1.0 INTRODUCTION

- 1.1 On January 15, 2015, Target Canada Co. (“**TCC**”) and those companies listed in Appendix A (collectively, the “**Applicants**”), together with the Partnerships also listed in Appendix A (the “**Partnerships**”, and collectively with the Applicants, the “**Target Canada Entities**”), applied for and were granted protection by the Ontario Superior Court of Justice (Commercial List) (the “**Court**”) under the *Companies’ Creditors Arrangement Act*, R.S.C. 1985, c. C-36, as amended (the “**CCAA**”). Pursuant to an Order of this Court dated January 15, 2015 (as amended, the “**Initial Order**”), Alvarez & Marsal Canada Inc. (“**A&M**”) was appointed Monitor of the Target Canada Entities in the CCAA proceedings (the “**Monitor**”). The proceedings commenced by the Applicants under the CCAA are referred to herein as the “**CCAA Proceedings**”.
- 1.2 On February 11, 2015, this Court issued the “Amended and Restated Initial Order” (hereinafter, unless the context otherwise requires, the “**Initial Order**”) which incorporates certain changes to the Initial Order granted January 15, 2015 that are described in the Second Report of the Monitor (the “**Second Report**”) dated February 9, 2015.
- 1.3 In connection with the CCAA Proceedings, the Monitor has previously provided to this Court four reports and one supplementary report (collectively, the “**Monitor’s Reports**”). A&M has also provided to this Court the Pre-Filing Report of the Proposed Monitor (the “**Pre-Filing Report**”) dated January 14, 2015 (together with the Monitor’s Reports, the “**Prior Reports**”). The Prior Reports, the Initial Order, and other Court-filed documents and notices in these CCAA Proceedings are available on the Monitor’s website at www.alvarezandmarsal.com/targetcanada.

- 1.4 In the Second Report and in submissions to the Court on February 11, 2015, the Monitor undertook to provide information regarding the quantity of TCC's inventory: (a) received and in-transit (where title had transferred to TCC) as at January 15, 2015; and (b) received and/or where title had transferred to TCC and had not been paid for during the 30-day period immediately preceding January 15, 2015 (the "**Requested Information**"). The Monitor was also asked by the Court to update the Service List as to its progress in assembling the Requested Information by no later than February 18, 2015.
- 1.5 On March 3, 2015, the Monitor issued its Fourth Report to the Court (the "**Fourth Report**"), which provided the Court with information regarding the key dates and assumptions, methodology and approach, and conclusions related to the Requested Information. The Fourth Report also included information reflecting the daily levels of inventory at TCC's three distribution centres ("**DCs**") and stores ("**Stores**") for various time periods before and after the date of the Initial Order. A copy of the Fourth Report is attached as Appendix B to this report (which also includes as an appendix, the Monitor's letter to the Service List dated February 18, 2015, whereby the Monitor provided an update as to its progress in assembling the Requested Information).
- 1.6 The purpose of this Fifth Report of the Monitor (the "**Fifth Report**") is to provide the Court with further responses to certain of the questions submitted in the letter from Blaney McMurtry LLP ("**Blaney McMurtry**") to Osler, Hoskin & Harcourt LLP and Goodmans LLP dated March 2, 2015 (the "**March 2 Letter**").

2.0 TERMS OF REFERENCE AND DISCLAIMER

2.1 In preparing this Fifth Report, the Monitor has been provided with, and has relied upon, unaudited financial information, books and records and financial information prepared by the Target Canada Entities and Target Corporation, and discussions with management of the Target Canada Entities and Target Corporation (collectively, the “**Information**”).

2.2 The Monitor has reviewed the Information for reasonableness, internal consistency and use in the context in which it was provided. However, the Monitor has not audited or otherwise attempted to verify the accuracy or completeness of the Information in a manner that would wholly or partially comply with Canadian Auditing Standards (“**CASs**”) pursuant to the Chartered Professional Accountants Canada Handbook and, accordingly, the Monitor expresses no opinion or other form of assurance contemplated under CASs in respect of the Information.

2.3 Capitalized terms not otherwise defined in this Fifth Report are as defined in the Prior Reports and the Initial Order, as applicable.

2.4 Unless otherwise stated, all monetary amounts contained in this Fifth Report are expressed in Canadian dollars.

3.0 RESPONSES TO CERTAIN QUESTIONS RAISED BY BLANEY MCMURTRY LLP IN THEIR LETTER TO OSLER, HOSKIN & HARCOURT LLP AND GOODMAN'S LLP DATED MARCH 2, 2015

3.1 Pursuant to the Endorsement of this Court dated February 19, 2015, Blaney McMurtry distributed the March 2 Letter to the Service List, which contained questions and requests for information made to TCC and the Monitor. Responses to certain of the inventory-

related and other questions are provided below. The Monitor understands that legal counsel to the Target Canada Entities will respond to the other questions in the March 2 Letter in separate correspondence to Blaney McMurtry which will also be served upon the Service List.

Question 13: When was the list of creditors first prepared?

Response: With the assistance of the Company, A&M first began preparing the list of creditors on January 15, 2015 (further details regarding the preparation of the listing of creditors are provided in the responses to Questions 46 and 47 below).

Question 15: When were possible liquidation companies contacted for the bidding process? Who were the other bidders? Please provide all written communication and documentation thereto.

Response: As described in the First Report of the Monitor (the “**First Report**”) dated January 30, 2015, following the Target Canada Entities’ CCAA filing on January 15, 2015, A&M contacted five liquidation companies (the “**Potential Bidders**”) in connection with the proposed liquidation of TCC’s inventory under the CCAA proceeding, and on January 20, 2015, the following documents were distributed to Potential Bidders:

- (a) the solicitation letter (“**Solicitation Letter**”) inviting Potential Bidders to submit equity and/or fee proposals in respect of the liquidation of the Inventory and FF&E (under equity proposals, Potential Bidders were to conduct the liquidation and provide a net minimum guaranteed amount to TCC, and under fee proposals,

Potential Bidders were to consult in a liquidation process for a percentage fee on sales);

- (b) the request for proposals (“**RFP**”), which described the terms and conditions, including the procedures to be followed and deadlines, for the submission of proposals (copies of the Solicitation Letter and RFP were attached as Exhibit C to the Second Wong Affidavit);
- (c) the form of agency agreement to be submitted, in accordance with the RFP, by Potential Bidders for equity proposals for the liquidation of the Inventory and FF&E;
- (d) the form of consulting agreement to be submitted, in accordance with the RFP, by Potential Bidders for fee proposals for the liquidation of the Inventory and FF&E;
- (e) the proposed Court orders to be sought by the Applicants for approval of a “Final Accepted Proposal” for each of the equity and fee proposals; and
- (f) the sales procedures to be followed in connection with conducting the liquidation of the Inventory and FF&E at TCC’s stores, distribution centres and corporate head office.

The other bidders were Tiger Capital Group, LLC and SB Capital Group, LLC.

Question 16: When liquidation companies were contacted for the bidding process, what were these companies advised with regards to Target Canada’s inventory levels, and at what date? How were inventory numbers presented to potential liquidators: by store, by distribution center, by title etc.?

Response: As described above, liquidation companies were contacted regarding the bidding process on January 15, 2015. The liquidation companies were granted access to a data room that was populated with certain information related to historical company data, store operations and logistics, inventory levels and other information as deemed necessary for bidders to assess bids. The initial inventory information provided was based on inventory levels as at January 10, 2015. The inventory information was presented by DC and by Store, in the aggregate, on both a cost and retail value basis.

Question 29: What was the inventory value in Target Canada's stores and distribution centers between December 15, 2013 and January 15, 2014?

Response: Appendix "C" to the Fourth Report provides the daily inventory balances at cost in the DCs and Stores for the following periods:

- December 15, 2013 to January 15, 2014;
- December 15, 2014 to January 15, 2015;
- January 15, 2015 to February 15, 2015; and
- November 1, 2014 to December 15, 2014.

Question 30: What is the percentage of inventory on January 15th compared to inventory levels as of December 15th for the years 2013 and 2014?

Response: As derived from Appendix "C" to the Fourth Report, the percentage of inventory as at January 15, 2015 relative to December 15, 2013 and 2014 is 81.0% and 84.5%, respectively.

Question 31: What was the inventory value at cost in Target Canada's stores on each day between November 1, 2014 and January 15, 2015? What was the opening inventory value at cost in Target Canada's stores on each day between November 1, 2014 and January 15, 2015? What was the closing inventory value at cost in Target Canada's stores on each day between November 1, 2014 and January 15, 2015?

Response: Daily Stores inventory for the period December 15, 2014 to January 15, 2015 was provided in Appendix "C" to the Fourth Report.

Question 32: What was the inventory value at cost in Target Canada's distribution centers on each day between November 1, 2014 and January 15, 2015? What was the opening inventory value at cost in Target Canada's distribution centers on each day between November 1, 2014 and January 15, 2015? What was the closing inventory value at cost in Target Canada's distribution centers on each day between November 1, 2014 and January 15, 2015?

Response: Daily DC inventory for the period December 15, 2014 to January 15, 2015 was provided in Appendix "C" to the Fourth Report.

Question 33: What was the inventory value at cost in Target Canada's stores on each day between January 15, 2015 and February 15, 2015? What was the opening inventory value at cost in Target Canada's stores on each day between January 15, 2015 and February 15, 2015? What was the closing inventory value at cost in Target Canada's stores on each day between January 15, 2015 and February 15, 2015?

Response: Daily Stores inventory for the period January 15, 2015 to February 15, 2015 was provided in Appendix "C" to the Fourth Report.

Question 34: What was the inventory value at cost in Target Canada's distribution centers on each day between January 15, 2015 and February 15, 2015? What was the opening inventory value at cost in Target Canada's distribution centers on each day between January 15, 2015 and February 15, 2015? What was the closing inventory value at cost in Target Canada's distribution centers on each day between January 15, 2015 and February 15, 2015??

Response: Daily DC inventory for the period January 15, 2015 to February 15, 2015 was provided in Appendix "C" to the Fourth Report.

Question 43: Please explain why the projected logistics disbursement is approximately \$40 million, as detailed in the Cash Flow Forecast found in the Monitor's Supplemental Report to the First Report of the Monitor, dated February 3, 2015?

Response: As described in the Wong Affidavit and the Pre-Filing Report, operation of TCC's three DCs is outsourced to Eleven Points Logistics Inc. ("**Eleven Points**"). Approximately \$27.3 million of the \$40.1 million shown in the Cash Flow Forecast was projected to be paid to Eleven Points and approximately \$12.8 million was projected to be paid to transportation companies for delivery of both inbound and outbound goods to/from the DCs and Stores, as well as for transfers of inventory between Stores.

Question 44: What is the value of receipts derived from the sale of the inventory that was shipped between December 15, 2014 and January 15, 2015, and sold to the public during that same period?

Response: The sale of inventory at TCC's Stores is not traceable on a unit-by-unit basis as product is not individually tagged with a unique identifier. Rather, units of product

that arrive at the DCs, the Stores, and ultimately the store shelves, are fungible and are often co-mingled with units of the same product from different shipments. Accordingly, it is not possible to determine, on a system-wide basis, the value of receipts derived from the sale of inventory that was shipped during a given period.

Question 45: What data was used to determine the inventory order volumes between December 15, 2014 and January 15, 2015 produced in the Monitor's Progress Update, dated February 18, 2015?

Response: There is no reference in the Monitor's letter dated February 18, 2015 to inventory order volumes. Rather, the balances reported in the letter are references to the inventory balances as at the dates indicated derived from TCC's records. The same balances are also reflected in Appendix "C" to the Fourth Report.

Question 46: We have received concerns from several suppliers that the debt outlined in the revised creditors' list, dated January 15, 2015, grossly underestimates the actual balance owed to creditors. In arriving at the amounts found on the revised creditors' list, did Target Canada make any deductions to the amount owed to suppliers and creditors? Did such deductions include cheques issued by Target Canada that were subsequently dishonoured following the CCAA application? If such deductions included inventory returned to the supplier, does Target Canada have evidence of such return? If yes, please provide documentation thereof.

Response: The amounts included in the list of creditors were comprised of balances reported in the Target Canada Entities' books and records as at January 15, 2015. The creditor listing was not subject to regular month-end accounting procedures nor

reconciliation/confirmation with individual creditors, and no out-of-the-ordinary adjustments or deductions were made to account balances. Where credits were applied to accounts in the ordinary course, such credits were reflected in net account balances.

Question 47: Who prepared the revised list of creditors, dated January 15, 2015, posted on the Monitor's website? What was the source of the data in compiling this information, and how were the amounts owing to creditors determined? Please provide the original list of creditors, and explain the differences between the original list and the revised list of creditors currently posted on the Monitor's website?

Response: In accordance with paragraph 69(ii)(c) of the Initial Order, the Monitor prepared the creditor list using the books and records of the Target Canada Entities as at January 15, 2015. In accordance with section 23(1)(a) of the CCAA, the creditor list was compiled and made publicly available within five days of the date of the Initial Order. Accordingly, the creditor listing was not subject to regular month-end accounting procedures nor reconciliation/confirmation with individual creditors. The first page to the creditor listing included the following notes:

1. This list of creditors has been prepared from information contained in the books and records of the Target Canada Entities.
2. The amounts included in this list of creditors do not take into consideration any un-invoiced amounts, nor have the amounts been adjusted for any amounts that may be receivable from creditors.
3. This list of creditors has been prepared without admission of liability for, or quantum of, any of the amounts shown.

4. To date, a claims procedure has not been approved by the Court, and creditors are NOT required to file a statement of account or proof of claim at this time.
5. If and when a claims procedure is approved by the Court, further details and claims forms will be posted to the Monitor's website. It is through such a claims procedure that creditor claims will be reviewed and determined. Again, creditors are not required to file a statement of account or proof of claim at this point in time.

The original list of creditors is attached as Appendix C to this Fifth Report. Following the posting of the original listing of creditors to the Monitor's website, feedback was received from creditors that it would be helpful if the currency of payable amounts could be specified on the listing. Accordingly, the Monitor revised the creditor listing in order to add a column to specify currency type. In the course of making those revisions, the Monitor also became aware of two other items that it revised. The differences between the original and revised listings of creditors as at January 15, 2015 are as follows:

- (a) as described above, based on feedback received from creditors, a column was added to the revised listing to specify the currency of the payable amount;
- (b) at the request of CPP Investment Board Real Estate, a payable in the amount of \$8,372,934 was deleted in the revised listing as that amount had previously been paid; and
- (c) a payable to Target Brands, Inc. in the amount of US\$5,628,845 was added in the revised listing as it had been inadvertently omitted in the original listing.

Question 60: In its Update Report dated February 18, 2015, the Monitor states that it must review and reconcile all transfers of inventory title. Can the Monitor please advise why it is raising the issue of title to goods when the rights of 30-day suppliers are dependent on the possession of the goods in question?

Response: Title to goods has transferred to TCC in all instances in which TCC has possession of those goods, with the exception of some goods which are sold on consignment. In addition, as described in the Fourth Report, inventory is considered to be received when title is transferred to TCC. This is particularly relevant in the case of “import” goods where title is commonly transferred when the goods are shipped, primarily from Asia, and are usually in transit for five to seven weeks prior to being received at one of TCC’s three DCs.

3.2 To the extent that material additional or revised information comes to the Monitor’s attention with respect to the responses above, the Monitor may update such responses in a future report(s) to the Court.

All of which is respectfully submitted to this Court this 16th day of March, 2015.

1.0 INTRODUCTION

- 1.1 On January 15, 2015, Target Canada Co. (“**TCC**”) and those companies listed in **Appendix “A”** (collectively, the “**Applicants**”), together with the Partnerships also listed in **Appendix “A”** (the “**Partnerships**”, and collectively with the Applicants, the “**Target Canada Entities**”), applied for and were granted protection by the Ontario Superior Court of Justice (Commercial List) (the “**Court**”) under the *Companies’ Creditors Arrangement Act*, R.S.C. 1985, c. C-36, as amended (the “**CCAA**”). Pursuant to an Order of this Court dated January 15, 2015 (the “**Initial Order**”), Alvarez & Marsal Canada Inc. (“**A&M**”) was appointed Monitor of the Target Canada Entities in the CCAA proceedings (the “**Monitor**”). The proceedings commenced by the Applicants under the CCAA are referred to herein as the “**CCAA Proceedings**”.
- 1.2 On February 11, 2015, this Court issued the “**Amended and Restated Initial Order**” (hereinafter, unless the context otherwise requires, the “**Initial Order**”), which incorporates certain changes to the Initial Order granted January 15, 2015 that are described in the Second Report of the Monitor (the “**Second Report**”) dated February 9, 2015.
- 1.3 In connection with the CCAA Proceedings, the Monitor has provided to this Court three reports and one supplemental report (collectively, the “**Monitor’s Reports**”). A&M has also provided to this Court the Pre-Filing Report of the Proposed Monitor (the “**Pre-Filing Report**”) dated January 14, 2015 (together with the Monitor’s Reports, the “**Prior Reports**”). The Prior Reports, the Initial Order, and other Court-filed documents and notices in these CCAA Proceedings are available on the Monitor’s website at www.alvarezandmarsal.com/targetcanada.
- 1.4 In the Second Report and in submissions to the Court on February 11, 2015, the Monitor undertook to provide information regarding the quantity of TCC’s inventory: (a) received and in-transit (where title had transferred to TCC) as at January 15, 2015; and (b) received and/or where title had transferred to TCC and had not been paid for during the 30-day period immediately

preceding January 15, 2015 (the “**Requested Information**”). The Monitor was also asked by the Court to update the Service List as to its progress in assembling the Requested Information by no later than February 18, 2015. A copy of the Monitor’s letter to the Service List dated February 18, 2015 (the “**Inventory Update Letter**”) is attached as **Appendix “B”** to this Fourth Report.

1.5 In the Inventory Update Letter, the Monitor advised that:

- inventory on-hand as at December 15, 2014 was approximately \$623.1 million, excluding goods-in-transit as at that date; and
- inventory on-hand as at January 15, 2015 was approximately \$526.6 million, excluding goods-in-transit as at that date.

1.6 The purpose of this Fourth Report of the Monitor (the “**Fourth Report**”) is to provide the Court with information regarding the key dates and assumptions, methodology and approach, and conclusions related to the Requested Information.

2.0 TERMS OF REFERENCE AND DISCLAIMER

2.1 In preparing this Fourth Report, the Monitor has been provided with, and has relied upon, unaudited financial information, books and records and financial information prepared by the Target Canada Entities and Target Corporation, and discussions with management of the Target Canada Entities and Target Corporation (collectively, the “**Information**”).

2.2 The Monitor has reviewed the Information for reasonableness, internal consistency and use in the context in which it was provided. However, the Monitor has not audited or otherwise attempted to verify the accuracy or completeness of the Information in a manner that would wholly or partially comply with Canadian Auditing Standards (“**CASs**”) pursuant to the *Chartered*

Professional Accountants Canada Handbook and, accordingly, the Monitor expresses no opinion or other form of assurance contemplated under CASs in respect of the Information.

2.3 Capitalized terms not otherwise defined in this Fourth Report are as defined in the Prior Reports and the Initial Order, as applicable.

2.4 Unless otherwise stated, all monetary amounts contained in this Fourth Report are expressed in Canadian dollars.

3.0 GOODS RECEIVED WITHIN THE 30-DAY PERIOD IMMEDIATELY PRECEDING THE INITIAL ORDER AND NOT PAID FOR

Key Dates and Assumptions

3.1 In order to determine the amount of inventory that had been received by TCC during the 30-day period immediately prior to the date of the Initial Order where the corresponding accounts payable remain and are expected to remain outstanding, TCC and the Monitor developed their analysis based on the following key dates and assumptions:

- (a) the “30-day period” is the period from December 16, 2014 through January 14, 2015 (the “**30-Day Period**”);
- (b) inventory is considered to be received when title is transferred to TCC. This is particularly relevant in the case of “import” goods where title is commonly transferred when the goods are shipped, primarily from Asia, and are usually in-transit for five to seven weeks prior to being received at one of TCC’s three distribution centres (collectively, the “**DCs**”);
- (c) for purposes of the analysis, all inventory cost amounts are net of freight and duties as TCC is separately responsible for those charges;

- (d) in-transit goods as at January 15, 2015 (where title had already transferred to TCC) are based on actual post-filing inventory receipts through March 2, 2015 and goods still expected to be received; and
- (e) in addition to payments made through TCC's regular accounts payable processes, payments related to inventory received during the 30-Day Period include actual and expected post-filing payments under TCC's import program with JP Morgan Chase Bank (the "**JPM Import Program**"). Under the JPM Import Program, JPM pays TCC's vendors by way of letter of credit or open account, typically with 60-day terms unless a transaction was vendor financed. Payments reflected in the analysis include: (i) amounts related to goods shipped on or before January 14, 2015 and supported by a letter of credit; and (ii) amounts related to the open account arrangements, where goods were shipped and required documentation was submitted to JPM on or before January 14, 2015. All "unapproved" open account transactions where goods were shipped pre-filing, but required documentation was not submitted prior to the date of the Initial Order, have not been paid.

Methodology and Approach

- 3.2 Following the granting of the Initial Order, TCC worked to cancel all outstanding purchase orders. Where title to goods-in-transit had transferred to TCC prior to January 15, 2015, TCC continued to accept delivery of such inventory. In a small number of instances where title transferred to TCC on or after January 15, 2015 and the goods were not returned, TCC has paid/intends to pay for such inventory.

3.3 In order to determine the amount of goods that were received during the 30-Day Period where the related accounts payable remain and are expected to remain outstanding, TCC and the Monitor undertook the following steps:

- (a) determined the amount of inventory received into the DCs and directly to the stores (the “**Stores**”), by purchase order (“**PO**”), during the 30-Day Period;
- (b) assessed the extent to which title to such inventory received in (a) above had transferred to TCC prior to the 30-Day Period;
- (c) assessed goods-in-transit as at January 15, 2015, including both goods received at the DCs and directly at the Stores between January 15, 2015 and March 2, 2015 and remaining goods-in-transit that have not yet been delivered to the DCs or directly to the Stores, to determine the extent and identification of such inventory (by PO) where title had transferred to TCC within the 30-Day Period;
- (d) reviewed payments and other information to identify those POs in each of (a) and (c) above which have been paid by TCC, or are expected to be paid through the JPM Import Program; and
- (e) by necessity, utilized certain assumptions where the necessary information was not readily accessible within a reasonable period of time.

Conclusions re: Requested Information

3.4 Based on the foregoing, TCC and the Monitor estimate that the amount of goods received (meaning goods where title transferred to TCC) during the 30-Day Period where related accounts payable remain outstanding (and are not expected to be addressed through the JPM Import

Program) is approximately \$105.6 million (the “**Net 30-Day Receipts Amount**”). The primary components of the Net 30-Day Receipts Amount are summarized in the table below.

\$ in millions CAD	<u>Cost Value [1]</u>
Goods received at DCs and Stores - December 16, 2014 to January 14, 2015	\$ 113.1
Less: Goods received at DCs and Stores where title transferred to TCC prior to December 16, 2014	<u>(16.6)</u>
Net total on-hand goods received	96.5
 <u>Estimated goods in-transit as of January 15, 2015 where title had transferred to TCC during the 30-Day Period</u>	
Received post-filing - January 15, 2015 to March 2, 2015	45.6
Remaining goods in-transit as of March 2, 2015	<u>15.0</u>
Total estimated goods in-transit as of January 15, 2015 [2]	<u>60.6</u>
Goods received during the 30-Day Period	<u>157.0</u>
 Payments for goods where title had transferred during the 30-Day Period [3]	 (51.5)
 Net unpaid goods received during the 30-Day Period	 <u>\$ 105.6</u>

Notes:

[1] Amounts exclude freight and duty

[2] Where title transferred to TCC during the 30-Day Period

[3] Includes approximately \$18 million of remaining expected payments under the JPM Import Program

3.5 The foregoing estimate is based on information available as at the date of this Fourth Report and the methodology and approach set forth herein. It is anticipated that some additional information may still be received and, to the extent appropriate, the Monitor will provide a further update to the Court.

4.0 ADDITIONAL INVENTORY INFORMATION

4.1 In the course of preparing this Fourth Report, information reflecting the daily levels of inventory at the DCs and Stores was assembled. Attached as **Appendix “C”** is a chart, which summarizes the daily inventory value at cost in the DCs and Stores for the following periods:

(1) December 15, 2013 to January 15, 2014;

(2) December 15, 2014 to January 15, 2015;

- (3) January 15, 2015 to February 15, 2015; and
- (4) November 1, 2014 to December 15, 2014.

4.2 **Appendix “C”** reflects, among other things, the following:

Re: Target Canada Co., Court File No. CV-15-10832-00CL, Update on Inventory Balances Prior to and as at the CCAA Filing Date

The purpose of this letter is to provide an update on the Monitor's efforts to ascertain the quantity of Target Canada Co. ("TCC" or the "Company") inventory: (a) received or in-transit (where title had transferred to TCC) as at January 15, 2015; and (b) received and/or where title had transferred to TCC and had not been paid for during the 30-day period immediately preceding January 15, 2015 (the "**Requested Information**").

Background

Counsel to a number of creditors including ISSI Inc. requested certain particulars regarding the Requested Information from the Company and the Monitor. In addition, ISSI Inc. brought a motion returnable on February 11, 2015 seeking certain relief (which motion was adjourned to February 19, 2015). The Monitor in its Second Report to the Court dated February 9, 2015 and in its submissions to Court on February 11, 2015 undertook to provide the Requested Information at such time as it became available, which it advised the Court it anticipated to be 10 to 14 business days from February 11, 2015. The Monitor was asked by the Court to update the Service List as to its progress in assembling the Requested Information no later than February 18, 2015.

This letter provides an update to the Court on the Monitor's activities in preparing its Report on the Requested Information.

Status to Date

As indicated at the February 11, 2015 Court hearing, the process for accurately ascertaining the Requested Information, in a comprehensive manner that will be helpful to the Company's stakeholders, is both complex and time intensive. The Monitor has been working closely with the Company to compile and review the Requested Information. The Monitor's activities to date have included, among other things:

- generating and reviewing inventory on-hand reports as at December 15, 2014 and January 15, 2015;
- generating and reviewing an inventory in-transit report as at January 14, 2015 (the closest date to January 15, 2015 that this information is available), and rolling the report forward with inventory receipts and updated in-transit information for January 15, 2015; and
- identifying all transfers of inventory title, by purchase order ("**PO**"), for the period December 16, 2014 to January 14, 2015 (the "**30-Day Period**").

At this time, in partial response to questions that have been raised (and subject to ongoing review), the Monitor advises that:

- inventory on-hand as at December 15, 2014 was approximately \$623.1 million, excluding goods-in-transit as at that date; and
- inventory on-hand as at January 15, 2015 was approximately \$526.6 million, excluding goods-in-transit as at that date.

Remaining Steps

As of February 18, 2015, the following steps must be completed before the Requested Information can be provided:

- reviewing and reconciling all transfers of inventory title, by PO, for the 30-Day Period;
- reconciling, by PO, all transfers of inventory title during the 30-Day Period with disbursements and accounts payable records, in order to assess which POs have been paid and in what amounts;
- reviewing the results of the above with the Company; and
- preparing the Monitor's Report on the foregoing.

The Monitor anticipates that the Requested Information will be available within the timeframe estimated on February 11, 2015, subject to any unforeseen delays in completing the remaining steps as outlined above. At such time as the Requested Information is complete, the Monitor will report to the Court.
