

W.V. Sasso & S. Strosberg
Pharmacist Rep. Counsel

September 13, 2017

F. Kussner, M. Wagner, J. Wadden for Monitor

J. Dacks, S. Irving for Target Canada

This motion is adjourned to Wednesday, October 11, 2017 at 8:30 a.m., a day that a Target Case Conference is also proceeding. Mr. Dimovski, PFAC President is also scheduled to attend the Case Conference on that date. 2 ½ booked.

The adjournment has been granted to take into account:

1. With respect to PFAC, I understand that Mr. Dimovski had a death in his family last week. As a result, I am not certain if he had adequate time to prepare his “Notice to Contest the Motion Record of Pharmacist Representative Counsel Sutts, Strosberg LLP.”

I say this because I notice the Notice is dated September 11, 2017 and is in a form that I find to be difficult to understand. Mr. Dimovski can file amending material, if he so wishes, to clarify this Notice. Any clarifying material is to be filed no later than September 27, 2017. Any responding material to be filed by October 5, 2017.

2. With respect to the remaining objections filed by e-mail, it seems to me that a number of pharmacists may not understand the basis of the proposed compensation that Sutts Strosberg are requesting. I am satisfied that it is clearly set out – but it is apparent that certain claimants do not understand. Monitor is directed to prepare a report which sets out the basis of the proposed compensation. Such report to be sent to Service List by September 27, 2017. Claimants to file any supplementary responses by October 3, 2017.

Morawetz R.S.J.
