business in the ordinary course after the date of this Order, and in carrying out the provisions of this Order, which expenses shall include, without limitation:

- (a) all expenses and capital expenditures reasonably necessary for the preservation of the Property or the Business, including, without limitation, payments on account of insurance, maintenance and security services; and

9. **THIS COURT ORDERS** that until a real property lease is disclaimed in accordance with the CCAA, the Companies shall pay all amounts constituting rent or payable as rent under real property leases (including, for greater certainty, common area maintenance charges, utilities and realty taxes and any other amounts payable to the landlord under the lease) or as otherwise may be or has been negotiated between the Companies and the landlord from time to time (“**Rent**”), for the period commencing from and including the date of this Order, monthly on the first day of each month, in advance (but not in arrears), or at such other time intervals and dates as may be agreed to between the applicable Company and the applicable landlord. On the date of the first of such

payments, any Rent relating to the period commencing from and including the date of this Order shall also be paid.

10. **THIS COURT ORDERS** that, except as specifically permitted herein, the Companies are hereby directed, until further Order of this Court: (a) to make no payments of principal, interest thereon or otherwise on account of amounts owing by the Companies to any of their creditors as of this date; (b) to grant no security interests, trust, liens, charges or encumbrances upon or in respect of any of their Property; and (c) to not grant credit or incur liabilities except in the ordinary course of the Business.

all of the foregoing to permit the Companies to proceed with an orderly restructuring of the Business (the “**Restructuring**”).

12. **THIS COURT ORDERS** that the Companies shall provide each of the relevant landlords with notice of the relevant Company's intention to remove any fixtures from any leased premises at least seven (7) days prior to the date of the intended removal. The relevant landlord shall be entitled to have a representative present in the leased premises to observe such removal and, if the landlord disputes such Company's entitlement to remove any such fixture under the provisions of the lease, such fixture shall remain on the premises and shall be dealt with as agreed between any applicable secured creditors, such landlord and the relevant Company, or by further Order of this Court upon application by the Companies on at least two (2) days notice to such landlord and any such secured creditors. 13. **THIS COURT ORDERS** that if a notice of disclaimer is delivered pursuant to Section 32 of the CCAA, then (a) during the notice period prior to the effective time of the disclaimer, the landlord may, subject to applicable law, show the affected leased premises to prospective tenants during normal business hours, on giving the relevant Company and the Monitor 24 hours' prior written notice, and (b) at the effective time of the disclaimer, the relevant landlord shall be entitled to take possession of any such leased premises without waiver of or prejudice to any claims or rights such landlord may have against the applicable Company in respect of such lease or leased premises, provided that nothing herein shall relieve such landlord of its obligation to mitigate any damages claimed in connection therewith.

NO PROCEEDINGS AGAINST THE COMPANIES, THE MONITOR, THE DEVELOPERS OR THE PROPERTY

14. **THIS COURT ORDERS** that until and including August 15, 2025, or such later date as this Court may order (the “**Stay Period**”), no proceeding or enforcement process in any court or tribunal (each, a “**Proceeding**”) shall be commenced or continued against or in respect of the Companies or the Monitor, or any Developer for matters arising after the date of the Receivership Order, or affecting the Business or the Property, except, in each case, with the written consent of the CRO, the Monitor and, in the case of any Proceeding against the Tridel Parties, the Tridel Parties also, or with leave of this Court, and any and all Proceedings currently under way against or in respect of any of the Companies, any Developer or affecting the Business or the Property are hereby stayed and suspended pending further Order of this Court or the written consent of the CRO and the Monitor; provided that nothing in this paragraph 14 shall stay the Receivership Litigation, it being understood that the recourse of the claimants in the Receivership Litigation shall be limited to the applicable specified reserve amounts in the Receivership Claims Reserve (as defined below) and all Receivership Litigation shall remain subject to the jurisdiction of the Court in the CCAA proceedings.

NO EXERCISE OF RIGHTS OR REMEDIES

15. **THIS COURT ORDERS** that during the Stay Period, all rights and remedies of any individual, firm, corporation, governmental body or agency, or any other entities (all of the foregoing, collectively being “**Persons**” and each being a “**Person**”) against or in respect of the Companies, the Monitor, or any Developer for matters arising after the date of the Receivership Order, or affecting the Business or the Property, including, without limitation, licences and permits required for the Project regardless of who is the legal holder of any such licences and permits, are

hereby stayed and suspended except, in each case, with the written consent of the CRO, the Monitor and, in the case of any rights and remedies against or in respect of the Tridel Parties, the Tridel Parties also, or leave of this Court, provided that nothing in this Order shall (a) empower the Companies to carry on any business which the Companies are not lawfully entitled to carry on, (b) affect such investigations, actions, suits or proceedings by a regulatory body as are permitted by Section 11.1 of the CCAA, or (c) prevent the filing of any registration to preserve or perfect a security interest (provided that the registration of a construction lien shall not be permitted pursuant to this item (c)).

NO INTERFERENCE WITH RIGHTS

16. **THIS COURT ORDERS** that during the Stay Period, no Person shall accelerate, suspend, discontinue, fail to honour, alter, interfere with, repudiate, rescind, terminate or cease to perform any right, renewal right, contract, agreement, lease, sublease, licence or permit (collectively, “**Rights**”) in favour of or held by any of the Companies or any Developer, or in respect of the Project, except, in each case, with the written consent of the CRO, the Monitor and, in the case of Rights in favour of or held by the Tridel Parties, the Tridel Parties also, or leave of this Court.

CONTINUATION OF SERVICES

17. **THIS COURT ORDERS** that during the Stay Period, all Persons having oral or written agreements or arrangements with any of the Companies or any Developer, or contractual, statutory or regulatory mandates for the supply of goods and/or services to the Companies, any Developer and/or the Project, including, without limitation, all computer software, communication and other data services, construction management services, project management services, permit and planning management services, accounting services, banking services, payroll and benefit

18. **THIS COURT ORDERS** that any Person who has provided any kind of letter of credit, guarantee, surety or bond (collectively, “**Financial Assurance**”) to or for the benefit of the Companies, including where such Financial Assurance has been provided to a Developer or the Receiver, on or before the date of this Order shall be required to continue honoring such Financial Assurance in accordance with its terms, notwithstanding any default or cross-default arising as a result of the Receivership Order, this Order, the financial circumstances of the Companies or otherwise. For greater certainty, the guarantees referred to in paragraph 65 of the Affidavit of Joo Sung Yoon made October 17, 2023, filed in the Receivership Proceedings, shall not be affected by this paragraph and such guarantees are not included in the definition of Financial Assurance.

NON-DEROGATION OF RIGHTS

19. **THIS COURT ORDERS** that, notwithstanding anything else in this Order, no Person shall be prohibited from requiring immediate payment for goods, services, use of leased or licensed property or other valuable consideration provided on or after the date of this Order, nor shall any Person be under any obligation on or after the date of this Order to advance or re-advance any monies or otherwise extend any credit to the Companies. Nothing in this Order shall derogate from the rights conferred and obligations imposed by the CCAA.

ASSIGNMENT OF CONSTRUCTION CONTRACTS

Section 4.01 Assignment of Construction Contracts

Upon and subject to the terms, conditions and provisions herein contained the Construction Manager hereby assigns, transfers and sets over to and in favour of the Development Lender, as and by way of a first fixed and specific assignment, all of its right, title, estate and interest in, to, under and in respect of:

- (a) any and all contracts, subcontracts and agreements entered into by or assigned to the Construction Manager relating to the construction of the Project, including contracts, subcontracts and agreements relating to the supply of materials or services to or for the Project, but excluding the Construction Management Agreement (collectively, “**Construction Contracts**”);
- (b) all benefit, power and advantage of the Construction Manager to be derived from the Construction Contracts and all covenants, obligations, agreements, and undertakings of the parties thereunder and otherwise to enforce the rights of the Construction Manager thereunder in the name of the Construction Manager;
- (c) all monies now due and payable or hereafter to become due and payable to the Construction Manager under the Construction Contracts or in connection therewith, with full power and authority to demand, sue for, recover, receive and give receipts for all such revenues and other monies; and
- (d) all books, accounts, invoices, letters, papers, contracts and documents in any way exclusively relating to the Construction Contracts;

and in, to and under all amendments, modifications, extensions, renewals and replacements of any of the foregoing and all rights, remedies, powers, privileges and claims of the Construction Manager thereunder (whether arising pursuant thereto or available to the Construction Manager at law or in equity) and each and every one of them, to hold and receive the same unto the Construction Manager with full power and authority to demand, collect, sue for, recover, receive and give receipts for payments and to enforce payment of the same in accordance with and subject to the terms of this Agreement and the Development Financing Agreement (collectively, the “**Assignment**”). This Agreement shall be held by the Development Lender as additional security for the due payment and performance by the Owner of the Obligations (as defined in the Development Financing Agreement).

Section 4.02 Development Lender not Responsible

Unless and until the Development Lender exercises its remedies hereunder, nothing herein shall have the effect of making the Development Lender responsible for the collection of any money, if applicable, or for the performance of any covenant, term or condition under the Construction Contracts. Unless and until the Development Lender exercises its remedies hereunder, any and all payments to be made by and responsibilities, burdens, obligations and liabilities of the Construction Manager under the Construction Contracts shall remain those solely of the

Construction Manager and no such payments to be made by or responsibilities, burdens, obligations or liabilities of the Construction Manager are assigned hereby nor will they be incurred by the Development Lender hereunder.

Section 4.03 Rights Prior to and Upon Default

Until the occurrence of an Event of Default (as defined in the Development Financing Agreement) which is continuing, the Construction Manager shall be entitled to deal with the Construction Contracts and to exercise all powers with respect thereto on the terms set out in the Construction Management Agreement, but upon the occurrence of an Event of Default and while such Event of Default is continuing, and so often as either may occur, the Development Lender, whether or not notice thereof has been given by the Development Lender to the Construction Manager, shall thereupon be entitled to exercise all powers and rights of the Construction Manager under the Construction Contracts. The Construction Manager agrees the Development Lender may assign its interest in the Construction Contracts, as provided in this Agreement, to a Lender Assignee in connection with the enforcement of its security following an Event of Default.

Section 4.04 Third Parties

No person dealing with the Development Lender or its agent or a receiver shall be required (i) to determine whether the Assignment has become enforceable, (ii) to determine whether the powers which the Development Lender or its agent or receiver is purporting to exercise have become exercisable, (iii) to determine whether any money remains due to the Development Lender by the Owner (iv) to determine the necessity or expediency of the stipulations and conditions subject to which any assignment, transfer, sale or lease shall be made, (v) to determine the propriety or regularity of any sale or of any other dealing by the Development Lender with the Construction Contracts, or (vi) to see to the application of any money paid to the Development Lender.

Section 4.05 Non-Merger

No judgment recovered by the Development Lender shall operate by way of merger of or in any way affect this Agreement, which is in addition to and not in substitution for any other security now or hereafter held by the Assignee in respect of the Obligations.

Section 4.06 Construction Contracts

The Construction Manager shall cause each Construction Contract entered into on or after the Effective Date to provide that the relevant counterparty:

- (a) consents to the assignment of such Construction Contract by the Construction Manager to the Development Lender as security for the Obligations, and consents to any assignment such Construction Contract by the Development Lender in connection with any enforcement of its security provided pursuant to the Development Financing Agreement; and
- (b) agrees to enter into an agreement in a form acceptable to the Development Lender providing for any consent needed to the assignment of such Construction Contract to the Development Lender as security in connection with any enforcement by the Development Lender and, for any subcontract, to provide for continued

performance of such Construction Contract by such subcontractor if the Construction Management Agreement is terminated or assigned in connection with any default of the Construction Manager or an Event of Default.

Section 4.07 Scope of Assignment

The Assignment that would otherwise be granted or made pursuant to this Agreement is not made in respect of any Restricted Construction Contract until it is no longer a Restricted Construction Contract. A “**Restricted Construction Contract**” is any Construction Contract entered into prior to the Effective Date with respect to which the Assignment would result in the abandonment, invalidation or unenforceability of, or any material breach, termination or material default under, such Construction Contract. However, no Construction Contract shall be a Restricted Construction Contract if and to the extent that any Applicable Law (a) renders the defaulted or breached provision, including any requirement of consent to the granting or making of a security interest, unenforceable against third parties or otherwise ineffective to prevent the granting or making of a security interest, or (b) provides that the granting or making of a security interest does not give rise to a breach or default notwithstanding the terms of such Construction Contract. Notwithstanding the foregoing, the Construction Manager shall hold as trustee its interest in each Restricted Construction Contract, and shall hold all proceeds arising under or in connection with each such Restricted Construction Contract in trust for the Development Lender, when applicable in accordance with Section 4.03 of this Agreement, and whenever the Development Lender is entitled to exercise all powers and rights of the Construction Manager under the Construction Contracts pursuant to such Section 4.03 of this Agreement, the Construction Manager shall take all actions reasonably requested by the Development Lender or Lender Assignee in respect of its interest in each Restricted Construction Contract.
